Women's History Month

This March, The Erie County Commission on the Status of Women commemorated Women's History Month. This year's calendar offered multiple events celebrating trailblazing women, and discussing how future progress can be made. These included an event discussing the impact of the influential politician Shirley Chisholm, a workshop for female entrepreneurs, and a celebration of the centennial of women gaining the right to vote. This month was an opportunity to reflect on how far we've come, and how much farther we have to go to achieve full equality.
