The hearing will consist of an open forum information session from 5:00 pm to 6:00 pm and a formal meeting beginning at 6:00 pm.

The Erie County Department of Public Works is proposing a highway improvement project on William Street (CR 338) between Transit Road (US 20/NYS 78) and Bowen Road (CR 242) in the Town of Lancaster, Erie County. The project's purpose is to address safety and mobility concerns. Work includes milling and resurfacing the existing pavement, reconfiguration and reconstruction of existing shoulders, drainage improvements and sections of new sidewalks. The project will also include areas of new pavement to provide additional turn lanes.

Design plans for the project have been developed by the Erie County Department of Public Works after coordination with Federal, State and local agencies. Engineers will be on hand to discuss the project and answer any questions.

Tentative schedules for right-of-way acquisition and construction will be discussed.

A draft Design Approval Document has been prepared which assesses the project's effect on the quality of the human environment. Copies will be made available for review and copying beginning April 30, 2026 at the Lancaster Town Hall, 21 Central Avenue, Lancaster, NY 14086; the Lancaster Public Library, 5466 Broadway, Lancaster, NY 14086; and the project website:
