Introduction to the Budget Documents

REVIEW OF THE BUDGET DOCUMENTS

The 2017 Erie County Budget is composed of three documents.

This document, Book "A", contains the 2017 Budget Appropriations and Revenues for Operating Funds including the General Fund, the Library Fund, the Road Fund, the Utilities Fund and the E-911 Fund.

A second document, Book "B", contains the 2017 Budget Appropriations and Revenues for Special Funds, including:

- Grant Fund;
- Sewer Fund;
- Capital Budget; and
- Debt Service Fund.

Book B also includes budget resolutions pertaining to implementation of the 2017 Budget.

A third document, the "Erie County Executive's Budget Message and Summary" contains the County Executive's plans and priorities in relation to the Proposed Budget. It is required by Section 2503 of the Erie County Charter. A separate section is included that details Erie County's 2017-2020 Four-Year Operations Plan.

At the beginning of Books A and B, there is a section entitled "About This Document" which outlines the materials presented in each document.

The format of these documents is designed to be easily read and understood. Generally, the presentation of the information is straight-forward and self-evident. Where it is not, explanatory notes are provided.

The budget documents produced by Erie County help management, departmental personnel, elected officials and interested citizens understand the fiscal, service and policy issues facing the County and the steps being taken to address them. In preparing the annual budget, the Division of Budget and Management strives to ensure that four important components are clearly reflected in the budget documents:

Policy Orientation - The budget defines the County Executive's directions and general goals for the community and explains any significant policy changes.

Financial Planning - The budget explains where funding comes from and how the money will be used. The budget contains information about how much debt the government owes and clearly defines current and future Capital Project needs.

Operations Guide - The budget sets forth departmental goals, objectives and performance expectations to provide direction for managers and to assist them in addressing priorities and implementing plans.

Effective Communications - The budget serves as an effective communications device to inform the public about Erie County finances, governmental priorities and service activities.

ABOUT THIS DOCUMENT

Book "A", is separated by divider pages, into the following categories: Administration and Management, Countywide, Health and Human Services, Public Safety, Economic and Community Development, Education and Libraries and General Services. These sections contain line-item expenditures and revenues for the departments grouped under the above headings. Included for each administrative unit is a one-page summary of the total department and its functional organization. This is followed by a narrative section which includes a description of the administrative unit's purposes, mission statement, priorities, key performance indicators, outcomes measures, performance goals and performance based budgeting initiatives.

Detailed personal services schedules follow the narrative information. Information is provided for the current year and for the requested, recommended and adopted 2017 appropriation.

The department appropriation budget concludes with an expense summary by account. The expense summary includes actual expenditures in 2015; the current year adopted and adjusted budgets, and the 2017 requested, recommended and adopted appropriations.

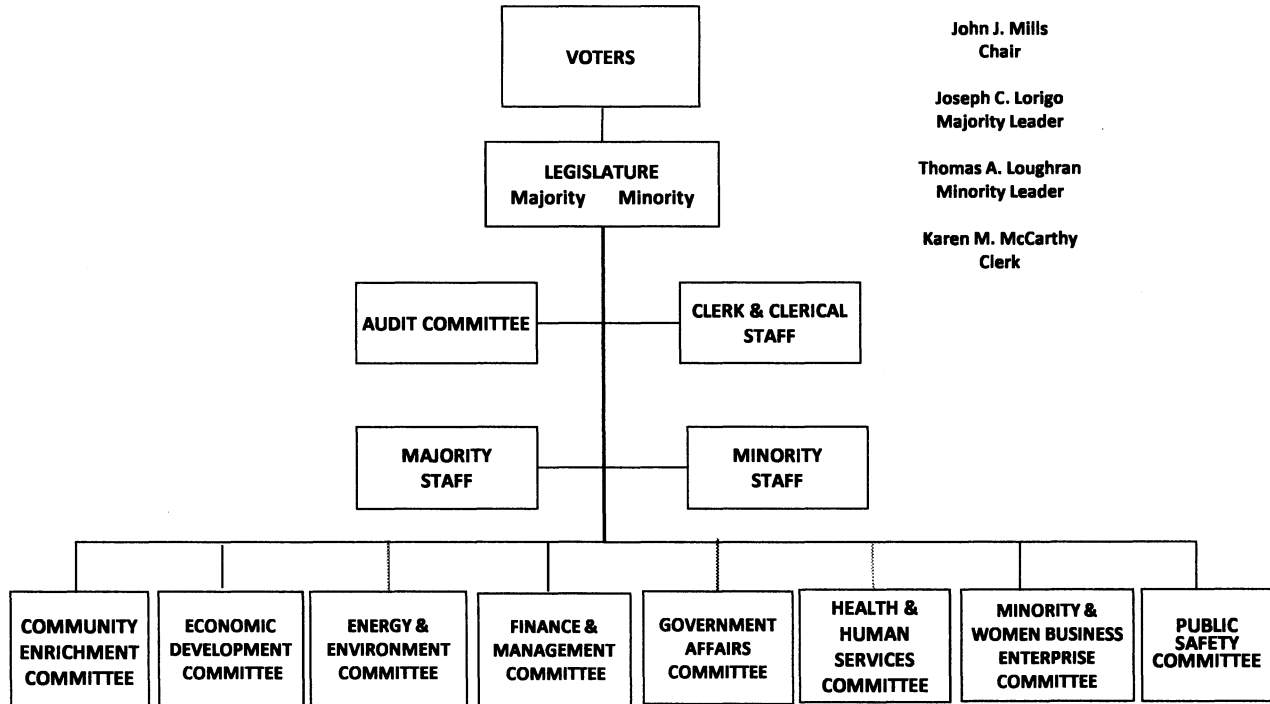

Detailed estimates of departmental revenues follow the department's expense summary. Revenue history is provided for 2015 actual revenues, 2016 adopted and adjusted budgets and the 2017 requested, recommended and adopted revenue amounts.

The Property Tax Exemption Impact Report is also included in Book A as required by Chapter 258 of the Laws of 2008, Section 495 of New York State Real Property Tax Law.

DESCRIPTION

The Erie County Legislature functions as the governing, lawmaking and policymaking body of Erie County government, pursuant to the laws of the State of New York and the duties defined in the Erie County Charter and Administrative Code. The Legislature is comprised of eleven (11) members, elected by County voters from eleven equally-apportioned districts.

The Legislature conducts its work through eight (8) standing committees that closely examine County business, with each committee submitting recommendations to the full body for final disposition. These standing committees are:

- Community Enrichment
- Economic Development
- Energy & Environment
- Finance & Management
- Government Affairs
- Health & Human Services
- Minority & Women Business Enterprise
- Public Safety

The Legislature also has empanelled various citizens' advisory committees and commissions, including the: Citizens' Budget Review Commission, established pursuant to Article 25 Financial Procedures, Section 2518, of the Erie County Charter; the Erie County Community Corrections Advisory Board, established via Legislature resolution for the purpose of discussing corrections facilities' programs and services and to offer suggestions and advice for the improvement of such programs at the Erie County Correctional Facility and Erie County Holding Center; the Erie County Bridge and Road Infrastructure Maintenance Committee, established via Legislature resolution to examine roadway safety and maintenance; and VALER 4 Valor, an ad-hoc committee established to provide advocacy, linkage, and referral services to organizations that assist veterans and military families. Temporary special committees or commissions are established, when necessary, by the Chair of the Legislature.

The general administration of the Legislature is the responsibility of the Clerk of the Legislature and central staff, under the direction of the Legislature Chair. Staff members of the Legislature are responsible for: researching and preparing legislative resolutions, local laws and honorary proclamations; publishing the minutes of legislative sessions and committee meetings, including the recording of votes; publishing legal notices; assisting in all matters of the eight standing committees, subcommittees, special committees and commissions; administering legislative sessions, public hearings and informational meetings; staffing the operation of legislative offices; answering constituent inquiries and providing referral/assistance; assisting in County mid-year budget hearings, the subsequent year's budget preparation, and year-round monitoring; Legislature departmental payroll administration, the procurement of supplies, and the processing of invoices for payments to vendors.

MISSION STATEMENT

The Erie County Legislature exercises all County legislative powers relative to enacting, amending, repealing or rescinding local laws, legalizing acts, ordinances or resolutions; and awarding contracts to conduct the functions of Erie County government. The Legislature also exercises oversight regarding the operations of County government to ensure that programs and services are administered in a manner that effectively and efficiently meets the needs of the citizens of Erie County, and at the lowest possible cost, while meeting the requirements of Federal, State and local laws.

Additionally, the Legislature adopts annual County operating, capital and special funds budgets, as well as the Erie Community College (ECC) budget, and in the process provides authorization for revenues, appropriations, indebtedness and the tax levy.

Public hearings are held by the Legislature as required after proper legal notices are published for such purposes as the: annual operating budgets of the County and ECC, sewer district expenditures, agricultural district changes and recertifications, hearing public comments concerning proposed Local Laws, along with other topics of interest to the public.

The Legislature keeps its residents informed of events and public services through the media, the Legislature's website and other communications. The Legislature serves the needs of residents by maintaining and operating legislative offices where constituents can directly access their legislator or staff member and obtain guidance, assistance or advice to remedy their concerns, and to hear from residents of ideas and suggestions to improve County government.

Program and Service Objectives

The Erie County Legislature determines the level of public services needed and authorizes the necessary funding to effectuate the Mission Statement above.

The Legislature, in conjunction with the Executive department, reviews budget requests from County departments and works with department heads to arrive at appropriation amounts. County services must be of the highest quality at the lowest possible cost to meet taxpayer expectations. Revenues to fund these programs come from a variety of sources including: real property taxes, the County share of the sales and compensating use tax, interest earnings, other miscellaneous taxes and user fees (i.e.: hotel occupancy tax, greens fees and registration fees), along with State and Federal funds.

To meet these goals, the Legislature reviews programs to see if costs can be contained or reduced and that revenues, other than County funding sources, can be maximized to provide the most economically feasible services to meet residents' needs within lean budgeted appropriations.

The Legislature conducts mid-year budget hearings at which department heads appear before members of the Finance and Management Committee, as well as other Legislators, to answer questions concerning the status of their actual revenue and expense amounts, in relation to the corresponding period amounts provided in the annual budget. This process allows the Legislature to identify areas that may have budgetary challenges and work with department heads to address any corrective action needed during the remainder of the year. Corrective measures can sometimes be challenging due to State mandates, rapidly rising costs or unanticipated declining revenues such as State aid reductions, or revenue shortfalls.

Top Priorities for 2017

The Erie County Legislature's top priority in 2017 continues to be providing the residents of the County with high quality services to meet the needs for public safety, transportation, emergency preparedness, public health, safety net programs and recreational services. These services will be provided to the extent of appropriations included in the 2017 operating budget submitted by the County Executive, other independently-elected County officeholders, and County department heads in consultation with the budget department, and then analyzed and considered by the Legislature.

Key Performance Indicators

The Legislature's key performance indicators derive primarily from its charter-mandated and legislative oversight duties, including but not limited to: the annual budget adoption and subsequent review procedures, standing committee meetings and regular Legislative sessions to monitor Erie County operations, conducting research for resolutions considered for legislative actions on contracts, personnel changes, appointments, local laws and other relevant matters, holding public hearings when required by statute and other times to hear residents' concerns on topics of interest, consider bonding resolutions and arranging for the publication of the corresponding legal notices required by law.

During the 2017 fiscal year, the Erie County Legislature estimates the following numbers of key performance indicators for activities to be provided to County residents:

Number of Legislative sessions	24
Number of standing committee meetings	160
Budget preparation and budget monitoring meetings	36
Public hearings, forums and informational meetings	30

Resolutions and/or communications researched and considered for Legislative action	1,500
Local Laws researched and considered for Legislative action	12
Additional documents archived and available to the public	40,000

Through these key performance indicators, the Erie County Legislature is able to adequately provide for the provision of all budgeted services to its residents in a timely and cost efficient manner.

Outcome Measures

The outcome measures for Erie County during 2017 will be: the efficient and effective provision of services to meet the needs of its residents, ensuring that public health and safety are protected, libraries and parks remain open, roads are maintained and capital projects are advanced that will preserve and maintain the infrastructure of County-owned buildings, roads and equipment.

Another major measure is providing answers and assistance to County residents who either call or visit their legislator. This service is invaluable to residents who need to access federal, state or county agencies for assistance, service or appropriate referral.

Performance Goals

The Erie County Legislature's preeminent goal in 2017 continues to be the adoption of an annual County budget that provides sufficient appropriations to provide for the needs of its residents while maintaining fiscal stability and cost containment. Providing oversight and directing adjustments during 2017 concerning any budgetary challenges is also a goal. Addressing the concerns of constituents who call or visit their legislator and/or central office is a goal, as well. Further, in an effort to maintain efficiency of County personnel and respect time constraints of citizens attending meetings, meetings will be conducted promptly as scheduled with adherence to meeting agendas. Certified resolutions resulting from meetings will be distributed to County departments within 24 hours after meetings at which the item is approved. The Legislature also continues to work cooperatively with the NYS-created Erie County Fiscal Stability Authority.

In as much as the Legislature acts as the policy and administrative setting/oversight body for Erie County government, this body works with the County Executive and County Comptroller on fiscal and administrative matters, and other elected officials and County department heads to ensure that the needs of the residents of Erie County are met.

These needs include: maintaining public health, mental health, emergency medical services, providing social services and other human services, services to children with special needs, youth services, senior services, public safety and jail management, central police services, probation, maintenance of and snow removal from County roads, veterans' services, community and economic development planning and implementation for County and local governments, residents and businesses, environmental compliance, sewerage district operations and maintenance, parks and golf course operations, library services, grants administration, along with all other administrative services required to be provided by the offices of the County Executive, County Clerk, County Comptroller, Sheriff and District Attorney.

Members of governing boards, advisory boards and task forces are also appointed by the County Executive. The County Executive represents Erie County to local, state and federal governments and at public events. These responsibilities are fulfilled by a Deputy County Executive and executive staff, pursuant to the laws of the State of New York, the Erie County Charter, and the Administrative Code.

EXECUTIVE STAFF

Program Description

The Executive Staff is responsible for the day-to-day operation of the County Executive's Office. Tasks assigned to the Executive Staff include managing the County Executive's public schedule, briefing the County Executive on various public policy issues, and crafting legislative policy initiatives in conjunction with the County Executive's directives. The Executive Staff also handles the intake of calls for Erie County, acting as switchboard, consumer protection office and operator.

The County Executive's Executive Staff is also responsible for the operation of the Communications, Constituent Relations and Intergovernmental Affairs divisions of the department. The Executive Staff is further responsible for the implementation of the various policy initiatives laid out by the County Executive.

Program and Service Objectives

It is the job of the Executive Staff to ensure the County Executive's Office is run effectively and efficiently. The staff strives to maintain an open flow of communication to all levels of county government, as well as local municipalities and federal and state government officials. The Executive Staff also serves to assist the taxpayers and constituents of Erie County with various issues that require governmental intervention.

CONSTITUENT RELATIONS

Program Description

The Constituent Relations Division of the County Executive's Office ensures communication exists between the County Executive and the taxpayers of Erie County who may have questions or are in the need of assistance. This Division is the first point of contact between Erie County's residents and the County Executive's Office.

The Division is responsible for answering constituent calls, letters and emails that are received by the County Executive's Office. This correspondence is answered by staff members, who handle the response, refer it to the appropriate department, or forward it to the appropriate elected official whom the matter may involve.

When correspondence involves one or more county departments, Executive Staff works with the department to answer the constituent's concerns. This allows for the constituent to receive the best possible answer to their problem. It also allows staff to stay informed on any departmental issues that are currently affecting Erie County's residents. Occasionally, a letter is directly referred to a department's commissioner or director. In this case, staff members maintain constant contact with the department head to reach a speedy resolution to the constituent's concerns.

Often, constituents prefer to meet directly with the County Executive's Office. When the County Executive's schedule does not permit this, staff members fill that void. The results of these meetings are shared with the Executive Staff and County Executive, so the Office may be aware of what concerns exist in the community and to proactively address issues as they arise.

Program and Service Objectives

Ensure proper and effective communication between the Office of the County Executive and Erie County residents. The division provides Erie County taxpayers with all available support from county government that may be needed. Work to connect Erie County residents with the governmental authorities most equipped to handle their concerns.

Top Priorities for 2017

- Shorten response time on constituent calls, emails or letters.
- Increase the amount of community outreach performed by the Office of the County Executive through various means such as attending community meetings.
- Work cohesively with other county departments and other government entities to increase the level of information provided to constituents.
- Maximize the use of the County's website and social media as constituent relations tools and information sources.

INTERGOVERNMENTAL AFFAIRS

Program Description

The Division of Intergovernmental Affairs facilitates greater communication between Erie County and other municipalities, governments and elected officials. County Executive staff members are tasked with managing the County Executive's relationship with these entities and officials. These entities include all executive branches of government, Congress, the New York State Senate and Assembly, the Erie County Legislature and the municipalities within Erie County.

For the purposes of conducting county business, staff serves as the County Executive's liaison to the Erie County Legislature. In that capacity, staff members attend hearings, committee meetings, and sessions of the Legislature on behalf of the County Executive in order to secure constant communication between the Executive and Legislative branches of government. The Division of Intergovernmental Affairs is also responsible for drafting the local laws and resolutions that are submitted to the Erie County Legislature by the County Executive.

The Division works closely with the 44 municipalities located within Erie County on shared service agreements. Executive Staff, including the Deputy County Executive, meets with the various supervisors and mayors of these municipalities to find resolutions to various issues they may be having with county government and also acts as liaison to the towns and villages on any County road, bridge or sewer issues that occur within their jurisdiction.

Program and Service Objectives

Ensure proper communication channels exist between the County Executive, the administration and all other governmental and municipal entities in Erie County.

Top Priorities for 2017

- Increase exposure and communication outreach efforts with local elected officials.
- Continue working towards a larger shared services program with the cities, towns and villages located within Erie County.

DESCRIPTION

The Department of Real Property Tax Services (Real Property) has three primary service areas: Real Property Tax Preparation and Administration; Real Property Tax Mapping and Title Searching; and collection of the current County taxes in the City of Buffalo and the foreclosure/enforcement of County-wide delinquent tax liens.

MISSION STATEMENT

To ensure the equitable spread of real property taxes across Erie County, and to assist the local assessment community in maintaining up to date real property tax maps and assessment data and to maximize the collection of real property tax dollars.

REAL PROPERTY TAX PREPARATION AND ADMINISTRATION

Program Description

This area maintains 28 real property databases containing assessment information on approximately 370,000 parcels in Erie County. These files are used to produce equitable and accurate tax rolls for county/town, village and school tax collection, pursuant to New York State Real Property Tax Law and the Erie County Tax Act.

The direct customers of this Department include assessors, tax receivers and budget officers for all municipalities as well as school district administrators and village clerks. Within County government, this Department supports the County Executive and Division of Budget and Management by providing projection and analysis of taxable real property values used to calculate and spread County taxes.

Correction of errors to assessment and tax rolls are received by the Director and referred to the Legislature for approval. When appropriate, refunds or amended tax bills are issued.

The Department also performs educational tasks through its Director who is certified by the New York State Office of Real Property Tax Services as an instructor and conducts mandated annual Board of Assessment Review training sessions.

An annual report book containing each jurisdictions tax rates and levy information is produced and distributed by the Department to key stakeholders.

In 2014, Real Property assumed responsibility for Payment In Lieu of Taxes (PILOT) process. PILOTs include standard ECIDA agreements as well as non-standard PILOTs for all senior housing throughout Erie County. The Department reviews the contracts, verifies payment calculations and commences the billing process accordingly.

Program and Service Objectives

- To review and resolve the newly developed County Encroachment Policy.
- Ensure the timely, accurate and efficient production of real property assessment rolls, tax rolls and tax bills.
- Advise and assist officers of local municipalities and school districts in understanding the complexities of the real property assessment and tax levy process.

Top Priorities for 2017

- Move County owned surplus properties into private ownership, reducing liability and placing the parcels back on the taxable side of the assessment roll.
- Continued use of a standard Village and School tax bill on letter size paper.
- Assist the Erie County Sewer Authority and towns to streamline multiple special taxing districts where appropriate.

- Reduce repetitive input of the same data that is used for a variety of different purposes and create efficiencies.
- Correction of Errors processing database improvements and the integration of the database with Govern and SAP.
- Collaborate with the Division of Budget and Management and Department of Law to timely intervene, when appropriate, in Article 7 cases affecting the County.
- Streamline the PILOT process from reviewing contacts, billing, and recording payment.

Key Performance Indicators

	Actual 2015	Estimated 2016	Estimated 2017
Number of tax bills prepared yearly	640,200	606,500	606,000
Number of corrections of errors reviewed and processed	247	250	250
Number of County owned properties returned to the tax rolls	4	8	4

Outcome Measures

- Length of time to process each tax roll.
- Identify cause and impact of reworks required to generate a tax roll.
- Systematically reduce the number of paper tax bills produced by 30,000.
- Reduce the size of the bill from a customized 8.5 x 14 to a stock size of 8.5 x 11.

Cost per Service Unit Output

It costs \$0.58 to produce each real property tax bill.

Performance Goals

- Collaborate with the NYS Office of Real Property Tax Services on several programmatic changes to the RPSV4 Assessment system, in order to be in compliance with legislative changes in real property tax law such as the STAR exemption 2% Cap on actual tax dollar savings.
- Measure and refine process after each tax preparation cycle.
- Promote electronic delivery of assessment rolls reducing paper and printing costs.

REAL PROPERTY TAX MAPPING/TITLE SEARCH

Program Description

Pursuant to the Rules and Regulations of the New York State Office of Real Property (Part 189), County Real Property Tax Departments are mandated to maintain and update tax maps used for assessment purposes for all municipal corporations.

Tax map technicians are charged with establishing, verifying, and maintaining a network of geographic coordinates and legal markers for tax mapping reference purposes, which result in the updating of tax maps. Erie County tax maps have been maintained digitally since 1997, forming the base for the Erie County Geographic Information System (GIS).

The Title Searcher interprets and sorts real property sales and title documents recorded by and received from the County Clerk's office. Any errors identified in the legal description of the property must be reconciled before the documents can be further processed and forwarded to local assessors, the state, and tax map technicians. In 2014, an electronic process to distribute deeds and other sale information was implemented, which reduced paper, printing and labor cost. Participation in this program is voluntary.

Program and Service Objectives

- Provide accurate and timely tax map information that captures the transfer of real property that has resulted in or one or more lots being subdivided or merged.
- Notify assessors of the real property transfer activity, recorded in the County Clerk's office, for their jurisdictions.

Top Priorities for 2017

- Continue to streamline processing between Real Property Tax Mapping and the GIS unit of the Erie County Department of Environment and Planning. Through a joint effort, both departments received an efficiency grant to convert grid coordinates from NAD27, a format established from a manual survey of the continent in 1927, to the current satellite image based system developed in 1983.
- With the new tax mapping software, mapping will continue a town by town reconciliation of all data between the County and towns for accuracy.
- Reduce reliance on paper maps and move toward delivery of tax map information through the use of a digital file provided to the local assessment community with willing and technically capable town and city assessors.
- Recruit more municipalities to participate in the electronic transfer of deeds and other sales information.

Key Performance Indicators

	Actual 2015	Estimated 2016	Estimated 2017
Number of transfers of real property	23,201	25,000	25,000
Number of tax map revisions	1,044	1,150	1,150
Number of key changes to tax maps	1,867	2,200	2,100

Outcome Measures

- Quantify the number of towns and cities that can utilize a digital transfer of tax map data which will result in real dollar savings by reducing the cost of paper and toner for the plotters.
- Reduce the number of revisions between the County, towns and cities.

Cost per Service Unit Output

	Actual 2015	Budgeted 2016	Budgeted 2017
Cost of real property transfers reviewed and map changes made per Tax Map Technician	\$6.25	\$6.23	\$6.25

Performance Goals

- Tax map technicians will run a report and to identify and quantify the total parcels that need review and estimate the amount of time needed to correct the data.
- Work with towns and cities to eliminate the plotting of paper maps and transfer new GIS map data electronically.
- Utilize GIS mapping and conversion tools so that processing time is reduced and maps are made compatible for use in Erie County GIS.

COLLECTION OF DELINQUENT REAL PROPERTY TAX

Program Description

Program and Service Objectives

- Maximize and monitor the collection and receipt of current and delinquent County property tax revenues while individual municipal jurisdictions collect on behalf of the County.
- Work closely with the Comptroller's Office to ensure that municipal jurisdictions remit payments to the County in a timely manner.

Top Priorities for 2017

- Continue to conduct the tax enforcement strategy necessary to maximize the collection of delinquent taxes.
- Conduct in-rem property sales, as necessary.
- Monitor and promote the new on-line payment system.
- Monitor and promote the use of the Real Property Information website.
- Collect 2017 County tax for City of Buffalo and County-wide delinquent taxes through our web-based E-GOVERN payment option.
- Monitor and promote point of sale credit card machines at the cashier windows.

Key Performance Indicators

	Actual 2015	Estimated 2016	Estimated 2017
Percent of total current receivables collected	97.10	97.2	97.2
Number of tax account records maintained	373,166	373,000	373,000
Track traffic hits on the Real Property Information website	688,909	750,000	850,000
Track number of on-line payments	8,078	10,000	12,500

Outcome Measures

Track taxpayer and vendor phone calls before and after implementation of on-line information system (i.e. wait time, call volume).

Performance Goals

- Increase the repayment rate of delinquent property taxes which will improve the County's cash flow.
- Decrease the wait time and volume of customers who call to obtain the status of payment or non-payment of real property taxes by directing customers to the web-based information system.

DESCRIPTION

The Department of Law is responsible for providing legal services to the County of Erie and is headed by the Erie County Attorney, whose powers and duties are set forth in the New York County Law, Erie County Charter and Erie County Administrative Code. The unit is composed of three divisions: the Division of Law, the Division of Risk Retention, and the Division of Workers' Compensation.

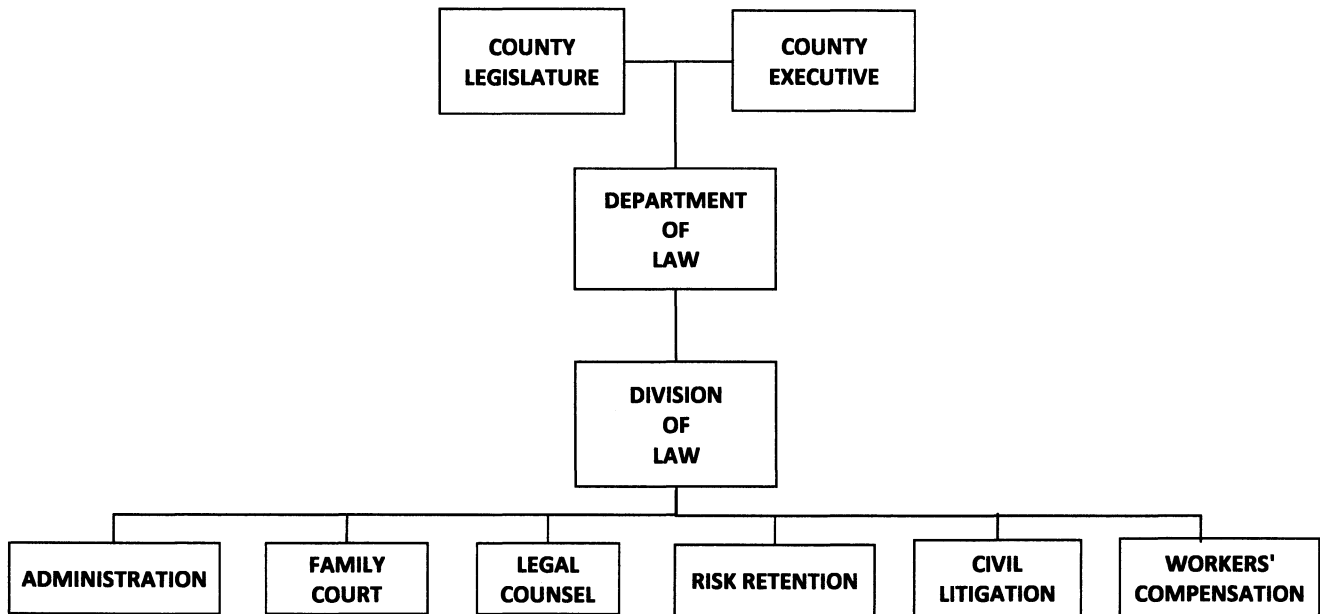

The Division of Law serves as counsel and legal advisor to the County of Erie, the County Executive, the Legislature, the Erie County Sheriff, the Erie County Comptroller, the Erie County District Attorney, the Erie County Clerk and all the various departments, divisions and administrative units of County government. Its litigation and transactional work reflects the diversity of government activities, involving, for example, approving all County contracts as to form and prosecuting and defending all civil actions and proceedings brought by or against the County, including negligence, civil rights, discrimination, harassment, property recovery, medical malpractice claims, Article 78 proceedings, in rem proceedings, applications for poor person status, administrative hearings, arbitrations and any other civil matter involving the County. Staff within the Division of Law assists with the handling of workers' compensation matters. Additionally, attorneys working in the Division of Law prosecute juvenile offenders and advise on child support matters regarding parents who live out of state. Each year, Division of Law attorneys handle thousands of contracts and hundreds of cases that collectively involve billions of dollars.

Personnel are not budgeted in either the Division of Risk Retention or the Division of Workers' Compensation. Any and all matters involving either division are handled through the Division of Law.

The Erie County Attorney, as head of the Department of Law, is vested with sole authority to retain counsel on behalf of the County, the County Executive, the Legislature, the Erie County Sheriff, the Erie County Comptroller, the Erie County District Attorney, the Erie County Clerk and all the various departments, divisions and other administrative units of County government.

CIVIL LITIGATION

Program Description

The Civil Litigation Division prosecutes and defends all civil matters brought by or against the County, including negligence, civil rights, discrimination, harassment, property recovery, medical malpractice claims, Article 78 proceedings, in-rem proceedings, applications for poor person status, administrative hearings, arbitrations involving either the interpretation of various collective bargaining agreements or the discipline of employees, representation of the Erie County Board of Elections in all matters involving the interpretation and application of the New York State Election Law, and any other civil matter involving the County and its various departments and functions. In addition the Civil Litigation Division, in conjunction with the pistol permit hearing officer, County Court Judge William Boller, reviews requests for reinstatement of pistol permits. When a pistol permit holder ('licensee') is arrested or determined by a mental health professional to pose a threat to himself or others, notice is given to the NYS Division of Criminal Justice Services ('DJCS'). Subsequently, DJCS notifies the County Pistol Permit Office which will result in the suspension of the subject's pistol permit. Once the licensee requests his permit be reinstated, the County Attorney's Office reviews the circumstances of the suspension which usually includes a conference with the licensee and some degree of investigation i.e. contacting police and/or involved parties. Following investigation, the ACA makes a recommendation as to the request for reinstatement which may be continued suspension, immediate reinstatement or revocation. In some cases, a hearing is conducted before Judge Boller with the County Attorney's Office presenting its position on a licensee's request for reinstatement. Since this process began in November 2015, the office has reviewed approximately 100 requests for reinstatement. As the volume of requests has increased month to month, we project 150-200 requests for 2017.

Program and Service Objectives

The Civil Litigation Division effectively and vigorously represents the County in litigated civil matters, particularly those arising under the self-insurance program. It is also the goal of Civil Litigation, to create and maintain an inventory of pending litigation, and to regularly review pending litigation files to define a consistent policy and to determine reasonable settlement and reserve values to accurately judge the County's exposure. The Civil Litigation Division works with County departments to identify areas of deficiency and areas of potential risk based upon trends in litigation and claims. This is necessary for the County to maintain an effective Risk Management Program. On occasion, the Civil Litigation Division reviews County projects or initiatives before they are undertaken or in their early stages to identify and address potential legal impediments and/or liability risks and constraints before significant resources are expended.

Top Priorities for 2017

- In addition, with the use of the ProLaw software, the Civil Litigation Division will be able to easily identify and track claims by department with the goal of identifying and reducing risk and related costs.
- Continue, as necessary, the County's intervention in Article 7 assessment litigation.
- Coordinate representation of Erie Community College in order to facilitate efficient and effective representation.

Key Performance Indicators

The Civil Litigation Division will continue to utilize Pro-Law to better organize the litigation files and reserve system. RISK RETENTION

DESCRIPTION

Statement No. 10 of the Governmental Accounting Standards Board (GASB) established accounting and financial reporting standards for risk financing and insurance related activities of state and local governments. If state and local governments are using a single budgetary fund, either the General Fund or an Internal Services Fund must be used to account for risk financing activities. Erie County has elected to use the General Fund for such accounting.

In prior years, a Self Insurance Fund was used to accommodate risk financing transactions. The 1995 Budget reflected the creation of the Division of Risk Retention in the General Fund to ensure compliance with the GASB standard. Personnel are not budgeted in the Division of Risk Retention.

State and local government entities are required to report an estimated loss from a claim as an expenditure/expense and as a liability if information available before the financial statements are issued indicates that it is probable an asset has been impaired or a liability has been incurred at the date of the financial statements, and the amount of the loss can be reasonably estimated. The amount of estimated losses to be recognized is established through a review of asserted claims and an evaluation of the exposure to "Incurred But Not Reported" (IBNR) conditions. Asserted claims can be estimated based on a case-by-case review of all claims, the application of historical experience to outstanding claims, or a combination of these methods. Estimates of IBNR losses are based on historical experience. Once the amount of loss is established, it can be allocated among the funds in any manner. Related expenditures and liabilities are recognized using the modified accrual basis of accounting. Loss liabilities are only recognized as expenditures and fund liabilities are recognized to the extent that the amounts are payable with expendable available financial resources. Any remaining liabilities are reported in the General Long Term Debt Account Fund.

WORKERS' COMPENSATION

Program Description

Similar to the Division of Risk Retention, the Division of Workers' Compensation is included in the Budget to ensure compliance with Statement No. 10 of the Governmental Accounting Standards Board.

Statement 10 requires that if a single budgetary fund is used for risk financing activities, either the General Fund or an Internal Services Fund must be used. Workers' Compensation is a category of risk financing. Payments to the General Fund by other funds for allocated loss expenditures/expenses must be reported as expenditures or expenses in the reimbursing fund and as reductions of the expenditures in the General Fund.

Personnel are not budgeted in this division.

Program and Service Objectives

The objectives of the Workers' Compensation Division include timely and cost effective management of the County's new and existing Workers' Compensation Claims. Additionally, we are committed to tracking both existing and new workers' compensation claims occurring in each of the County Departments and counseling the respective Commissioner of each department with respect to loss cost drivers. Moreover, the Division of Law works closely with the third-party administrator in all aspects of claims management, seeking recommendations regarding training and safety programs that may be available to reduce and/or eliminate future claims, as well as settlement of existing workers' compensation claims.

Top Priority for 2017

To aggressively evaluate the workers' compensation claims through reduced cycle times, as well as additional workers' compensation initiatives for the establishment of Standard Operating Procedures County wide.

DESCRIPTION

The Division of Information and Support Services (DISS) provides centralized information technology support services for all County departments, elected officials, and related agencies as well as network services for numerous towns and villages. The provisioning of information technology services by DISS permits the County to benefit from economies of scale, improved operational efficiencies, and reduced duplication of costs.

DISS has six major functional areas: Client Services, Enterprise Application Services, Infrastructure Services, Department of Social Services Technical Support Unit, Records Management, and Central Police Services Technical Support.

DISS provides support services that are utilized by all County departments and assists those departments in their public service functions by alleviating the responsibility for procuring, provisioning, deploying, managing and maintaining required technology assets and services. Technology assets are any asset which interfaces with a County computer and any asset which attaches to the network.

Information technology services and support are provided twenty-four hours per day; seven days per week. The information system services provided by DISS enable County departments to communicate and collaborate electronically, conduct business with minimal interruption, generate timely and accurate reports, provide needed management data, and maximize the efficiency and effectiveness of their respective administrative and service operations.

Revenues are generated through an interdepartmental and inter-fund billing procedure administered by the Division of Budget and Management. Costs of services and support provided are billed to departments based on utilization. When applying for state and federal reimbursement, departments include these expenses. Revenues received as a result of billing for DISS services are reflected in the state and federal revenues to the affected County departments.

RECORDS MANAGEMENT

Program Description

Erie County government creates an enormous amount of records of all types, which require the use of office space or separate facilities to maintain them. In response to this need, the Erie County Records Center was created for the economical, efficient storage of records from county departments.

Most departments have records that are no longer needed within the office but must be kept for a specific period of time due to statutory regulations or other reasons. In order to release costly office space, inactive records are transferred to the Records Center.

The Records Center is located with the County's surplus warehouse at 3080 William Street. Currently over 33,000 cubic feet of records are stored at the facility.

The Records Center provides a systematic method for managing records. In this facility records are stored in a controlled environment, then retrieved and delivered to departments when the need arises to access them. Generally, all record series not referred to at least once a month are defined as being inactive and should be transferred to the Records Center. In addition, a climate controlled vault exists to house original copies of microforms, computer back-ups and other valuable documents.

When records are transferred to the Records Center, the County department doing so loses no rights of control or access. The Records Management unit is a custodian of County records, and access is only by departmental approval.

- Process departmental requests for records.

Services and programs are provided for the benefit of all County residents without regard to race, color, national origin, sex, religion, age, disability, genetic information, sexual orientation, gender identity or reprisal in any employment action including recruitment, hiring, advancement, promotion, compensation or termination.

EEO is responsible for counseling and investigation of EEO complaints and monitoring of equal employment and affirmative action policy and procedures for all units of the County government. EEO monitors training of all County employees regarding harassment policies and procedures. Mandated reports to the Equal Employment Opportunity Commission and other regulatory authorities are compiled and filed by this office.

EEO audits County contracts for goods, services, and construction to maintain participation goals for Minority Business Enterprises (MBE) and Women Owned Business Enterprises (WBE). Services are provided to facilitate MBE and WBE access to County contracts. County departments, agencies and administrative units are monitored for compliance with the utilization plan for W/MBE's on County contracts for professional, technical and consulting services.

Finally, EEO monitors the County's personnel and hiring procedures to assure compliance with the County's affirmative action plan.

The Division of EEO monitors business and economic development opportunities for minority and women owned businesses.

There are two major EEO services: (1) complaint counseling and investigation; and (2) affirmative action administration. Diversity (harassment) training is coordinated County-wide through the Department of Personnel.

COMPLAINT COUNSELING AND INVESTIGATION

Program Description

Informal and formal procedures have been developed to insure fairness and consistency in the County's employment program with its employees. Countywide Appropriations & Revenues

COUNTYWIDE APPROPRIATIONS AND REVENUES

DESCRIPTION

The county general fund contains a number of countywide expenditures and revenues which cannot be directly attributed to the operations or operational responsibilities of specific departments. They are budgeted as countywide appropriations and revenues, using assigned Fund Centers 140 and 170.

FUND CENTERS 140 & 170

COUNTYWIDE ACCOUNTS

Funds are appropriated in two fund centers for countywide operating expenses and revenues. Fund center 140 provides appropriations to pay contractual expenses to the Erie County Medical Center Corporation (ECMCC), for taxes assessed on county-owned property and appropriations for Buffalo Bills Stadium Working Capital Assistance and maintenance/game day expenses. This fund center also provides an appropriation to pay the expenses of the Erie County Fiscal Stability Authority.

Countywide revenues such as real property tax, sales tax and others are budgeted in Fund Center 140, where they are monitored by the Division of Budget and Management.

Fund Center 170 is used to appropriate funds for the payment of interest expense incurred on short-term debt which is not paid out of the debt service fund. It also includes countywide interest earnings.

FUND CENTER 140

COUNTYWIDE INTERFUND ACCOUNTS

Appropriations in this portion of the budget are used to provide funds from the general fund which are transferred to other funds for specific purposes. Included is the county's general fund operating subsidies required to balance the Highway Division County Road Fund, E-911 Fund, and to pay debt service.

The county's annual debt service costs for long-term debt are paid from the county's Debt Service Fund. Debt service costs are itemized in the tables provided in the debt service fund section of the budget.

DIVISION OF FINANCE

The Division of Finance is comprised of DSS offices of Fiscal Management, Claims Control and Financial Records and Services and also fiscal operations of Youth Services and the Youth Bureau and each of the above is focused on program operations and service delivery.

Fiscal Management collects and records statistical and historical data including caseload and cost per case program benefit, contract, salary and non-personal services expense information. The office evaluates trends, makes projections and estimates expenditures and revenues in order to prepare, maintain and monitor the Department's annual budget. Monthly and year-end expense and revenue accounting accruals are produced to monitor financial obligations and expected expense and revenue. The office analyzes and disseminates statistical and fiscal data to support decision making processes across the Department to ensure that an adequate budget appropriation is established and that the local share borne by Erie County taxpayers is minimized. There are significant responsibilities in the preparation, monitoring and revision of expenditure plans for specific state funding allocations that occur within this unit.

Claims Control prepares accurate and timely State fiscal reports and monthly original and supplemental expenditure claims for appropriate programs and projects in order to obtain maximum state and federal reimbursements. Receipt of state and federal revenue is entirely dependent upon accurate preparation and submission of claims. Cost allocation to areas of functional and program assignment is a complex and critical

responsibility that consists of the proper coding and allocation of all expenses to assure proper revenue claims preparation. Claims Control records program funding advances into deferred revenue, establishes receivables based on expense claims and reconciles earned revenues upon receipt of settlement information from New York State. Major claim package components are defined as administrative and program and utilize dedicated State equipment for submittal and inquiry access.

Financial Records and Services is a broad array of support services including centralized accounting, purchasing, delivery, storeroom, records management, mail room and the cashier's office. Operation of a major digital document imaging system called OnBase provides instant Department-wide access to client records and archived image data. Two major accounting systems are used to process direct and indirect client benefits payments and to make payments to contract provider agencies, ensuring that expenditures do not exceed amounts appropriated by the Erie County Legislature.

The Division of Finance also has oversight of the accounting, fiscal and budget matters related to Youth Services (secure and non-secure detention) and Youth Bureau operations. Unique program delivery and regulations, claims processes, State oversight and the 24/7 continuous physical plant requirements of Youth Services define this as a challenging responsibility and these operations are budgeted in fund centers distinct from DSS.

Program and Services Objectives

- Produce annual departmental budget, record actual monthly expenditure detail from Condition of Accounts payment information and record monthly revenue to be received by claims submitted for reimbursement.
- Capture monthly expense information across multiple district programs.
- Utilize cost allocation methodologies and State prescribed software to populate revenue reimbursement claim packages for submission to New York State.
- Process all authorizations for payments to foster boarding homes, daycare providers, public assistance and food stamp recipients and contract agencies and providers in a timely manner.
- Distribute bus tokens and monthly bus passes to eligible consumers.
- Process all departmental manual checks. Provide the Division of Budget and Management with timely and accurate documentation for Budget production and monthly accruals for the Budget Monitoring Report as required by the Erie County Legislature.
- Conduct quarterly time studies as required for specific program operations.

DIVISION OF LEGAL AFFAIRS

The Division of Legal Affairs provides legal advice and written opinions on a wide variety of matters especially as outlined in New York State Social Services Law, the New York State Family Court Act and associated federal statutes. These activities are designed to ensure compliance with applicable laws and regulations and to safeguard the legal interests of the County, the Department and the public. The Division also represents many applicants and recipients of mandated entitlements and services.

The Division also responds and seeks to protect the confidentiality of the Department's records from several hundred requests a year from other courts, attorneys for respondents and children and the district attorney.

Attorneys and support staff in the Children's Legal Services Unit represent the Department in bringing actions in Family Court to protect children. This includes petitioning the court to order remedial services for families and to remove children from their homes due to abuse and/or neglect and placing those children into foster homes. Attorneys represent the Department through all phases of such cases leading to reunification of the child and parent or the legal termination of parental rights with eventual adoption of the child. The Unit further represents the Department relative to Juvenile Delinquent and PINS proceedings in Family Court. The unit plays a critical role in ensuring that court orders meet federal and state mandates to preserve millions of dollars in foster care reimbursement. The unit also responds and seeks to protect the confidentiality of the Department's records from several hundred requests year from other courts, attorneys for respondents, attorneys for children and the district attorney. Further, the unit appears at all expungement hearings, foster care removal hearings, adoption subsidy hearings, and KinGap hearings held with OCFS.

Legal Advocacy for the Disabled Unit provides legal representation as requested on behalf of welfare recipients to pursue other forms of government benefits they may be entitled to, including Supplemental Security Income (SSI) and Social Security Disability (SSD); thus reducing that person's reliance on Temporary Assistance. This Unit represents clients throughout the application and appeals process generating significant savings in County funds on each successful approval for SSI or SSD benefits.

The Child Support Legal unit consists of attorneys, paralegals and the Office of Child Support Enforcement representing the Department in the establishment of paternity and ultimately obtaining child support orders for recipients of public assistance. OCSE conducts investigations to locate absent parents and establish paternity. It files petitions for voluntary and court-ordered support, which reduce the cost of temporary assistance provided to the custodial parent. The office maintains child support payment accounts for both public assistance and non-public assistance households. OCSE also helps to strengthen families and reduce welfare spending by placing responsibility for supporting children on those parents with the financial resources to provide such support. For families receiving Temporary Assistance (TA), the establishment and enforcement of support obligations provide a step toward self-sufficiency. If the child support collected is high enough, the family is able to leave the welfare rolls or avoid having to enroll in Temporary Assistance programs altogether. OCSE continues to explore new concepts for innovative collection procedures involving

various community partners. The aim of this undertaking is to increase the child support collection rate resulting in enhanced financial assistance for children and far reaching benefits to the taxpayer.

Contract Control handles more than 1,400 contracts with financial obligations in excess of \$21 million annually. Contract Control works closely with the Division of Finance regarding budget and legislative resolutions and the County Attorney's Office regarding insurance requirements. The unit also interacts with program divisions to assure that contracts contain required budgets and narratives along with corresponding reporting mechanisms. In an effort to handle the continually increasing volume, the unit uses a computer program designed specifically to track various stages in the contracting process and produces reports and vendor letters. In an effort to maximize the monitoring of services rendered to the County, an enhanced contract monitoring system has been developed which will require vendors to provide documentation of their services at regular intervals during the contract period.

The Fair Hearings Unit allows a recipient of any public benefits program to request a fair hearing regarding any adverse action, timeliness, over-grant, inclusion, adequacy, etc. An Administrative Law Judge is assigned to hear the case and the Department is required to prepare and present an evidentiary packet. Erie County has 3-4 scheduled fair hearing days each week including two judges assigned each day with hearings twice a day at 9:00am and 1:00pm.

Program and Services Objectives

- To locate financially responsible parents, establish paternity and obtain child support orders and orders to provide medical insurance coverage for both public assistance recipients and non-public assistance custodial parents in need of child support services.

SPECIAL INVESTIGATIONS

The Special Investigations Division (SID) performs numerous functions to ensure the integrity of various public benefit programs. Some of the most critical functions include investigating and preventing welfare fraud and recovering benefit funds. The division operates under the NYS Executive Law Section 74 mandating the County to investigate and prosecute fraud involving social service programs.

SID conducts investigations for the five public benefit programs: Temporary Assistance, Food Stamps, Child Care, Medicaid and HEAP. In addition, SID conducts investigations of Child Care providers and assists various law enforcement agencies in investigating SNAP retailers. The investigations include field work, document verification, collateral contacts and assets or resource reviews. Once fraud is determined, budgets are prepared and computed to determine overpayment of funds or over issuance of any program area benefits.

SID then prepares cases for civil recovery and fraud packages for collection or prosecution. Investigators provide oral and/or written testimony in criminal, civil, or administrative proceedings against persons accused of fraudulently receiving any benefits. SID is also charged with the recovery of overpayments via recoupment, payment arrangements, judgments, or income execution.

The Unit is comprised of the following teams:

- **FEDS (Front End Detection System) FEDS** – investigators conduct investigations of applicants for Temporary Assistance and Day Care. If discrepancies in applicant information are identified, cases are not opened, resulting in front end cost avoidance savings.
- **Intake** – processes all fraud referrals and complaints. These referrals are received via e-mail, telephone, and written correspondence.
- **Long-term Investigations** – investigators pursue allegations against public benefit recipients.

- **Over-grant Package Preparation** – examiners calculate the amount of the over grant and prepare cases for recoupment, civil recovery, administrative sanction, and/or prosecution.
- **Administrative Disqualification Hearing (ADH)/District Attorney (DA) Prosecution** – examiners conduct the review and preparation of cases directed to NYS Office of Temporary and Disability Assistance for ADH scheduling or to the District Attorney's Office for criminal prosecution. This unit presents the fraud cases at the ADH hearings. Upon determination by the Administrative Law or Criminal Court Judge, the program violation penalties are recorded, with affirmations and waivers resulting in varying degrees of individual disqualifications from program benefits.
- **Collections** – examiners and investigators recover over-granted public benefit funds to reduce the cost of assistance for taxpayers.
- **Resource Recoveries** – an examiner and investigator secure liens against real property owners who apply for Temporary Assistance or who receive Medicaid and reside in a long term care facility, and work to recover those benefits upon property sale or refinancing.

The Special Investigations Division also performs the following functions designed to save Erie County funds via cost avoidance:

- **Burials** – By mandate, counties are to assist in the burial of the indigent. In addition to assisting in the burial, the unit locates decedent's assets that could be used instead of County funds. Searches are also performed for unclaimed, indigent individuals to secure resources for burials.
- **Criminal Justice and Public Assistance Reporting Information System Matches (PARIS)** – searches are performed to insure that public assistance cases are closed for those individuals who are incarcerated or deemed to be receiving assistance in another state, thus saving County funds.
- **SSI Interim Assistance Reimbursement** – when Temporary Assistance recipients become eligible for Supplemental Security income, calculations are performed to secure public funds expended from lump sums, offsetting County costs.

Program and Service Objectives

- Receive, investigate, and compute all fraud referrals/complaints for Erie County in a timely manner.
- Conduct FEDS investigations, within twenty-one (21) days, to prevent fraud prior to case opening.
- Remedy fraud after its occurrence by effectively and efficiently preparing cases for criminal prosecution, administrative sanction, or civil recovery.
- Aggressively recover funds in a cost-effective manner.
- Maximize cost avoidance by closing SNAP and Temporary Assistance cases for incarcerated individuals and closing SNAP, Temporary Assistance and Medicaid cases for individuals receiving benefits in other states.
- Assist in the burial of the indigent and unclaimed while locating assets and/or next of kin to minimize public cost.

Top Priorities for 2017

- Integrate automated collection account card system into SID and train collectors on its usage.
- Cross-train at least one additional staff to complete all aspects of Resource Recovery to ensure succession planning.
- Expand use of Child Care fraud identification tool by adding one additional indicator.
- Recover any and all benefit overpayments issued to former and current Public Assistance, Food Stamps, Medicaid, Day Care, and HEAP clients within the parameters of Social Services regulations and New York State law. This will assist in eliminating undue expense to the taxpayer by making the most efficient use of available resources and personnel.

The Division of Public Health Insurance consists of the following Department of Social Services program areas: Community Medicaid and Long Term Care (CASA, MUR, and NHD).

Community Medicaid

Community Medicaid encompasses Medicaid Eligibility Teams, Medicaid Reform and Third Party Health Insurance (TPHI). The Medicaid Program is a federally mandated, state administered program that provides Public Health Insurance to low income individuals and families that would otherwise not be able to afford health insurance. Public Health Insurance through Medicaid is available only to individuals and families who are eligible and recognized by Federal and State law. The program is funded through a combination of Federal, State and local resources.

The Community Medicaid Eligibility Team determines initial eligibility of families and individuals who successfully meet a "means test" (evaluation of financial circumstances).

Effective July 2012 the Division implemented a task based work model which eliminated individual caseloads and created three specific work areas – Certification, Re-Certification and Call Center/Income Maintenance. Effective January 2014, the local district began working with the NYS Health Benefit Exchange to comply with changes enacted as a result of the implementation of the Affordable Care Act and Medicaid Redesign. This unit, in partnership with New York Medicaid Choice, maintains managed care enrollment for all eligible clients for whom enrollment is required.

The function of the Third Party Health Insurance Unit is to fulfill Federal and State requirements regarding cost avoidance measures while maintaining the appropriate level of coverage for the Medicaid population. This unit reviews cost effectiveness of Third Party Insurance premium payment, creates and monitors payments for Local District Medicare Savings Plan recipients, and provides support to medical providers and other divisions within Erie County and New York State government who serve Medicaid recipients.

Program and Service Objectives

- Evaluate applications and determine eligibility for public health insurance in compliance with mandated federal and state regulations and timeframes.
- Screen and forward applications for the newly created MAGI (Modified Adjusted Gross Income) category to the State Health Benefit Exchange for eligibility determination.
- Provide ongoing case maintenance for active Medicaid cases to ensure accurate and timely eligibility recertification and case closure in compliance with Medicaid regulations and mandated federal and state timeframes.
- Make referrals to the office of Child Support Enforcement to pursue Medicaid coverage and reimbursement for Medicaid payments from legally responsible relatives as ordered by the courts.
- Evaluate Medicaid cases for availability of third party health insurance coverage and refer cases to the Third Party Health Insurance unit for investigation.
- Enroll new Medicaid eligible consumers, in partnership with New York Medicaid Choice, into a Managed Care program within thirty (30) days of determination and restrict those individuals who are not eligible for Managed Care participation.
- Investigate, verify, and record any third party insurance held by a recipient thereby reducing or avoiding unnecessary Medicaid expenditures.
- Participate in reviewing and reporting managed care premiums improperly paid.

Top Priorities for 2017

- Continue to Utilize a task based work structure for maintaining ongoing Medicaid eligibility.
- Achieve and maintain acceptable performance measures in the recertification of eligible Medicaid recipients.
- Provide access to managed care health benefits in a timely manner.
- Maintain proactive community relations with insurance companies and medical care providers to quickly resolve member complaints and/or problems.
- Make third party Insurance premium payments for those recipients when it is fiscally responsible to do so.
- Continue the reconfiguration of the Medicaid Division's structure as Federal/NYS DOH move forward with ACA/Health Exchange and Medicaid Redesign Team changes.

Performance Goals

- Obtain consistent timeliness of certification processing at 90%.
- Obtain consistent timeliness of renewal processing at 95%.
- Maintain third party health insurance cost avoidance.
- Call Center to answer calls 90% of calls placed to the team.

Medicaid Long Term Care (NHD, CASA, MUR)

The Medicaid Long Term Care (LTC) Eligibility Unit specializes in the more complex Federal and State Medicaid eligibility and look back requirements and is divided into three (3) sections. The first section, referred to as Nursing Home Division (NHD), is composed of three (3) teams which determine Medicaid eligibility for individuals who are in need of nursing home services and works in cooperation with nursing home partners to accept applications, obtain financial documentation and make timely determinations of eligibility that will allow facilities to bill Medicaid for services rendered. The second section, referred to as Community Alternative System Agency/MA (CASA/MA) is a team that determines Medicaid eligibility for specialized home care and waived services programs for both adults and children. Both sections maintain active caseloads with yearly re-certifications.

The Community Alternative System Agency (CASA) Unit authorizes in-home services that allow individuals to remain in their home instead of the more costly setting of a nursing home. This Unit facilitates access to quality, cost effective long term care. CASA is committed to assisting the young disabled as well as the frail elderly to remain as independent as possible in the most appropriate, least restrictive setting by utilizing all available community resources, informal supports and formal home care services. Specifically, CASA is responsible for the assessment, authorization, prior approval and case management under the Medicaid Long Term Care system. CASA fee for service recipients have been transferring to Manage Long Term Care (MLTC) since January 2014. For period January 1 – July 1, 2016, approximately 31 cases have transitioned. It is anticipated by years end that an additional 25 cases will be moved to MLTC. The Medicaid Utilization Review (MUR) Unit is responsible for the Recipient Restriction Program (RRP), Disability Determinations for Medicaid applicants (MAAAD) and the Comprehensive Medical Case Management (CMCM) case coding.

The Medicaid Utilization Review (MUR) Unit is responsible for the Recipient Restriction program whereby the MUR implements and monitors restrictions placed by the NYS Office of Medicaid Inspector General on clients' use of primary care, hospital, dental, and pharmacy services. Disability Determination requests are evaluated using Federal guidelines to establish the Aid to the Disabled (AD) category of Medicaid eligibility for Medicaid applicants or recipients where appropriate.

Program and Service Objectives

- Evaluate applications and determine eligibility for Medicaid for institutionalized individuals using Chronic Care budgeting and provide ongoing case maintenance for active nursing home cases.

DIVISION OF FAMILY WELLNESS

The Division of Family Wellness is comprised of three major operating units including: Child Welfare Services, Protective Services for Adults, and Youth Services which includes the Youth Bureau and Youth Detention Center.

In general, Child Welfare Services provide protective, preventive and permanency services for children and adults in Erie County who are victims, or are at risk of becoming victims of maltreatment (abuse or neglect) or exploitation. Services are provided in a respectful, timely and minimally restrictive, culturally competent manner, by a well-trained professional team committed to self-determination, family preservation and personal independence for all individuals served.

Child Welfare Services also provide or arrange for goal-directed basic and supplemental Social Services Block Grant services for eligible individuals, families, and children at-risk. Known as Title XX services, these services are delivered in accordance with the County Consolidated Plan. Services are designed to promote family and individual well-being, ensure prevention of and protection from abuse and neglect, and promote

permanency for children. Included are protective services for children and adults, foster care and adoption, services to prevent abuse of children and adults and a wide range of supportive services for children and families. A particular focus of many of these services is the maintenance of children in a permanent home environment in which their well-being and protection are assured.

Children's Services

Children's Services provides foster care for children identified as abused or maltreated, preventive services to the families of children identified to be at risk of placement in foster care and for children at-risk of or adjudicated as Persons In Need of Supervision or Juvenile Delinquents. Additionally, Children's Services provides supportive services to older youth aging out of foster care to prepare them for independent living.

Child Protection

Abused and maltreated children need an effective child protective service to prevent them from suffering further injury and impairment. New York State Law mandates that each local Department of Social Services establish a child protective service capable of investigating suspected child abuse and maltreatment twenty-four (24) hours a day, seven (7) days a week. An investigation of each report of abuse or neglect to the New York State Child Abuse Hotline must commence within twenty-four (24) hours of receiving the report and must include providing protection from further abuse or maltreatment. Services are aimed at supporting at-risk families so they can remain together safely. The determination of a report from the State Central Registry (SCR) must be completed within sixty (60) days. Social Services Law 423.1 mandates that there be a sufficient level of qualified staff to perform the duties of a Child Protective worker and meet their mandated responsibilities.

Adoption

The Adoption Unit provides services to children who are legally available for permanent placement with families for the purpose of adoption. The adoption caseworkers match children with certified adoption family resources by assessing the child's needs and a family's ability to meet those requirements. This unit creates and operationalizes pre-placement plans for both children and families, prepares the child for adoption, facilitates foster family decision making regarding adoption. Additionally, the staff prepares and submits regulatory required documents to Family Court required for finalization of the adoption.

Homefinding

The primary function of this unit is to maintain a consistent pool of safe, stable, and nurturing foster and adoptive home placement resources. This is achieved by ongoing recruitment, identification and training of foster/adoptive resource families and by accessing similar resources maintained by contract agencies. Evaluation and home identification of the most appropriate placement for individual foster children into available family (foster/adoptive) homes is a primary function of Home-finding.

Adult Protection

The Adult Protection Unit provides a variety of specialized protective and preventive services to vulnerable adults 18 years of age and older whose condition or circumstances make them vulnerable to abuse, neglect, and/or exploitation by others. The local intake receives calls from the community and determines the necessity of an investigation, or other service area linkages. Through collaborative efforts with other providers and disciplines, the delivery of services to at-risk persons in Erie County in need of Adult Protective/Preventive Services is strengthened and assures consistency of effort and efficiency in operations.

Program and Service Objectives

- Provide foster care or facilitate out of home placement for children and youth and implement service plans leading to permanent living situations for children in care.

- Increase number of adoptions finalized.
- Increase capacity and competence of local use of kin as resources for children as Foster Care alternative and tracking of progress to performance and finalization.
- Increase number of foster parents who have completed the certification process.

DESCRIPTION

This Division of Youth Services provides secure detention services at the Youth Services Center, 810 East Ferry Street in Buffalo. Alleged Juvenile Delinquents, under age 16, accused of criminal acts that would be crimes if committed at age 16 or older, and Juvenile Offenders, also under age 16, but accused of serious crimes, tried in the adult court system, are held at the Youth Services Center. This Division also provides contracted non-secure detention and related juvenile justice services to youth involved in Family Court proceedings.

The Division contracts with New Directions and Gateway-Longview, long established and respected providers of residential care, to provide non-secure detention services for Persons in Need of Supervision and lower risk Juvenile Delinquents involved in Family Court proceedings. The boys (capacity of 12) and girls (capacity of 12) cottages are located on the Gateway-Longview campus in Williamsville NY (Erie County).

The Erie County Youth Detention Center and New Directions/Gateway-Longview also detain youth from other counties throughout Western New York, when requested, due to periodic bed shortages in other areas of the State.

Detained youth are provided medical care, mental health screenings and evaluations, substance abuse screenings and evaluations, family engagement services as well as individual and group counseling. Youth participate in education, recreation and special group activities. Both the secure and non-secure Youth Detention Centers operate under the oversight of New York State Office of Children and Family Services and are subject to that agency's requirements and regulations.

Because of its close relationship with the functions of Family Court, the Youth Services Division operates an Intake program at the Erie County Family Court. Youth Services residents are also clients of the wider Juvenile Justice system, and, therefore, the Youth Services Division partners, not only with the Court, but with Erie County Probation, Department of Health, Mental Health, and other divisions of the Department of Social Services, as well as contracted community services.

The Juvenile Delinquency Services Team is the interdepartmental program in which Youth Services plays its largest role. Detention social workers engage youth and families immediately upon answer of the police complaint (Appearance Ticket), offering services and guidance that may divert the case from deeper system involvement (Court) as well as continuing work with youths who have appeared in Court but the case outcome remains pending. Appropriate diversion of these cases is considered a national best juvenile justice practice and produces savings at Probation, Detention, out of home placement and Court costs.

MISSION STATEMENT

To facilitate appropriate and timely services to youth involved in the Juvenile Justice System and when appropriate, prevent further Juvenile Justice System penetration. Youth Services also provides a safe, structured, restorative justice environment which uses solution focused trauma informed care principles for the youth held at the Youth Services Detention Center.

DESCRIPTION

The Erie County Youth Bureau plans, develops and administers a comprehensive and coordinated countywide system of youth services aimed at delinquency prevention and positive youth development. The Youth Bureau monitors state and county aid to support youth service and recreation programs provided by youth-serving not-for profit agencies and ten local youth bureaus located throughout the County.

The Youth Bureau reports to the leadership of the Department of Social Services and its offices are housed at the administrative offices of the Youth Services Center located at 810 East Ferry Street, Buffalo, NY 14211. The Youth Bureau, along with the Secure Detention Facility, the non-secure youth programs and the Youth Detention Office makes up the Youth Services Division. The Youth Bureau is accountable to the Deputy Commissioner for Youth Services and permits utilization of clerical and support staff for both the Youth Bureau and the Secure Detention Facility.

The Youth Bureau is responsible for preparing a five-year Comprehensive Youth Services Plan which enables the County and its municipalities to become eligible for state aid for youth programs. The current five-year Comprehensive Youth Service Plan is in effect through December 31, 2017.

The Youth Bureau annually grants funding to approximately 75 community-based organizations and local youth bureaus providing positive youth development programs throughout Erie County. Funded agencies are selected through a competitive request for proposals process. Agency past performance, monitoring, and performance measures are taken into consideration when making decisions. In addition, each contracted agency is required to utilize a reporting dashboard in an effort to demonstrate performance-based success. These measures provide data to display the quantitative impact agencies are making in the lives of youth and ensure that the Youth Bureau operates similarly to a highly efficient foundation.

The Youth Bureau has a voluntary citizen advisory board which actively represents the community at-large through reviewing and scoring proposals, interviewing agencies, and participating in agency site visits.

Between funded agencies and local youth bureaus, the Youth Bureau has the largest Resource Allocation Plan in New York State.

The Youth Bureau receives state aid for Youth Development Program, Supervision and Treatment Services for Juvenile Program Initiatives, and Runaway and Homeless Youth Agencies. The New York State Office of Children and Family Services is the funding and regulating agency for Youth Bureau functions.

Case Management

Program Description

Case Managers meet with frail and homebound elderly in their homes to complete a full assessment of client assets and challenges. The client, caregivers and other informal supports may be involved in the discussion. A care plan is developed, of which the overriding goal is to assist people in staying in their homes and to avoid unnecessary institutionalization. Toward that end, care plans include services tailored to the individual, and may include programs in one or more of the following areas: mental health, home-delivered meals, home care, adult social day care, weatherization assistance, home repair, obtaining assistance with insurance and other financial needs, as well as supporting caregivers in sustaining their efforts on behalf of loved ones. The Case Management team provides supervision to community based agencies providing sub-contracted case management services to insure consistent assessment and care planning, and serves as the single point of authorization for all department funded home-based services including home care, home-delivered meals, social adult day, and other supportive services.

Program and Service Objectives

- Link older adults and their caregivers with services that enable the elderly to remain safely at home.
- Assist families and caregivers to obtain needed benefits.
- Conduct community outreach to increase awareness of the availability of services.

Top Priorities for 2017

- Strengthen processes for financial screening and referral to income-appropriate home and community based services.
- Increase referrals from the Department to programs and services available through community partners.
- Reallocate workforce-resources to maximize case manager time spent on high-need cases.

ADULT MENTAL HEALTH CLINIC

Program Description

The Erie County Forensic Mental Health/ECFMH Service provides direct services to the criminal justice system. Services include the psychiatric evaluation of individuals detained for trial or prior to sentencing, and the care and follow-up treatment of mentally ill individuals under the jurisdiction of the Courts, Erie County Department of Probation, and the Erie County Sheriff's Division of Jail Management (Erie County Correctional Facility/ECCF and Erie County Holding Center/ECHC).

Program and Service Objectives

- Provide psychiatric evaluations of individuals to determine competency and treatment recommendations, as ordered by the courts.
- Provide psychiatric treatment that meets generally accepted correctional standards of care to inmates to enable stabilization and recovery and to aid in their participation in court proceedings.
- Enhance the Quality Improvement program to assure fidelity to established standards of care.
- Provide advocacy and linkage to community mental health services for persons on probation or parole, as required.
- Through screening and assessment, to identify and prioritize seriously mentally ill individuals for enrollment in Care Coordination Services, Medication Grant Program and other appropriate levels of community based services.
- Enhance mental health services provided at the ECCF in order to address the needs of specific populations (i.e. young men unit, female housing).
- Continue to maintain and enhance mental health services, as well as develop intervention within the ECHC in order to address the needs of specific populations (i.e. Constant Observation/COBS, Residential Treatment unit, veterans unit, female housing).
- Support and enhance training, staff education, and knowledge surrounding evidence based intervention to maintain relevant and best practice(s) while improving service delivery.

Top Priorities for 2017

Continue to enhance the existing quality improvement process utilized by the Forensic Mental Health Clinic program, consistent with the existing U.S. Department of Justice consent decree with the County and any potential future negotiations, with the goal of creating an integrated system capable of efficacy of mental health care to service recipients and fidelity to standards of mental health care within the Erie County Holding Center and Erie County Correctional Facility.

ECFMH has secured a grant through NYS OMH as part of a Mental Health Collaboration Project in order to promote cooperative efforts between Correctional, Health, Mental Health, and Community Resources to enhance service delivery for the Correctional Mental Health population. ECFMH will be implementing the Texas Christian University Drug Screening (TCUDS V) assessment for all inmates in mental health housing and on constant observation, as well as working with linkage for these inmates to UB/HOPE beginning August 1, 2016 and through the final quarter of 2016. This intervention will permit enhanced screening of co-occurring mental health and substance related issues in the ECHC and ECCF.

Key Performance Indicators*

	Actual 2014	Actual 2015
Number of Court referrals to Forensic Mental Health Service	494	568
Number of Court ordered preliminary competency evaluations	387	422

	Actual 2014	Actual 2015
Number of Court ordered formal competency evaluations	107	143
Number of mental health assessments performed at the Erie County Holding Center and Correctional Facility	4,096	5,234

**Key performance indicators have been modified for estimated 2016/2017 related to Court referrals, 730s, and Court ordered evaluations/requests. This is related to changed legal expectations necessitating all 730 requests being processed as two doctor evaluations, and elimination of the historical use of "preliminary competency evaluations." ECFMH has adapted practices to meet those expectations, and offered the courts modified request options to avoid overuse of "730" requests for other possible service options from the service. The estimations are based on current use, but may fluctuate as the Courts increase in education, awareness and utility of different options.*

	Estimated 2016	Estimated 2017
Number of Court referrals to ECFMH Service	680	680
Number of Court ordered Intake Referrals and Intake Summary	30	50
Number of Court requested Mental Health Assessments, Medication Review/Reports, and Treatment Recommendation Reports	190	210
Number of Court ordered formal competency evaluations	460	420
Number of mental health assessments performed at the ECHC and ECCF	4,500	4,500

Performance Goals

In accordance with the U.S. Department of Justice consent decree/order of dismissal, the Forensic Mental Health Service will increase psychiatric bed capacity. This will be accomplished with the ongoing use of additional psychiatric beds in the Behavioral Transitional Unit of Erie County Medical Center and following successful development and implementation of policy.

- Current psychiatric beds = 2
- Estimated 2016 bed access need = 7 average per month
- Current average number of patients per month = 6
- Estimated 2017 number of patients per month = 6

Through improvements in the efficacy of screening, risk assessment, triage, treatment and monitoring of changes in risk status practices to reduce the average daily number of inmates in constant observation status, and to reduce or maintain the average daily number of inmates in constant observation status compared to the observed 2016 statistics. Expand on quality assurance and quality improvement efforts to target assessment of appropriateness of initial placement(s), maintaining an average Length of Stay (LOS) of 3 days, and targeted review of cases where the LOS is over 14 days through the ECFMH Constant Observation Treatment Team.

CHILDREN'S SYSTEM OF CARE

Program Description

The Erie County Department of Mental Health Family Voices Network (FVN) / Single Point of Access (SPOA) is a process designed to identify, screen and assign Care Coordination and Wraparound Services to eligible high need/high risk children and youth with a serious emotional disturbance (SED) and/or behavioral disorder and their families. The SPOA process targets children and youth at risk and/or with history of hospitalization or out-of-home placement, with multi-system involvement or needs, with substantial functional impairments and/or psychiatric symptoms, and an unsuccessful history of interventions. The primary goals include maintaining high risk/high need children in the community with their families, reducing out-of-home placements, facilitating the earlier return of children and youth already placed out-of-home, increasing access to community based services, utilizing an individualized care model with a strength-based approach and assuring active parent involvement at all levels of care. Erie County has developed one front door for home based community services for all children and families served by the Departments of Social Services, Mental Health and PINS/PINS Diversion from Juvenile Justice. Within this one door, staff from all three departments are co-located and work cooperatively and collaboratively to meet the needs of the children seeking services from the County.

Program and Service Objectives

- Provide psychiatric or mental health evaluations of children and adults as ordered by the Family Court.
- Provide emergency psychiatric evaluations of children or adults as ordered by the Family Court under Section 251.
- Perform screenings, assessments, triage, and linkage to intensive services (including Wraparound), service monitoring and Utilization Review oversight to Children and Families referred to the Single Point of Access.
- Provide psychiatric consultation and community resource information to the Courts, Youth Services and other child serving systems.
- Provide coordinated multidisciplinary behavioral health services at the Department of Probation Secure Detention Center.
- Provide Clinical Administrative and Quality Assurance oversight to the County's PINS Diversion Family Services Team and Juvenile Delinquency Services Team.
- Assist families in stabilizing their home environments and prevent youth from penetrating further into the juvenile justice system through intervention and linkages by the Family Services Team.
- Effective transition of High Fidelity Wraparound care coordination services to children's health homes

Top Priorities for 2017

The Children's System of Care is an interdepartmental collaboration between the County Departments of Mental Health, Probation and Social Services that over the course of eight years has produced and sustained significant decreases in Juvenile Justice Youth deep-end system penetration including significant reductions in annual admissions to secure detention and out of home placements to residential treatment. Between January 2012 and June 2015, Erie County has experienced a marked increase in residential treatment admissions of over 50% compared to the average admissions for the years 2007 through 2011. Residential Treatment placement admissions have stabilized from 2014 to 2015. There has been a marked decrease of out of home placements of 24% when comparing first half of 2015 placements to 2016.

- Reduce Out of Home Placements for Juvenile Justice Population.

DESCRIPTION

The Erie County Department of Health (ECDOH) serves the communities and individuals within the County by providing an array of nationally recognized essential public health services. These essential services include: (1) monitoring health status to identify and solve community health problems; (2) diagnosing and investigating health problems and health hazards in the community; (3) informing, educating and empowering people about health issues; (4) mobilizing community partnerships to identify and solve health problems; (5) developing policies and plans that support individual and community health efforts; (6) enforcement of laws and regulations that protect health and ensure safety; (7) linking people to needed personal health service; (8) assuring a competent public and personal health care workforce; (9) evaluating effectiveness, accessibility, and quality of personal and population based health services; and (10) research for new insights and innovative solutions to health problems.

The Department is advised by a ten-member Board of Health that is empowered to adopt, amend and repeal provisions of the County Sanitary Code.

Five divisions of the Health Department are separately budgeted. The Department performs all public health functions pursuant to the New York State Public Health Law and the Erie County Charter and Administrative Code. The Department is comprised of the Divisions of Public Health Services; Emergency Medical Services and Public Health Emergency Preparedness/Response; Public Health Laboratories and Environmental Health; Medical Examiner; and Services for Children with Special Needs. Services provided by these divisions are eligible for state aid reimbursement as units of the Health Department.

The Department is a major component of the public health system in Erie County. It assesses the community and develops programs to address unmet public health needs. The Department must operate within its budgetary resources. It therefore focuses on directly providing only those public health services that are a priority need of the community or that are mandated. The Department formulates its service plan to provide a limited number of high quality services rather than many services which may be of lesser quality or that compete with services provided by others.

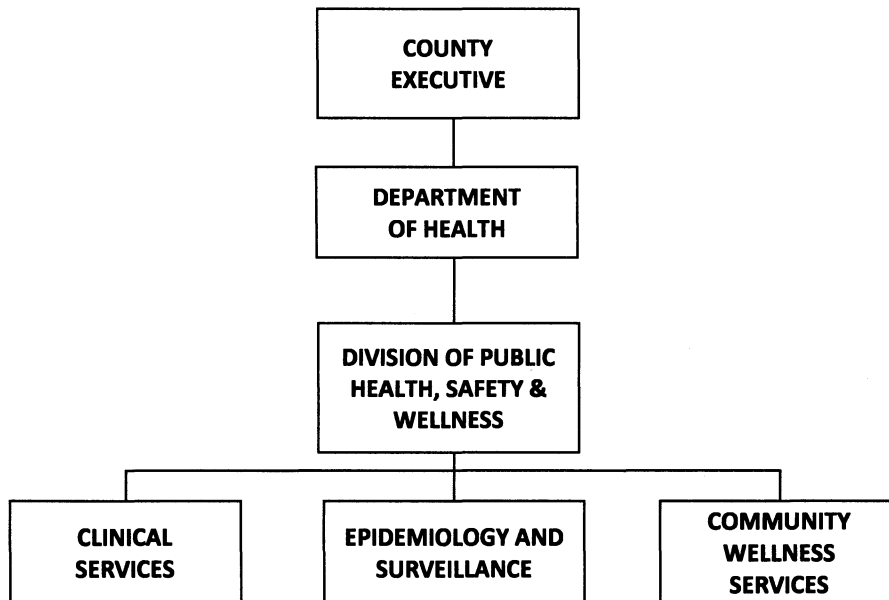

The Department of Health receives revenues from fees charged for environmental health permits, medical examiner fees, emergency medical training, third party billings and patient payments. A percentage of the remaining net operating costs (total direct costs less revenues) are reimbursed by the state. State grants are also utilized to supplement the operating budget and support services and programs.

The Department of Health will continue to work toward an increased level of cooperation and coordination of services within the Division of Children and Family Services, through outreach and education programs, as well as through services currently being provided at our public health clinics.

MISSION STATEMENT

ECDOH will lead the community in the promotion and improvement of the public's health.

EPIDEMIOLOGY AND SURVEILLANCE

Program Description

The Epidemiology and Surveillance program monitors the occurrence of communicable diseases affecting Erie County residents through active and passive surveillance systems. The program's professional epidemiologists are responsible for the investigation of reportable communicable diseases, food related illness complaints, suspected infectious disease outbreaks, and recommending post-exposure human rabies prophylaxis in Erie County. When communicable diseases are identified, the program implements preventive and corrective measures to minimize the transmission and limit the consequences of communicable disease. Morbidity and mortality data is collected and compiled for use by constituents throughout Erie County. The Communicable Disease Program serves as a resource to area healthcare providers on topics of public health importance, facilitates access to infectious disease laboratory testing that may not be commercially available, and advises on appropriate post-exposure prophylaxis for select communicable diseases. The Communicable Disease Program detects and responds to infectious disease outbreaks, and collaborates with the New York State Department of Health, the Centers for Disease Control and Prevention (CDC), and other regulatory agencies. The program also collaborates with school administrators and medical staff to prevent disease outbreaks in the school setting. Additionally, the Communicable Disease Control program participates in the Department's after-hours, on-call system with an epidemiologist available 24 hours a day, 365 days per year to respond to public health emergencies.

Top Priorities for 2017

- Monitor endemic prevalence and epidemic incidence of diseases and potential disease hazards for use in evaluation and planning health care services.
- Enhance disease control/epidemiology activities to include institutional, facility, and community surveillance activities.
- Determine causal factors associated with reported disease occurrences.
- Develop and implement programs to prevent and control community, facility, or special populations' disease outbreaks.
- Publish a monthly communicable disease report to be published on the Department of Health website.

COMMUNITY WELLNESS

Program Description

The Community Wellness program is responsible for school and teen outreach programs, HIV/AIDS and chronic disease prevention, employee/worksites wellness efforts and self-management education for Erie County residents. The staff members provide education to the public in order to decrease risky health behaviors and minimize disease and injury (harm reduction). They seek to empower individuals, mobilize and support cooperative community initiatives and implement policy and environmental change to measurably improve the health and wellness of Erie County residents. The strategy is to use a team approach to address six priorities aligned with the New York State Prevention Agenda (physical activity, nutrition/dental health, risky behaviors, tobacco use, primary care and cardio vascular disease) in four key venues (schools, worksites, faith-based and other groups in local communities, as well as in the larger region of western NY) where health and wellness have an impact on people's lives. Community Wellness uses tools such as health education, skill building, social marketing, community organization, partnership development, and resource development. Community Wellness addresses individual, community and environmental factors in order to effectively promote wellness and reduce risky behaviors that negatively impact health. Multiple outside funding sources are received to provide these services. Public Health Services include HIV testing and education, performed collaboratively with the STD clinic and staff through collaboration with the Immunodeficiency Clinic located at ECMCC. Staff members also conduct HIV, Hepatitis C and STD education in detox and rehab/recovery groups, State reimbursement is received for a percentage of the net direct operating costs of the Division.

Top Priorities for 2017

- Work with community partners to create and implement policy and environmental changes to support healthy behaviors.
- Combat the HIV/AIDS epidemic through the Expanded Syringe Access Program.
- Control the spread and complications of sexually transmitted diseases (including HIV) through public and professional health education, prevention activities and promotion of clinic services.
- Control the spread of sexually transmitted infections including HIV through expansion of community site condom distribution program.
- Provide street outreach to bring at risk individuals into care and to link them with needed services.

- Promote public health through the provision of telephone information services, educational materials, monthly distribution of educational materials and a monthly presentation series at the public library and other public presentations.
- Enhance division objectives by coordinating and implementing local, regional, state, and federally funded programs, activities and resources.
- Monitor and evaluate local, regional, state and federally funded programs to assure they are evidence based and appropriately implemented.
- Continue to attain grant funded deliverables.
- Maintain, evaluate and expand employee wellness services to strive to attain the Healthy People 2020 goals associated with the ten essential Public Health Services.
- Create a manual for development, implementation and evaluation of a successful employee wellness program (based on our success two years in a row) to print and share with area employers.
- Focus education and prevention around five major areas of health, which include cardio vascular health, nutrition, physical activity, tobacco, and risky behaviors.
- Develop and distribute health information materials related to ECDOH Community Wellness areas of focus (physical activity, nutrition/dental health, risky behaviors, tobacco use, primary care and cardio vascular disease.)
- Increase obesity prevention awareness and evidence based interventions through integration of appropriate physical activity and nutrition education in all programs.
- Work on a collaborative project/initiative/event with an agency, task force and/or coalition on each of our focus areas

DESCRIPTION

The Division of Emergency Medical Services (EMS) is a New York State, EMS Course Sponsor and provides emergency medical training to first responders, emergency medical technicians, advanced emergency medical technicians and paramedics throughout Erie County. The Division works in conjunction with the Department of Emergency Services.

The Division coordinates medical communications between ambulances, hospitals and emergency medical health care providers in and around the County on the Medical Emergency Radio System (MERS). The Budget presents this function in the E-911 Fund.

Division personnel support the coordination of advanced life support operations in Erie County for those emergency medical services providers who receive medical direction from Erie County Medical Center.

Response and planning is provided for public health emergencies, and actual/potential disaster situations involving mass casualties. The program includes response to any chemical, biological, radiological, nuclear or explosive (CBRNE) threats to public safety. EMS coordinates the emergency medical response, the triage of patients, communications, and transport of patients to area hospitals.

In cooperation with the WNY Stress Reduction Program, the EMS Division supports the coordination of critical incident debriefing sessions and pre-incident training for emergency services response personnel throughout Erie, Genesee, Niagara and Wyoming Counties.

Division personnel coordinate, recruit, and conduct training and operations for the Erie County Hazardous Materials Response Team (ECHO).

The EMS Office of Public Health Emergency Preparedness coordinates public health emergency preparedness and response for Erie County. This coordination includes Points of Dispensing (PODS) for vaccinations or distribution of medications and receipt of State or Federal medical resources during public health emergencies and exercises. Additional grant requirements include planning for: Medical Countermeasures and Clinical Operations, Mass Casualty, Mass Fatality, Strategic National Stockpile, Medical Emergency Response Cache, Functional Needs Support Services, Functional Medical Shelters, response to Radiological events, and Risk Communication / information dissemination to the public and response partners.

Division personnel coordinate, recruit volunteers and conduct training for the members of the Specialized Medical Assistance Response Team (SMART). The EMS Division and its public health component remain actively involved with collaborative efforts with the eight western New York counties including the Western District Incident Management Team.

Portions of the operation receive funding from the Federal Emergency Management Agency for emergency planning. Additionally, tuition revenue is generated both from State reimbursement and private pay students.

The Office of Public Health Emergency Preparedness is funded by a Center for Disease Control (CDC) Grant, through a program administered by the New York State Department of Health. Additionally, Erie County leads the way in collaborative efforts involving the seven adjacent counties of the western region.

Program and Service Objectives

- To provide pre-hospital emergency medical care training to all emergency services providers including volunteer fire departments, ambulance corps and emergency squads in Erie County.
- To assist in coordinating of the operations of advanced life support Paramedic units, advanced life support Emergency Medical Technician (EMT) units and first responders.
- To respond to actual and potential disaster situations including public health emergencies and drills involving multi-casualties requiring coordinated emergency medical and public health response.
- To schedule critical incident stress debriefings and pre-incident training for all police, fire, EMS, disaster and hospital personnel as needed.
- To coordinate training and response to hazardous materials incidents through the operations of the Erie County Hazardous Materials Response Team (ECHO).
- To collaborate and participate in public health preparedness and response activities for the WNY Region.

- To work with the NYS Department of Health and regional partners to comply with the CDC Grant deliverables for public health emergency preparedness, cities readiness initiative and E Bola response. These requirements assure that Public Health Emergency Preparedness planning and response activities complement NYS planning and response efforts.
- To coordinate training and response to public health emergencies through the operation of SMART and the Office of Public Health Emergency Preparedness.

Top Priorities for 2017

- To conduct quality assurance review and improve compliance of the medical interrogation by MERS dispatchers through the use of Quality Assurance software.
- Prepare the Department for the submission of a Dispatch Accreditation application
- Maintain the Counties NYS Certificate of Operation for ALS First Response
- Continue revisions and updates to the All-Hazards Public Health Emergency Preparedness Plan and ensure its integration with the revised Erie County Comprehensive Emergency Management Plan.
- Continue revisions and updates to the Strategic National Stockpile and Medical Countermeasures and Clinical Operations Plans in coordination with requirements and guidelines established by the New York State Department of Health and Centers for Disease Control.
- Identify and establish memorandum of understanding with business/community organizations for Closed Points of Dispensing (PODS).
- Continue collaborative efforts with the City of Buffalo, Metropolitan Medical Response System (MMRS) with an emphasis on Mental Health deliverables.
- Revise Radiological Plan following guidelines established by NYSDOH Preparedness Grant requirements and collaborate with Erie County Emergency Services to ensure plan is coordinated with the County's Radiological Response Annex.
- Continue Radiological training for Health Department personnel, first responders, lay responders and government officials from around the County.
- Continue to maximize state EMT class size, potential reimbursements and performance on New York State EMT certification exam. Focus on reducing the percentage of student failures on the New York State certification exam.
- Continue to grow the number of volunteers for both Specialized Medical Assistance Response Team (SMART) and the Erie County Hazardous Materials Team (ECHO).

Key Performance Indicators

Compute the pass rate of students that take the New York State Emergency Medical Services certification exams. New York State reimbursements are tied directly to students passing the course.

Outcome Measures

Compare the number of students passing the New York State Emergency Medical Services certifications exams with the overall cost of the course to determine the cost per passing student.

Cost per Service Unit Output

- Determine the average cost of successful course completion to the County factoring in the overall class pass numbers and subsequent reimbursement.
- Continue the process of cost benefit analysis using total student enrollment, student drop out, students completing course, students achieving state certification, and total state reimbursement. Use previous year's data for historical comparison.

Performance Goals

Achieve a 90% success rate (see outcome measures and cost per service) for students taking New York State Emergency Medical Services certification exams.

DESCRIPTION

The Division of Public Health Laboratories and Environmental Health are organized into two services: clinical and environmental diagnostic laboratory testing; and environmental surveillance and response. These two disciplines work closely with one another and with the Department's Epidemiology/Surveillance/Disease Control Office on community issues that require analytical assessment, investigative procedures and control measures. Such activity leads to preventive and corrective measures to minimize disease in the community.

The Public Health Laboratories provide laboratory support for regional public health and environmental activities. Testing for communicable diseases, including sexually transmitted diseases and other infectious diseases of Public Health significance, is provided to local health departments throughout western and central New York State, area hospitals and physicians. The Public Health Laboratories also provide analysis of potable water, non-potable water and environmental samples for harmful chemical, bacteriological and toxicological agents to several local municipalities, private agencies and citizens, as well as, neighboring counties. As a member of the Laboratory Response Network, the laboratory provides high complexity emergency preparedness testing for biological agents associated with bioterrorism, as well as, emerging and re-emerging infectious agents that may be significant in public health outbreaks and pandemic disease. This testing is provided to the western 17 counties of NYS through a grant funded partnership with the NYSDOH and the Centers for Disease Control and Prevention.

The Laboratories maintain a fee-for-service schedule and bill county departments, institutions, other government entities and grants for laboratory services provided. Inter-departmental billing for this purpose appears as a negative appropriation in the Laboratory's operating budget.

Inter-fund revenues are also budgeted for testing services provided to county departments. Fees are charged for laboratory tests performed for private physicians, hospitals, towns, villages and other counties. The Laboratory receives state aid reimbursement for a percentage of its net operating costs.

Environmental Health Services provides surveillance and investigation of built and natural environments to protect human health and safety through a variety of permitted and non-permitted programs. The Division also works closely with the County's Public Health Laboratories and Office of Epidemiology and Disease Control on community issues that require analytical assessment, investigative procedures and control measures to minimize disease in the community.

Environmental Health Services provides environmental health protection by monitoring and controlling disease transmission from food, water, animals, insects and body art procedures. Environmental Health reviews engineered plans for sanitary sewers, residential sanitation, public water systems, some residential water systems, public swimming pools, realty subdivisions, food service establishments, campgrounds and other public health-related construction projects; beach water quality monitoring is performed; assessments of health related environmental hazards from food, potable and non-potable water and sewage are also performed to provide a safe and healthy environment.

Facilities are inspected for safe operational practices to prevent injury and illness. This includes public water systems, food service establishments, children's camps, day care facilities, temporary residences, mobile home parks, campgrounds, recreational water facilities (including public beaches, pools, spas and spray grounds), body art facilities, fairgrounds and special events. Private drinking water wells and onsite wastewater treatment systems are inspected and tested at the time of property transfer.

Environmental follow-up is conducted for children with elevated lead levels to ensure that necessary medical care is obtained, sources of lead exposure are eliminated from the child's living environment and referrals are made for recommended educational and developmental services. In addition, through its Lead Poisoning Primary Prevention program, this Division seeks to reduce exposure to environmental lead from chipping and peeling paint in the residential environments of children and expectant mothers. This is accomplished by inspecting housing, educating residents and property owners in methods of reducing exposure to lead hazards, including offering classes in lead safe work practices, and also by assisting property owners in planning and ensuring the remediation of existing lead hazards.

Environmental Health Services also responds to requests for service from the public. Investigations and recommendations are made to identify serious health and safety hazards that cause or contribute to the

spread of disease and unintentional injuries from environmental sources, such as carbon monoxide poisoning. Investigations and recommendations are made in response to public reports of possible rabies exposure. Environmental Health Services provides education to the public in appropriate practices to minimize disease and injury from wildlife and insect vectors, and serious housing-related health and safety hazards. Environmental Health Services provides rodent baiting services and works cooperatively with local municipalities to control the spread of disease.

Program and Service Objectives

Environmental Health

- Provide education, mechanisms for screening and follow-up to children ages 9 months to 6 years for lead poisoning through educational home visits, lead risk assessments and housing inspections.
- Conduct rabies investigations to determine need for vaccine prophylaxis.
- Inspect food service establishments for compliance with mandated standards each year, and to secure correction of 90% of noted violations within 30 days.
- Sample, inspect and review operational reports of community and non-community water systems; insure that all public health code violations are corrected.
- Respond to health-related complaints involving sewage, water, uninhabitable housing and other health problems related to the environment.
- Inspect all permitted facilities, including mobile home parks, children's camps, recreational water facilities, campgrounds, body art establishments, fairgrounds and special events; insure that public health code violations are corrected.
- Prevent public health hazards by reviewing plans for all public water system improvements, public sewer system improvements and onsite wastewater treatment systems to insure compliance with applicable codes and standards.
- Review plans for all realty subdivisions to insure adequately sized, properly designed potable water supply and sewage disposal.
- Reduce health and safety hazards to the public beaches and swimming pools by reviewing engineered plans, inspecting completed construction, conducting annual inspections of existing facilities and insuring that all public health code violations are corrected.
- Reduce tobacco use among youth and adults by implementing a focused wellness/tobacco control program.
- Respond to health related complaints regarding exposure to smoking.
- Evaluate private water supplies in cases of suspected waterborne pathology or suspected contamination at the time of property transfer.

Public Health Laboratories

- Expand Laboratory testing capabilities and services offered to better serve Erie County and surrounding communities through advanced technology and laboratory efficiency programs.

FIELD INVESTIGATIONS

The field investigations section of the Medical Examiner's Office provides 24 hours, 365 day per year continual coverage of all deaths reported to the Medical Examiner's Office. The deaths reported to the office are investigated over the telephone to determine jurisdiction. If medical examiner jurisdiction is established, a thorough and complete scene investigation, along with interviewing of family/witnesses, working with police/fire/EMS personnel, obtaining police reports, medical records, hospital specimens, and collection of medications and paraphernalia for further testing is initiated. An investigation report is completed prior to examination for review by the medical examiners and possible follow-up investigation. In-house activities include photography, fluoroscopy and anthropology consultation.

Program and Service Objectives

- Interact and confer with local, state and federal law enforcement agencies, physicians, medical facilities, funeral homes, District Attorney's Office, Federal Prosecutor's Office and others involved with this agency's investigation of a death of an individual.
- Improve death investigations by offering continuing education course attendance.

DESCRIPTION

The Division of Services for Children with Special Needs is responsible for the operation of the Pre-School and Early Intervention Programs.

Through the State mandated Pre-School Program for three and four year old children, specialized educational and therapeutic services are provided to children with special needs in center based programs by a variety of provider agencies under contract with the county both during the school year and in the summer. Children enter the program through the recommendation of special committees of local school districts. Daily transportation to programs is provided for children in need of such service. Related services such as speech therapy, physical therapy, and occupational therapy also are provided at various sites throughout the county for children who do not require enrollment in a center based program.

For programs serving the three-and-four-year-old population, the Division represents the county at Committee on Preschool Special Education (CPSE) meetings to determine eligibility, review evaluations and recommend to the school district committee the appropriate level of service.

The Division is responsible for establishing provider payment rates for transporting all children, and for related services such as speech therapy provided to children aged three and four who are not in center-based programs.

The Division audits and processes payment for tuition, transportation, related therapeutic services and school district special committee operating costs, and prepares appropriate claims for 59.5% state aid and Medicaid reimbursement for eligible children.

The Division's Preschool Program is eligible to receive reimbursement from the New York State Education Department for education services and transportation provided to the three-and-four-year-old population. Related services, such as speech therapy and transportation provided to eligible children, also receive Medicaid reimbursement.

The administrative costs of the three-and-four-year-old program are reimbursed at \$75.00 per youth served by the New York State Education Department.

The State mandated Early Intervention Program serves infants and toddlers, aged birth through two, with developmental delays. Children enter the Early Intervention Program through referrals from parents, local pediatricians, daycare providers, and hospital intensive care units.

Under the Early Intervention delivery system, children and their families are assigned a case manager who is responsible for formulating and implementing an individualized family service plan which meets the needs of both the child with a developmental delay, and his or her family. Children receive Early Intervention services such as physical therapy, occupational therapy, and speech therapy, in group and individual settings in the most natural environment, including their homes and daycare programs.

Early Intervention services provided to the birth-through-two-year-old population are eligible for third-party insurance and Medicaid for children who are covered. All remaining Early Intervention service costs are eligible for 50% reimbursement from the New York State Department of Health.

In April 2013 the State's fiscal agent began seeking third party and Medicaid reimbursement prior to paying providers via an Escrow account set up by counties. This was a State-initiated change and county governments are required to follow the new procedure.

Administrative costs of the Early Intervention Program are funded by grants from the New York State Department of Health, Federal Medicaid administrative revenue, and a county share contribution. The cost of the county case managers is offset by Medicaid, state, federal Medicaid Admin, and County share revenues. The County is also billed for a 10% share of the cost of school age summer programs, which is 100% county share, by the New York State Education Department.

Program and Service Objectives

- To ensure the provision of services, including evaluations, education programs, related services and transportation, to approximately 4,500 three-and-four-year-old children in the Preschool program with developmental disabilities through representation of the County at meetings of the Committee for

Preschool Special Education (CPSE) at the local school districts, which determine the eligibility and service plans for three-and-four-year-old children for the program.

- To ensure the provision of appropriate and timely Early Intervention services to approximately 3,000 children age birth through two with developmental delays. Individualized Family Service Plans must be implemented within 45 days of referral; services must begin within 30 days of IFSP meetings.
- To ensure program development, refinement, and monitoring of services provided to children in the Early Intervention Program through the Erie County Local Early Intervention Coordinating Council.
- To increase billable unit revenues generated by Initial and Ongoing Case Managers.

Top Priorities for 2017

- To insure, in the Early Intervention Program, the continued implementation of the service delivery model which focuses on improving the quality of services delivered by shifting the methodology from a more clinical based approach to a family centered approach.
- To complete our Information Packet project (packets, by age, of expected development and activities parents can engage in with their children as well as various community resources available for young children) and share said packet with all Early Intervention staff so that parents can be presented with appropriate information.
- To continue to focus on insuring that local school districts adhere to state Education Department Regulations in regard to eligibility criteria, regression statements and appropriate levels of services occurring in the least restrictive environment through consistent Municipality representation at CPSE meetings.
- To complete our Information Packet project (see above) and share said packet with all Preschool staff so that parents can be presented with appropriate information.
- Monitor and expand on Operation Group for Preschool: geographically clustering therapists by partnering with specific districts and their UPK programs/ local Head Starts to increase the efficiency and quality of service delivery through a team approach which allows for the option of grouping children so that they can receive services with a small group of peers.
- To continue to encourage parents to transport their children to increase timeliness, encourage parent participation in the educational setting and to offset the rising costs of bus transportation.
- To continue to monitor the total number of children in the Early Intervention Program and insure that children receiving services are placed in the least restrictive environment by following the main philosophy of Early Intervention, which emphasizes the provision of services in natural settings.
- To continue to monitor the ongoing case management services provided by contracted provider agencies in the Early Intervention Program to ensure the appropriate levels of service, and have county case managers carry a caseload of ongoing cases to help defer the cost of services.
- To continue to provide Early Intervention Official/Designee participation in 100% of Early Intervention annual review meetings to insure continued eligibility for and appropriate levels of service.
- The Service Provision Unit will continue to follow established procedures in order to insure that services begin within 30 days of an IFSP meeting and to maximize revenues for the Early Intervention Program, particularly third party insurance reimbursement.
- To explore contracts with new provider agencies that offer more cost effective methods of service delivery and/or expand the availability and/or methods of service delivery.
- To convene at least 2 meetings of the Erie County Local Early Intervention Coordinating Council.
- To increase the weekly average of billable units produced by the Initial and Ongoing Service Coordinators.
- To continue to efficiently manage the new state wide software system for the Early Intervention Program and work toward using the new technology to ensure success in reaching our outcomes.

The Erie County Veterans' Service Agency (ECVSA) is mandated by New York State Executive Law, Section 357. The directive of this office is to provide quality service, advocacy, and guidance in a timely manner, for Erie County veterans and their families. The office works with clients to assist them in applying for earned benefits.

Through community involvement, the office will remain a strong force in Erie County by working collaboratively with local veteran organizations and the veteran community to foster relationships and increase awareness with veterans and their families.

VA DISABILITY COMPENSATION AND PENSION

Program Description

Veterans Administration (VA) Disability Compensation is a monetary benefit paid to veterans who are determined by the VA to be disabled by an injury or illness that was incurred or aggravated during active military service. These disabilities are considered to be service connected. To be eligible, the veteran must have been separated or discharged under conditions other than dishonorable and have a current diagnosis and/or chronic condition related to a military service injury or illness. VA pension is a need based program that helps veterans and their families cope with financial challenges by providing supplemental income to war-time era veterans and their surviving dependents.

Program and Service Objectives

Our goal is to assist veterans and their families file viable claims with the VA for Disability Compensation and pension.

Top Priority for 2017

DESCRIPTION AND MISSION STATEMENT

The District Attorney represents the citizens of Erie County in criminal cases and is their chief law enforcement officer. The principal mission of the District Attorney's Office is to justly prosecute those accused of crimes in Erie County.

The District Attorney's Office, regardless of the police agency conducting the investigation, is responsible for the just prosecution of nearly every crime committed in Erie County. This includes the prosecution of misdemeanor cases in the city, town and village courts; the prosecution of felony cases in State Supreme Court and Erie County Court; and the prosecution of misdemeanor and felony cases in several specialty courts. This office is also responsible for all post-conviction litigation in the state and federal appellate courts.

In addition to annually litigating approximately 35,000 criminal cases in over 60 different courts, the District Attorney presents cases to the Erie County Grand Jury and serves as its legal advisor. This office also provides legal advice and investigation support to all federal, state and county agencies charged with investigating criminal activity in Erie County.

The work performed by the District Attorney's Office is mandated by the Constitution and Laws of the State of New York. This office provides prosecutors to all local, county, state and specialty courts that maintain a criminal docket and we respond to all post-conviction litigation brought by defendants in the county, state and federal appellate courts.

ORGANIZATION AND DUTIES

The District Attorney is the chief law enforcement official in Erie County, responsible for the just prosecution of crimes, regardless of the investigating agency. The senior staff includes the First Assistant District Attorney, the Chief Trial Counsel and the Chief of Administration.

The District Attorney, First Assistant District Attorney and Chief Trial Counsel oversee and advise prosecutors on all investigations and prosecutions; review all felony cases and selected misdemeanor cases; assure that prosecutors are properly trained; implement office policies; and, have the authority to sign indictments. The Chief of Administration is the office manager, supervises all non-attorney staff, and oversees other general office operations.

GENERAL PROSECUTIONS DIVISION

Most cases, whether misdemeanors or felonies, are investigated and prosecuted by the bureaus comprising the General Prosecutions Division. The just prosecution of misdemeanors and felonies is the chief program and service objective of the General Prosecutions Division. Important priorities include: (1) the aggressive prosecution of violent criminals; (2) the intelligent prosecution of career criminals; (3) the aggressive prosecution of those who illegally possesses firearms or use a firearm during the commission of a felony; and (4) the exoneration of those wrongfully accused of crimes.

Local Courts: Buffalo City Court Bureau and Justice Courts Bureau

The prosecutors and support staff assigned to the Buffalo City Court Bureau and Justice Courts Bureau regularly appear in the 38 local (city, town and village) courts in Erie County.

The Buffalo City Court Bureau has the highest volume of cases in the District Attorney's Office. The court is in session 365 days per year. Assistant District Attorneys must therefore be present for proceedings every day, including all weekends and holidays. Buffalo City Court is comprised of nine regular criminal parts and five specialty parts (Domestic Violence, Juvenile, Drug, Mental Health and Veteran's Court).

Buffalo City Court prosecutors have many in-court and out-of-court duties. All cases, whether felonies or misdemeanors, must be reviewed for legal and factual sufficiency. City Court prosecutors must also direct follow-up investigation, conduct legal research, respond to motions, obtain statements from witnesses, locate and secure evidence, conduct pre-trial hearings, and take cases to trial if they cannot be resolved by a plea bargain.

Prosecutors and staff assigned to the Justice Courts Bureau perform the same duties as their colleagues in the Buffalo City Court Bureau. Prosecutors assigned to the Justice Courts Bureau appear in the 38 suburban courts for approximately 100 daytime sessions and 47 evening court sessions per month.

Superior Courts: Felony Trial Bureau and Grand Jury Bureau

Felony cases include prosecuting violent felony offenders and career criminals for crimes including homicide, assault, and cases involving the use of firearms. This office is also responsible for prosecution of non-violent felony cases that do not involve bodily harm or the threat of bodily harm to victims. Non-violent felonies include, but are not limited to, burglary, auto theft, grand larceny, felony criminal mischief, and fraud cases.

All felony cases are ultimately prosecuted in the Superior Courts; which include Erie County Court, State Supreme Court and several specialty courts. Over 2,000 cases are reviewed annually for felony level prosecution (some result in the grand jury issuing a No True Bill, while many others are returned to the local court for prosecution as a misdemeanor level offense). Ultimately, approximately 1,700 felony cases are prosecuted annually in the Superior Courts of Erie County, the vast majority of which result in a conviction.

The Grand Jury Bureau staff assists all felony attorneys in scheduling cases for Grand Jury presentation, and works with the Office of the Commissioner of Jurors to ensure the smooth operation of the two Grand Juries that are empanelled each court term in Erie County. The Grand Jury Bureau Chief supervises the bureau and also advises prosecutors on presentation procedures and techniques. The Bureau Chief personally presents a number of cases to the Grand Jury each year and also coordinates the work of Grand Jury Stenographers, who record and transcribe the grand jury proceedings. Each month, the Grand Jury Bureau Chief assists with Grand Jury empanelment, administers a legal charge and orients the Grand Jury officers regarding their duties. The Bureau Chief handles weekly Grand Jury reports and related administrative duties involving the preparation of indictments and dismissals for these reports.

Homicide Bureau

Homicide Bureau itself investigates and prosecutes all homicides. Cases are developed by assistant district attorneys through the use of forensic evidence, fingerprint and ballistic evidence, autopsies, and DNA testing. They also routinely participate in the interview of suspects and the preparation of search warrants, making certain that these investigative techniques do not run afoul of the often complex legal pitfalls that could be fatal to a successful criminal prosecution.

The Homicide Bureau Chief is on call 24 hours a day, seven days a week. In addition to maintaining a full caseload, prosecutors assigned to the Homicide Bureau frequently confer with the police and direct homicide investigations. These duties typically are exercised during the late evening or early morning hours. The Homicide Bureau also maintains a second chair program; i.e., prosecutors from other bureaus are mentored in investigation, preparation and trial technique by assisting a veteran homicide prosecutor.

Tactical Prosecution Unit

The Tactical Prosecution Unit (TPU) is a specialized bureau dedicated to prosecuting gun-related crimes in Erie County. The TPU works aggressively to monitor and respond to escalating gang violence. Each member of the Unit tracks the activity of an assigned gang. Working with the Erie Crime Analysis Center and law enforcement, prosecutors attempt to detect and prevent gun violence before it occurs by identifying on-going feuds and developing strategic leads to interrupt the violence. The Unit collaborates daily with the Homicide Squad of the Buffalo Police Department as well as investigating officers from suburban agencies and the Sheriff's Office. The Unit also works closely with Federal law enforcement agencies and the Erie County Central Police Services Firearms Laboratory.

Vehicular Crimes Bureau

Prosecutors and support staff assigned to the Vehicular Crimes Bureau investigate and prosecute felony charges of Driving While Intoxicated, Driving While Ability Impaired by Drugs, and Aggravated Unlicensed Operation of a Motor Vehicle. The Vehicular Crimes Bureau handles most Vehicular Assaults, Vehicular Manslaughters and Leaving the Scene of Accident(s) Involving Death or Serious Physical Injury. Misdemeanor level impaired driving offenses are generally prosecuted in the local courts by prosecutors assigned to the City Court and Justice Courts Bureaus.

Most of the offenses prosecuted by the Vehicular Crimes Bureau occur during the late night or early morning hours. It is critical that the initial investigation is conducted both quickly and correctly, lest critical evidence be lost. Accordingly, the Bureau Chief, in addition to caseload and supervisory duties, is also on call 24 hours per day, seven days per week in order to assist law enforcement with obtaining warrants for evidence as well as assuring that accident reconstruction is completed before vehicles are moved.

Animal Cruelty Unit

The Animal Cruelty Bureau is responsible for the prosecution of all crimes committed against animals within Erie County. These crimes include cruelty to animals, the neglect of pets, animal hoarding and the training and the fighting of dogs and other animals in organized animal fighting. The prosecutor assigned to this bureau works closely with Erie County SPCA peace officers, city and town animal control officers, forensically trained veterinarians and experts in the study of animal fighting employed by the national organization, the ASPCA. These cases require special training and increased devotion of time because the vast majority of crimes committed against animals must be proven entirely through circumstantial evidence as the victims, the animals, cannot speak for themselves. The prosecution of these cases in a court of law requires specialized knowledge and expertise in order to educate the judge or jury regarding the meaning and understanding of the evidence presented.

Appellate Courts: Appeals Bureau

All defendants convicted of a violation or a crime, regardless of whether that conviction was the result of a plea or conviction after trial, are entitled to appeal their conviction as a matter of right. The Appeals Bureau responds to appeals brought in Erie County Court, the Supreme Court, Appellate Division, Fourth Department, and the New York State Court of Appeals. Appeals are also brought on behalf of the People in those courts. Appellate attorneys defend against Federal habeas corpus petitions; motions for post-judgment relief pursuant to CPL Article 440; as well as petitions for a writ of error coram nobis. A typical appeal requires a prosecutor to read a lengthy transcript, research the legal issues raised by a defendant, write a legal brief and argue the issues before the appellate court. After a conviction, a defendant will typically file an appeal to the Appellate Division, Fourth Department, followed by an appeal to the Court of Appeals, a writ of habeas corpus filed in federal court, and numerous post-verdict motions to vacate the conviction. This process often lasts over ten years. Prosecutors assigned to the Appeals Bureau must also respond to Freedom of Information (FOIL) requests, civil matters involving the District Attorney's Office, CPLR Article 78 petitions, and motions to unseal records. Members of the bureau also act as legal counsel to all other attorneys throughout the office. Appellate attorneys are active in the Continuing Legal Education process, creating written material and giving lectures on legal topics.

SPECIALIZED PROSECUTIONS DIVISION

Cases not assigned to the prosecutors in the General Prosecution Division are assigned to the prosecutors in the Bureaus comprising the Special Prosecution Division. Intense pre-indictment case investigation and the just prosecution of resulting indictments are the chief program objectives for the Specialized Prosecutions Division. Important priorities include: (1) the aggressive prosecution of murderers; (2) the aggressive prosecution of sexual predators; (3) the aggressive prosecution of those who victimize the most vulnerable members of our community, including children and senior citizens; (4) the aggressive prosecution of embezzlers, tax cheats and other thieves engaging in schemes to defraud.

Special Investigations-Financial Crimes Bureau

Prosecutors assigned to the Financial Crimes Bureau, with the assistance of seasoned investigators and retained forensic accountants, principally devote their time to the investigation and prosecution of complicated and/or large scale financial crimes, such as embezzlements, investment frauds, business frauds, insurance frauds, employment/compensation frauds, welfare fraud, identity theft, tax evasion, and financial elder abuse. White collar cases are usually more time intensive and require a variety of technical skills and training not possessed by most prosecutors.

Public Integrity Unit

The Public Integrity Unit was formed to crackdown on corruption in all levels of government and helps restore the public's trust in our elected officials. The Unit investigates and prosecutes corruption and public integrity cases which involve crimes committed by public employees, elected officials, candidates for public office and other public servants. The crimes can include criminal conduct, including perjury, bribe receiving, official misconduct, larceny and falsifying business records.

Narcotics Unit

The Narcotics Unit prosecutes high-level offenses involving the distribution of controlled substances in Erie County. Prosecutors assigned to this unit work closely with federal, state, and local law enforcement agencies to hold drug dealers accountable for the harm they inflict on our community. Given the epidemic of opiate and opioid overdoses seen today, the Narcotics Unit has focused particular attention on those who distribute heroin, fentanyl, and their analogues.

Special Victims Bureau

The Special Victims Bureau is responsible for the prosecution of all cases involving sexual assault, child abuse, Internet crimes against children, and sex offender registration violations. Its mission is to aggressively pursue justice on behalf of our most vulnerable victims while also being sensitive to the unique issues and dynamics associated sexual assaults and child abuse. All those assigned to the Special Victims Bureau receive specialized training and prosecute cases by means of a multi-disciplinary team approach designed, in part, to minimize the trauma suffered by the victim.

Domestic Violence Bureau

The Domestic Violence Bureau is responsible for the prosecution of all cases arising between domestic and intimate partners; i.e. crimes occurring between spouses, ex-spouses, family members who live together, and those involved in intimate relationships. In contrast to most other cases, domestic violence cases require much more attention and time because domestic violence victims are often frightened or reluctant to prosecute. Traditional criminal prosecution is typically reactive, as prosecutors are not called upon to prevent crime. Domestic violence cases call upon the prosecutor to be proactive as well. Accordingly, the Domestic Violence Bureau has a dual mission: to prosecute offenders and to prevent them from harming the victim in the future. This unique reactive/proactive prosecution model is made more challenging by the number of cases and the unique needs and behaviors of many domestic violence victims.

Prosecutors assigned to the Domestic Violence Bureau receive specialized training and appear in all city, town and village courts. They also staff several OCA specialty courts, including the Buffalo City Court Domestic Violence Part, the Erie County Court Felony Domestic Violence Court and the State Integrated Domestic Violence Court. Prosecutors are assisted by specially trained advocates and social workers who work with victims to address their special needs and to ensure their safety.

PROSECUTION SUPPORT SERVICES DIVISION

Prosecution Support Services Division provides the necessary services that support our chief mission: the just prosecution of criminals.

The Director of Training oversees legal training for the District Attorney's Office from the newest member of the Office to its most experienced prosecutor. An Assistant District Attorney's training begins before their first day in the office and continues throughout their career. Newly hired assistants are first assigned a mentor from within the office to support them throughout their career. Also, Assistants in the City Court and Justice Court Bureaus meet for bimonthly trainings, which focus on legal issues that form the base for a successful career as a prosecutor. An assistant assigned to one of the Felony Trials Bureaus receives weekly training on the proper handling of a felony case through the criminal justice system, from arrest through trial. The Director of Training also ensures that each felony trial assistant sit as a second chair to an experienced prosecutor on varied trials and that each new felony trial assistant obtain a second chair for their trials. This education and training program ensure that each assistant district attorney obtains an adequate competency level of criminal law and procedure so that the public's interests are best met.

This Office employs a number of Confidential Criminal Investigators who are experienced law enforcement professionals conducting critical investigative work designed to supplement and enhance the prosecutorial efforts of the District Attorney's Office. Their duties include but are not limited to surveillance, interviewing suspects and witnesses, securing evidence, and serving subpoenas and warrants. Investigators may also participate in a variety of case assignments including raids, arrests, undercover operations and prisoner extraditions. Investigators work in conjunction with the Erie Crime Analysis Center, which provides our local law enforcement agencies with state-of-the-art intelligence regarding crime hotspots and crime patterns. Our investigators have assisted many local police agencies in solving crimes and have been especially effective in solving multi-jurisdictional crimes committed by serial offenders.

Crime victims, the families of crime victims and many witnesses are often traumatized, frightened, reluctant and/or ignorant of the mechanics of the criminal justice system. Advocates assigned to the Victim/Witness Bureau are responsible for helping victims and witnesses and arranging for their protection and relocation when necessary. Victim/Witness advocates are on call to respond to the Erie County Medical Center (ECMC) to assist victims of violent crimes and their families. It is anticipated that our advocates will encounter approximately 300 shooting and stabbing victims at ECMC this year. Advocates also work closely with sexual assault victims and the family members of homicide victims.

Our Domestic Violence Advocacy Program provides comprehensive assistance to victims of domestic crimes while their case is in Buffalo City Court, or one of the local town/village courts. Our specially trained advocates and social workers work with victims to address their special needs and to ensure their safety. The Domestic Violence Social Workers have extensive experience working with victims of domestic abuse, both in and out of the court setting. The social workers offer crisis counseling, education about domestic violence and the court system, and referrals and linkage to such services as shelters, counseling, and emergency housing. Social workers are present in court when a victim's case is heard and are there to offer support and guidance during the criminal justice process.

Administration and support staff perform critical, non-prosecutorial functions including management of the office budget, grant writing and grant management, oversight of personnel issues, information technology, and public outreach and communications. Support staff perform essential clerical duties for all bureaus including data entry, document preparation, and other support services as required.

Top Priorities for 2017

Important 2017 priorities include: (1) the aggressive prosecution of violent criminals; (2) the intelligent prosecution of career criminals; (3) the aggressive prosecution of those who illegally possess firearms or use a firearm during the commission of a felony; (4) the exoneration of those wrongfully accused of crimes; and (5) improving the knowledge, skills and performance of prosecutors through an intensive program of continuing legal education.

- Continue to vigorously prosecute those who have committed crimes and provide the necessary services to the citizens of Erie County while effectively utilizing our current resources.
- Continue the aggressive prosecution of violent and career criminals.
- Continue the aggressive prosecution of those who illegally possess firearms or use a firearm during the commission of a felony.
- Continue to exonerate those wrongfully accused of crimes.
- Focus on combatting the County's opioid epidemic problem through treatment and enforcement:

 - Collaborate with our partners in law enforcement to continue to aggressively prosecute drug dealers within the bounds of the law, and bring more dealers to justice.
- Hold government and political party officials accountable for any criminal conduct and prevent waste, fraud and abuse of taxpayer's dollars.
- Utilize the Tactical Prosecution Unit to identify and target the most dangerous and violent criminals in order to reduce gun violence.
- Prosecute all crimes committed against animals.
- Improving the knowledge, skills and performance of prosecutors through an intensive program of continuing legal education and mentoring program.
- Provide outreach and education to the citizens of Erie County and foster partnerships with the community in order to rebuild public trust, restore neighborhoods and combat crime.
- Assist in the training of police recruits and veteran police officers. Advise local police agencies, including the Violent Crimes Task Force, on legal issues affecting their investigations.

The Sheriff is the County's elected chief law enforcement official and is responsible for the enforcement of federal and state civil and criminal laws and county, town and village ordinances. The Office of the Sheriff provides police and patrol services, investigates crimes, conducts crime prevention programs and performs public safety and emergency services designed to protect persons and property in Erie County. A number of special-function units are also provided including domestic violence prevention and investigation, human trafficking, registered sexual offender registration, Rath Patrol, detective bureau, specialized K9 units, emergency dispatch, narcotics investigation, Special Weapons And Tactics, aviation, snowmobile/ATV and marine patrols, arson investigation and explosive device disposal. The office also serves and enforces all civil processes required by the courts. The Division also provides the special detail for security at Ralph Wilson Stadium at football games/events.

DIVISION OF JAIL MANAGEMENT

The Division of Jail Management operates two primary facilities: the maximum security Erie County Holding Center and the medium security Erie County Correctional Facility. Further, the Jail Management Division provides a large array of coordinated services which insure the health, safety and welfare of each inmate. Additionally, the Jail Management Division coordinates community service activities with its Horticultural Program and Service Action Corps, where inmates perform tasks and learn skills while providing community service during their incarceration.

DIVISION OF CORRECTIONAL HEALTH

The Erie County Correctional Health Division provides individualized medical care for inmates remanded in custody to the Erie County Sheriff's Office. Correctional Health is committed to improving the quality of health care within the Jail Management Division. Correctional Health provides a continuum of care from arraignment of the individual to release. The continuum of care is appraised of verification of reported chronic disease modalities, medications and acute treatments of the incarcerated individual. This proactive approach provides an improved health management strategy with the goal of improved health of inmate and the communities, of which they return, increase the efficiency of health services delivery, strengthen organizational effectiveness and reduce the risk of adverse legal judgments.

DESCRIPTION

The Jail Management Division operates two facilities; the maximum security Erie County Holding Center and the medium security Erie County Correctional Facility. The combined maximum facility capacity for both facilities is 1,522.

The Erie County Holding Center, located in downtown Buffalo, was originally constructed in 1936 and has undergone several renovations since it was opened. Today, the Erie County Holding Center incorporates traditional "linear" jail cell style housing areas, podular or "direct supervision" housing areas, "dormitory" style housing areas and areas specifically designed to provide "constant supervision."

The Erie County Holding Center holds those inmates representing the most serious risk to themselves, others, the facility and/or the community, those inmates having the most significant medical and/or mental health needs, those prisoners recently arrested who are in the process of being "classified" and a number of high risk federal prisoners with pending proceedings in U.S. District Court.

The Erie County Holding Center offers a wide variety of programs and services including medical and mental health treatment, counseling, recreation, visitation, library and law library services, religious services, and educational services.

The Erie County Correctional Facility, located in Alden New York, was built in 1985 on approximately 90 acres of rural farmland. The Erie County Correctional Facility was designed exclusively as a "direct supervision" institution, incorporating "podular" and "dormitory" style housing areas.

The Erie County Correctional Facility houses low and medium risk inmates. Inmates participate in job training programs and community service programs are assigned to the Service Action Corps. The Service Action Corps are crews of specially trained inmates, who have undergone an extensive screening process, that provide community service to Erie County departments and area to not-for-profit organizations. The Service Action Corp works primarily with the Erie County Parks Department and the Erie County Highway Division to provide additional assistance with cleaning, maintenance, clearing brush, debris removal, gardening and painting and landscaping improvements at parks and County buildings.

The Erie County Correctional Facility also offers a wide variety of medical, mental health, religious, recreational, educational and library services to the inmates those inmates housed there.

In addition to the two primary facilities, the Jail Management Division operates secure detention facilities within the Erie County Medical Center, Buffalo City Court, Erie County Court and the Erie County Family Court.

DESCRIPTION

The Department of Central Police Services (CPS) was created in 1973 to provide administrative support services to law enforcement and criminal justice agencies on a countywide and regional basis. These services include Enhanced 911, Forensic Laboratory, Information Systems, Statewide Automated Biometric Identification System (SABIS), Stop DWI and Law Enforcement Training.

The services we provide include police training in partnership with Erie Community College (ECC), computerized records and information retrieval, forensic laboratory, communications services and the County-wide 911 emergency telephone system. These services are provided for the purposes of improved crime prevention, effective investigation, prompt arrest of offenders, protection of police officers and increased citizen involvement in law enforcement. By providing these services on a countywide basis, we insure that the best services are provided for public safety in the most cost effective manner.

MISSION STATEMENT

The primary mission of the Erie County Department of Central Police Services is to provide forensic, technical and support services on a countywide and regional basis to law enforcement agencies and other public safety first responders. In doing so, we insure that our first responders have access to the very best technical tools, that there is standardization of processes and interoperability among these law enforcement agencies.

DIVISION OF LAW ENFORCEMENT TRAINING ACADEMY

Program Description

The Academy provides a full range of law enforcement training to all agencies in Erie County through a partnership with ECC. Training programs provided by the Academy include but are not limited to Basic Police Training, Supervisors Course, Instructor Development, Community Policing, Police Leadership, Radar Operation, Breathalyzer Operation, Accident Investigation and proficiency re-certifications.

The program is supported by the ECC budget and funds provided to ECC by the County as part of the County's sponsor contribution. Police training programs that are mandated and certified by New York State Department of Criminal Justice Services will take priority. Programs that enhance professionalism in the law enforcement profession will be sought after and facilitated whenever possible.

Program and Service Objectives

- To work with ECC and the Joint Advisory Committee providing direction and oversight of the operations of the Police Training Academy and provide courses and training programs designed to upgrade the technical and professional skills and competence of law enforcement and other public safety professionals from all law enforcement and public safety agencies in Erie County.
- To conduct basic training for newly appointed law enforcement officers, supervisory training and specialized training and courses as required by local law enforcement agencies.
- Continue to offer the pre-employment initiative between ECC and CPS.

DIVISION OF THE FORENSIC LABORATORY

Program Description

The Forensic Laboratory has 22 full time positions and 2 part time positions filled and is comprised of the following three sections: Chemistry/Arson/Trace, Biology/DNA and Firearms. The lab is tasked with providing forensic scientific analysis for federal, state and county law enforcement agencies. Testing was provided for forty-five (45) different law enforcement agencies during the 2015 calendar year. Two (2) Evidence Clerks are responsible for receiving, inventorying and logging all evidence that is submitted to the laboratory. They will then distribute the evidence to the appropriate section for analysis. The various types of testing performed by each section can be broken down as follows.

Chemistry: Section members perform casework analyses in three different analytical disciplines: controlled substances, arson, and trace analysis. The largest number of cases received involve controlled substance identifications which are performed on items of evidence that have been confiscated or purchased by police officers and are suspected to contain illegal drugs. Arson related testing consists of the examination of fire debris for the presence/absence of ignitable liquids using gas chromatography/mass spectrometry. Trace related analyses include identifying and comparing paints or polymers, performing impression identifications/comparisons (footwear and tire tracks) and performing physical fit comparisons (fracture matches).

Biology/DNA: The Forensic Biology/DNA Section performs casework analysis in criminal investigations to identify body fluids (Forensic Biology) and/or to perform DNA analysis in an attempt to identify individuals as contributors to the probative DNA profiles. Currently, we offer body fluid identifications and DNA testing using human DNA quantitation using RT-PCR (Plexor HY), conventional STR analysis (Fusion), and Y-STR analysis (Plexor Y23). This staffing yields approximately 10.5 full-time equivalents available for the analysis of Biology/DNA casework. The DNA Section is instrumental in providing key investigative information to the federal, state and local laws enforcement agencies. The DNA Section is also providing ongoing assistance to the Buffalo Police Department Cold Case Squad and their investigations of unsolved homicides. During the years 2008 to the present, approximately 300 cold homicide case assignments have been submitted and examined for DNA evidence. The DNA Section is a participant in the National DNA Databank network (CODIS).

Firearms: The Firearms Section performs casework analysis in the areas of: operability testing, weapon identification, serial number restoration, length determination, identification and classification of fired ammunition components, microscopic comparison of fired ammunition components and NIBIN (Firearms Databank) participation.

The Forensic Laboratory is supported by the County General Fund and State/Federal Aid revenues.

Program and Service Objectives

To provide scientific analysis of physical evidence submitted by local, state and federal law enforcement agencies to the Forensic Laboratory and to present expert testimony in court on the findings of the laboratory analysis in criminal prosecutions as required.

Top Priorities for 2017

- Maintain International Accreditation through the American Society of Crime Laboratory Directors/Laboratory Accreditation Board International Program.
- Continue to improve the protocols and performance of each section of the laboratory to decrease the backlogs and improve the turnaround times.
- Add new forensic DNA Technology that will improve the testing and reporting capabilities of the lab. The new DNA Technology is not only more complicated but more costly and requires more time to complete. However, this will add significant value to the Forensic DNA testing that is used for criminal investigations. The end result will be more successful criminal investigations and prosecutions while ensuring that the innocent are protected.

Key Performance Indicators

	Actual 2015	Estimated 2016	Estimated 2017
Number of case submissions for analysis by Forensic Laboratory	8,435	8,213	8,500
Number of Forensic Laboratory staff appearances in criminal court cases	94	108	110
Number of case submissions for DNA analysis by Forensic Laboratory	1,703	1,575	1,600

Outcome Measures

- Number of cases processed by the Forensic Laboratory in 2017.
- Number of backlogged cases waiting to be analyzed in each section.

Performance Goals

Increase the number of case assignments processed by the Forensic Laboratory in 2017.

STATEWIDE AUTOMATED BIOMETRIC INFORMATION SYSTEM (SABIS)

Program Description

SABIS is responsible for identifying crime scene evidence through the investigation of fingerprints and palm prints. SABIS receives fingerprint and palm print evidence from crime scenes for all agencies in the 5 counties of the Western New York Region; Niagara, Erie, Chautauqua, Cattaraugus, and Allegany Counties. Police agencies may mail or bring their biometric evidence in from crime scenes and it is entered into the computer and compared to information contained in the SABIS or FBI AFIS database. The Office is accessible 24 hours a day and is coordinated by the SABIS Manager.

The use of friction ridge identification is used to identify the impressions from fingers and palms to the source that produced them. Identification of finger and palm impressions does not lie solely in matters related to criminal investigations, it can also help identify deceased or missing persons or children, as well as eliminate a person as a suspect, or a person whom has been wrongly accused or convicted.

The new SABIS system has been working with great accuracy. An update to the system with the latest technologies available in Biometric software is expected in November 2016.

Program and Service Objectives

To provide fingerprint and palm print analysis of physical evidence submitted by local and state authorities and to provide expert testimony in court on our findings and analysis in criminal prosecutions as required.

Accomplishments in 2016

- Training recruits, crime scene technicians, and latent print examiners about SABIS.
- Continuing education through trade magazines, online training, and bi-annual trips to Albany.
- Helped to investigate and solve many cases.
- Testified in Federal Court, achieved expert status.
- Achieved Certified Latent Examiner Certification (CSLE).

Top Priorities for 2017

- Work towards attaining Accreditation Status as required by the International Association for Identification (IAI).
- Continue to inform Law Enforcement of our progress and encourage learning and advancement
- Continue to improve processes in the office (i.e., storage & retrieval management, equipment, manuals).

Key Performance Indicators

	Actual 2015	Estimated 2016	Estimated 2017
Total cases entered in SABIS	382	300	300
Total prints entered in SABIS	903	600	600
Total hits (positive identifications)	197	150	150

Outcome Measures

- Total prints entered into the system
- Total prints identified

Performance Goals

Looking forward, goals are to continue with training and certification of necessary courses and skill sets to keep abreast of new and upcoming technologies. Accreditation will soon be necessary and we are working towards developing systems and strategies to attain that goal.

DIVISION OF COMMUNICATIONS AND INFORMATION SYSTEMS

Program Description

The Division of Communications and Information Systems supports an immediate response to emergency calls received through the 911 system. With Erie County's Enhanced 911 services network starting in 1988, CPS established on-going support through multiple primary and secondary 911 centers. The CPS 911 Center receives all landline 911 calls originating within the City of Buffalo, as well as all wireless 911 calls from the entire County. Wireless 911 calls account for 89% of the total calls received. CPS 911 also processes requests for 911 recordings for District Attorney's offices, police agencies and others.

CPS 911 maintains radio communications with the Erie County Probation Department Officers in the field to ensure officer safety and record field activity by officers.

The Information Systems focuses on centralizing information that assists law enforcement agencies to comply with federal and state reporting mandates. CPS maintains a Comprehensive Law Enforcement Records Management System (CHARMS) that provides tools for data retrieval and analysis. Other technologies provided include automatic vehicle locator, live scan/card scan, providing digitized photo imaging, mobile computers in cars, and crime mapping. In addition, data is shared between law enforcement agencies, not only throughout Erie County, but also across New York State.

The Communications and Information Systems programs are supported by the E-911 Fund revenues and a General Fund subsidy.

Program and Service Objectives

- Develop and maintain computerized information systems, which provides over 60 local, state and federal law enforcement and criminal justice agencies with computerized records, 24-hour on-line information retrieval and information exchange designed to increase police officer safety and improve police effectiveness.
- Work with the Department of Homeland Security striving for coordination between all responders during an emergency.
- Promote interoperability and sharing of information between first responders by continuing to improve countywide Enhanced 911 services and countywide information retrieval and exchange.
- Work with all public safety disciplines on the newly implemented County-wide 911 telephone system for improved and coordinated public safety responses.

Top Priorities for 2017

- Configure and maintain the public safety information systems' wide area network that allows for shared communications abilities among users and across applications. Perform equipment realignment and replace where necessary. Provide efficient emergency backup.
- Expand the sharing of Priority 1 calls between diverse law enforcement agencies.
- Continue to expand closest car pilot program by enhancing the Mapping and GIS capabilities.
- Deploy the web (browser) based map to all patrol cars and dispatch centers.
- Continue to combine computer systems and databases where practical to make maintenance and training more efficient, while expanding the functionality through integrated modules.
- Continue to enhance the Real Time Data Warehouse Repository for law enforcement across Erie County. Complete programs to share data with the New York State Data Exchange.
- Continue to review 911 call interrogations with the complaint writers and dispatchers to identify strengths and weaknesses of their performance. This provides a foundation for quality improvement which enhances our ability to serve the callers utilizing the 911 system and also helps reduce liability risks to the County.
- Deploy the Fire Dispatch module to users of the Enterprise Computer Aided Dispatch software.
- Complete a project to leverage municipal fiber to expand both the data and 911 networks.

DESCRIPTION

The STOP-DWI Office was established in 1982 and operates under New York Vehicle and Traffic Law. The project funds itself with fines collected from drunken drivers convicted in Erie County Courts. There are no tax dollars used in STOP-DWI projects.

Staff consists of 2.5 full time positions. Overall direction of the program and strategy falls to the Director in consultation with the Commissioner of Central Police Services. Component areas are Enforcement, Prosecution, Probation Supervision, Public Information/Education, and Administration. Work in each component is shared among staff. STOP-DWI also monitors offender compliance with Ignition Interlock Sanctions ordered by judges under conditional discharge.

MISSION STATEMENT

The mission of the STOP-DWI Office is to reduce the number of persons killed or injured in drunken driving crashes in Erie County.

Its function, and the purpose of day to day operations, is to focus the attention of law enforcement, courts, and the community on preventing DWI and its consequences. This is accomplished with supplemental funding and training that creates a comprehensive deterrent.

Program Description and Service Objectives

Fine revenue is the main resource available to the STOP-DWI Office. This revenue is received as the result of approximately 2,800 (plus or minus 100) arrests made by Erie County police agencies each year. 2016 figures so far indicate an arrest count of in the range of 2600. Maintenance of arrest levels above that level, and the revenue derived therefrom, is critical to our program. Money is used to leverage and incentivize our partners to direct their attention and resources to the deterrence of DWI.

Since the system begins with enforcement, 65% of annual DWI fine collections are paid back to the police agency that made the arrest. This system supplies incentive to police agencies and leverages their resources to DWI enforcement.

The remaining 35% of annual revenue is allocated among other components to create a comprehensive campaign that Creates a public perception of high risk for apprehension; tightly supervises chronic offenders through Probation; produces expert investigation of DWI crashes; encourages strict prosecution of DWI cases with an emphasis on high fines and immediate collection; supplies DWI Victim Services; and properly administers the program within state guidelines.

STOP-DWI revenue must only be used to supplement operations and provide funds for extra efforts that would not ordinarily be possible using regular, tax dollar funding levels. No county tax funds are used in STOP-DWI Projects. 100% of funding is derived from fines paid by convicted drunken drivers.

Top Priorities For 2017

- Reduce costs for checkpoint operations
- Manage costs of Monitoring Ignition Interlock Device(IID) under Leandra's Law
- Deliver reliable, accurate, and timely data on IID Operators
- Research and evaluate IID effectiveness
- Increase fine revenue through cooperation with Court partners
- Restructure interface with IID Clients
- Reduce Personnel time required to process IID and VIP intake

E-911 FUND

DESCRIPTION

The E-911 fund is a special fund created for appropriations and revenues associated with the operation of the County's Enhanced 911 (E-911) emergency telephone system. The fund is self-balancing. Central Police Services is operationally responsible for monitoring the E-911 fund. The E-911 expense budget represents personnel, utility and general maintenance expense.

In 1989, State Legislation was enacted enabling counties to place a surcharge on telephone services to offset the costs associated with the establishment and maintenance of an enhanced 911 telephone emergency system. A surcharge of thirty-five cents per access line per month is in effect. In 2006 Erie County enacted a surcharge of thirty cents per cell phone to offset the cost related to answering wireless 911 calls.

Revenues resulting from the surcharge are budgeted separately in the E-911 fund as required by state law. However, because the revenue generated through phone surcharges does not cover all expense, a county share contribution of \$4,057,650 is also budgeted to insure the provision of all essential E-911 services.

DESCRIPTION

The Probation Department provides both adult and juvenile probation services to all Courts within Erie County. The Department of Probation maintains two divisions: the Adult Division and the Juvenile Division.

The Adult Division is responsible for the preparation of pre-sentence reports sent to the Courts for persons convicted of criminal offenses, and the supervision of any adult (16 and over) who is sentenced to a period of probation supervision. It also operates an Alternatives to Incarceration (ATI) Program that includes a Pretrial Services Unit which provides the Judiciary alternate release options, including Release Under Supervision. ATI also provides a Community Service program.

The Juvenile Division prepares pre-dispositional reports for the Family Court for any youth adjudicated as a Person in Need of Supervision (PINS) or a Juvenile Delinquent (JD), as well as reports for custody, visitation and family offense cases. The Juvenile Division provides diversion services for youth with the Family Services Team (FST) and the Juvenile Delinquent Services Team (JDST). The Juvenile Division also provides supervision of all youths adjudicated as either PINS or JD, working closely with the youth and their families to provide needed services and to ensure community safety.

These services are mandated by the New York State Criminal Procedure Law, the New York State Correction Law and the New York State Family Court Act. The Probation Department is regulated, monitored and receives partial reimbursement and support from the New York State Division of Criminal Justice Services Office of Probation and Correctional Alternatives (NYS DCJSOPCA). Probation practice is directed by the NYS Probation Supervision Rule 9 NYCRR Part 351, effective June 1, 2013.

MISSION STATEMENT

To ensure the safety of the residents of Erie County by providing community based supervision and rehabilitation through a multi-disciplinary approach to persons being convicted of a crime or adjudicated.

PROBATION SERVICES – ADULT

Program Description

The primary function of the Adult Division is to work towards the rehabilitation of adult offenders in the community in a way consistent with maintaining public safety. Probation Officers in the adult division are additionally responsible for completing court ordered comprehensive pre-sentencing investigations for adult criminal offense convictions, including youthful offender cases in all city, town and village jurisdictions, including County and Supreme Courts.

Program and Service Objectives

There are specific areas of expertise within adult Probation services: pre-trial services, Release Under Supervision (RUS), intra/interstate transfers, community service sentencing, specialized supervision of domestic violence cases, felony DWI cases, sex offenders, Gun Involved Violence Elimination (GIVE) cases, greatest risk cases, youthful offenders, developmentally disabled offenders, and the completion of Pre-Sentence Investigations (PSI). In all areas of adult supervision, the objective remains offender rehabilitation, accountability, public safety and victim restitution. There is a warrant squad that has received extensive specialized training and conducts regular sweeps for absconders, as well as performing warrantless searches. Several times a year, probation officers in the warrant squad participate with the FBI and local law enforcement agencies in combined operations.

Top Priorities for 2017

- Continue to increase the efficiency of the Adult Division of Probation through enhanced technologies and improved case management.
- Continue to adapt as seamlessly as possible to the Supervision Rule promulgated by New York State in 2013.
- Continue to explore specialized caseloads to address needs of probationers as well as staffing resources.

SPECIAL PROGRAMS

Program Descriptions

There are four programs designed to reduce costly and inappropriate incarceration in the Holding Center and Correctional Facility. They are: Release Under Supervision (RUS), Expedited Pre-Sentence Investigations (PSI), Pre-Trial Services, and Community Service Sentencing (CSS).

RELEASE UNDER SUPERVISION (RUS)

The primary function of the Release Under Supervision Program (RUS) is to release from the Erie County Holding Center incarcerated defendants who cannot make bail and do not represent a safety risk to the community. Released defendants are monitored between court dates by a Probation Officer until their case receives a final disposition. Additionally, Probation Officers in the RUS Unit are responsible for completing comprehensive pre-sentence investigations for Court ordered adult criminal offenses, including Youthful Offender cases, in all city, town and village jurisdictions, including County and Supreme Courts.

Key Performance Indicators

	Actual 2015	Estimated 2016	Estimated 2017
Number of defendants placed on RUS	1,321	1,431	1,463

Performance Goal

	Estimated 2016	Goal 2017	Goal 2018	Goal 2019
Continue to save bed days at the Holding Center (based on average of 30 days supervision)	42,930	43,890	43,890	43,890

Note: Probation does not control the number of persons the Judges assign to the RUS program.

EXPEDITED PRE-SENTENCE INVESTIGATION UNIT (PSI)

The primary function of the Expedited PSI Unit is to complete Pre-Sentence Investigations for individuals who are incarcerated. The desired outcome is to have a completed Pre-Sentence Investigation for incarcerated defendants to the Courts within four weeks of the original request made by the Courts in order to reduce the number of days a defendant is held in the Erie County Correctional Facility or Erie County Holding Center. Pre-Sentence Investigations normally are completed in nine weeks.

Note: By law a person has to see a Judge within seven days after arraignment, so at least seven days are saved. Pre-Trial makes the recommendation to the Judge for both RUS and ROR.

COMMUNITY SERVICE SENTENCING (CSS)

Community Service Sentencing is designed to provide a viable alternative option to the Courts for individuals who would otherwise be confined at the Erie County Correctional Facility, and is utilized by Probation Officers as a graduated response to facilitate positive change that contributes to lawful behavior in lieu of confinement.

Program Description

The Probation Juvenile Division supports the Family Court by providing Pre-Dispositional Investigations and other reports as needed. The Juvenile Division also provides monitoring, supervision and services to the Erie County youth and their families while ensuring public safety and making victims whole to the maximum extent possible. This is accomplished by addressing identified needs for each specified youth and family at the earliest possible stage.

Diversion and Intake: Conduct Risk/Need assessment and provide early intervention services targeted to identified needs and behaviors in order to minimize further system penetration while ensuring youth accountability and making victim whole.

Juvenile Supervision: Provide monitoring and supervision of adjudicated youth based on identified risk levels, while ensuring that provided services are targeted to address delinquent and other identified needs in order to positively affect the youth's behavior while in the community to prevent further system penetration and reduce out of home placements.

Program and Service Objectives

In all areas of the Juvenile Division, the primary objectives remain to service youth and their family in the community at the earliest possible stage by providing need driven targeted services to prevent further system penetration while holding the youth accountable and ensuring community safety.

- Juvenile Delinquency Services Team (JDST) and Family Services Team (FST): These two teams, composed of staff from the Probation Department, Department of Mental Health (MH) and the Department of Social Services (DSS) provide Risk/Need assessments as well as Early Intervention and Diversion services to divert youth from entering the Juvenile Justice System by using restorative justice practices to repair the harm the offenses cause the victims and community as a whole. The JDST also provides Pre-Dispositional Supervision Services for the Court.
- Juvenile Supervision: The Juvenile Division provides Differential Supervision for youth based on their specific supervision risk level and/or identified unique needs while engaging the youth in specific services based on these risk factors and needs. This is accomplished by having regular supervision and specialized caseloads as follows:

- Decrease the percentage of probation violations filed thereby reducing the percentage of youth placed outside their homes by employing a consistent approach through the use of graduated penetration.
- Family Services Team (FST): Continue to divert potential PINS youth and minimize system penetration. Juvenile Delinquency Services Team (JDST): Continue to provide expedited services at the front end while maximizing appearance ticket resolution without judicial intervention and ultimately reducing system penetration. Continue to work with victims in an attempt to ensure appropriate reparation.
- Probation Supervision: Continue to adhere to differential supervision based on identified supervision risk levels while channeling resources to address the most immediate needs.
- Continue to provide comprehensive, timely and accurate information and reports to the court for best possible timely disposition thereby minimizing youth bed days at Detention.

DESCRIPTION

The Department of Emergency Services is comprised of the Divisions of Disaster Preparedness/Homeland Security, Fire Safety and Emergency Medical Services as outlined in the Erie County Charter Article 14 and Administrative Code Article 11-C.

The Department is responsible for providing public safety through comprehensive emergency management planning, preparedness, training, response and coordination of emergency services resources in Erie County during actual or potential disaster events.

The Department maintains and implements the County Comprehensive Emergency Management Plan in accordance with Article 2b of the NYS Executive Law and also administers Homeland Security grants received from NYS and the US Government.

MISSION STATEMENT

The goal of the Department of Emergency Services is to maintain Erie County as a safe place to live, work and visit by supporting the emergency services first responders with broad-based emergency management resources and services.

DISASTER PREPAREDNESS/HOMELAND SECURITY

Program Description

The Disaster Preparedness Division develops, maintains and tests a Comprehensive Emergency Management Plan to maximize the timeliness and effectiveness of an emergency response in the event of disaster. The Department coordinates the implementation of the plan working with city, town and village emergency management officials responding to actual or potential disaster situations.

The division works with the Local Emergency Planning Committee (LEPC) maintaining a computerized inventory system of stored hazardous materials and emergency response plans for chemical facilities in the County. Membership of the LEPC is made up of stakeholders from State and local official agencies, police, fire, civil defense/homeland security, public health professionals, as well as industry representatives to develop emergency response plans for hazardous materials.

The division, whose members are "Public Safety Officers," in accordance with the statutes of 42 U.S.C. Chapter 46, Subchapter XII, of the Public Safety Officers Benefit Act and Peace Officers in accordance with NYS CPL 2.10, sub. 26, work to support local law enforcement during large scale incidents throughout Erie County.

The division, in conjunction with Central Police Services Law Enforcement Training Academy, assists with providing peace officer training to agencies across Erie County and Western New York, through provisions of the Civil Defense Act of 1951 (modern day Homeland Security).

The division in conjunction with the Health Department coordinates the response of the all-volunteer Hazardous Materials Response Team (EC HMRT), the Specialized Medical Assistance Response Team (SMART) and a Chaplain Corps to actual or potential man-made or natural disaster situations.

The division administers homeland security grants and deploys Homeland Security grant resources including, but not limited to, Traffic Incident Management, Shelter Management, Interoperable Communications and Mobile Operation Centers during emergencies. The Department also activates and operates the Emergency Operations Center (EOC) during declared disasters.

The division sponsors training programs for National Incident Management System (NIMS), Weapons of Mass Destruction (WMD) and Community Citizen Preparedness for first responders, private industry and the general public.

The division also provides an action plan for establishing robust Critical Infrastructure/Key Resources (CIKR) protection and response plans for the City of Buffalo, Erie and Niagara County region. The division seeks to

unify federal, state and local governments and private sector entities at all levels to prioritize CIKR, improve protection and resiliency of CIKR.

The division develops, maintains and tests the Tactical Interoperable Communications Plan. This plan was mandated by Homeland Security Presidential Directive #5 in 2005 for all UASI Regions in the United States. This plan defines how First Responders from all Public Safety disciplines can communicate during disasters, emergencies or planned public events. The Division maintains various types of Interoperable Communications Assets obtained through Homeland Security funding. The assets are required under the federal guidelines to be on the scene of an incident and have interoperability established within one hour of the event. Our region is continuously evaluated by the federal government to make sure that our interoperability program is in line with the National Emergency Communications Plan and related goals and objectives as set forth by Homeland Security and the Office of Interoperable and Emergency Communications.

The division has additionally taken on the recurring maintenance on all of the 400MHz system towers and associated equipment located at the tower sites. This move has shown a significant savings by eliminating the need for several maintenance contracts. Additionally, the division continues to plan for future application of the alerting system.

The division is represented on numerous federal, state and local homeland security committees, such as the NYS Counter Terrorism Zone 15 working group, Area Maritime Security, Urban Area Security and Western District Incident Management Team.

The division works with all first responder agencies across Erie County to assist with credentialing of first response personnel to include, but not limited to, photo identification to meet U.S. Department of Homeland Security standards established under the Presidential Homeland Security Directive #12 of 2004.

ECONOMIC AND COMMUNITY DEVELOPMENT

FUND CENTER 133 – AGENCY PAYMENTS

Funds are appropriated in this section of the budget for the County's support of economic development agencies, cultural agencies and public benefit corporations.

The public benefit services are community agencies, organizations or public benefit corporations supported by the County which do not fall into the category of cultural agencies and which meet the legal definition of a public benefit agency. Included in this group of agencies is the county's state mandated transit operating subsidy to the Niagara Frontier Transportation Authority (NFTA), and the NFTA share of county sales tax receipts. The fund centers are used to budget County aid to local governments.

DESCRIPTION

For more than 175 years, the libraries of the Buffalo & Erie County Public Library System (B&ECPL) have provided residents and visitors of Erie County with a multitude of free reading, service and programming options. These now include books, magazines, digital downloads, audio and video media, and free access to computers, the Internet and Wi-Fi. Covering the County's 1,043 square miles using 37 locations and the Internet, the Library System encourages civic engagement, promotes creativity and provides opportunities for professional research and personal development along with computer and employment training, literacy services and programming for all ages. Our staffs strive to enrich and enlighten the lives of Erie County's residents, every day, by providing access to a plethora of information, materials and content, whether it be within library buildings, in the community or virtually.

The Library remains committed to current and future community needs. The Central Library, located in the heart of Buffalo's renaissance, between the growing Medical Campus and exciting activities at Canalside, is alert, adaptable and changing with the evolving environment of this downtown Buffalo corridor. Needed physical adaptations of the 50+ year-old building will continue as capital improvement funds become available.

The Central Library is a hub of activity with the predominance of public services located on the first floor. "The Launch Pad" MakerSpace debuted in 2015 hosting both traditional and high-tech activities and programs successfully focusing on key educational initiatives including core curriculum components and Science, Technology, Engineering, Math (STEM), Science, Technology Engineering Art, Math (STEAM) and Science, Technology, Religion, Engineering, Art, Math (STREAM). The Launch Pad's recording studio is a popular addition, where budding performing and recording artists can lay down tracks, practice and enhance their skills in both music and media industries.

The former public service space on the second floor, now called the Collections Gallery, is home to nearly 3,000 sq. ft. of exhibit and programming space, an additional public meeting room, and public restrooms in the eastern third of the area. The balance of the space has been roughed in for future build-out and collaborative use with mission-related partners and organizations. The space has been utilized in its current state for staff development; meetings; book sales; and in collaboration with the Erie County Public Art Initiative – where internationally known artists have in cooperation with the Albright-Knox Art Gallery and the B&ECPL, used the space for a staging and design area for the creation of public art installations.

On exhibit in the Collections Gallery, through the third quarter of 2017, is *Milestones of Science: Books That Shook the World*. This exhibit highlights 35 of the most significant books in the B&ECPL's rare and unique Milestones of Science collection. The STEM (science, technology, engineering, and math) Education Center, adjacent to the Exhibit, provides opportunity for both adults and children to experience create and experiment. A new exhibit on the history of World War I and Buffalo's involvement in the war effort will be launched in late 2017 in the Collections Gallery.

The Library's new bookmobile, *Library on Wheels*, took to the road in June 2016. The vehicle, both a traditional bookmobile and a high tech library equipped with Wi-Fi and a portable technology classroom will make regular stops in towns/villages that do not have a physical library building. In addition, the Library on Wheels will represent the Library at various local festivals, fairs, parades and cultural events to promote library services, literacy and lifelong learning.

The Library is budgeted in a separate Public Library Fund in accordance with a local law first enacted in 1992 and made permanent in December 2006. Pursuant to Section 259 of the State Education Law, the local law provides that a portion of County real property tax proceeds shall be annually levied and collected for library purposes. The law stipulates that the entire amount of funds allocated in the general budget for library purposes shall be available to the B&ECPL. It also provides that the Erie County Legislature, by a majority vote, shall annually determine the amount to be raised for the B&ECPL.

Recognizing Erie County's fiscal challenges in a modest economic recovery, the Library's 2017 budget request maintains 2016 service levels, pursuant to the direction of the B&ECPL Board of Trustees, with County funding unchanged from 2016. Addressing rising costs, particularly for health care and scheduled increases in the minimum wage, within this context was accomplished through a reduction in vacant part-time work hours and an increased reliance on use of fund balance in order to balance 2017 revenue with estimated expense. The level of fund balance use, while sufficient for 2017, is not sustainable over the longer term. Should the County's fiscal environment improve as the budget process goes forward, the Library requests consideration is given to providing the B&ECPL with additional funding. The B&ECPL would apply said funding to reduce the use of fund balance to a more sustainable level.

Cost pressures associated with contractually obligated expenses, particularly health care costs for both active employees and retirees, are the major factors contributing to the increased use of unassigned fund balance along with a credit for anticipated turnover savings to balance the Library's 2017 budget request. Contract settlements in recent years have included provisions to mitigate the impact of health care costs. However, phase in of these provisions will occur over many years, with greater cost mitigation occurring further in the future.

The Public Library Fund is used to record transactions of the Buffalo & Erie County Public Library. The use of the Library Fund ensures compliance with Education Law Section 259, which provides that all monies received from taxes, or other public sources for library purposes, shall be kept in a separate fund. The accounting for the Public Library Fund is the same as the general fund including the use of budgetary, revenue, expenditure and fund balance accounts.

The Library also generates revenue from public copy machines, computer printing, fines for overdue and lost books, fees from hold (reserve) requests, rental of the auditorium, and commission income from the Central Library's *Fables Café*, a downtown lunch destination. Additional revenue is raised from private donations and funds generated throughout the year including a year-end Annual Appeal and annual fundraising events. The Library's Development Office also works closely with the Library Foundation of Buffalo and Erie County, an independent 501(c)3, to raise funds and cultivate support of the Library.

The B&ECPL receives New York State aid to library systems and has been successful in securing state, federal and private grants. These grants are used to support System activities as a supplement to the operating budget and to provide or enhance programs and exhibits.

LIBRARY SYSTEM ADMINISTRATION

Program Description

The B&ECPL Board of Trustees is responsible for oversight and policy for the Library System. The B&ECPL Board of Trustees appoints and supervises the Library Director who acts as the administrative, executive, and fiscal officer of the Library and is subject to the supervision of the Board of Trustees. The Director has general control and direction of the employees, business affairs and administration of the B&ECPL operated libraries and system operations. The Library System provides a host of infrastructure, back-office and consulting services to all libraries, and directly operates the Central Library, eight branch libraries within the City of Buffalo, and the Library's new bookmobile.

Twenty-two independent local library boards are responsible for delivering library services within cities, towns and villages served by B&ECPL member libraries. Municipalities or associations provide local library buildings and capital improvements to those facilities; although general facility administration and State construction grant procurement assistance is provided by member library and System staff. Books, equipment and funding for staff are provided by the B&ECPL, using County funding, as outlined in the contract with each of the twenty-two boards.

LIBRARY PUBLIC SERVICES

Program Description

The Library System's collections contain well over 3 million items, including books, maps, audio and video recordings, digital downloads and magazines. Erie County residents borrowed more than 7 million items from the Library in 2015.

The Central Library, located at downtown Buffalo's Lafayette Square, is the headquarters of all System administrative operations. Additionally, Central provides daily public service and houses approximately half of the entire System's collection of library material. The collections, including rare and unique materials of the Central Library, are valuable resources shared by all. In addition to the Central Library's collections, many B&ECPL libraries also contain specialized collections focused on local history, significant community leaders, businesses and varying areas of local interest. This information is also accessible and shared by all. Libraries throughout the System offer many educational, cultural and entertainment programs to meet the educational, informational and enrichment needs of County residents.

All Erie County library outlets access the B&ECPL's online catalog, electronic resources and the Internet utilizing a high bandwidth network based at the Central Library. The Library continues to experience heavy use of free Wi-Fi service available at all locations; 242,650 connections were recorded in 2015. It is anticipated that connections will soar to 775,000 in 2016 due to the implementation of a new secure encrypted public Wi-Fi network with a one-time easy login.

The B&ECPL continuously updates and enhances its websites to ensure the Library is a well-known presence on the Internet. The website brings together a wide range of electronic services available using computers or handheld devices at home, school, work – anywhere – 24/7! Library patrons can use the Internet to search the Library's wide ranging databases for health, educational, business, language, literacy and other subject-guide information. The holdings of the entire System are online and borrowers can reserve circulating books and media items and have them promptly delivered to the library location of their choice. The website and online catalogs received 9.7 million visits in 2015. Visits are anticipated to exceed 17 million in 2016 due to the implementation of enhanced library relevancy measures which improved hit rankings with search engines such as Google and Bing, increasing the public's ability to easily access library resources.

The Library provides a mobile friendly website interface for users with handheld devices. It provides traditional library applications as well as access to selected categories of free movies and videos available through Archive.org. In addition, 3 "apps" are available to streamline services. *Bookmyne* allows convenient access to the Library catalog and user accounts, including the ability to request an item for pick-up at a library location of the patron's choice and renew items already checked out. *Overdrive* provides the ability to search for and check out downloadable content (audio books, e-Books, and video). *Freegal* allows library card holders to download up to 5 music titles per week that they may keep. Complementing the library specific "apps" many of the library's eBook titles may be accessed and read using the widely available *Kindle* app and may also be read on a variety of other devices and eReaders.

In addition, the Library maintains a presence on many leading social networking sites including Facebook, Twitter, Pinterest, YouTube, Flickr, Tumblr and Instagram. These venues allow B&ECPL to maximize online exposure and promote Library events, programs, and training videos. Analytics to collect *reach and page-view* data were defined in January 2015 and have been used to help monitor use and evaluate effectiveness. In 2015, staff members created 5,466 online postings, resulting in 299,981 engagements with users of these sites. At the end of the year, the total number of followers reached 17,851. Social networking activity remains strong in 2016, with the total number of followers anticipated to exceed 19,000.

The Library's electronic presence also includes the e-Branch, housed within the Central Library, providing telephone, e-mail and online reference services. Informational requests via e-mail or other electronic means exceeded 3,800 in 2015 and are targeted at close to 4,000 in 2016. The information and statistics are now managed and recorded electronically using LibStats, an open-source online product.

Patrons have the ability, with their library card number and a PIN, to manage their own borrower accounts online. They are able to see which items are checked out and the due dates, along with any outstanding fine or fee balances. Library cardholders are able to pay Library fines and fees online 24/7 with their MasterCard, Visa, American Express or Discover credit cards. They may also acquire or update a PIN online.

An eLibraryCard was introduced in 2015 to address the needs of our virtual users. Erie County residents at least 17 years old are eligible for the eLibraryCard which is applied for online and allows free eBook and eAudiobook downloads, music downloads, access to Library databases and other electronic resources as well as use of Library computers.

Borrowers requested 558,701 items in 2015, and are projected to request approximately 580,000 items in 2016. Users can “check out” and download digital audio book, eBook, music and video titles 24 hours per day, 7 days per week for use on their home computer or portable device. In 2015, patrons downloaded 606,469 electronic items and 2016 projections indicate downloads should exceed 650,000. eBooks and other downloadables continue as a growth segment of the library “market”. Staff regularly monitors usage trends and adds electronic materials to the Library’s collection.

While our collections and library staff are the heart of our library, public programming continues as an increasingly significant component of quality library services. The Library System offers a diverse array of programming for visitors of all ages. Preschool story times, toddler times and elementary school age children’s programs are a public library staple. Programs for refugees and new Americans are equally important and libraries are reaching out to our new neighbors, providing services including English as a Second Language (ESL) classes, foreign language materials and databases, etc. The Library’s MakerSpace, “The Launch Pad” at the Downtown Central Library is used regularly for its high-tech state of the art equipment. The sound booth is increasingly popular amongst our community’s budding recording and visual artists. Low-tech activities including crafts, writing, and lectures are also held in this unique space and are designed for all ages. In 2016 we continued to develop and subsequently present more interactive and engaging programming for older children and adults. Noontime series programming based on topics including: education, author discussions, local history, health, art and architecture continued. Adding to local economic growth, the Central Library hosted 2 job fairs in which 30-35 companies participated seeking local applicants, conducting onsite interviews and resume review. Over 300 job seekers participated per event. For children entering grades 6-9 the 18th Annual “Battle of the Books” was held at Erie Community College South Campus. This multi-faceted, summer long program concluded with a *Jeopardy*-like contest amongst 28 Battle teams, consisting of over 200 contestants, representing 21 of B&ECPL’s libraries. Approximately 400 attended this year’s final Battle. The Library also conducts programs at off-site locations including but not limited to, Canalside, Larkintown, schools, community centers, businesses and various institutional settings.

Program and Service Objectives

- Ensure children, teens and adults will have materials, services and programs designed to enrich, enlighten, educate and entertain.

B&ECPL System-wide support functions, housed at the Central Library, serve every library in the System. Services include both public oriented operations such as inter-library loan, collection development, electronic database acquisition, telephone and e-mail reference, as well as behind the scene processes including managing the integrated library system (online public catalog, cataloging, circulation, acquisitions, and serials), general computing, network and telecommunications services, graphics, human resource management and consultation, material and supply ordering and processing, material security, electronic database administration, repairing damaged materials, and shipping requested books and other library materials amongst Erie County's public libraries.

Since 2011, the Children's and Adult's Programming Teams have been able to provide assistance to the libraries in the System by presenting programs at various locations throughout the County. Programming Team presentations provide the System's library patrons with fun and educational programs at a lower cost than if those presentations were individually developed and presented by the individual library's staff. Since the summer of 2013, the Library has partnered with Buffalo's Canalside (Erie County Harbor Development and Buffalo Place) to present weekly literacy programming during the summer season, welcoming the growing public presence at the waterfront scene. In addition, the System's traveling Computer Training Team (TechKnowLab) provides courses in libraries throughout Erie County, presenting classes on a wide variety of computer and technology-related topics. In 2015, the team conducted a total of 321 public technology courses for 1,953 attendees. In 2015, the team also conducted One-on-One individualized training sessions for 489 attendees.

County support supplements New York State Aid for Library Systems. Member libraries could not function without the services provided by System support, and operations are much more efficient and streamlined with Centralized administration and oversight.

Program and Service Objectives

- Develop and maintain relevant traditional, electronic, and digital collections that reflect and support all B&ECPL Libraries and their diverse communities.
- Promptly catalog and process newly acquired materials for circulation and integration into the collection.
- Provide electronic access to newly acquired material.
- Assist with collection development to ensure appropriate and timely materials are available in System libraries.
- Ensure timely turnaround of materials returned to shelves and display areas at their home location.
- Preserve the materials in the library collection for continued use and posterity.
- Enhance collections by acquiring materials in alternate formats (e.g. digital, microfilm) or binding current newspapers and periodicals.
- Process in-system and out-of-system inter-library loan requests for materials from Central Library holdings.
- Process in-system inter-library loan requests for materials from other institutions.

Top Priorities for 2017

Continue implementing new technologies, leveraging their efficiencies, benefits and security to streamline workflows including but not limited to:

- Maintain RFID (Radio Frequency Identification) technology enabling considerable efficiencies for streamlining circulation of materials, inventory monitoring, sorting and security.
- Maintain the Library's Next-Generation Integrated Library System (ILS) and related services that provide access to the online catalogs and supports the user database.
- Ensure a stable network infrastructure supporting the ILS, RFID, Wi-Fi, website, Intranet, public computing and staff computing.
- Provide materials in a variety of languages and formats to meet the demands of diverse local communities.
- Provide timely access to collections that reflect the B&ECPL's mission, fulfill user demands, respond to evolving formats, and address shifts in circulation trends.

- Develop and maintain a digital collections website and enhance digital discoverability.
- Develop online self service Human Resources tasks including online application filing, online employee benefits processing and online (self) employee records updating.

Performance Goals and Outcome Measures

The Library strives to minimize the time it takes to get newly acquired and returned materials on the shelves and available for public access.

The Technical Services Department has a system established to identify and prioritize receipt and processing of new materials. This includes electronic or online ordering, sorting and evaluation of received items and expedited processing for all Bestsellers or items with outstanding Holds (requests). In 2015, the department maintained a 1 to 2 day turnaround from time of receipt to shelf-ready for all Bestsellers or items with Holds. All other items were regularly monitored to ensure processing according to priority schedules. Most items (excluding gifts) were processed within 10 business days of receipt. Newly established procedures and workflows balanced the load and eliminated a typical end-of-year backlog in the department. Materials were acquired in a variety of formats with emphasis on eBooks and downloadable materials. For 2016, continued emphasis is placed upon processing high-demand materials and that the 1 to 2 day turnaround time for high priority items is maintained. Some backlogs have developed for other items due to staff turnover. Vendor pre-processing and Standing Order plans which provide direct-ship to libraries, help reduce the workload in Technical Services and make the items publicly accessible sooner. Continued emphasis was placed on acquiring eBooks and download materials and a renewed emphasis was placed on foreign language items. The Library remains committed to prioritize and monitor new materials receipt through 2017 and beyond as well as to help develop and maintain relevant collections.

Continued emphasis is placed on getting items returned to the Central Library back on the shelves and publicly accessible as quickly as possible. In 2015, established procedures for media items ensured shelving within 1 to 2 hours for items returned to the Central Library. Print materials were shelf-ready within 24 hours. Items returned from other libraries averaged a 24 hours turnaround for media and 48 hour turnaround for print. These return times are being maintained in 2016. Emphasis in 2017 will continue for media and Bestseller materials.

The Library remains committed to technology and technology support. The RFID initiative which maximizes staff efficiencies and allows patron self-checkout is fully implemented in all 37 B&ECPL libraries. Ninety-three (93) self-checkouts were available for public use in 2015, and that number was maintained in 2016. The Library will continue to monitor the need for any additional self-checkouts in 2017. The Library also acknowledges the need to maintain both public and staff computing resources. In 2015, 24 computers/laptops were added to the System and 9 were replaced. In 2016, it is estimated that 5 new computers will be added and 150 computers/laptops will be replaced. Based upon computer inventory and need, it is anticipated that 10 computers will be added in 2017 and 20 will be replaced.

COMMUNITY COLLEGE APPROPRIATION

DESCRIPTION

The operating costs of community colleges, by law, are supported by student tuition, state aid, miscellaneous revenues and by a sponsor county contribution. The Erie County Legislature reviews and approves the Erie Community College budget, and authorizes the County contribution prior to the beginning of the college's fiscal year, which runs from September 1st to August 31st. The County is also required by New York State Law to pay other county community colleges for the local share cost of Erie County residents attending their institutions.

ERIE COMMUNITY COLLEGE

DESCRIPTION

Erie Community College is part of the SUNY community college system, which provides liberal arts, technical, and semi-professional higher education. It is administered by a ten member Board of Trustees appointed by the Governor, County Executive and students, and by a President appointed by the Board.

Erie Community College provides higher education at three campuses. Erie Community College's North, City and South campuses are accredited by the Middle State's Association of Colleges and Schools. In addition, a significant number of its degree programs are professionally accredited.

The academic program varies, offering a wide ranging curriculum consisting of over sixty (60) programs which may lead to an Associates degree or to formal certification in technical specialties including the Police Academy. These certificate, degree and special education programs are incorporated into the academic divisions of Allied Health, Business and Public Service, Liberal Arts and Technology.

In addition to credit programs, Erie Community College offers an extensive Community Services non-credit course selection in two distinct areas. Community Education seeks to meet the educational needs of individuals while Corporate Training targets major employers in Western New York and provides retraining and upgrading of skills.

DESCRIPTION

The County Clerk is an independently elected official responsible for recording, filing and maintaining a central repository of legal documents and records affecting property titles (including land and real estate transactions), those related to corporate filings, assumed names, and, as Clerk of the Supreme and County Courts, all court pleadings and papers. Responsibility for maintaining all court records was transferred to the County Clerk from the State Court System in 1986. In 1987, the responsibility of processing pistol permits and maintenance of those records was transferred to the County Clerk from the State Court System. The above-described duties are carried out pursuant to the laws of the State of New York and the Erie County Charter & Administrative Code.

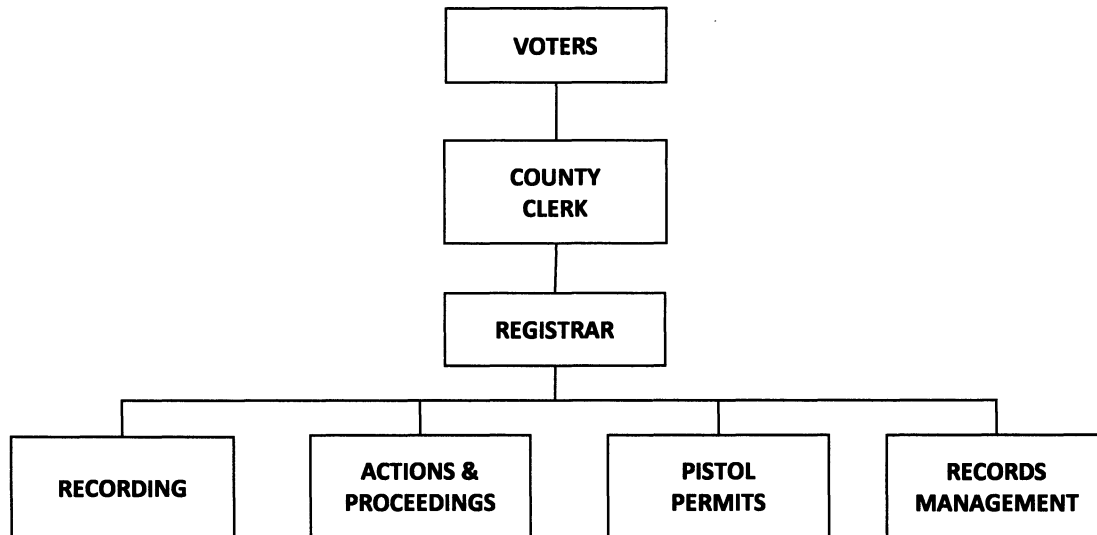

In addition, the local Auto Bureau, as agent for the State Department of Motor Vehicles, is managed by the Clerk, staffed by personnel of the Office and budgeted separately. The County Clerk oversees the operations of two Auto Bureau branches, four satellite offices and one mobile unit serving four locations on a weekly schedule.

Fees are mandated by state and local law. The operations of the County Clerk's Office garner revenue primarily from recording, filing or processing legal records and documents, and for services provided by the Office, such as copying and certifying the records maintained as public records in the Office. More specifically, the Clerk's Office, as an agent of the State, collects mortgage and real estate transfer taxes that are then apportioned between the State, State agencies, the County and cities, towns and villages located within Erie County. Recording fees, filing fees, licensing fees and fees such as criminal surcharges and fines paid to the Office are divided between various State agencies, such as the New York State Department of Education, the Department of Finance, the Department of Motor Vehicles, the State of New York Mortgage Agency (SONYMA), the Unified Court System and the Niagara Frontier Transportation Agency (NFTA). The funds required for office expenses, administrative costs, and New York State document and record retention requirements are drawn from the County general fund, into which the balance of revenues collected by the Clerk's Office are deposited.

Program and Service Objectives

- Assure timely and accurate recording and availability of legal and official documents and records, and ensure maintenance and preservation of public records as required by New York State Law and the Erie County Charter and Administrative Code.
- Assure timely issuance of permits and licenses as prescribed by New York State Law and the Erie County Charter & Administrative Code.
- Assure all other functions of the Clerk of the Courts are effectively and efficiently performed and all court records are appropriately filed and maintained.
- Effectively administer the laws related to motor vehicle transfers, vehicle registration and driver licensing.
- Assure the proper collection, recording, deposit, accounting, and distribution of all fees and taxes collected pursuant to the mandates and authority granted by New York State and local law.

DESCRIPTION

The Registrar Division is responsible for recording, filing and maintaining records related to land transactions or affecting title to real estate, corporations, assumed name certificates, court papers and the Uniform Commercial Code filings affecting title to real property. It provides a central repository for legal documents required to be recorded or filed and in addition, documents requested, but not necessarily required, to be filed by customers of the office. Responsibility for maintaining the records is required by state and local law once the document or record is accepted by the Office.

As Clerk of the Supreme and County Courts in Erie County, the County Clerk is responsible for filing and maintaining all court records of the New York State Supreme and County Courts, in accordance with state law and regulations of the Administrative Office of the Unified Court System, an obligation transferred to the County from the State Court System in 1986. In addition, the Clerk is responsible for those duties set forth in the New York Civil Procedure Law and Rules, including the granting of default judgments.

Responsibility for the processing of pistol permits and administration of the application files was transferred to the County Clerk from the State Court System in 1987. Accordingly, the Division accepts and processes pistol permits in addition to hunting and fishing licenses.

All revenues attributed to the operation of the Registrar Division are derived from mandatory fees collected for the recording, processing and filing of legal documents and records and the issuance of licenses and permits. Mortgage and real property transfer taxes are collected by the Division and distributed to the appropriate state and local agencies.

DESCRIPTION

The Auto Bureau receives and processes motor vehicle applications, issues vehicle registrations and driver licenses (including Enhanced Driver Licenses), handles financial security transactions, and the enforcement of sanctions imposed relating to DWI offenses in accordance with the Vehicle and Traffic Laws of New York State. Additionally, boats, motorcycles, snowmobiles and trailers are registered and non-driver photo identifications are issued. Responsibilities also include the collection and monitoring of all fees related to issuance of auto registrations and driver licenses, and sales taxes collected on the private sale of automobiles.

DESCRIPTION

The Department of Parks, Recreation and Forestry is responsible for the design, construction, development, operation and maintenance of all County Parks, parklands, forestry lands and related parcels. These facilities include two golf courses, nine County parks, two beaches, four natural habitat areas, a portion of the River Walk, bike paths, 3,500 acres of County forest land and four County undeveloped parks.

The Department provides year-round recreational facilities for County residents including golfing, picnicking, swimming, hiking trails, camping, nature study, and boating with boat launch facilities. Many parks have specially developed facilities for winter activities including skiing, tobogganing, snowshoeing, snowmobiling, sledding and ice skating. Our Park system provides sport fields for casual pick-up games. Some parks have both tennis and basketball courts available.

MISSION STATEMENT

To provide recreational and educational opportunities for the citizens of Erie County while protecting the natural environment within our parklands and forests.

Program Description

The Division of Buildings and Grounds provides technical assistance and guidance in the planning, design and execution of physical improvements made by the County to ensure that capital projects meet established standards. The Division inspects and supervises construction projects and administers construction or repair contracts. County capital projects are coordinated by the Division. The Division analyzes all existing and future proposed public projects to ensure safety, scheduled maintenance and conformance to New York State Building Codes.

The Division evaluates County-owned and County-leased space procedures to determine the most cost efficient and effective way to use County space. The utilization cost of existing County space is assessed periodically. These assessments can detect inefficiencies associated with the design, location and condition of the space which are then corrected.

The Division provides custodial and facility maintenance associated with building, infrastructure, and surrounding parking lots owned by the County. This includes the operation and maintenance of all mechanical systems including heating, ventilation and air conditioning systems. Grounds activities include lawn cutting, trimming, nursery, landscaping and snow removal. Security, life, health and safety system maintenance includes the operation and maintenance of critical systems such as fire alarms, sprinklers, and automation system. Key security, internal record keeping and regular monitoring of all access entry areas is provided. Custodial services are also provided for applicable County facilities including trash/recycling and floor maintenance. The area also manages 24 hour/day building security services for certain County facilities.

Program and Service Objectives

- Provide operational and facility maintenance associated with approximately 269 buildings, infrastructure and surrounding parking lots owned by the County.
- Continue to complete required repairs to fixtures, structural components and building systems.
- Reconstruct or renovate office areas as required according to approved floor plan and office space specifications.
- Maintain 24 hour/day, seven day/week operation, control and maintenance of boilers, heating and air conditioning (HVAC) equipment and auxiliary equipment to ensure the comfort and safety of working environments in all County buildings.
- Ensure that employees of the Division are trained and instructed in safe work practices that meet OSHA and Department of Labor requirements.
- Analyze and administer County-leased space and recommend efficiencies such as ending leases.
- Protect the environment and employees from hazardous chemicals, refrigerants and wastes by training employees in the proper storage, disposal and handling of same.
- Monitor and insure safety of indoor air quality.
- Remove snow and ice from sidewalks, stairs, driveways, parking lots and County facilities as required during the winter snow season.
- Recommend improvement measures to renovate or replace structures and/or building systems that are deficient, inoperable or showing signs of impending failure.
- Manage the building security located at some of the County-owned buildings.
- Administer the County's capital construction program as it relates to planning, design, scheduling, bidding and project completion.
- Manage all County-owned structures and buildings systems to determine operational status and conformance to New York State Building Codes.

Top Priorities for 2017

- Maintain all aspects of life safety equipment and maintenance for County facilities.
- Prepare and maintain accurate, up to date reports, record of accounts, project budgets and status reports for all authorized capital projects.
- Maintain compliance with EPA and NYSDEC regulations for County owned petroleum storage tank systems. Work with other County departments to accomplish corrective and ongoing maintenance actions required for compliance.
- Administer an effective ongoing preventative maintenance of facilities program to ensure effective operations.
- Review leased space and work with the County's consultant to develop an updated space master plan.
- Review options for the vacant Erie County Home facility in Alden.

Program Description

The Division of Weights and Measures inspects, tests and certifies the accuracy of all commercial weighing and measuring devices, including gasoline and other fuel pumps or meters in Erie County. The Division is responsible for enforcing all applicable laws, rules, regulations and ordinances prescribed by the New York State Department of Agriculture and Markets and the County. The Division ensures that buyers and sellers of commodities base their transactions upon accurate weights, measures or counts by confirming the accuracy and the proper usage of all commercial devices.

The Division generates revenue from civil penalties assessed for violations of the New York State Agriculture and Markets law, and local legislation. A user-fee system was enacted to help defray operating costs. The Division has joined forces with New York State's Weights and Measures to test the octane of petroleum products within Erie County. This program is reimbursed by New York State at cost plus 15%.

Program and Service Objectives

- Ensure equity in the marketplace by testing and certifying the accuracy of weighing and measuring devices used in any commercial and commodity transactions and monitoring over-the-counter sales of all commodities.
- Make approximately 3,000 visits to commercial establishments. Devices at retail fuel establishments and heavy-duty weighing mechanisms are to be tested and sealed annually. Devices at food and other establishments are to be tested and sealed annually.
- Visit stores and verify 50,000 pre-packaged commodities annually for proper labeling and net weight or volumes specified.
- Order repairs for devices found to be inaccurate or in violation of New York State regulations.
- Issue warnings and/or civil penalties to firms found to be in violation of the regulations, rules, and laws governing their respective industries.
- Investigate all consumer complaints related to the Division's authority on a timely basis.
- Collect and evaluate 1,000 petroleum samples for the proper octane levels. Take appropriate action against stations/distributors that are in violation.
- Visit 1,200 commercial establishments and perform item pricing inspections on 200,000 items.

Top Priorities for 2017

- Increase customer satisfaction with the Division's complaint services.
- Expand enforcement of Local Law 7 (1997).
- Maximize labor resources in the Division of Weights and Measures.

Key Performance Indicators

Perform monthly tracking of certified scales, gasoline pumps and complaint responses.

Outcome Measures

Perform quarterly tracking on reporting if expected goals for various items are not met.

Performance Goals

- Make approximately 3,000 visits to commercial establishments. Devices at retail fuel establishments and heavy duty weighing mechanisms are to be tested and sealed annually. Devices at food and other establishments are to be tested and sealed at least annually.
- Visit stores and verify 50,000 pre-packaged commodities annually for proper labeling and net weight or volumes specified.
- Collect and evaluate 1,000 petroleum samples for the proper octane levels. Take appropriate action against stations/distributors that are in violation.
- Investigate 400 consumer and device complaints.
- Visit 1,200 commercial establishments and perform item pricing inspections on 200,000 items.

Program Description

Fleet Services provides central management for all functions related to County vehicle and equipment use and activity. Fleet Services provides centralized support services for all County departments. The provision of such services by one division permits the County to benefit from both economies of scale and the elimination of duplicated activities.

The functions provided by Fleet Services include equipment acquisition, deployment, disposal, maintenance, fueling, repair facilities management, inventory control, and procurement of rental vehicles for out-of-town travel and administration.

Program and Service Objectives

To reduce duplication of supportive services among County departments and to provide those services which are most cost-effective when centrally managed and delivered:

- Provide fleet services to County agencies.
- Maximize equipment utilization.
- Manage maintenance and repair operations.
- Manage fuel usage for all departments.
- Provide maintenance services to County agencies.

Top Priorities for 2017

- Continue to upgrade County repair facilities, data access, and equipment while continuing to reduce County vehicle repair outsourcing and maintenance costs.
- Set up a workflow process to document and track repairs made at the various locations by vehicle and department assignment.
- Track gas usage by vehicle and department.
- Continue the use of rental vehicles for out-of-town trips to reduce County vehicle operating expense.
- Continue to reassign vehicles between departments to better meet the needs of departments.
- Purchase the "best fit" vehicles within budgetary constraints to improve fuel economy and reduce repair costs.
- Investigate alternative fuel sources, including propane and compressed natural gas.
- Develop standard operating procedures for vehicle repairs at new Fleet maintenance facility.

Key Performance Indicators

- Tracking of monthly goals versus actual usage of fuel by department.
- Continue to analyze outsourced repairs by in-house personnel to determine if efficiency can be found to perform the work in-house.
- Examine local mileage paid out to employees and devise less expensive transportation alternatives.
- Reduce idling time using the AVL system.

Outcome Measures

- Gallons of fuel used monthly by each department.
- Number of repairs performed in-house versus out-sourcing.

Performance Goal

- Initiate an employee education initiative to reduce County fuel consumption.

Program Description

The Highway Division is structured as a separate County Road Fund as required by State Highway Law. This special fund includes all revenues and expenses related to the maintenance of County roads and bridges, snow removal, and the construction and reconstruction of County roads.

Under the direction of the Commissioner of Public Works, the Highway Division is utilized for the construction, repair, or reconstruction and maintenance of approximately 1,200 centerline miles of roads, 278 highway bridges and 466 major culvert crossings in the County road system. Added to this are responsibilities for Erie County parks bridges, 16 that are over 20 feet, 8 that carry parks roads and 8 that are pedestrian bridges. The Division inspects and evaluates the condition of County roads and bridges, along with the planning and design of appropriate construction, reconstruction, repair and maintenance projects. The Highway Division is responsible for the administration of all operating and maintenance highway and bridge projects, as well as capital highway and bridge projects. Emphasis is placed on snow and ice control, road widening and strengthening, and resurfacing and patching of existing County roads to ensure that maintenance is performed at required engineering standards and safety levels. The Division assists local jurisdictions and maintains a highway map of all County roads.

Pursuant to Section 6-d of the General Municipal Law, a repair reserve fund has been established within the Road Fund. Revenue to the repair reserve fund is derived from real estate transfer tax proceeds.

Revenues attributed to the operation of Highway Division are derived primarily from the sale of supplies such as road signs to other local governments, and highway permit fees for work completed by utility companies and others in highway rights-of-way. State aid revenues are received for general highway aid under the New York State Consolidated Highway Improvement Program (CHIPS).

Program and Service Objectives

- Ensure safe and efficient highway transportation in the County road system.
- Develop and implement an annual highway maintenance program that will ensure preservation of the existing system at an acceptable level of service and standard of construction and extend the useful life of the existing system.
- Construct or reconstruct County highways, as required, conforming to acceptable standards of service and construction.
- Provide effective 24 hour snow and ice control for County roads during the winter snow season, and maintain contracts with towns for snow plowing and ice control.
- Preserve the load capacity of County bridges and improve or replace unsafe or inadequate structures.
- Respond to and resolve complaints from the public regarding potholes, flooding, fallen trees and other hazardous conditions.
- Rehabilitate and stabilize highway shoulders.
- Resurface and/or provide surface treatment (oiling, chipping, truing and leveling pavement, resurfacing) to County highways as required.
- Ensure that highway right-of-way is maintained with clear sight lines by cutting grass, trees and brush along the right-of-way.
- Ensure that legible pavement markings and signs are provided along County highways.
- Complete the design of bridge and road projects, prepare plans, specifications, estimates and bid documents for road construction or reconstruction projects for contract, and monitor the completion of these construction projects.

DESCRIPTION

The Utilities Fund is a special fund created to provide financial accounting and support necessary for the operation of the Erie County Utilities Aggregation. This fund allows members of the aggregation to jointly purchase gas, and electrical utilities at reduced cost.

In 1999 legislation was passed enabling the County to establish a Utilities Aggregation comprised of cities, towns, villages and authorities in Erie County and neighboring counties. A surcharge is imposed which offsets the costs associated with the purchase and billing of natural gas and electricity. The Division of Buildings and Grounds administers this program in conjunction with an energy consulting firm.

MISSION STATEMENT

The primary mission of the Fund is to reduce the utility cost of all County facilities and other government agencies participating in the Utility Aggregation Program.

Priorities and Program Objectives

- The Division of Buildings and Grounds will continue to work with the Utilities Fund's energy consulting vendor to reduce energy consumption.
- Initiate a program of leveraged natural gas and electricity procurement in order to reduce utility costs for the County and the aggregate.

DESCRIPTION

The Board of Elections organizes, conducts and certifies the results of all federal, state, county, city and town elections held in Erie County, in addition to the City of Buffalo School Board elections. It also assists in conducting elections in various local town referenda, fire, special district and school district elections. It maintains the official election records of more than 995,000, including over 580,000 active voters and 45,000 inactive voters. It directs all aspects of voter registration, designating and nominating petitions, and assists municipalities in redistricting. It administers elections in accordance with the laws of the United States of America, New York State and the Erie County Charter & Administrative Code.

The Board of Elections derives limited revenues from the sale of district maps, voter registration data and related election information. It also recovers the direct and indirect costs associated with certain special elections held throughout the year.

Program and Service Objectives

- Ensure that all elections held in Erie County are conducted honestly, efficiently and in compliance with New York State Election Law, other applicable state laws and applicable federal laws.
- Conduct national, state, county, city, town, and school board elections in 837 election districts for primary, general and special elections as required.
- Survey the 332 polling locations for the 837 election districts to ensure compliance with federal and state regulations for accessibility for handicapped voters.
- Register or re-register eligible voters and maintain current voter registration for approximately 580,000 active voters.
- Process approximately 35,000 motor voter registration records, including the on-line process.
- Cancel 50,000 to 70,000 voter records because of death, movement out of county and state, felon status and other reasons.
- Image approximately 35,000 canceled records.
- Process approximately 20,000 requests for absentee ballots in primary and general elections annually.
- Provide assistance to local nursing homes for absentee voting as set forth in the State Election Law.
- Process over 5,000 candidate petitions, authorizations, acceptances, objections, declinations and substitutions annually.
- Provide technical support for approximately 120 village, fire district, union, and school district elections annually with minimal cost passed along.
- Conduct inspector training classes for approximately 4,000 regular and alternate inspectors.
- Comply with the mandates of federal law, commonly known as NVRA - National Voter Registration Act.
- Properly maintain 577 new DS200 optical scan voting machines and 365 AutoMark ballot marking devices.
- Printing of more than one million ballots for DS200 optical scan machines as well as all military and absentee ballots for all elections held in Erie County.
- Comply with the mandates of laws and regulations relating to federal and state elective offices including bilingual speaking personnel at designated polling sites.
- Provide assistance for voting to all military, federal and other voters, who are out of the county on Election Day.
- Maintain a website, at elections.erie.gov for information on participating in the electoral process, a calendar of events and meetings and other relevant materials - both contemporary and historical.
- Provide voter outreach informational services for schools and community groups.

Top Priorities for 2017

- Continue the registration of new voters through effective outreach programs, and ensure participation of military and absentee voters by compliance with the Federal MOVE Act.
- Recruit and train Election Inspectors, providing the yearly education of all inspectors under the state Election Law.
- Continue the implementation of the Help America Vote Act and its requirements for new voting machines and continuing the development of the statewide database of voters.
- Reduce the number of polling locations, saving county funds.
- Reasonable consolidation at polling sites to save additional Primary Election Day costs.
- Continue the re-drawing of election district lines throughout the county with the goal of further cost – cutting by the reduction of the total number of election districts.

Exemption Reporting For Taxing Jurisdictions

Exemption Reporting for Taxing Jurisdictions

The following pages contain the Property Tax Exemption Impact Report. Chapter 258 of the Laws of 2008 added Section 495 to the Real Property Tax Law requiring counties, cities, towns, villages and school districts to attach to their tentative/preliminary budgets an exemption report. The measure was effective October 5, 2008 and applies to budgets for fiscal years commencing on and after that date.

These exemption reports provide taxpayers, policy makers, media and the general public with greater transparency on property tax exemptions and their effect on overall property taxes.

Exemptions are reductions in property taxes granted to certain groups of property owners (e.g., non-profits, seniors, veterans) and are paid for by increases in property taxes on all other taxpayers (except for the STAR exemption, which is funded directly by New York State). The exemption reports show, for each type of exemption, how much of the local property tax base has been removed from taxation.
