## About Book “B”

---

The line-item budgets contained in this separate budget document are organized into four major sections covering all special funds included in the 2018 Adopted Budget.

The first section provides line-item appropriation and revenue detail for the county's 2018 grants, and contains grant budgets for each department. Grants are budgeted in a separate fund, the Grant Fund, which is not a part of the county's operating budget. County share portions of grant budgets are, however, included as interfund expenditures in each department's operating budget.

The grant budget information for each department contained in Book “B” includes a brief description of each grant, as well as line-item appropriation and revenue detail. Personal services information includes historical data similar to that included in the operating budget. Appropriation detail is included only for the 2018 requested, recommended and adopted amounts. Estimated revenues for each grant, listed by account, follow the project's appropriation detail. Revenue detail is included only for the 2018 requested, recommended and adopted amounts for each grant.

The second section covers sewer districts and the Division of Sewerage Management in the county's Sewer Fund. It provides a brief description of each entity's operations and a detailed budget. Appropriation and revenue detail is included for 2016 actual amounts; the 2017 adopted and adjusted budget and the 2018 requested, recommended and adopted amounts.

The Sewer Districts and Sewer Fund are self-supporting and are not a part of the county's operating budget. Interfund expense and revenue is budgeted in General Fund accounts to represent services to the Sewer Districts.

The third section includes the 2018 Adopted Capital Budget and the 2018-2023 Capital Improvement Program. Information provided in this section includes project descriptions, location of projects, total project cost and 2018 capital budget allocations for each project. Also included are detailed schedules for each department showing recommended projects and project expenditures for the six-year capital program period.

The fourth section covers the Debt Service Fund, which is a part of the county's total operating budget. The section begins with explanations of the county's debt management policies and the purposes of the Debt Service Fund, the types of expenditures paid out of the fund, and its sources of revenue. This introduction is followed by schedules showing line-item appropriation and revenue detail. Information is provided for 2016 actual revenues and expenditures; the current year adopted and adjusted budgets, and the 2018 requested, recommended and adopted amounts. Also provided are a statement of the county's bonded indebtedness and a calculation of the county's total net indebtedness.

Book B also includes budget resolutions pertaining to implementation of the 2018 Budget.

# DISTRICT ATTORNEY-GRANTS

## AID TO PROSECUTION

This project is a continuation of an existing grant for the entitlement period 10/1/18 to 9/30/19. The purpose of this state grant is to provide funding for increased effectiveness in prosecuting violent crimes. Assistant District Attorneys are assigned to provide specialized, expedient and efficient prosecution of violent, non-violent and repeat felony offender cases. Studies have shown that a disproportionate number of crimes are committed by a small cohort of "career criminals." Targeting these felons with vigorous prosecution should result in long-term incarceration, which is an effective means of significantly reducing crime.

<b>Total Appropriation</b>	<b>\$1,279,096</b>
<b>Federal Share</b>	
<b>State Share</b>	<b>\$ 600,287</b>
<b>County Share</b>	<b>\$ 678,809</b>

## BUFFALO AND ERIE COUNTY STOPPING ABUSE IN THE FAMILY ENVIRONMENT (BE-SAFE)

This grant is a continuation of an existing Federal grant for the entitlement period of 10/1/18 to 9/30/19. Buffalo and Erie County Stopping Abuse in the Family Environment (BE-SAFE) is designed to develop a comprehensive approach and strengthen multi-disciplinary cooperation between the District Attorney's Office, the Probation Department, law enforcement, and victim services to ensure the safety of domestic violence victims. Investigative resources of the District Attorney's Office and victim assistance are strengthened, and needs/safety assessments and referrals provided. This grant involves collaborating with the Erie County Probation Department, Haven House, and the International Institute.

The program is designed to establish and enhance the investigation and prosecution of those who violate sales and income tax laws as well as those who commit white-collar crimes and fraud. The District Attorney's Office will be working with both the New York State Department of Taxation as well as the United States Attorney's Office in order to reclaim lost revenue and increase voluntary compliance with applicable laws.

<b>Total Appropriation</b>	<b>\$485,113</b>
<b>Federal Share</b>

# PROBATION-GRANTS

## ATI-COMMUNITY SERVICE SENTENCING

This is a continuation of an existing grant for the entitlement period of 7/1/18 to 6/30/19. ATI Community Service Sentencing, a performance based grant, provides a means for courts to order community service sentencing in lieu of incarceration. This grant helps reduce overcrowding in the Correctional Facility for non-violent low risk offenders.

<b>Total Appropriation</b>	<b>\$89,711</b>
<b>Federal Share</b>	
<b>State Share</b>	<b>\$38,648</b>
<b>County Share</b>	<b>\$51,063</b>

## ATI-PRE-TRIAL

This is a continuation of an existing grant for the entitlement period of 7/1/18 to 6/30/19. ATI Pre-Trial, a performance based grant, assesses Holding Center detainees and recommends to the courts the release of persons on their own recognizance. This grant helps reduce overcrowding in the Holding Center.

<b>Total Appropriation</b>	<b>\$202,597</b>
<b>Federal Share</b>	
<b>State Share</b>	<b>\$ 89,588</b>
<b>County Share</b>	<b>\$113,009</b>

## BUFFALO AND ERIE COUNTY STOPPING ABUSE IN THE FAMILY ENVIRONMENT (BE-SAFE)

This is a continuation of an existing federal grant (year 1 of 3) for the entitlement period of 10/1/18 to 9/30/19. BE-SAFE is designed to develop a comprehensive approach and strengthen multi-disciplinary cooperation between the District Attorney's Office, the Probation Department, law enforcement, and victim services to ensure safety of domestic violence victims. BE-SAFE allows the Probation Department to increase the level of supervision available for probationers with a domestic violence history and to work on the implementation of High Risk Teams in Erie County.

<b>Total Appropriation</b>	<b>\$108,529</b>
<b>Federal Share</b>	<b>\$ 59,447</b>
<b>State Share</b>	
<b>County Share</b>	<b>\$ 49,082</b>

## CONDITIONAL RELEASE PROGRAM (CRP)

This is a continuation of a program re-established during the 2015 fiscal year and is for the entitlement period of 7/1/18 to 6/30/19 the fourth year of program operation. The Conditional Release Program allows an eligible offender serving a sentence in the county jail to be released early on the condition that the offender remains on Probation Supervision for one year. The process for release is orchestrated by an appointed Conditional Release Commission. The Commission sets the conditions for release, which can include employment, and participation in educational or job training programs. Failure to abide by the conditions can result in a return to jail for the remainder of the original sentence. Completing these requirements maximizes their re-integration and strongly reduces their chance of recidivism.

<b>Total Appropriation</b>	<b>\$119,348</b>
<b>Federal Share</b>	
<b>State Share</b>	
<b>Other Local Sources</b>	<b>\$ 27,000</b>
<b>County Share</b>	<b>\$ 92,348</b>

#### **GUN INVOLVED VIOLENCE ELIMINATION (GIVE)**

This is a continuation of an existing grant year for the entitlement period of 7/1/18 to 6/30/19. Gun Involved Violence Elimination (GIVE) is part of a comprehensive strategy to reduce gun crime and homicide in New York State. Through improved coordination among federal, state and local law enforcement, this program utilizes crime analysis and evidence based programming focused on crime trends within the City of Buffalo. The Buffalo Police Department, Sheriff's Department, Central Police Services, District Attorney's Office and the Erie Crime Analysis Center are partners in this program.

<b>Total Appropriation</b>	<b>\$253,025</b>
<b>Federal Share</b>

<b>County Share</b>	<b>\$ 42,314</b>

#### **INTENSIVE SUPERVISION PROGRAM (ISP)**

This is a continuation of an existing grant for the entitlement period 1/1/18 to 12/31/18. The purpose of this grant is to provide intensive probation supervision of offenders with high risk of probation violation and/or repeat offenses. The Department of Probation uses this grant to fund an intensive supervision unit. Probation Officers in this unit have frequent contact with probationers and make extensive use of community resources. Evening and weekend probation visits are made by this unit.

<b>Total Appropriation</b>	<b>\$338,647</b>
<b>Federal Share</b>	
<b>State Share</b>	<b>\$203,368</b>
<b>County Share</b>	<b>\$135,279</b>

#### **OFFICE OF VICTIM SERVICES - VICTIM ASSISTANCE PROGRAM**

This is an extension of an existing grant that will fund year 2 of a 2 year funding cycle for the entitlement period of 10/1/18 to 9/30/19. This grant funds a Victim Advocate to work in partnership with other agencies to address the needs for crime victims in the Criminal Justice System involved with Probation. The Victim Advocate assists hundreds of crime victims per year in preparing victim impact statements and filing compensation claims with the New York State Office of Victim Services (formerly the Crime Victims Board). The Victim Advocate also assists Probation Officers in obtaining victim impact statements which are reviewed by the courts when considering sentencing.

# COUNTY EXECUTIVE COMMUNITY DEVELOPMENT GRANT

## OFFICE OF WORKFORCE DEVELOPMENT

This is a continuation of an existing project for the period 1/1/18 to 12/31/18 to fund activities of the Buffalo and Erie County Workforce Investment Board (WIB). The Office of Workforce Development provides staff support for the WIB and advises the County Executive on workforce development issues. The WIB has the key role of providing direction on local strategic workforce issues, identifying needs, and developing strategies to address those needs. It is responsible for overseeing the Title I program under the Workforce Innovation and Opportunity Act and related programs. Appointed by the County Executive and the Mayor of Buffalo, the WIB works in partnership with these elected officials to develop a strategic workforce plan, select One-Stop Operators and providers of training for workers, coordinate a wide variety of Federal and other employment and training programs, promote private sector involvement in the workforce development system, and coordinate workforce training with local economic development efforts. In its role as overseer of the local workforce development system, the WIB must establish program performance standards in conjunction with the New York State Department of Labor. All costs associated with the Office of Workforce Development are reimbursed to Erie County from federal funds provided under the Workforce Innovation and Opportunity Act by the US Department of Labor, and divided among Local Workforce Development Areas (LWDA's) through a formula calculated by the NYS Department of Labor.

# ENVIRONMENT AND PLANNING COMMUNITY DEVELOPMENT BLOCK GRANT

The following pages contain both the Operations Budget for the administration of the Community Development Block Grant Programs and the estimated Grant Budgets for the three awarded programs. These programs are a continuation of three existing grants from the U.S. Department of Housing and Urban Development for the entitlement period of 4/1/18 to 3/31/19. It is anticipated that federal support for these programs will continue at the following levels:

<b>Community Development Block Grant</b>	
Federal Share	\$2,733,034
Program Income	\$ 441,606
<b>HOME Investment Partnership</b>	
Federal Share	\$ 624,718
Program Income	\$ 96,928
<b>Emergency Solutions Grant</b>	
Federal Share	<u>\$ 219,286</u>
<b>TOTAL</b>	<b>\$4,115,572</b>

A resolution will be presented to the Legislature in February authorizing the Department of Environment and Planning to administer the awarded amounts and execute any and all agreements to implement the programs. The awarded amounts will be accounted for as Funded Programs in SAP.

## Program Description

The Department of Environment & Planning, Division of Planning administers the Erie County Community Development Block Grant (CDBG) and HOME Investment Partnership Consortiums. These comprise 34 and 37 communities respectively in the County that have entered into formal consortium agreements to receive federal funds. The program provides financial and technical support for community planning, capital improvements, housing rehabilitation, and economic development programs. In 2018, over \$4.0 million in federal block grant funds will be allocated to the Consortium.

The Community Development Block Grant is used to assist participating municipalities in the development of locally approved community or economic development activities which are eligible under federal program regulations. It is also used for housing rehabilitation loan programs. In 2018, it is anticipated that one smart growth project will be funded through the CDBG program. The Smart Growth Fund is an important element of the County Executive's *"Initiatives for a Smart Economy, 2.0"*, presented in June 2017.

The HOME Investment grant is used to rehabilitate the homes of low and moderate income homeowners. Additionally, non-profit community housing development organizations receive funds to develop, sponsor, or acquire affordable housing projects throughout the Consortium area.

The Emergency Solutions Program funds several non-profit agencies to provide homeless services to participating communities.

These programs serve all cities, towns, and villages in the County with the exception of the City of Buffalo, Towns of Amherst, Cheektowaga, and Tonawanda, and the Villages of Kenmore, Sloan, Williamsville, and the Cheektowaga portion of Depew.

## Program and Service Objectives

- Support an improved quality of life for low and moderate income people.
- Provide County residents with low and moderate incomes with access to affordable, quality housing.
- Secure permanent housing for the homeless and County residents at risk of becoming homeless.

## Top Priorities for 2018

- Implement one smart growth project reflecting the priorities contained within the June 2017 Erie County *"Initiatives for a Smart Economy, 2.0"*.
- Complete nine (9) community revitalization projects with an emphasis on infrastructure improvements in neighborhoods having a high concentration of worker housing.

## Key Performance Indicators

	Actual 2016	Estimated 2017	Estimated 2018
• Number of low and moderate income households with improved housing conditions	101	108	102
Number of public facility improvements completed in low and moderate income neighborhoods	1	5	4
• Number of smart growth projects completed	1	2	1

## Outcome Measures

- 102 low/moderate income households will have a better quality of life because of financial assistance provided through a low interest housing rehabilitation loan program.
- 484 low and moderate income people will have improved access to public water and sewer facilities.
- 1,842 low and moderate income people will have improved transportation services within the Consortium area.

## Performance Goals

- It is estimated that 9 public facility improvements will be completed in low and moderate income neighborhoods in 2017 and 2018.
- Advance 3 smart growth principles through the completion of 2 CDBG-funded projects in 2018.

# **Sewer Fund Appropriations & Revenues**

# **ERIE COUNTY DEPARTMENT OF ENVIRONMENT AND PLANNING DIVISION OF SEWERAGE MANAGEMENT**

## **DESCRIPTION**

As a part of the Erie County Department of Environment and Planning, the Division of Sewerage Management assists in the coordination, support, and implementation of various programs and projects that improve the quality of life for Erie County residents, businesses, and visitors. The Division of Sewerage Management is an important participant in several Department-wide initiatives, including the "Framework for Regional Growth," the Erie County Water Quality Committee, the "Initiatives for a Smart Economy," and Erie County Sewer District No. 6's participation in the Western New York Stormwater Coalition.

The Division of Sewerage Management maintains overall responsibility for the seven Erie County Sewer Districts. The Erie County Sewer Districts are special service districts created pursuant to state and local law.

The Erie County Sewer Districts provide sanitary sewer collection, conveyance, and treatment services to communities within their respective boundaries, and as may be specified by contracts between each district and/or the local jurisdictions served. The Sewer Districts are responsible for the construction, operation, maintenance, and administration of the County's collector and interceptor sanitary sewer systems, pumping stations, excess flow management facilities, and water resource recovery (wastewater treatment) facilities. Erie County Sewer District No. 6 is also responsible for the storm sewer system in the City of Lackawanna.

The Sewer Districts are governed by Boards of Managers, whose members are generally recommended by the involved municipalities and appointed by the County Executive.

The Sewer Districts are self-supporting entities with the power to assess appropriate service fees and levy local sewer charges. Their annual revenues, which are sufficient to cover all operating costs and capital debt service, are generally derived from a combination of flat rate charges, parcel charges, footage charges, user charges, and sewer charges based on the assessed value of real property.

## **MISSION STATEMENT**

To provide cost effective, customer oriented wastewater service that protects public health and enhances the natural environment.

## **ERIE COUNTY SEWER DISTRICTS**

### **ERIE COUNTY SEWER DISTRICT NO. 1**

This District serves the southern portion of the Town of Cheektowaga and the northern portion of the Town of West Seneca. Infrastructure includes a network of pumping stations, an excess flow management facility, interceptor, and collector sewers which transport sanitary sewage for contractual treatment services provided by the Buffalo Sewer Authority.

### **ERIE COUNTY SEWER DISTRICT NO. 2**

This District serves portions of the Towns of Brant, Eden, Evans, Hamburg, and North Collins, including the Villages of Angola, Farnham, and North Collins. Service is also provided to the Lotus Bay Area Sewer Districts and Evangola State Park by agreement. The District operates and maintains a network of pumping stations, collector and interceptor sewers along with a water resource recovery (wastewater treatment) facility and excess flow management facility adjacent to Big Sister Creek. The water resource recovery (wastewater treatment) facility is staffed and operated 24 hours per day, 365 days per year.

### **ERIE COUNTY SEWER DISTRICT NO. 3**

This District provides full service (collection, transmission, and treatment) to portions of the Towns of Boston, Eden, Hamburg, and Holland, along with the Villages of Blasdell, Hamburg, and Orchard Park. Additionally, the District provides transmission and treatment services to portions of the Town of Orchard Park and the Mount Vernon and Woodlawn Sewer

Districts in the Town of Hamburg. Sewer District No. 3 also includes a small portion of the Town of West Seneca. District 3 operates and maintains water resource recovery (wastewater treatment) facilities located in the Town of Hamburg (Southtowns Water Resource Recovery Facility and its excess flow management facility) and the Town of Holland (Holland Water Resource Recovery Facility). The Blasdell Water Resource Recovery Facility was eliminated at the end of 2016. The Southtowns Facility is staffed 24 hours per day, 365 days per year. The Holland Facility is staffed everyday 8:00 a.m. – 4:00 p.m. and monitored at all other times via telemetry systems.

#### **ERIE COUNTY SEWER DISTRICT NO. 4**

This District directly provides collection and conveyance services for portions of the Towns of Alden and Lancaster and conveyance services for the Villages of Depew and Lancaster. Infrastructure includes a network of pumping stations, an excess flow management facility, and collector and interceptor sewers which transport sanitary sewage for contractual treatment services provided by the Buffalo Sewer Authority.

#### **ERIE COUNTY SEWER DISTRICT NO. 5**

This District directly provides collection and conveyance services for portions of the Towns of Amherst and Clarence. Infrastructure includes a network of pumping stations and sanitary sewers, which transport sanitary sewage for contractual treatment services provided by the Town of Amherst. This District also provides operation and maintenance for the Town of Clarence Sewer Districts by contract, and operates one small water resource recovery (wastewater treatment) facility which services the Clarence Research Park area.

#### **ERIE COUNTY SEWER DISTRICT NO. 6**

This District operates and maintains the network of sanitary and storm sewers along with several pumping stations in the City of Lackawanna, along with an excess flow management facility and a water resource recovery facility. The water resource recovery (wastewater treatment) facility is staffed and operated 24 hours per day, 365 days per year.

#### **ERIE COUNTY SEWER DISTRICT NO. 8**

This District serves the Village of East Aurora and portions of the Town of Aurora. Infrastructure includes collector sewers, pumping stations, and an advanced water resource recovery (wastewater treatment) facility. This facility is staffed everyday 8:00 a.m. – 4:00 p.m. and monitored at all other times via a telemetry system. Collection system maintenance is handled by a Memorandum of Understanding with Sewer District No. 3.

#### **RATH BUILDING STAFF**

The Division, through the staff located at the Rath Building, provides management services related to the administration, operation, design, and construction of the sewer facilities. Engineering duties include (but are not limited to): compliance with regulatory permits, capital improvements planning, facilities planning, design, asset management activities, information technology, supervision of construction, inspection, approval of contractor payments, applying for the financing of new projects, accounting, and handling of construction claims. Administrative duties include overall management and supervision, accounting, budget development, sewer charge preparations, records management, community outreach and education, and Human Resources.

### **Program and Service Objectives**

To provide sewer service to properties in Erie County Sewer Districts, and to construct and operate various County projects economically, efficiently, and in an environmentally sound manner.

### **Top Priorities for 2018**

- Continue to evaluate efficiencies:
  - Investigate mergers and other regional initiatives with local municipalities.
  - Evaluate the data from infiltration and inflow (I&I) pilot studies and flow monitoring activities to strategically address peak wet weather flows.
  - Further the Division's energy reduction efforts, including budgeted projects at the Southtowns Facility.
  - Broaden the use of technologies to streamline records management and retention, including advanced use of OnBase.
  - Build upon the Division's Asset Management Plan (focus on advancing analyses identified through the Division's Capital Improvement Planning process and better use of SAP Plant Maintenance/GIS technologies).
  - Continue enhancement of the Division's GIS system, including further development of mobile solutions.

- Address numerous regulatory and infrastructure needs for the Erie County Sewer Districts. Some highlights include:
  - Investments in collection system assets with increases in the I&I Services budgets, additional maintenance activities, and in-house evaluations.
  - Advancing the next steps in the capital improvements for the Southtowns Facilities upgrades, including commencing engineering activities with the outfall improvements.
  - Complete the I&I Study of Erie County Sewer District No. 6.
  - Advance the engineering work associated with the disinfection upgrades at the Lackawanna Excess Flow Management Facility and Lackawanna Water Resource Recovery (Wastewater Treatment) Facility.
  - Commence construction of improvements at the Iroquois Pumping Station.
  - Complete construction of the Boston Valley Pumping Station improvements.
  - Begin engineering work to determine proper upgrades necessary to address the Rogers Road Pumping Station.

# Capital Budget

# Introduction to the 2018 Capital Budget

---

This section of the budget includes the 2018 Capital Budget and 2018-2023 Capital Improvement Program. Article 25 of the Erie County Charter requires the County Executive to submit annually to the Legislature a capital improvement program for the next six-year period. Article 18 of the Erie County Administrative Code establishes procedures for the Budget Director and the Capital Projects Committee to develop a recommended six-year Capital Improvement Program. The capital programming process for most projects takes place between April and August and concludes with the submission of a recommended Capital Improvement Program to the County Executive by September.

Capital projects are defined as all physical projects which meet the following criteria:

- 1) All physical projects of a non-recurring nature, including construction, improvements or renovations to buildings, roads, bridges and parks;
- 2) Acquisition of equipment which has a useful life of five years or more; or
- 3) Acquisition of property or planning/engineering studies which will lead to a capital project.

All projects proposed for inclusion in the six-year program are submitted by the sponsoring departments to the Department of Environment and Planning and the Division of Budget and Management, which are responsible for coordinating the development of the capital program. Information concerning cost, project justification, location and suggested programming year is submitted.

Each project is analyzed by the Department of Environment and Planning, Division of Budget and Management and the Capital Projects Committee. The Capital Projects Committee consists of representatives from those county departments and members of the Erie County Legislature as prescribed by the Erie County Administrative Code. A six-year program is prepared which considers project relationships to each other, as well as financial requirements. The program includes an annual Capital Budget which defines those projects recommended for implementation during the coming year.

The Capital Projects Committee submits its recommended Capital Improvement Program and proposed Capital Budget to the County Executive by September for his consideration in preparing the annual County budget.

The Capital Budget is a separate portion of the total County budget for the coming fiscal year. It represents the first-year implementation of projects in the six-year Capital Improvement Program. The Capital Budget is developed separately from the operating budget of the County for several reasons. Capital improvement projects usually involve substantial expenditures which may be required over a period of years.

Development of a six-year Capital Improvement Program is an effective way to plan for future physical improvements and to analyze both the expenditures that will be required to finance these improvements and the potential impacts of the projects at an early stage. It also sets priorities for capital improvements and thus ensures that the most critical needs are met first.

The capital programming strategy considers and balances the County's ability to both complete previously authorized projects and undertake new projects. Financial, as well as operational capabilities are assessed, and capital borrowing targets are established.

In order for projects to be considered for the 2018 Capital Budget, they had to meet one of the following tests:

- **Health and Safety** - Projects which have a direct relationship to reducing hazards to the health and safety of county residents or employees. This is considered to be the highest priority criterion in the review process.
- **Previous Commitment** – Multi-year projects which were authorized in prior years, and which require necessary funding to complete the entire project.
- **Legal or Governmental Mandates** - Projects which the County is required to undertake by law or court order, or under federal or state mandate.
- **Special Considerations** - Projects which do not meet the above tests but which warrant further consideration due to special circumstances, such as the loss of outside funding if the project is not undertaken.

The 2018 Budget contains authorizations for: fourteen (14) General Projects; thirty-one (31) Highway, Bridge and Fleet Projects (at multiple locations); eight (8) Parks and Recreation Projects; two (2) Environment and Planning Projects; two (2) Division of Information and Support Services Projects; two (2) Sheriff Projects; one (1) Central Police Services Project; two (2) Buffalo and Erie County Public Library projects; and seven (7) Erie Community College projects.

Table 1 summarizes projects in the 2018 Capital Budget. It totals \$69,112,388 including State and Federal funded projects and County pay-as-you-go funds. The bonded component is \$42,094,308. This table includes the project title in each project classification, a column showing the county six-year total project cost for the projects programmed in 2018, and a column showing the Capital Budget allocations in 2018. Brief descriptions of these projects follow Table 1.

Following the description of projects included in the 2018 Capital Budget are a series of tables which represent the six-year Capital Improvement Program. The 2018-2023 Capital Improvement Program totals \$295,215,549. It is summarized in Table 2 by department. Schedules showing the six-year Capital Improvement Program projects for each department are provided in Tables 3 through 11.

**DPW/Highways – Highway Vehicle and Equipment Replacement (Countywide)** Where possible, the highway fleet is being drastically cut and new vehicles are "right sized" for the need. Most of the plow trucks used in Highways are over 10 years old, out of warranty, exceeding 200,000 miles and beginning to need some major maintenance items. This project will continue to replace the larger vehicle fleet over time. By replacing them over time, the large maintenance bills can be avoided and a smaller fleet can be maintained. Front line equipment is at a critical need for replacing; plow trucks, high lifts and tractors. Another challenge is keeping within EPA/DEC compliance and having the proper equipment such as road sweepers and vacuor flush trucks for storm sewers.

**Bonded Project: \$2,000,000**

**DPW/Highways – Turn Back of Roads to Towns** The present County highway system consists of approximately 1,200 miles of highway. The highway mileage owned and maintained by Erie County is far and away the largest number of miles of any county in New York State. It is more than 300 miles greater than the second place County and almost double of that in third place. The historic reason for the disproportionate number of highway miles which are owned and maintained by Erie County is blurred in actions which took place when the County was under the direction of a Board of Supervisors. We need to establish a system where we improve certain roads that should be Town roads and then turn the ownership of the road over to the Town. We have identified over 200 miles of roads that should be Town owned.

**Bonded Project: \$750,000**

# Debt Service

## **Debt Management**

---

The County administration's Fiscal Stability Plan sets forth objectives regarding prudent debt management. This plan articulated policies and initiatives to reduce the County's debt burden and to improve the County's financial position, including the objective to improve the County's credit rating. The underlying ratings of County bonds are "AA-" from Standard and Poor's, "A+" by Fitch, and "A2" by Moody's. Standard and Poor's upgraded the County in September 2014 and affirmed the County's rating in November 2016. Fitch upgraded the County in September 2015 and affirmed the rating in November 2016. Moody's affirmed the County's rating in September 2014.

The fundamental principles of the County's debt management policy include: restricting long-term borrowing to improvements too large to be financed from current revenues; continuation of good communication with rating agencies; continuation of full disclosure on all financial and official statements; and the use of bonds rather than Bond Anticipation Notes wherever possible to finance capital projects.

It is the County's intention to limit annual capital borrowing, exclusive of sewer fund debt, to assure a reduction in the amount of long-term debt outstanding. This policy is subject to change to take advantage of future opportunities that may develop.

Supplementing the County's debt management policy is the County's Capital Planning process. The Capital Planning process is more fully described in the Capital Budget section of Book B.

## Debt Service Fund

---

The Debt Service Fund is used to account for the accumulation of resources for the payment of principal and interest on long-term debt. The Debt Service Fund was established at year-end 1986 to segregate resources for a "Reserve for Bonded Indebtedness" created by the Legislature pursuant to Section 6-h of the General Municipal Law. A Debt Service Fund is required for the legally mandated segregation of resources represented by the reserve. The Debt Service Fund is used only for the accumulation of resources for and payment of General Fund and Sewer Fund debt service.

The types of expenses paid out of the Debt Service Fund are the following:

**Bond Principal:** When a bond is sold, the County agrees to pay back the amount borrowed over a set period of time. This is called an amortization schedule. It is determined by the "Period of Probable Usefulness" of an item. This time period is set by Local Finance Law. Each bond issue includes a schedule of how much principal will be paid back each year. The annual principal payment expense is paid out of the Debt Service Fund.

**Bond Interest:** When a bond is sold, it is priced according to market conditions and the credit rating of the County. Typically, these rates change each year and are printed on the cover page of the Bond Official Statement along with the payback schedule. The annual interest expense is paid out of the Debt Service Fund.

**Reserves:** The County, at its option, can establish a reserve during a year to fund future years' debt service. These reserves must be identified as to what specific debt service they will pay. Local Finance Law restricts the amount of the reserves that can be used in a given year to the amount of the scheduled annual debt service payment. Any excess reserves over this amount must be set aside in the reserve to pay future years' debt service for that project.

Debt service payments on short-term indebtedness are not paid out of the Debt Service Fund. Interest payments on Revenue Anticipation Notes (RAN's), Tax Anticipation Notes (TAN's), and Bond Anticipation Notes (BAN's) are paid directly out of the General Fund. BAN principal payments are made out of the Capital Fund.

The sources of revenue for the Debt Service Fund are the following:

**Accrued Interest:** Typically, a bond sale is not closed on the same day as the date of sale. For example, the bonds may be dated September 1st and the closing date may be September 5th. During that five day period, the County is responsible to pay

interest to the bond holders. The bond underwriter, therefore, holds the cash for the five days and pays interest to the County equal to the amount of interest expense the County incurs for those five days. This interest income must be restricted for payment of future debt service on the bonds issued.

**Interest Earnings:** Bonds are typically sold to finance capital projects. A capital project can take from six months to six years or longer to complete. Therefore, the County invests the bond proceeds and draws against the proceeds only as needed to pay bills. The interest generated on the invested bond proceeds is restricted to pay debt service for the specific project for which the bonds were borrowed.

**State/Federal Aid:** If any aid is received as a reimbursement for debt service incurred by the County, this aid must be restricted for payment of debt service for the specific project for which the aid was received.

**Unexpended Bond Proceeds:** The amount borrowed for a capital project is an estimate of the cost of the project. If the project is completed for less than the estimate and less than the amount borrowed, these excess bond proceeds may then only be used for the following purposes: if debt service still exists for the project, then the excess bond proceeds must be used and/or reserved to pay this debt service; if no debt service for the project exists, then the excess bond proceeds may either be used to pay other debt service, or to fund other "like" capital projects, or they may revert back to the General Fund.

**Subsidies:** The difference between debt service to be paid during a year and revenues available from any other sources must be funded. This funding is provided in the form of subsidies from the General Fund, Public Library Fund and the Sewer Fund. The subsidies are provided in the form of interfund transfers to the Debt Service Fund.

**Note:** *The schedules which detail the debt service principal and interest payments and installment purchase debt to be paid out of the Debt Service Fund in 2018 were not available from the Comptroller's Office at the time the Tentative Budget was printed. These schedules will be published with the Adopted Budget.*

The County is in the process of obtaining such approval from OSC and it is expected that the sewer debt exclusion will be granted before the end of the 2017 fiscal year.
