Erie County is requiring the use of LCP Tracker software for tracking Contractor employee utilization / demographics and prevailing wage compliance on Erie County Construction Contracts. The successful low bidder will be required to utilize LCP Tracker for this construction project. Once the project is awarded and the contractor's information is entered into LCP Tracker by the County, the contractor will then be able to log into LCP Tracker and access online training and input required project information. Any questions regarding the implementation of LCP Tracker should be directed to:
