NOTICE

Project manuals, drawings and construction documents are intended specifically for the preparation of Bid Proposals and for construction related activity. By accepting these documents and drawings, the individual, company or agency acknowledges that these documents and drawings relate to facilities wherein sensitive and secure governmental activities are conducted. The individual's, company's or agency's misuse of these documents and drawings may threaten the safety and security of governmental operations. By accepting these documents and drawings, the individual, company or agency, agrees that it shall restrict dissemination of such materials to recognized, legitimate sub-contractors, suppliers and material men solely for their use in preparation of quotes, bids or participation in actual construction activity. Further, by accepting these documents and drawings, the individual, company or agency assumes full responsibility for and liability for said individual's, company's or agency's negligence and for its careless or wrongful distribution of Erie County project manuals, drawings and construction documents.

FEDERAL AID PROJECT

Proposal Description: Electrical Vehicle Charger, Town of Amherst and Village of Akron, Erie County

Deposit Required: \$20,000

Completion Date: 10/6/2023

Questions During Bidding: No interpretation of the meaning of the plans, specifications or other contract documents will be made to any bidder orally. Every request for such interpretation shall be in writing addressed to:

Reed Braman, Director of Energy Development
Erie County Department of Public Works
Reed.Braman@erie.gov

Addenda to Bid Documents: Addenda to the Bid Documents will be published on the Erie County website at www.Erie.Gov/DPW

FEDERAL REQUIREMENTS

1. This is a federal-aid contract subject to the approval of the Federal Highway Administration (FHWA) and the New York State Department of Transportation (NYSDOT).
2. Federal Contract Requirements are contained in FA 1 to FA 33, and forms on pages FAF 1 to FAF 7.
3. The BUY AMERICA provisions in Section 106-11 of the NYSDOT Standard Specifications apply to this contract.
4. Whenever local and/or New York State requirements differ from Federal requirements, the Federal requirements will prevail.
5. There are no residence, geographical restrictions, or preferences contained in this contract.
6. There are no M/WBE/SDVOB requirements or preferences contained in this contract.

NEW YORK STATE DEPARTMENT OF TRANSPORTATION REQUIREMENTS

1. The NYSDOT Standard Specifications January 1, 2022 as amended, govern work performed under this contract. This shall include Sections 100 through 799, inclusive.
2. The low bidder must have an approved New York State Uniform Contracting Questionnaire (CCA-2 Form) on file with NYSDOT prior to an award being made. The CCA-2 form is available online at <https://www.dot.ny.gov/bids-and-lettings/construction-contractors/general-info> or by calling the NYSDOT Office of Contract Management at (518) 457-1564.

DISADVANTAGED BUSINESS ENTERPRISE (DBE) PARTICIPATION GOAL

The following participation goal(s) have been established for this contract, expressed as a percentage of the total contract bid amount. Disadvantaged Business Enterprise (DBE) Goal 5%. The NYSUCP DBE Directory is located at: <https://nysucp.newnycontracts.com/>

Intentionally Left Blank

INFORMATION FOR BIDDERS

INFORMATION FOR BIDDERS

Persons desiring to make a proposal shall use the accompanying proposal form. The proposal shall be submitted in accordance with the [STANDARD SPECIFICATIONS OF THE NEW YORK STATE DEPARTMENT OF TRANSPORTATION dated JANUARY 1, 2022](#), including all Addenda in effect on the date of advertisement for receipt of bids and the Highway Law. The STANDARD SPECIFICATIONS are to be considered as and shall form a part of the agreement. The time for which proposals shall be received will be found in the published notice calling for proposals. Detailed plans of the work may be examined at the Office of the Commissioner of Public Works, 95 Franklin Street, Buffalo, New York, 14202.

Whenever in the Specifications, reference is made to Section 38 of the Highway Law, the term "Commissioner of Transportation" as used in said section shall mean "Commissioner of Public Works" or "Deputy Commissioner of Public Works, Division of Highways" and wherever reference is made, therein, to the "Commissioner of Taxation and Finance" it shall mean the "Commissioner of Finance" of the County of Erie.

PROPOSALS. Proposals must be made upon the blank form provided. The blank places in the proposals must be filled in, as noted, and no change shall be made in the phraseology of the proposal or in the items mentioned, therein. Proposals are an integral part of this book and shall not be removed therefrom.

Proposals that are illegible or that contain any omissions, erasures, alterations, additions, or items not called for in the itemized proposal, or that contain irregularities of any kind, may be rejected as informal.

PROPOSALS SHALL SPECIFY GROSS SUM. Each proposal shall specify the correct gross sum, in the manner hereafter described, for which the work will be performed according to the plans and specifications, together with a unit price for each of the separate items as called for. The lowest bid shall be determined by the Commissioner of Public Works on the basis of the gross sum for which the entire work will be performed, arrived at by a correct computation of all the items specified in the proposal therefore at the unit prices stated in the proposal. The Commissioner of Public Works reserves the right to reject any proposal in which unit bid prices appear, in his judgment, to constitute an unbalanced bid for the work.

Any proposal shall be deemed informal which does not contain prices set opposite each of the several items for which there is a quantity exhibited in the itemized proposal, or which shall in any manner fail to conform to the conditions of the published notice inviting proposals. The unit prices and gross sum bid shall be indicated in words and by figures. In case the amount shown in words and its equivalent in figures do not agree, the written word may, in the discretion of the Commissioner of Public Works be considered binding.

NO MISUNDERSTANDING. The attention of persons intending to make proposals is specifically called to **ARTICLE 3** of the **CONTRACT AGREEMENT** wherein the bidder agrees that he has examined the contract documents and the site of the work and has fully informed himself from his personal examination of the same regarding the quantities, character, location and other conditions affecting the work to be performed, including the existence of poles, wires, pipes, ducts, conduits, and other facilities and structures of municipal and other public service corporations, on, over or under the site and that he will make no claim against the County of Erie by officer or agent of the County of Erie with respect to the work to be performed under the contract. Particular attention is called to the proposal forms that may contain special notes and special specifications at variance with standard plans and specifications.

The Contractor shall be responsible to perform all the work within scope of this contract and, for all liabilities that arise therefrom.

SUBSURFACE INFORMATION. Boring logs and other subsurface information made available for the

inspection of bidders were obtained with reasonable care and recorded in good faith by the Division.

The soil and rock descriptions shown are as determined by a visual inspection of the samples from the various explorations unless otherwise noted. The observed water levels and/or water conditions indicated thereon are as recorded at the time of the exploration. These levels and/or conditions may vary considerably, with time, according to the prevailing climate, rainfall and other factors.

The locations of utilities or other underground man-made features were ascertained with reasonable care and recorded in good faith from various sources, including the records of municipal and other public service corporations, and therefore the location of known utilities may only be approximate.

Subsurface information is made available to bidders in good faith so that they may be aware of the information utilized by the County for design and estimating purposes. By doing so, the County and the Contractor mutually agree and understand that the same is a voluntary act and not in compliance with any legal or moral obligation on the part of the Division. Furthermore, insofar as such disclosure is made, the Division makes no representations or warranties, express or implied, as to the completeness or accuracy of this information or data, nor is such disclosure intended as a substitute for personal investigations, interpretations, and judgment of the bidder.

WITHDRAWAL OF PROPOSAL. Permission will not be given to modify or explain, by letter, telegram, telephone, or otherwise, any proposal or bid after it has been deposited with the Commissioner of Public Works. No proposal shall be withdrawn or cancelled after the time designated for opening such proposals publicly, except to exercise the option as provided herein.

Any bidder or his duly authorized agent who has submitted proposals on more than one project of any one letting may, at his option and upon written request, withdraw any or all of his additional proposals after the person who opens and reads the bids has announced that such bidder has submitted the lowest proposal on a project for which bids have last been read. When this option is exercised, the proposals for other projects in the letting will be returned to the bidder unopened. No returned proposals will be considered after the bidder has exercised his privilege to withdraw the same. No proposals will be considered which have not been deposited with the Commissioner of Public Works prior to the time indicated in the advertisement. Any bidder exercising the privilege of so withdrawing his bid or bids waives all claims that may arise should it be found that his opened proposal is informal or, for any other reason, is unacceptable to the Commissioner of Public Works. The Commissioner of Public Works will open and read proposals in the order in which they are drawn and not in the order in which the projects are advertised.

If the proposal is made by a firm, the name and place of residence of each member of the firm shall be given. If made by a corporation, the names of the president, secretary and treasurer shall be given. If made by a partnership, the names of the partners shall be given.

Pursuant to the provisions of Section 38, Subdivision 7 of the Highway Law, as amended, relating to "foreign contractors", if the successful bidder is a foreign contractor, no certificate approving or authorizing the first partial payment, or in the event there shall be no first partial payment, then no certificate approving or authorizing any final payment shall be made to a foreign contractor unless such contractor shall furnish satisfactory proof that all taxes due by such contractor under the provisions of Articles 9, 9a, 12a, 16, 16a, 21, 22, 23, 28, 29 and 30 of the Tax Law have been paid. The certificate of the State Tax Commission to the effect that all such taxes have been paid shall be conclusive proof of the payment of such taxes.

The term "foreign contractor" as used in the preceding paragraph means, in the case of an individual, a person who is a legal resident of another state or foreign country, in the case of a firm or co-partnership, one having

one or more partners who is a legal resident of another state or a foreign country; and in the case of a corporation, one having its principal place of business in another state or foreign country.

The certificate of the State Tax Commission to the effect that all such taxes have been paid by the Contractor shall be placed on file with the Commissioner of Public Works in his office, 95 Franklin Street, Buffalo, New York 14202.

DEPOSIT. Every proposal must be accompanied by a bank cashiers check or certified check payable to the County of Erie for the sum specified in the proposal and in the advertisement for proposals. The retention and disposition of such bank cashiers check or certified check shall be in conformity with Subdivision No. 2 of Section 38 of the Highway Law, as amended. This shall be attached inside the front cover.

AWARD OF CONTRACT. Award of contract will be made only to the lowest responsible bidder whose proposals shall comply with all the provisions required to render it formal and in accordance with Section 126 of the Highway Law. The County Legislature reserves the right to reject any or all proposals if, in its opinion, the best interests of the County will, thereby, be promoted.

The bidder must be prepared, if requested by the County Legislature and/or the Commissioner of Public Works, to present evidence of experience, ability and financial standing, as well as a statement as to plant and machinery.

EXECUTION OF CONTRACT. The person or persons whose proposal is accepted will be required to execute the contract and to comply in all respects with the statutory provisions relating to the contract within ten days of the date of the delivery of the contract form by the Commissioner of Public Works. In case of failure or refusal on the part of the bidder to deliver the duly executed contract to the Commissioner of Public Works within the ten day period, herein mentioned, the amount of the deposit made will be forfeited and will be paid to the Commissioner of Finance of Erie County.

The Contractor agrees that he will conduct his operations in compliance with all the laws and regulations of the United States, State of New York and Public Authorities and the ordinances of any city, village, town or county and the lawful direction of the officers, agents or representatives of the United States, The State of New York, the Public Authorities or of said city, village, town or county. All costs due to compliance with the above described laws, regulations and ordinances shall be included in the prices bid for contract items unless otherwise provided for in the contract.

The Contractor specifically agrees that the contract shall be deemed executory only to the extent of the monies available and no liability shall be incurred by the County beyond the monies available for the purposes.

The Contractor's attention is directed to those portions of the Labor Law, that appear with the labor wage rate schedules.

INSURANCE REQUIREMENTS

1. The Contractor shall obtain, at his own cost and expense, the following insurance coverage's with insurance companies licensed in the State of New York and shall provide a certificate of insurance as evidence of such coverage's on The Erie County Standard Insurance Certificate.
 - A. Comprehensive General Liability - with a minimum combined single limit of liability for Bodily Injury and Property Damage of \$2,000,000. per occurrence and annual aggregate. The coverage shall include:

- Premises and Operations
 - Products and Completed Operations
 - Independent Contractors
 - Contractual Liability (sufficient to cover all liability assumed under contracts with Erie County)
 - Broad Form Property Damage including completed operations
 - Explosion, Collapse and Underground Hazards (x, c, u)
- B. Automobile Liability - with a minimum combined single limit of liability for Bodily Injury and Property Damage of \$1,000,000. each occurrence. The coverage shall include Owned, Hired, and Non-Owned Autos (Symbol "1" should be designated for Liability coverage on the Business Auto Policy).
- C. Excess "Umbrella" Liability - with a minimum limit of \$5,000,000. each occurrence/\$5,000,000. aggregate.
- D. Workers' Compensation and Employers' Liability providing statutory coverage in compliance with the Workers' Compensation Law of the State of New York. (Form C-105.2)
- E. Disability Benefits - providing statutory coverage in compliance with the New York State Disability Benefits Law. (Forms DB-120.1 or DB-155)

Failure to maintain coverage hereunder shall constitute a material breach of this contract and the Contractor shall suspend all work immediately upon such lapse in coverage.

2. Comprehensive General Liability, Automobile Liability, and Excess Umbrella Liability shall name the County of Erie and any Board, Bureau, Commission, or Agency thereof as additional insured.
3. All certificates of insurance shall be approved by the Erie County Department of Law prior to the inception of any work.
4. The "ACORD" form certificate may be used in place of the Erie County Standard Insurance Certificate, provided that all of the requirements set forth in the instructions for the Erie County Standard Insurance Certificate are incorporated into the "ACORD" form certificate.

AMOUNT OF BOND. A bond will be required for the faithful performance of the contract and further guaranteeing prompt payment of monies due to all persons supplying the Contractor, or its sub-contractor with labor and materials employed and used in carrying out the contract. The amount of security therein shall be 100 per cent of the amount of the contract.

FORM OF PERFORMANCE, LABOR, AND MATERIALS BOND. The form of the performance, labor and material bond shall be the County's form, exhibit "PB 1" as set forth on the following page number [IB 6](#), for the total amount payable by the terms of the contract.

REVISED 5/14/2012

The bond shall be issued by a duly qualified surety corporation authorized to do business in the State of New York, shall be executed by the appropriate office of the surety whose authority shall be supported by

executed powers of attorney where applicable, shall be executed by the Contractor receiving the award of the contract hereunder, all of which shall be satisfactory to the County.

Notwithstanding any provision of law, the requirement of a performance, labor and material bond in compliance with the specifications herein and in form "PB 1" shall not be waivable, and the failure to provide such bond as otherwise provided herein shall be cause to rescind an award of the Contract, together with the forfeiture of security posted with the bid hereunder, as set forth on page IB 4 under "Execution of Contract."

Copies of the Erie County Standard Insurance Certificate and Form PB 1 are available at the Office of the Deputy Commissioner of Public Works, 95 Franklin Street, Buffalo, New York 14202.

PERFORMANCE, LABOR, AND MATERIAL BOND

BOND NO. _____

KNOW ALL MEN BY THESE PRESENTS, that we, _____ of
_____ (hereinafter called PRINCIPAL) and the _____
_____ a corporation of the State of _____
_____ having its principal office in the City of _____ and authorized to do business in the State
of New York (hereinafter called SURETY) and held and firmly bound into the _____ New
York (hereinafter called OBLIGEE), in the amount of \$ _____ Dollars, lawful money of the United states
of America, for the payment of which the PRINCIPAL and the SURETY hereby bind themselves, their heirs, executors, administrators,
successors and assigns jointly and severally, firmly by these presents.

WHEREAS, the above bounden PRINCIPAL has by written agreement dated _____ entered into a contract
with the OBLIGEE for \$ _____ which contract and documents included therein is by reference is by reference
made a part hereof (hereinafter called CONTRACT), covering the following project. _____
(project title/description)

NOW, THEREFORE, the condition of the obligation is such that if the PRINCIPAL shall:

1. Well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of said Contract during the original term of said Contract and any extensions thereof that may be granted by the OBLIGEE, with or without notice to the SURETY, and during the life of any guarantee required under the Contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of any and all modifications of said Contract that may hereafter be made, with or without notice to the SURETY.
2. Promptly make payment to all persons having a direct Contract with the PRINCIPAL or with a subcontractor of the PRINCIPAL supplying labor and material in the prosecution of the work provided for in said Contract and any and all modifications of said Contract that may hereinafter be made, notice of which modifications to the SURETY being hereby waived; then this obligation shall be void, otherwise to remain in full force and effect:

PROVIDED, HOWEVER, and this bond is executed and accepted upon the following express conditions:

1. That all persons who have supplied labor and material as aforesaid shall have a direct right of action hereunder against the PRINCIPAL and the SURETY, subject, however, to the prior right of the OBLIGEE to recover hereunder on account of any loss or damage caused to it by the failure of the PRINCIPAL to perform the Contract as aforesaid.
2. The SURETY for value received hereby stipulates and agrees, if requested to do so by the OBLIGEE, to fully perform and complete the work and furnish the materials mentioned and described in said Contract pursuant to terms, conditions and covenants thereof, if for any cause said PRINCIPAL fails or neglects to so fully perform said work; the said SURETY further agrees to commence said work of completion twenty (20) days after notice thereof from the OBLIGEE.
3. That the OBLIGEE shall notify the SURETY by registered letter addressed and mailed to its Home Office, of any breach of said Contract within sixty (60) days after such breach shall have come to the knowledge of the OBLIGEE. (Owner)
4. That the SURETY shall not be liable hereunder for any damage or compensation recoverable under any Worker's Compensation or Employer's Liability Statute.
5. That no suit, action or proceeding for loss or damage caused by a breach of any of the conditions of this bond shall be brought against the SURETY by the OBLIGEE after one (1) year from the day of final acceptance of the work by the Owner.
6. That no suit, action or proceeding for loss caused by the failure of the PRINCIPAL to pay all persons supplying labor and material in the prosecution of the work under said Contract shall be brought against the SURETY after six (6) months from the day on which final payment of the Contract is made.

Signed, sealed and dated this _____ day of _____ 20_____

(PRINCIPAL)

(PRINCIPAL)

By: _____
President, Vice President, Secretary-Treasurer

(SURETY) (Seal)

ESTIMATES AND PAYMENT. In computing amounts in estimates of work done, the unit prices bid will be used. In making up the final estimate the linear measurement made along the axis of the surface of the finished work will be considered the length of the work.

All estimates, including the final, will be made for actual quantities of work performed and materials in place as determined by the measurements of the Engineer, and the resulting quantities involved in any contract shall be accepted as final, conclusive and binding upon the Contractor.

For computation of the quantities to be paid for under the various items of the contract, it is agreed that the planimeter shall be considered an instrument of precision, and quantities computed from areas obtained by its use shall be accepted by all parties, hereto, as accurate. Arithmetical computations shall not be precluded by reference to the planimeter.

FINAL ADDITIONS OR DEDUCTIONS. Upon the completion of the required work, as shown in the plans and specifications, should the final estimate of quantities show either an increase or decrease from the approximate estimate of quantities, then such variations will be computed at the contract unit prices and an agreement will be made, respectively adding or deducting this amount from the gross sum bid.

PAYMENTS ON CONTRACT. Payments to the Contractor for work satisfactorily performed will be made monthly as prescribed by Subdivision 7 Section 38 of the Highway Law, as amended. No monthly estimate will be rendered unless the value of the work done equals five per cent of the contract amount and in no case shall such estimate be made in an amount less than one thousand dollars. Semi-monthly estimates may be rendered provided the value of the work performed, in a two-week period interval is in excess of fifty thousand dollars (\$50,000) or if, in the opinion of the Commissioner of Public Works, it is to the best interest of the County to do so.

The attention of persons intending to make proposals is specifically called to the provisions of Section 70 and 71 of the Lien Law and Section 1302-C of the Penal Law that apply to funds being received by a Contractor for a public improvement. These provisions declare that the funds received by the Contractor shall constitute trust funds in the hands of the Contractor and shall be applied first to the payment of certain claims.

ENGINEERING CHARGES. When the work embraced in the contract is not completed on or before the date specified, therein, engineering and inspection expenses incurred by the County, upon the work from the completion date originally fixed in the contract to the final date of completion of the work, may be charged to the Contractor and be deducted by the Commissioner of Public Works from any monies due the Contractor.

Before assessing such charges, the Department will give due consideration to factors attributing to such delay due to extenuating circumstances beyond the control of the Contractor limited to the following:

1. The work or the presence on the contract site of any third party, including but not limited to that of other contractors or personnel employed by the County, by other bodies, by railroad, transportation or utility companies or corporations, or by private enterprises, or any delay in progressing such work.
2. The existence of any facility or appurtenance owned, operated, or maintained by any third party.

3. The act, or failure to act, of any public or governmental body including, but not limited to, approvals, permits, restrictions, regulations or ordinances.
4. Restraining orders, injunctions, or judgments issued by a court.
5. Any industry-wide labor boycotts, strikes, picketing or similar situations, as differentiated from jurisdictional disputes or labor actions affecting a single or small group of contractors or suppliers.
6. Any industry-wide shortages of supplies or materials required by the contract work, as differentiated from delays in delivery by a specific or small group of suppliers.
7. Unusually severe storms of extended duration or impact, other than heavy storms or climatic conditions which could generally be anticipated by the bidders, as well as floods, droughts, tidal waves, fires, hurricanes, earthquakes, landslides, or other catastrophes.
8. Determinations by the Department to open certain sections of the project to traffic before the entire work is completed.
9. Major unanticipated additional work which significantly affects the scheduled completion of the contract.
10. Failure of the County to provide individual rights-of-way parcels for an extended period of time beyond that indicated by the contract if such unavailability, as determined by the Commissioner, significantly affects the scheduled completion of the contract.

Such charges will be assessed, however, in cases where the work has been unduly delayed by the Contractor because of unwarranted reasons, inefficient operation, or for any other reason for which the Commissioner of Public Works determines the Contractor to be liable. Reasonable time necessary for reviews by the County or its agents of shop drawings, for changes or additions to the work to meet field conditions which do not significantly affect the scheduled completion of the contract, delays incurred by seasonal and weather limitations, localized labor actions and shortages of supplies and materials, and other situations which should be anticipated are neither compensatory nor eligible for extensions of time without the assessment of engineering and inspection charges.

DAMAGE. All damage, direct or indirect, of whatever nature resulting from the performance of the work or resulting to the work during its progress from whatever cause, including omissions and supervisory acts of the County, shall be borne and sustained by the Contractor, and all work shall be solely at his risk until it has been finally inspected and accepted by the County. The Contractor, however, shall not be responsible for damages resulting from faulty designs, as shown by the plans and specifications, nor the damages resulting from willful acts of Department officials or employees.

The Contractor shall indemnify save harmless, and defend the County from suits, actions, damages and costs of every name and description resulting from the work under his contract during the prosecution and until the acceptance, thereof, and the County may retain such monies from the amount due the Contractor as may be necessary to satisfy any claim for damages recovered against the County. The Contractor's obligations under this paragraph shall not be deemed waived by the failure of the County to retain the whole or any part of such monies due the Contractor, nor shall such obligation be deemed limited or discharged by the enumeration or procurement of any insurance for liability for damages imposed by law upon the Contractor, sub-contractor or the County.

The work, under this contract, shall be under the direct supervision of the Commissioner of Public Works of Erie County, New York, or his representative who is retained to layout, supervise and inspect the work under construction.

SPECIFICATIONS. In general, the work of this contract will be carried out in accordance with the [STANDARD SPECIFICATIONS dated September 1, 2022](#), of the New York State Department of Transportation, Office of Engineering, with subsequent modifications, and as modified within this document under SPECIAL SPECIFICATIONS, insofar as same apply to this work.

Wherever in the SPECIFICATIONS the terms "Commissioner of Transportation", "Regional Director", or other Officials of the New York State Department of Transportation is used, it shall mean "Commissioner of Public Works", or "Deputy Commissioner Public Works-Division of Highways" of the County of Erie.

ACCOUNTABILITY

The Contractor shall be fully accountable for its performance under this contract and agrees to answer under oath all questions relevant to the performance, thereof, and to any transaction, act, or omission had, done or omitted in connection, therewith, if called before any Judicial, County, or State Officer or Agency empowered to investigate the contract or its performance.

QUALIFICATION OF BIDDERS

- a. All prospective bidders are hereby notified that they must prove to the satisfaction of the Owner that they are a responsible bidder and have the skill and experience, as well as the necessary facilities, organization and general reliability to do the work to be performed under the provisions of the contract in a satisfactory manner and within the time specified. An Experience Questionnaire is included at back of the Itemized Proposal, that will provide this information and must be filled out and submitted with the bid.
- b. Within forty-eight (48) hours after the opening of the proposals, the lowest three bidders, if requested, must submit to the Owner a statement in duplicate setting forth the following information:
 1. A current financial statement certified to be true and correct by a certified public accountant or an officer or principal of the bidder.
 2. Each bidder must be prepared to show to the satisfaction of the Owner that he has sufficient liquid assets available for the project upon which he is bidding. The Owner does not regard credit, borrowed money, equity in real estate, life insurance, reserves representing pre-payment of taxes and life insurance, and other expenses, deposits held as security for other contracts, capital of proposed subcontractors, capital stock of the contractor, and similar items, as liquid assets available for the work to be performed under the contract.
- c. A bidder must also be prepared to prove to the satisfaction of the Owner that he has successfully completed a contract of similar work in an amount of not less than 50 percent of the amount of the proposed contract.

- d. Each bidder must comply promptly with all requests by the Owner for information and must actively cooperate with the Owner in its efforts to determine whether the bidder is qualified.
- e. The award of the contract shall not be construed as a guarantee by the Owner that the plant, equipment and the general scheme of operations and other data submitted by the bidder with or after his proposal is either adequate or suitable for the satisfactory performance of the work.

PREVENTION OF DELAY

The contractor agrees that there will be no interruption in the performance of the work under this agreement due to labor strife or unrest. The contractor and his subcontractors will not employ on the work, any labor, materials, or means whose employment or utilization during the course of this contract may tend to or in any way cause or result in strikes, work stoppages, delays, suspension of work, or similar troubles by workmen employed by the contractor or his subcontractors or by any of the trades working in or about the buildings and premises where work is being performed under this contract, or by other contractors or their subcontractors pursuant to other contracts, or on any other building or premises owned or operated by the County of Erie. Any violation by the contractor of this requirement will be considered proper and sufficient cause for the County, through the Commissioner of Public Works to consider such interruption a breach of the agreement and to cancel the contract without any penalty to the County, and to recover any damages from the contractor that may have been caused by labor strife and unrest.

SALES TAX EXEMPTION

- a. The Owner is an exempt organization under the Law and is exempt from payment of Sales and Compensating Use Taxes of the State of New York and cities and counties of the State on all materials sold to the Owner pursuant to the provisions of the Contract. These taxes are not to be included in bids.
- b. 1) Section 1115 (a) (15) of the Tax Law provides that tangible personal property sold to a Contractor for use in erecting a structure or constructing a highway for an exempt organization is exempt from the Sales and Compensating Use Tax of the State of New York and of cities and counties integral component part of such structure, building or real property and 2) is to be resold to such organization as tangible personal property before it has become a part of such structure, building or real property. There is no exemption from the Sales or Use Tax on series or charges to a Contractor or subcontractor for the purchase or lease of supplies, machinery, equipment, tools, services, etc. used or consumed by him in the completion of the Contract. The Contractor and his sub- contractors shall be responsible for and pay any and all applicable taxes including Sales and Compensating Use Taxes on such items.

SPECIAL INSTRUCTIONS TO THE CONTRACTOR

SPECIAL INSTRUCTIONS TO THE CONTRACTOR

THIS PROJECT IS A LOCALLY ADMINISTERED FEDERAL AID (LAFA)

Bidder shall use **BLACK INK** when filling in **PROPOSAL SHEETS** and **SIGNATURES**.
The Proposal forms an integral part of this book and **SHALL NOT BE REMOVED**.

A. The Contractor shall perform each of the following:

1. a) AFFIRMATIVE ACTION PROGRAM

The Contractor's attention is directed to the special conditions of the Erie County Affirmative Action Program which must be complied with in its entirety. Information may be obtained by calling Erie County Equal Employment Opportunity Office at 858-7542.

1) WORKFORCE GOAL PARTICIPATION:

Minority - 7.7%
Women - 6.9%

2) REQUIRED RECORDS

A) The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the Contractor's equal employment opportunity policy is being carried out and to keep records. The records shall include the name, address, telephone number, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice, trainee, helper or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed for each employee. Records shall be maintained in an understandable and retrievable form. To the extent that records kept by the Contractor for other purposes satisfy the requirements of this paragraph, the Contractor need not maintain separate records.

B) The Contractor shall submit monthly employee utilization reports to the Engineer on New York State Department of Transportation Monthly Employment Utilization Report Form AAP 33d. Records of the total employee utilization, from the start of the contract up to and including the month being reported, shall be submitted with each monthly report. For the purpose of these reports, the hours of female employment and training and the hours of minority employment and training shall be separately calculated. All females, whether minority or non-minority, shall be calculated within the hours of female employment and minority females shall not be used in the calculation

of hours of minority employment.

- C) For the purpose of the reports required above, the employment and training hours worked by each person may only be used once in any one month and the Contractor is cautioned that it may not discriminate against minority females in connection with attaining its affirmative action goals under these requirements.
- D) All records required by this Section must be retained for a period of three years following completion of the contract work and shall be available at reasonable times and places for inspection by authorized representatives of the Erie County Equal Employment Opportunity Office.

b) DISADVANTAGED BUSINESS ENTERPRISE (DBE)

This is a **Locally Administered Federal Aid** or BridgeNY (Bridge) Project. The DBE goal for this Project is 5%. There will be **no** WBE/MBE requirements for this Project.

c) REGARDING OVERTIME DISPENSATION

All bidders, in submitting their bids, should base their bids and work progression on the assumption that Labor Dispensation pursuant to Articles 8 and 8A of the New York State Labor Law, for any workmen, laborers and mechanics to work more than 8 hours in any one calendar day or more than five days in any one week will not be granted for any operation for the contract duration. Subsequent to award, where it is determined to be in the best interest of the public, the Department may process, for approval by the New York State Department of Labor, Overtime Dispensation on certain specific operations and, in the event, approval is granted, there shall be no adjustment therefore in any bid prices.

d) REVIEW THE SITE

The Contractor is advised to make a site visit prior to the bid to become familiar with the scope of work and component quantities required to complete the work. The Contractor acknowledges that he/she has satisfied himself/herself as to the nature and location of the work, the general and local conditions, particularly those bearing on transportation, disposal, handling and storage of materials, availability of labor, water, electric power, roads, and uncertainties involving weather, groundwater table or similar physical conditions at the site, the formation and condition of the ground, the character, quality and quantity of surface and subsurface materials to be encountered, the character of equipment and facilities needed prior to and during the prosecution of the work and all other matters which can in any way affect the work or the cost thereof under this Contract. Any failure by the Contractor to acquaint himself/herself with all of the available information concerning these conditions will not relieve him/her of the responsibility for estimating properly the difficulty or cost of successfully performing the work.

The Contractor's attention is drawn to the following items:

e) BID SUBMITTAL ITEMS

The Contractor is hereby notified that the following items SHALL be submitted with his/her bid otherwise the bid SHALL NOT be considered.

REQUIRED FOR ALL PROJECTS:

- Certified Check for the bid deposit required. Attach to inside of front cover.
- Completed New York State vendor responsibility questionnaire FOR-PROFIT construction (CCA-2), Attachment A, Attachment B and Attachment C
- Project Construction Schedule, with description of tasks as detailed on SI-8, SI-9, SI-16 AND SI-17. Attach to inside of back cover.
- Identify the proposed Project Superintendent on the Project Schedule.
- Completed Form DA-1, Acknowledgement of Drug and Alcohol Testing Program Compliance.
- Completed Itemized Proposal Including:
 Fill in IP Pages **IP-1 through IP-15**
 Execute the proposal by signing on **IP-18 and completing IP-19**
- Completed Apprenticeship Training Program form.
- Completed Pay Equity Certification
- Completed **LFA Construction Contract Requirements** Including:
 - Non-Collusive Bidding Certification
 - Offerer Disclosure of Prior Non-Responsibility Determinations
 - Combined Certification Form
 - Federal DBE Commitment and GFE Bid Requirements

f) SPECIAL NOTES:

- 1) The Contractor is advised to make a site visit prior to the bid to familiarize himself with the scope of work and component quantities required to complete the work.
- 2) The Contractor shall give particular attention and care to protect from damage all existing vegetation, including turf, trees, ornamental plantings, etc. which is not within the actual construction limits. Every attempt shall be made to protect and save the vegetation that is near construction limits according to the instructions of the Engineer.

- 3) In addition to requirements and/or explanations contained in the NYSDOT Standard Specifications, the Contractor is advised of the following:
 - The Contractor shall satisfy himself/herself as to the exact location of utility lines and shall protect and support in a suitable manner all utilities encountered during the proposed work. The Contractor shall make good any damage to those utilities caused by his/her operations. If the nature of the damage is such as to endanger the satisfactory operations of the utilities, and the necessary repairs are not immediately made by the Contractor, the work may be done by the respective owning companies and the cost thereof charged against the Contractor.
 - The Contractor shall notify Dig Safely New York at 1-800-962-7962 or 811, two days before any underground work is initiated.

- 4) The Contractor is to note that **NO** estimate will be processed without the following, submitted with, or prior to, the estimate for payment:
 - “Contractor’s Payment Certificate” form (CP-1), one for each estimate along with one for each subcontractor that has worked within the estimate period.

 - The filing of certified payroll records, up to the estimate period, for both the Contractor and any subcontractors is a condition of payment. Per the SPOTA Bill, the individual designated as the person responsible to collect certified payroll is the engineer in charge of the project. A contractor that willfully fails to file payroll records shall be guilty of a Class E felony and subject to a civil penalty of up to \$1,000 per day. Willful underpayments can be punished as a criminal offense ranging from a Class A misdemeanor for an underpayment less than \$25,000 to a Class C felony where the amount exceeds \$500,000. Second violators within a 5 year period would be required to surrender their profits and would forfeit their right to receive further payment on the project.

 - All EEO and/or MBE/WBE/DBE records required under this contract supplied by the Contractor or subcontractors shall be up to date prior to the estimate being paid.

 - Letter on Contractor letterhead requesting payment of current estimate.

- 5) All costs associated with the compliance of all laws, regulations and ordinances shall be included in the prices bid for the respective contract items involved unless otherwise provided for in the contract.

- 6) Roadway Permits – All necessary permits not herein included are the responsibility of the Contractor to obtain.

- 7) Access will be required and must be maintained for all driveways. The cost for means for maintaining driveway access shall be included in the price bid for Item 619.01.

- 8) If the project includes a Storm Water Pollution Prevention Plan (SWPPP) the Contractor shall be required to review the site specific SWPPP for this Project. The Contractor shall be required to review the site-specific Stormwater Pollution Prevention Plan (SWPPP) for this project. The Narrative Report of the SWPPP is included in this proposal as pages SI-N/A through SI-N/A. The Contractor shall post a copy of this plan in a conspicuous location for the entire duration of the project. The Contractor shall submit the signed Certification Statement (see page SI-N/A) to the County at the Pre-Construction Meeting. Before undertaking any construction activity at the site identified in the SWPPP, all Subcontractors performing such work shall sign a Certification Statement and submit such statement to the County for inclusion in the SWPPP.
- 9) Basic Work Zone Traffic Control shall be provided in accordance with Section 619 of the NYSDOT Standard Specifications, the National Manual of Uniform Traffic Control Devices, all applicable NYSDOT Engineering Instructions (EI), Engineering Bulletins (EB), and Engineering Directives, and any provisions contained in the plans and/or proposal for this project. Item 619.01 includes, but is not limited to, pavement delineation, temporary ramping or patching, and driveway access.
- 10) Guide rail shall not be removed from any locations where traffic is being maintained until the Contractor or Subcontractor is prepared to fully install new section of rail and its terminals. The Contractor shall schedule operations to replace all rail on the same day as removed unless subsequent construction operations make it impractical to do so. Installation of the new rail shall begin as soon as practical after removal of the existing rail. Installation work on any individual location shall continue until all the railing at that location has been installed. When guide rail cannot be replaced on the same day as removed, the work area shall be delineated using the methods approved by the Engineer.
- 11) The Contractor's affidavit and subcontractor's certification, with regard to compliance with schedules of wages and supplemental benefits, must be submitted to the Deputy Commissioner's office with the final payment request. The Contractor's affidavit and Details of these requirements along with the necessary forms can be found on pages WR-1 through WR-3A.
- 12) All claims or notices of claims shall be initiated within three weeks from the start of the claimed activity. It is the Contractor's responsibility to notify the Resident Inspector, in writing, in order for the claim to be considered.
- 13) Apprenticeship Program: The Contractor shall comply with Local Law #3-2018 and the enclosed Rules and Regulations of the Commissioner of Public Works found on pages SI-19 through SI-22.
- 14) No retainage shall be withheld from the prime contractor and the prime contractor shall not withhold any retainage from his subcontractors.
- 15) The Contractor shall submit a site-specific Health and Safety Plan to the County

at the Pre-Construction Meeting. The Contractor shall strictly adhere to the safety requirements of Erie County and all other State and Local agencies throughout the duration of the project.

- 16) Davis – Bacon and State DOL Prevailing Wage Rate requirements apply to this contract. A copy of current rates is included in this proposal. The higher of the two is to be used.
- 17) The Contractor shall make himself familiar with the Section “Federal Aid Contract Requirements” contained in this manual. Federal and State Prevailing Wage Rate requirements apply to this contract. In case of variance between (1) the schedule of prevailing rates of wages and supplements as determined under Section 220 of New of New York State Labor Law, and (2) the schedule of rates of wages as determined pursuant to the Davis-Bacon Act, the Contractor shall accept and use the schedule or schedules that establish the higher rate of wages as the minimum for the workmen who are employed on the project. Copies of the current rates are included in this proposal.
- 18) Liquidated Damages
 - The Contractor agrees to be liable for liquidated damages and shall pay to the County an agreed upon fixed sum of \$2,000.00 per day as Liquidated Damages for each calendar day beyond the stated Contract Completion date.
 - Calendar days of the delay shall be counted until the work is complete.
 - The Contractor agrees to be liable for Liquidated Damages provided the right of the Contractor to proceed has not been terminated.
 - The Contractor shall not be charged with Liquidated Damages because of delays in the completion of the work due to causes demonstrated to be beyond the control of the Contractor.
 - The Contractor, by the submission of the bid proposal and the execution of the contract, hereby agrees that the Liquidated Damages appearing in both the bid and contract documents are reasonable given the circumstances and necessities of the contract.
 - The Contractor agrees that no payment or compensation of any kind shall be due to the Contractor because of hindrance or delay from any cause in the progress of the work, whether such delay is avoidable or unavoidable. An extension of the roadway re-opening date or contract completion date shall be the only remedy granted to the Contractor for any such hindrance or delay. This extension of time shall only be granted by the Commissioner of Public Works or by the Deputy Commissioner of Highways.
- 19) The US Dept of Labor counts a minority female towards both Minority and Woman goals. Therefore, the calculation of minority participation on this federal aid project may actually be higher if any female in the workforce is a minority.

- 20) Buy America provisions of the NYSDOT Standard Specifications are to be adhered to, for these Projects, and will be strictly enforced!

PROJECT SPECIFIC NOTES:

1. Bids will not be accepted unless the bid package is downloaded directly from www.erie.gov/dpw and contract information is captured.
2. Liquidated Damages for Deficiencies in Maintenance and Protection of Traffic: Calendar days during which there are substantial deficiencies in compliance with the requirements of Maintenance and Protection of Traffic will be considered deficient days for Maintenance and Protection of Traffic. CONTRACTOR shall pay OWNER \$500.00 per day for each calendar day determined to be substantially deficient by the ENGINEER.
3. It is the contractor's responsibility to obtain any and all necessary New York State Permits prior to starting work.
4. The Contractors attention is drawn to section 619 of the NYSDOT standard specifications, and the current NYSDOT standard sheets for compliance with work zone traffic control during construction. It shall be the Contractors responsibility to know and comply with these requirements.
5. Any storage yard or staging area needed by the Contractor that cannot be accommodated within the project Right of Way must be secured and paid for by the Contractor.
6. The Contractor shall plan his/her work operations so that whatever is excavated is able to be backfilled to the top of the subbase layer by the end of each work day, A.O.B.E.
7. Utility locations shown on the plans are approximate only. It shall be the responsibility of the Contractor to determine the actual locations by contacting the appropriate Utility companies prior to any earthwork or structural removal. The Contractor must coordinate their schedule of operations with these Utility Companies.
8. Notify the one call center (call 811) in accordance with regulations, typically 3 to 10 days prior to starting any work that might be considered excavation or demolition. Postponing the job will likely require re-notification to the one call center.
9. After commencement of excavation or demolition work, the Contractor is responsible for protecting and preserving the staking, or marking until excavation or demolition work in the area is complete. If necessary, call the one call center to have the lines remarked.
10. Where an underground facility has been staked, marked or otherwise designated, verify the precise location, type, size, direction of run and depth of the underground facility. Use prudent techniques such as vacuum excavation or hand-dug test holes, to verify the precise location of facilities. It is best to verify prior to excavating in the general area, but verification must be done prior to excavating in the tolerance zone. Call the facility owner if a marked facility cannot be found.

11. Report immediately to the facility owner any break, leak, dent, gouge, or other damage to the facility owner's lines made or discovered during the course of excavation or demolition work, including damage to pipeline coatings, locating wire and cables for cathodic protection.
12. Those contractors bidding this project are to note that the Notice to Award is planned to be within 90 days of the bid opening date for this particular contract.
13. A Storm Water Pollution Prevention Plan (SWPPP) is not required for this project. Best management practices shall be followed per the General Notes on the contract plans.
14. The Contractor must submit a Health and Safety Plan at the pre-construction meeting. This plan must include provisions for COVID-19.
15. The Contractor selected for the project shall be required to name the County of Erie, Town of Amherst, Village of Akron, & Town of Orchard Park as additional insured on all County required liability insurance policies and certificates of liability insurance.
16. Coordination with Utilities
The Contractor shall coordinate his schedule of operations with the various Utility owners involved with the project and shall verify utility information found in the contract documents.
17. Contractors attention is brought to the Vendor Responsibility Questionnaire – Please note that just filing the form is insufficient. If a CCA-2 was filed online through the OSC site, a responsibility review must still be completed by NYSDOT before work can start. Therefore, once certified on-line, the entity must notify NYSDOT via email at VendorResponsibility@dot.ny.gov, which will initiate the review process.
18. The Contactor's attention is drawn to the Akron Falls Park Site Plan, where the County currently completed paving along the Park Access Road. To avoid tearing up their new pavement to install conduit for this project, the County installed approximately 80 LF conduit. The quantities for this work (conduit excavation, installation, and restoration) along this 80 LF, including across the access road, is not included in this project.
19. A cellular option shall be provided for each vehicle charging station. The County at this time will not activate cellular service for payment of use but will require ability to do so in the future without significant investment to active.
20. Ellicott Creek Park: If a particular electric vehicle charge station is not on the approved National Grid list, contact Mark Siegal at mark.siegal@nationalgrid.com to obtain approval.

SPECIAL INSTRUCTIONS TO THE CONTRACTOR Continued

2. Be aware of the conditions of Paragraph C, Special Instructions, and take every precaution to protect to the best of his ability those utility facilities above and below ground.
3. Time is of the essence and award of this contract shall be, consistent with the requirements of General Municipal Law, Section 103, based on a Contractor who can show an ability to timely and properly complete the project.

The Contractor shall demonstrate this ability by submitting the following with his bid proposal:

- a. The name of a qualified Superintendent selected by the Contractor who has a proven ability to complete projects on time, in accordance with Contract terms, and has a minimum of at least one year's experience as a Superintendent on a similar type and size of project. The Superintendent's name shall be indicated on the construction schedule.

The Superintendent shall be maintained on the work full time and give efficient supervision to the work until its completion. The Superintendent shall have full authority to act on behalf of the Contractor, and all directions given to the Superintendent shall be considered given to the Contractor. In general, the Engineer's instructions shall be confirmed in writing and always upon written request from the Contractor. The Superintendent shall attend all scheduled project meetings. (These may be scheduled weekly, bi-weekly, monthly or as scheduled by the Engineer.)

- b. A construction schedule which shall list the various operations to be performed and indicate the time period during which the work will be accomplished.

The construction operations shall include as applicable, but are not limited to:

- Survey
- Construction Signs
- Binder and Top
- Pavement Markings
- Excavation
- Utilities
- Topsoil
- Seed
- Signs

Additionally, the schedule shall state the manpower to be used for each operation. This shall include the number of men required for each operation for each day (maximum, minimum, and average manpower per day). Also, a short description of the tasks involved in each operation is required, i.e. under Clearing and Grubbing, define what section of project is to be worked on (North side of road between Sta. ___ to Sta. ___).

For sample schedule and description of tasks see pages SI-17 and SI-18.

The purpose of this schedule is to provide assurance that this project will be completed on time and it shall not be deemed to shift responsibility for the performance of the Contract from the Contractor to the County.

- c. The construction schedule, along with the list of operations, shall be attached to the inside of the back cover of the proposal.
 - d. The Commissioner reserves the right to waive all informalities.
4. The Contractor shall not disturb the existing pavement in a manner that will interfere with snow removal or vehicular movement during the winter months. It is, therefore, entirely the Contractor's liability to maintain a smooth riding pavement should he elect to construct the necessary cross culverts and/or the foundation course.
 5. Remove, store and protect from loss or harm the Owner's chattels, viz., road signs, directional signs, posts, rails, barricades, pipes, etc., and replace in accordance with Item 619.01.
 6. ~~The Contractor shall prepare and erect project identification signs that conform to the layout on page SI-19 of this document. The placement of the signs shall be as ordered by the Engineer. The cost of the signs shall be included in the price for Item 619.01. Failure to provide signs as detailed on this drawing or as requested by the Engineer will result in a deduction of \$1,500 per sign from the price bid for Item 619.01.~~
 7. The Contractor's attention is directed to Section 107-01 of the New York State Department of Transportation Standard Specifications requiring procurement of all necessary licenses and permits not at the Owner's expense; further it requires the Contractor to observe all federal, state and local laws and regulations which may affect the Contractor's operations on this project. This information is provided as a convenience to bidders and contractors. It is not intended to be all-inclusive and does not relieve the Contractor of his responsibility to determine which federal, state and local laws and regulations apply to his operations on this contract and to comply with them. A partial list of some of the most recent requirements follows:
 - a. Article 23, Title 27 of the Environmental Conservation Law, known as the "New York State Mined Land Reclamation Law," regulates borrow pits and aggregate sources outside state project areas where more than one thousand tons of minerals are removed from the earth within any twelve successive calendar months. Applications for permits to operate such facilities must be made to the New York State Department of Environmental Conservation.

- b. Industrial Code Rule No. 53, as amended, issued by the State of New York Department of Labor, Board of Standards and Appeals, regulates the reporting of construction, excavation and demolition operations at or near underground facilities.
- c. Article 24 - Freshwater Wetland Act, an Act amending the Environmental Conservation Law, in relation to the regulation, management, protection and conservation of the freshwater wetlands of the State. This Act would require the Contractor to secure a permit from the clerk of the local government having jurisdiction or the State Department of Environmental Conservation if he wishes to undertake any regulated activities (such as excavation of borrow or disposal of soil material) upon freshwater wetlands as designated by the Commissioner of Environmental Conservation.
- d. Chapter 418 of the Laws of 1975 added a new Section 380-a to the Vehicle and Traffic Law requiring covering of vehicles transporting loose material except under certain circumstances. The New York State Department of Transportation has promulgated rules and regulations concerning the covering of loose cargo which may be found in 17 NYCRR, Part 158.
- e. When work is specified within the right-of-way of a New York State Highway, a New York State Highway Work Permit is required.
- f. All costs associated with the compliance of all laws, regulations and ordinances shall be included in the prices bid for the respective contract items involved unless otherwise provided for in the contract.

8. SUBLETTING OR ASSIGNING THE CONTRACT

The Contractor shall perform with "his own organization", contract work amounting to not less than 50 percent of the original total contract price, except that any items designated by the County as "Specialty Items" so performed shall be deducted from the original total contract price before computing the amount of work required to be performed by the Contractor with his own organization.

- a. "His own organization" shall be construed to include only workmen employed and paid directly by the Contractor and equipment owned or rented by him, with or without operators.
- b. "Specialty Items" shall be construed to be limited to work that requires specialized knowledge, craftsmanship or equipment not ordinarily available in contracting organizations qualified to bid on the contract as a whole and, in general, are to be limited to minor components of the overall contract.

The following list of "Specialty Items" are items of work which require special skills and comprise work which is not relevant to the general type of construction contained in this contract:

<u>ITEM NUMBER</u>	<u>ITEM DESCRIPTIONS</u>
601.01000018	Surface Treatment for Pavements, Type 2, Traffic Grade
618.79ABCN15	Security Bollard
635.04030011	Cleaning & Preparation of Pavement for Pavement Marking Color Surface Treatment
661.700201ER	Electrical Car Charging Station
662.6000nn08	Furnishing Electrical Service
665.10000011	Furnish and Install Bollards
670.01005409	Led Luminaire
670.011XYZ02	Led Highway Luminaire
670.10010005	Light Standard, Special
670.5307NN04	Power Point Disconnect Assembly
670.70020008	Single Conductor Cable
670.75010005	Grounding Rod
670.75XX0011	Ground Wire AWG
671.00010011	Panelboards and Circuit Breakers Selectable Sizes
680.909100ER	Electrical Meter Socket
690.0400NN05	Specialty Work (Electrical)

9. The Contractor shall water seeded and sodded areas and the cost of such watering shall be included in the prices bid for these items.

B. Utilities: The various utility companies which have installations in the contract area shall be notified by the Contractor when he is ready to start work. He shall cooperate with utility companies in the relocation of their facilities and in protecting such services and appurtenances as may be exposed to hazard during his work.

The Contractor is cautioned that the location of utilities shown on the Contract Plans is not guaranteed, nor is there any guarantee that all such lines within the Contract limits have been shown on the plans. It will be the Contractor's responsibility to satisfy himself as to the exact condition and at his own expense to protect and support by sheeting, if necessary, all utilities encountered.

C. Clearing and grubbing shall include work as ordered by the Engineer on the entire area between the right-of-way lines.

D. The Contractor shall mow all grass and weeds to a minimum height of six inches on all areas between right-of-way lines before final acceptance of the project.

E. County Roads in the vicinity of this project are not capable of sustaining the traffic of heavy loads under certain conditions of weather and moisture. The Contractor's attention is specifically called to the fact that the Deputy Commissioner-Highways will cause any road that is being damaged by heavy loads to be posted to a restricted loading. This limited loading restriction will not be removed for the hauling of road materials to the contract site without a suitable guarantee by the Contractor that he will repair the damaged sections of the roads at his own expense. The Contractor, in accepting this contract, will hold the County free from any liability because of the added cost. No loads will be accepted on the contract site if the loads transported exceed the limits of Article 10 of the Vehicle and Traffic Law. The maximum legal loadings are hereby stipulated:

(a) Maximum gross load - per axle = 11 tons

- (b) Maximum gross load - two axles = 18 tons
(c) Maximum gross load - more than two axles = 35 1/2 tons
Variations of (b) and (c):

- (b) Variations of this restriction include (1) tandem rear axles less than forty-six (46) inches apart being deemed as a single axle; (2) consecutive axles being less than ten (10) feet apart.
- (c) Variations of this restriction include tractor-trailers, whereby seventeen (17) tons plus the distance between the outermost axles times one thousand (1000) equals gross weight which shall not exceed thirty-five and one-half (35 1/2) tons.

F. DRAINAGE

Plugging - Where existing drainage structures are removed, the outlet pipe is to be removed and plugged at the structure, and/or plugged at the main, as ordered by the Engineer.

No direct payment will be made for this work. The cost to be included in the price bid for the drainage items in the Contract.

Tap-ins - Where the Contractor is required to break into existing structures or pipes for the proper installation of the storm drain system, no separate payment will be made for this work, but the cost thereof, shall be included in the price bid for the pipe items.

Temporary - The Contractor shall provide all temporary drainage facilities required to insure the satisfactory drainage of the entire project during construction. Unless specified otherwise, no direct payment will be made for temporary pipes, structures, ditches, channels and special grading, but the cost shall be included in the price bid for all the items of this contract.

G. USGA, USC & GS - BENCH MARKS OR OTHER GOVERNMENT MARKS

Whenever the Contractor encounters, in his work, any Government bench or reference mark, he shall report same to the Engineer in Charge who will instruct the Contractor in the procedure to be followed to provide the necessary protection and/or survey work required to transfer and reference the mark so it can be reestablished or relocated.

The Contractor will be responsible for the protection of the "mark", and it is noted that anyone who disturbs a Government "mark" is subject to both fine and imprisonment if proper arrangements are not made before the mark is disturbed.

H. NOTIFICATION OF FIRE, POLICE AND POSTAL AUTHORITIES

The Fire, Police and Postal Authorities for the areas concerned in this contract shall be notified in advance of the beginning of construction of the proposed schedule and shall be kept apprised of progress of the work in order to coordinate and maintain sufficient Fire and Police protection and Postal service.

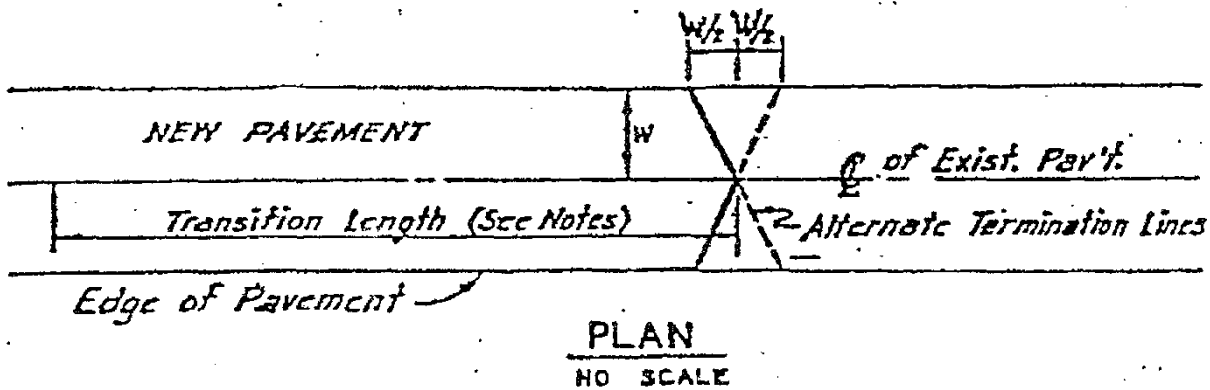

The Contractor shall file with the above agencies a list of the names, addresses and telephone numbers

of the principals or their authorized representatives who can be contacted at any time in the event of an emergency. The Contractor shall also provide the Engineer with a copy of the list noted above.

I. "BUTT" JOINTS FOR ASPHALT CONCRETE TRANSITIONS

Butt Joints will be required on the main line at the junction of the new and existing pavements, at major intersections or A.O.B.E. to provide a smooth riding pavement transition. "BUTT" JOINTS FOR ASPHALT CONCRETE TRANSITIONS

The following sketch shall be used as a guideline for constructing the transitions:

NOTES: The length of transition will be determined by existing gradients, depth of new asphalt courses and A.O.B.E. Areas that are over excavated or rough cut shall be brought up to "Proposed Pavement Removal Limits" with an acceptable leveling course. Tack coats shall meet the requirements of Subsection 702-3401.

When cement concrete finished pavement is to be resurfaced with asphalt concrete, the Contractor may prefer to remove pavement to its full depth within the joint slot area to construct the "Butt" joint. This area will be regraded and the pavement replaces with Asphalt Concrete in a manner acceptable to the Engineer.

Payment for excavation, disposal, sawing pavement, tack coats and regrading subbase courses within the slotted areas shall be included in the prices bid for the various asphalt concrete items in the Contract.

J. DRIVEWAYS AND ENTRANCES

Driveways and entrances will be re-established where ordered by the Engineer with material in the Contract matching as near as possible the original construction or as shown on the plans or as ordered by the Engineer. These materials will be paid for under the appropriate contract items.

Driveways and Entrances beyond the right-of-way will be re-established upon request of the abutting property owner affected, in accordance with Section 118, Sub.Paragraph 6 of the Highway Law.

K. REMOVAL OF EXISTING PAVEMENT, DRIVEWAYS AND SIDEWALKS

Where existing concrete or bituminous pavement, sidewalk and driveway courses are to be removed, they shall be saw cut to prevent irregular breakage and removed in such a way that the edge of the adjoining course to remain will be straight and cleanly cut.

Care should be used to prevent damage to underground facilities. The breaking up of existing pavement by means of dropping a heavy weight, known as a "head buster" or pavement breaker, will NOT be permitted.

All costs incidental to such work shall be included in the price bid for those items which require this procedure.

L. GUIDE RAIL

The Contractor's attention is directed to the fact that the practice of erecting guide rail, mall barrier and median barrier on their respective posts overnight and on weekends and holidays without completely bolting the beam splices will not be permitted. All rail and barrier in place during these times shall be structurally complete.

M. DRUG AND ALCOHOL PROGRAM

The Contractor will be required to comply with the drug and alcohol program as set forth under Federal Law CFR, Title 49, Part 40 and 382. Therefore, the Contractor must complete the "Acknowledgement of Drug and Alcohol Testing Program Compliance" form (DA-1) included herein and submit it with the bid.

N. Every worker employed in the performance of a public work contract shall be certified as having completed an OSHA 10 safety training course.

O. All contractors and sub contractors must attach a copy of proof of completion of the OSHA 10 course to the first certified payroll submitted to the contracting agency and on each succeeding payroll where any new employee is first listed.

Proof of completion may include but not limited to:

- copies of bona fide course completion card;
- training roster, attendance record of other documentation from the certified trainer pending issuance of the card.

A certification by the employer attesting that all employees have completed such course is not sufficient proof that the course has been completed.

Any questions regarding the statute may be directed to the New York State Department of Labor, Bureau of Public Work at 518-485-5696.

~~P. SPDES GENERAL PERMIT COMPLIANCE~~

~~The Contractor shall not cause or contribute to the Erie County Department of Public Works, Division of Highways (“Division”) violating any of the terms, conditions, or requirements of the New York State Pollutant Discharge Elimination System (“SPDES”) General Permit for Stormwater Discharges from Municipal Separate Storm Sewer Systems (“MS4s”), Permit No. GP-0-08-002, as amended or revised (“SPDES MS4 Permit”) and the Contractor shall not violate any of the terms, conditions, or requirements of the SPDES General Permit for Stormwater Discharges from Construction Activity, Permit No. GP-0-08-001, as amended or revised (“SPDES Construction Permit”).~~

- ~~1. *Illicit Discharge Prohibition.* In accordance with the terms of the SPDES MS4 Permit, the Contractor shall not discharge or allow to be discharged any materials other than stormwater into the municipal separate storm sewer system, which shall be deemed to include any roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man made channels, or storm sewers, any of the foregoing of which are owned or operated by a publicly funded entity, including a City, Town, Village, or County in New York State; are designed or used for collecting or conveying stormwater; are not a combined sewer; and are not part of a Publicly Owned Treatment Works, as defined at 40 CFR § 122.2, except as provided in the SPDES MS4 Permit. In addition, the Contractor shall not cause or contribute to a violation of an applicable water quality standard.~~

- ~~2. *SWPPP Requirement.* In accordance with the terms of the SPDES Construction Permit, if the work to be performed in accordance with this Itemized Proposal, Special Provisions, and Contract (“Contract”) disturbs one (1) acre or more of land, or less than one acre that is part of a larger common plan of development or sale disturbing one (1) acre or more of land in the aggregate (“Land Disturbance Activity”), then the Stormwater Pollution Prevention Plan (“SWPPP”) prepared for the project by a professional engineer or landscape architect licensed in the State of New York shall be attached to this Contract.~~

- ~~3. *Contractor and Subcontractor Certification.* The Contractor shall sign and date a copy of the following certification statement before undertaking any Land Disturbance Activity and shall ensure that any subcontractor who will be involved in soil disturbance and/or stormwater management practice installation shall also sign such certification statement: “I hereby certify that I understand and agree to comply with the terms and conditions of the Stormwater Pollution Prevention Plan and agree to implement any corrective actions identified by the qualified inspector during a site inspection. I also understand that the owner or operator must comply with the terms and conditions of the New York State Pollutant Discharge Elimination System (“SPDES”) general permit for stormwater discharges from construction activities and~~

~~that it is unlawful for any person to cause or contribute to a violation of water quality standards. Furthermore, I understand that certifying false, incorrect or inaccurate information is a violation of the referenced permit and the laws of the State of New York and could subject me to criminal, civil and/or administrative proceedings.” Such certification statement shall include the name and title of the individual providing the signature, the address and telephone number of the Contractor or subcontractor, the address (or other identifying description) of the construction site, and the date the certification is made. A copy of all such certification statements shall be attached to and become a part the SWPPP.~~

THE ERIE COUNTY WORKFORCE DEVELOPMENT AND DIVERSIFICATION
NEW YORK STATE CERTIFIED WORKER TRAINING PROGRAM

1. County of Erie Local Law No. 3-2018

COUNTY OF ERIE
LOCAL LAW INTRO NO. 3 - 2018
LOCAL LAW NO. 3 - 2018

A LOCAL LAW in relation to a requirement for New York State Certified Worker Training Programs by contractors and subcontractors under construction contracts, as defined herein, with the County of Erie.

BE IT ENACTED BY THE ERIE COUNTY LEGISLATURE AS FOLLOWS:

Section 1. Legislative Intent.

The Erie County Legislature hereby finds, declares and determines that:

- A. New York Labor Law Section 816-b specifically authorizes this Local Law.
- B. There has been a long and productive history of partnership between labor and management in the training of workers in New York State.
- C. New York State Certified Worker Training Programs are valuable educational and training tools for the local workforce by reducing reliance on out-of-area labor for construction projects.
- D. New York State Certified Worker Training Programs provide opportunities to residents in this area through training and education for skilled jobs.
- E. These skilled jobs allow us to reinvest our taxpayer dollars spent on local construction projects so that local workers and local tax dollars remain within the local community.
- F. It would be valuable to encourage labor and business/industry to participate in New York State Certified Worker Training Programs to meet the increased need for trade persons while providing residents the means to earn a better living and fostering the local and regional economies.
- G. It is valuable for local government to encourage broad participation in such New York State Certified Worker Training Programs by the residents of Erie County and to foster the equal opportunity of men and women of all races and backgrounds to participate in order to enhance workforce development and diversification, and to prevent exclusionary practices which have historically excluded women and minorities.
- H. The New York State Department of Labor sets objective standards and provides oversight for New York State Certified Worker Training Programs. These Programs are important because they require on-the-job training and classroom training, and provide objective industry standards. In effect these programs lead to a standardized, cost effective and skilled local workforce.
- I. Nothing in this Local Law should be read to abrogate the duty of Erie County with respect to its MBE/WBE requirements.

Section 2. Short Title.

This Local Law shall be known as "The Erie County Workforce Development and Diversification New York State Certified Worker Training Program."

Section 3. Definitions.

- A. "New York State Certified Worker Training Program" shall mean: a state registered and regulated apprenticeship program through the New York State Department of Labor that has been approved by the New York State

Commissioner of Labor in accordance with Article 23 of the New York Labor Law, that includes the following standards:

- (i) An organized, written plan in place that embodies the terms and conditions of employment, and the training and supervision of one or more workers;
 - (ii) A schedule of wages to be paid to the worker consistent with the skills required and approved by the New York State Department of Labor;
 - (iii) Equal opportunity and affirmative action plans;
 - (iv) Workforce development and diversification goals to ensure that the contractor will diligently work toward a minority workforce goal of 30% minority and female participation combined in project personnel including trades people, trainees, journeymen, apprentices, and supervisory staff; and
 - (v) A minimum of ten (10%) percent of the total construction workers, trades people, trainees, journeymen, and apprentices employed at any given time on a particular project by any and all contractors or subcontractors must consist of persons participating in a New York State Certified Worker Training Program.
- (vi) In all cases, such Certified Apprenticeship Training Program must be specific to the type and scope of work which is being performed and must have a graduation rate of at least thirty percent (30%) as determined by the New York State Department of Labor.**

- B. "Commissioner" shall mean the Commissioner of the Erie County Department of Public Works.
- C. "Construction contract" shall mean projects with a value in excess of \$250,000 where Erie County is a direct or indirect party to the contract which includes more than an incidental amount of construction type activity intended to benefit the public, including all work which is necessary, incidental or connected with the execution of the contract which is performed by construction workers. A public entity need not be party to the construction contract. A construction contract includes: projects that Erie County funds directly, projects that Erie County funds indirectly by providing funds to a separate entity to perform the construction type activity; privately financed construction projects specifically built with the intent of leasing them to any Department of Erie County government; and construction projects built under Erie County's direction and later paid for with Erie County funds.
- D. "Construction subcontract" shall mean any subcontract between a contractor who has a construction contract as defined in Section 3, subdivision C above.
- E. "Contractor" or "subcontractor" shall mean a contractor or subcontractor that directly employs construction workers, as defined below, under a construction contract or construction subcontract, as defined herein, for which a New York State Certified Worker Training Program is required.
- F. "Construction worker" shall mean an individual directly involved in the construction, reconstruction, improvement, rehabilitation, installation, alteration, renovation, demolition or otherwise providing for any building, facility, roads, highways, bridges, or physical structure of any kind, but does not include professional services employees or those construction workers for which a New York State Certified Worker Training Program does not exist.

Section 4. Requirements.

- A. Any contractor, prior to entering into a construction contract as set forth in section 3 (C) above, or any subcontractor entering into a construction subcontract with a contractor who has a construction contract with the County of Erie is required to have in place and provide written proof of same at the time of bid a New York State Certified Worker Training Program, either internally to the contractor or subcontractor and/or through an organization servicing several contractors or subcontractors, appropriate for the type and scope of work to be performed.
- B. Any contractor or subcontractor, as defined herein, shall strive to meet the minimum workforce development and diversification goals set forth in section 3(A) (iv) above. Such contractors and/or subcontractors shall provide the Commissioner or designated compliance officer with the following:
 - (i) A monthly workforce census and such other employment and/or payroll records necessary to verify an attempt

to achieve the workforce development and diversification goals set forth in Section 3(A)(iv) above.

(ii) Access to and cooperation with the project compliance officer to review records on-site and/or at worksite premises to validate attempts to achieve the workforce development and diversification goals set forth in Section 3(A)(iv) above.

(iii) With bid submission, a statement committing to providing apprenticeship training opportunities to workers, as well as details of workforce diversification recruiting program directed at attracting candidates to fill positions to meet the minimum workforce development and diversification goals set forth in Section 3(A)(iv) above.

Section 5. Rules & Regulations.

As of the date this Local Law becomes effective, the Commissioner of the Erie County Department of Public Works shall promulgate such rules and regulations that are lawful, necessary and appropriate to implement, enforce or otherwise carry out the purposes of this Local Law, provided that the Legislature, by simple majority, has not voted to disapprove such rule or regulation within sixty (60) days from the Commissioner's written notice to the Legislature that such rule or regulation has been promulgated.

Section 6. Equal Employment Monitoring.

There shall be an Independent Monitor to report on the compliance of each County contractor and subcontractor with this Local Law's workforce development and diversification goals. The Commissioner of DPW shall develop regulations that provide for the compensation of the Independent Monitor.

The Monitor shall monitor and review every facet of construction to report what percentage of the goals that are established for minority and female participation are met or exceeded. The Monitor shall report to the Equal Employment Opportunity Office on the compliance of each contractor and subcontractor with the workforce development and diversification goals. The Monitor shall file monthly reports with the Equal Employment Opportunity Office regarding the actual workforce development and diversification goals, including reporting all instances of non-compliance; make appropriate recommendations to the Equal Employment Opportunity Office when non-compliance is evident with supportive documentation; develop a database of the workforce of each contractor and subcontractor to provide a visual format of each contractor's workforce, both monthly and year-to-date cumulative totals on each construction contract.

Section 7. Compliance.

The Director of Erie County Division of Equal Employment shall ensure that all contractors and subcontractors entering into a construction contract as it is defined herein, maintain records which prove that each construction worker as it is defined herein, signs in and out at the beginning and end of each day, listing next to his or her name his or her craft, and status as journeyman or apprentice, if applicable.

Section 8. Penalties.

Violation of any provision of this Local Law shall constitute cause, grounds or other legal justification for termination of any contractual agreement with any contractor or subcontractor engaged in a construction contract or construction subcontract with the County, in accordance with County and state laws, rules and regulations governing the termination of such contractual agreements.

Section 9. Severability.

If any clause, sentence, paragraph, subdivision, section or part of this Local Law or the application thereof, to any person, individual, corporation, firm, partnership, entity or circumstance, shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional such order of judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this Local Law or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such judgment or order shall be rendered.

Section 10. Applicability.

This Local Law shall apply to construction contracts advertised for bids on or after the effective date.

Apprenticeship agreements currently in place as of the effective date of this Local Law which are still in probationary status or apprenticeship agreements which were in probationary status during the period preceding the specific trade's program length as set forth in the New York State Prevailing Wage Schedule, shall be exempt from the 30% apprenticeship graduation requirement specified in Section 3 (A) (vi) for the period measured from the date the apprenticeship program is registered with the New York State Department of Labor plus the specific trade's program length plus two years.

Section 11. Effective Dates.

This Local Law shall take effect 30 days after the filing with the Secretary of State, in accordance with Section 27 of the New York State Municipal Home Rule Law.

2. Rules and Regulations Adopted by the Erie County Commissioner of Public Works Regarding Local Law No. 2-2006

**RULES AND REGULATIONS ADOPTED BY THE
ERIE COUNTY COMMISSIONER OF PUBLIC WORKS
PROMULGATED FOR LOCAL LAW 2-2006 AND STILL BEING USED FOR THE PURPOSES OF:
COUNTY OF ERIE
LOCAL LAW NO. 3-2018**

A LOCAL LAW in relation to a requirement for New York State Certified Worker Training Programs by contractors and subcontractors under construction contracts, as defined herein, with the County of Erie.

Pursuant to Section 5 of Erie County Local Law No. 2-2006, "the Commissioner of the Erie County Department of Public Works shall promulgate such rules and regulations that are lawful, necessary and appropriate to implement, enforce or otherwise carry out the purposes of this Local Law..." Such rules and regulations are as follows:

1. Definitions.

"Bidders" – an individual or entity which submits a formal Bid for a Construction Contract, as hereinafter defined.

"Bids" – formal bids submitted for a Construction Contract, as hereinafter defined, in accordance with New York General Municipal Law.

"Commissioner" – Erie County Commissioner of Public Works

"Construction Contract" – a contract for a Project which includes more than an incidental amount of construction-type activity performed by persons in trades or careers for which there exists an NYSCATP, as hereinafter defined.

"Contracting Agency" – a department, division, board, agency or office of the County, an entity undertaking a Project that Erie County funds indirectly, or an entity undertaking a Project with the specific intent of leasing the completed Project to the County, which solicits and receives Bids for a Construction Contract.

"Local Law" – Erie County Local Law 2-2006

"Monitoring Agency" – the Erie County Equal Employment Opportunity Office

"New York State Certified Apprentice Training Program" or "NYSCATP" - a state registered and regulated apprenticeship program(s) approved by the Commissioner of the New York State Department of Labor in accordance with Article 23 of the Labor Law and the Rules and Regulations thereto.

"Prime Contractor" – the party with whom the Contracting Agency contracts with on a Project.

"Project" – the construction, reconstruction, improvement, rehabilitation, installation, alteration, renovation, demolition or otherwise of any building, facility, roads, highways, bridges, or physical structure of any kind, estimated by the Contracting Agency as having a cost to complete in excess of \$250,000, for which the County is a direct or indirect party to a Construction Contract. Projects include those: that Erie County funds directly, either in whole or in part; that Erie County funds indirectly, either in whole or in part, by providing funds to a separate entity to perform the construction-type activity; privately financed construction projects specifically built with the intent of leasing the completed project to Erie County; and construction projects built under Erie County's direction and later paid for with Erie County funds.

"Rules" – these rules and regulations promulgated by the Commissioner pursuant to the Local Law.

"Subcontractor" – A subcontractor to a Prime Contractor.

"Workforce" – the total worker hours anticipated on the Construction Contract to be undertaken by workers in careers or trades for which there exists an NYSCATP.

2. Rules and Regulations.

- A. Each Contracting Agency shall include in its bid specifications provisions for the implementation of the Local Law and these Rules. Bids shall demonstrate a Bidder's ability to comply with the Local Law and these Rules and in the event that Bidder is a successful Prime Contractor on a Construction Contract.
- B. Bidder shall submit as part of the Bid a copy of the certification of approval of the NYSCATP by the New York State Department of Labor which will be used by the Bidder in connection with the Construction Contract. Such NYSCATP shall be a NYSCATP registered by the NYS Commissioner of Labor which will be utilized by the Bidder on the Construction Contract by the Bidder as a Prime Contractor or by the Bidder's Subcontractor(s).
- C. As part of its' Bid, Bidder shall provide a written plan demonstrating how apprentices will be utilized by the Bidder as Prime Contractor or by Subcontractor(s) to the Bidder as Prime Contractor. Such plan shall include at a minimum, but not be limited to the following:
- i. An organized, written plan in place that embodies the terms and conditions of employment, training and supervision of one or more apprentices;
 - ii. A schedule of wages to be paid to the apprentices consistent with the skills required and approved by the New York State Department of Labor;
 - iii. Equal employment opportunity and affirmative action plans.
 - iv. demonstration that ten percent (10%) of the Workforce of the Prime Contractor (inclusive of the workforce utilized by any Subcontractor(s) to the Bidder) shall consist of persons participating in New York State Certified Apprentice Training Programs.
- D. In the alternative, Bidder may provide a statement as to the inapplicability of apprenticeship participation on the Prime Contract and the related subcontracts due to the lack of career opportunities in NYSCATP approved by New York State Department of Labor Commissioner or that the magnitude of the Construction Contract would make use of apprentices impracticable. In the event that Bidder provides a statement that there is a lack of such career opportunities or the use of apprentices on the Construction Contract is impracticable, said Bidder may not be deemed non-responsive by virtue of the submission of such a statement, as determined by the Monitoring Agency. Applicability of this section will be viewed within the total Workforce of each Prime Contract and not as a function of each subcontract of the Construction Contract as a whole.
- E. As part of its' Bid, Bidder shall provide affirmation of its commitment toward acceptable achievement or progress towards the County of Erie workforce development and diversification goal in all construction contracts of thirty percent (30%) minority and female participation combined in project personnel including trades people, trainees, journeymen, apprentices and supervisory staff.
- F. Contracting Agency may determine prior to the advertisement of bids for the Project or prior to the award of Bids that the nature of the Construction Contract does not provide an adequate opportunity for the use of NYSCATP for such reasons including, but not limited to, that:
- i. 75% or more of the value of the Construction Contract involves material, equipment and/or supplies; or
 - ii. there is a lack of NYSCATP approved by the Department of Labor for at least 75% of the work hours anticipated to be spent on construction-type activity involved in the Construction Contract; or
 - iii. the Construction Contract is in response to an emergency condition; or
 - iv. the Project is estimated to cost less than \$250,000; or
 - v. none of the bids received were from Bidders who had an NYSTACP.
- G. All Bids shall be reviewed by the Monitoring Agency within 10 business days of delivery of the Bids by the Contracting Agency to the Monitoring Agency. A Contracting Agency shall not reject any Bid as being non-responsive to the requirements of the Local Law and these Rules, unless the Monitoring Agency, within 10 business days of receipt of Bids from the Contracting Agency, provides the Contracting Agency with a written report recommending non-responsiveness of the Bidder and the reasons therefore. Determination of a Bidder's compliance with the Local Law and these Rules shall be the responsibility of the Monitoring Agency.

H. The Contracting Agency is permitted to require within the Bid specifications for a Project, a reasonable fee for the Prime Contractor to hire an independent monitor to review and report on the diversification goals of the Local Law.

3. Effect.

These Rules and Regulations shall become effective immediately. No Rule or Regulation promulgated herein shall be disapproved by the Erie County Legislature unless and until such time as the public, following 10 days advertised notice, is given the opportunity to comment upon such rule or regulation.

Pay Equity Certification on County Contracts

During the term of this Contract, the Awardee shall comply with Executive Order 13 (2014), and the Awardee shall make such records available, upon request, to the County's Division of Equal Employment Opportunity for review. The County shall have the right, upon reasonable notice and at reasonable times, to inspect the books and records of the Awardee, its offices and facilities, for the purpose of verifying information supplied in the Erie County Equal Pay Certification and for any other purpose reasonably related to confirming the Awardee's compliance with Erie County Executive Order No. 13 (2014). Violation of the provisions of Executive Order 13 (2014), which is attached hereto and made a part hereof, can constitute grounds for the immediate termination of this contract and may constitute grounds for determining that a bidder is not qualified to participate in future county contracts.

Executive Order #013

Pay Equity Certification on County Contracts

WHEREAS, federal law, including the Equal Pay Act of 1963, Title VII of the Civil Rights Act of 1964 and Federal Executive Order 11246 of September 24, 1965 (Equal Employment Opportunity) (together "Federal Equal Pay Law"), requires that men and women in the same workplace be given equal pay for equal work; and

WHEREAS, Section 194 of New York State Labor Law ("NYS Equal Pay Law") prohibits compensating men and women differently for the same work; and

WHEREAS, on average, a full-time working woman in New York State earns just 85 cents for every dollar that a man earns and the pay gap is even greater for African-American and Latina women; and

WHEREAS, females make up nearly fifty-two percent of Erie County's population; and

WHEREAS, women make up nearly half of the U.S. labor force and are a growing number of breadwinners in their families; and

WHEREAS, this pay differential shortchanges women and their families by thousands of dollars a year, and potentially hundreds of thousands of dollars over a lifetime, presenting a lifelong threat to those families' economic security and reducing their earnings through Social Security and other post retirement plans; and

WHEREAS, poverty is recognized as a leading cause of or contributing factor to many social problems, including but not limited to substance abuse, domestic violence, child abuse, improper nutrition, obesity, improper health care and criminal conduct; and

WHEREAS, the impact of pay differentials is exacerbated as workers age, causing underpaid workers to disproportionately rely upon various forms of public support in their retirement years; and

WHEREAS, pay inequity can significantly impact the County, necessitating the provision of various public subsidies for low income residents and leading to the lack of receipt of income by women residents which would be spent in our local economy; and

WHEREAS, through the enforcement of current state and federal laws that ban unequal pay for equal work, Erie County can help ameliorate the many negative consequences of pay inequality, thereby improving the lives of those who might otherwise be underpaid, strengthening families and protecting children, and reducing the demand for public services, all positively impacting county, state and federal budgets.

NOW, THEREFORE, I MARK C. POLONCARZ, Erie County Executive, by virtue of the authority vested in me by the Erie County Charter § 302, do hereby order as follows:

1. It is ordered that on and after January 1, 2015, all Erie County offices, departments and administrative units, including but not limited to the Division of Purchase, fully implement a requirement in all bids, requests for proposals and other contract solicitations that the contractor submit an Erie County Equal Pay Certification which certifies the contractor's compliance with Federal Equal Pay Law and New York State Equal Pay Law (together, the "Equal Pay Laws"). Such certification shall be required prior to execution of the contract; and it is,
2. Further ordered that such certification shall include a representation by the contractor that it has not been the subject of an adverse finding under the Equal Pay Laws within the previous five years and shall include disclosure of any currently pending claims against the contractor; and it is,
3. Further ordered that violation of any provision of the Equal Pay Laws during the effective period of such a contract or the filing of a false or misleading Erie County Equal Pay Certificate may constitute grounds for immediate termination of such a contract; and it is,
4. Further ordered that violation of any provision of the Equal Pay Laws during the effective period of such a contract or the filing of a false or misleading Erie County Equal Pay Certificate may constitute grounds for determining a bidder or responder is not qualified to participate in future County contracts; and it is,
5. Further ordered that the Law Department prepare an Erie County Equal Pay Certification for use by Erie County offices, departments and administrative units and assure compliance with this Executive Order in the contract approval process; and it is,
6. Further ordered that the County Division of Equal Employment Opportunity ("EEO") establish a procedure for compliance monitoring and periodic auditing of certification records; and it is,

GIVEN, under my hand and the Privy Seal of the County of Erie in the City of Buffalo this 28th day of October, in the year two thousand fourteen.

COUNTY OF ERIE
BY: 
MARK C. POLONCARZ
ERIE COUNTY EXECUTIVE

SUPPLEMENTAL TITLE VI PROVISIONS (CIVIL RIGHTS ACT)

APPENDIX A-1

APPENDIX A-1 SUPPLEMENTAL TITLE VI PROVISIONS (CIVIL RIGHTS ACT)

(To be included in all contracts)

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

- (1) Compliance with Regulations: The contractor shall comply with the Regulation relative to nondiscrimination in Federally assisted programs of the Department of Transportation of the United States, Title 49, Code of Federal Regulations, Part 21, and the Federal Highway Administration (hereinafter "FHWA") Title 23, Code of Federal Regulations, Part 200 as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.
- (2) Nondiscrimination: The Contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, religion, age, color, sex or national origin, sex, age, and disability/handicap in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR, section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- (3) Solicitations for Subcontractors, Including Procurements of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin, sex, age, and disability/handicap.
- (4) Information and Reports: The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by NYSDOT or the FHWA to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify to NYSDOT's Office of Civil Rights or FHWA, as appropriate, and shall set forth what efforts it has made to obtain the information.
- (5) Sanctions for Noncompliance: In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, NYSDOT shall impose such contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:
 - a) Withholding of payments to the contractor under the contract until the contractor complies; and/or
 - b) Cancellation, termination or suspension of the contract, in whole or in part.
- (6) Incorporation of Provisions: The contractor shall include the provisions of paragraphs (1) through (6) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto.

The contractor shall take such action with respect to any subcontractor procurement as NYSDOT or the FHWA may direct as a means of enforcing such provisions including sanctions for non-compliance: Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request NYSDOT to enter into such litigation to protect the interests of NYSDOT, and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

ITEM 601.01000018 SURFACE TREATMENTS FOR PAVEMENTS, TYPE 2, TRAFFIC GRADE

DESCRIPTION

Install a coarse surface treatment at the locations noted in the plans and in the color and texture as specified in the contract documents.

MATERIALS

Binder.

- Composed of a two component epoxy or other polymer binder system.
- Resist deterioration when exposed to sunlight, gasoline, oil, salt, water or adverse weather conditions.
- Shelf life of 1 year after manufacture.
- Be compatible with and provide a firm bond to the surface it is being applied to (asphalt or concrete).
- Be compatible with and provide a firm bond to the aggregates being applied to the surface.
- Not contain 0.1% or more of any chemical listed by the International Agency for Research on Cancer (IARC), the National Toxicology Program (NTP), or regulated by the US Occupational Safety and Health Administration (OSHA) as a carcinogen.
- Conform to current Federal, State and Local air pollution regulations, including those for the control (emission) of volatile organic compounds (VOC) as established by the U.S. EPA and the NYSDEC.
- Physical requirements:

EPOXY BINDER REQUIREMENTS		
Property	Requirement	Test Method
Ultimate Tensile Strength	2,000 psi min.	ASTM D638
Compressive Strength	1,600 psi min.	ASTM D695
Peak Exothermic Temperature	150°F min.	ASTM D2471
Water Absorption	Less than 0.25%	ASTM D570
Shore Hardness	70 min.	ASTM D2240
Bleed Test	Little trace	Swab test visual 7 days @ RT
Cure Rate	3.5 hours max.	Thin Film @ 75°F

Aggregates.

- Traffic Grade aggregates must meet §401-2.02 B. Coarse Aggregate Type F2 Conditions.
- Be clearly labeled and in a dry and clean condition upon delivery to the job site.
- Be maintained and stored in a dry and clean condition prior to use.

ITEM 601.01000018 SURFACE TREATMENTS FOR PAVEMENTS, TYPE 2, TRAFFIC GRADE

Currently approved systems:

Product Name	Manufacturer
Crafco HFS	Crafco
FrictionPave	Pattern Paving Products
TyreGrip	Prismo/Jarvis
Safe-T-Grip	Traffic Calming USA

CONSTRUCTION DETAILS

The Contractor shall submit to the Engineer for approval, all product data on the proposed system, samples of the system displaying the specified colors, and the information on the equipment used in the installation process.

Work shall be performed by a manufacturer certified applicator, or a manufacturer’s representative must be on site to provide technical assistance during surface preparation, material placement, and during any necessary remedial work.

Follow all exposure, respiratory and personal protective equipment controls, handling and safety precautions and spill and disposal procedures as identified by materials safety data sheets (MSDS), labels and other manufacturer’s recommendations for the products used. Provide the Engineer copies of all applicable MSDS sheets and safety literature.

The Contractor shall prepare all surfaces to be treated, and apply surface treatment in accordance with manufacturer’s recommendations and this specification.

Weather Limitations. Do not apply binder material on a wet surface, when the ambient and/or surface temperature is below 50°F or above 95°F, or when anticipated weather conditions would prevent the proper construction of the surface treatment, as determined by the manufacturer.

Surface Preparation. Prior to treatment application, clean and fill all cracks in the placement that are larger than ¼ inch with a manufacturer approved crack sealant. Clean existing surfaces by use of mechanical sweepers, high pressure air or other methods approved by the Engineer prior to use. Blastcleaning, shotblasting or use of mechanical abrading equipment may be required to clean highly contaminated surfaces. Receiving surfaces must be clean, dry and free of all dust, oil, debris and any other material that might interfere with the bond between the epoxy binder material and existing surfaces. Surfaces may need to be washed with a mild detergent, rinsed and dried using a hot compressed air lance. Remove any existing pavement markings as deemed necessary by the manufacturer. Adequate cleaning of all surfaces will be determined by the Engineer and the manufacturer’s representative.

Apply masking as necessary at the perimeter of the area to be treated. Protect all utilities, drainage structures, curb, and any other structure within, and adjacent to, the treatment location

TEM 601.01000018 SURFACE TREATMENTS FOR PAVEMENTS, TYPE 2, TRAFFIC GRADE

against the application of the surface treatment materials. Cover and protect all existing joints, pavement markings and utilities prior to placement. Pavement joints must be maintained and protected. Restore all damaged and/or contaminated joints to an acceptable working condition, to the satisfaction of the Engineer.

A preliminary layer of epoxy may be required to properly fill in open pavement surfaces. If a primer is required, the Contractor shall use a manufacturer-recommended primer.

Installation. Place the surface treatment in accordance with manufacturer's recommended methods and to the thicknesses and details as shown in the Contract Documents. Mix the binder components (A & B) at the proportions specified by the binder manufacturer, using a method which produces an evenly mixed, homogenous product, such as a low speed high torque drill fitted with a helical stirrer, or with an automated system.

The mixed components may be machine or hand applied onto the cleaned surface at the coverage rate specified by the manufacturer. Evenly spread the binder with serrated edge squeegees or with an automated spreading system for single placement areas greater than 500 square yards. Uniformly distribute the binder over the section to be treated and within the temperature range specified. Proceed in such a manner that will not allow the binder material to set up, dry, or otherwise impair retention of the aggregate. Care must be taken when applying binder to sloped surfaces, uniform thickness must be maintained over the entire placement area.

Machine-applied distributing equipment shall include accurate measuring devices and/or calibrated containers and thermometers for measuring the binder temperature prior to placement.

Immediately apply the appropriate aggregate at the rate recommended by the manufacturer to achieve the required density and texture. No exposed "wet spots" of binder shall be visible once the aggregate is placed.

Curing. Allow the treatment to cure in accordance with manufacturer recommendations, approximately 3 hours at an ambient temperature of 68EF, remove the excess aggregate by hand or suction sweeping before opening to traffic. Additional sweeping may be necessary after the system fully cures.

Acceptance Evaluation. Within 90 days after construction of the surface treatment, or prior to contract acceptance, whichever comes first, the Department will evaluate that the aggregate coverage is complete and there is no exposed binder visible. Repair any areas containing exposed binder according to manufacturer's recommendations at no additional cost to the State.

Basis of Approval. All systems shall have completed a successful trial installation of approximately one year at a location approved by the Main Office Materials Bureau. The binder/aggregate system used must be evaluated by the Department 45 days prior to use. The contractor shall submit to the Department product data, MSDS sheets on the proposed system, aggregate samples, and samples of the system displaying the colors and textures specified. Additional quality assurance samples of aggregate and binder components used during installation, at a minimum rate of 1 quart can sample per 100 square yards, or as directed by the Engineer, shall be submitted for testing.

TEM 601.01000018 SURFACE TREATMENTS FOR PAVEMENTS, TYPE 2, TRAFFIC GRADE

Basis of Acceptance. The surface treatment must meet the requirements of this specification and have Manufacturer's certification that it meets the requirements of this specification.

METHOD OF MEASUREMENT

This work will be measured as the number of square yards of surface treatment material installed satisfactorily.

BASIS OF PAYMENT

The unit price bid per square yard shall include the cost of all labor, materials and equipment necessary to satisfactorily complete the work.

ITEM 618.79ABCN15 – SECURITY BOLLARD

DESCRIPTION

This work shall consist of furnishing and installing security bollards, with approved covering or finishes, as shown on the contract documents and as directed by the Engineer.

Definitions:

Deep Foundation: Concrete foundation for bollard or bollard array that is greater than twenty-four inches (24") deep.

Shallow Foundation: Concrete foundation for bollard or bollard array that is less than or equal to twenty-four inches (24") deep.

Bollard Array: A group of two or more bollards pre-assembled to a metal "sled". The assembly may or may not include reinforcing bar. The components are welded together to form a unit.

MATERIALS

The following sections of the standard specifications shall apply:

Structural Concrete	555-2
Precast Concrete – General	704-03
Galvanized Coatings and Repair Methods	719-01
Security Bollards	710-35

Cast-In-Place Foundation:

Foundation shall be per manufacturer's installation instructions unless specifically indicated otherwise in the contract documents.

Concrete: Any concrete necessary for the installation of these bollards, or to restore the site, shall be either Class A concrete meeting the requirements of §501, or meet the requirements shown in the manufacturer's installation instructions, whichever is higher strength.

Reinforcing Bar: Reinforcing bar shall be per manufacturer's specification unless specifically indicated otherwise in the contract documents. Welded reinforcing bar that is part of a bollard or bollard assembly shall be visually inspected on site prior to acceptance.

Precast Foundation:

Only fixed or removable bollards shall be installed with precast foundations.

Precast foundation shall be produced in accordance with §704-03 and manufactured by a precast producer on the Approved List (Group 1) for QC/QA production.

Reinforcing Bar: Reinforcing bar shall be per manufacturer's specification unless specifically indicated otherwise in the contract documents. Welded reinforcing bar that is part of a bollard or bollard assembly shall be visually inspected at the pre-casting facility prior to acceptance.

CONSTRUCTION DETAILS

The manufacturer shall fabricate bollard arrays in a manner that satisfies the plan locations specified in the contract documents without compromising the performance of the system. This may require following a curved alignment for the bollards. It may also require increasing the size of an array and the number of bollards mounted on it in order to achieve the length of the line of the installations.

ITEM 618.79ABCN15 – SECURITY BOLLARD

The manufacturer's written installation instructions shall be strictly adhered to unless the contract documents contain differing instructions specifically addressing the bollards. Any discrepancies or problems will be resolved by the Engineer.

Any concrete removal necessary for the installation of these bollards shall first be saw cut so as not to damage the existing concrete to remain. Prior to saw-cutting and/or excavation, the Contractor shall ensure that the affected area is free from obstacles, including, but not limited to, underground utilities. If utilities are known or discovered to be near the excavation, the Contractor shall take steps to ensure they are not damaged by his/her operations.

The Contractor shall ensure that the bollard(s) are oriented appropriately, with the "attack" side of the bollard facing toward the vehicular traffic. Refer to the manufacturer's installation instructions for additional information.

Any bollard covers or special finishes (e.g. powder coating, painting etc.) shall be one of the options specified in the contract documents.

METHOD OF MEASUREMENT

This work will be measured as the number of each security bollard installed. Bollards supplied in arrays of two or more shall be paid individually (e.g., a 3-bollard array shall be paid as a quantity of three individual bollards).

BASIS OF PAYMENT

The unit price bid per each security bollard furnished and installed shall include the cost of any saw cutting, excavation, and material disposal, and furnishing all labor, materials, and equipment necessary to satisfactorily complete the work. The costs for site preparation and concrete foundation, including steel bar or mesh, shall be included in the cost of this payment item.

Payment will be made under:

<u>Item</u>	<u>Description</u>	<u>Pay Unit</u>
618.79ABCN15	Security Bollard	Each.

Where:

<u>A = Bollard Type</u>	<u>B = Footing Type</u>	<u>C = Foundation Depth</u>
1 = Fixed 0 = Cast-in-Place (CIP)	0 = Shallow	
2 = Removable	1 = Precast 1 = Deep	
3 = Retractable		

and N is an optional identifier for unique features of the bollards. If not used, the default value will be 0. If used the significance of the number will be as defined in the contract documents. Typical uses will be to specify different bollard covers in different locations within the project.

ITEM 635.04030011 CLEANING & PREPERATION OF PAVEMENT FOR PAVEMENT

MARKING - COLOR SURFACE TREATMENT

DESCRIPTION. This work shall consist of cleaning and preparing portland cement and bituminous pavement surfaces for the application of reflectorized pavement marking materials utilizing a combination of grinding and water blasting – both with vacuum recovery of debris. Examples of pavement markings requiring this item include, but are not limited to, paint, MMA, polyurea, thermoplastic and epoxy marking materials.

CONSTRUCTION DETAILS.

General. The work required to clean and prepare pavement surfaces shall be performed in accordance with these specifications, the contract documents and to the satisfaction of the Engineer. Water blasting with vacuum recovery shall be used for all applications of pre-treatment. Grinding with vacuum recovery may be used prior to the water blasting to improve removal efficiency of old lines in a manner that minimizes damage to the pavement surface.

Before any work is begun, a schedule of operations shall be submitted for the approval of the Engineer. When the work is conducted under traffic, the Contractor shall supply all necessary flags, markers, signs, and other devices to maintain and protect traffic.

Whenever grinding and water-blasting are performed, the work shall be conducted in such a manner that the finished pavement surface is not damaged or left in a pattern that will mislead or misdirect the motorist. Any debris not picked up by vacuum recovery that remains on the roadway, including broken parts from cleaning equipment, shall be removed and disposed of in a manner satisfactory to the Engineer.

Limits of Work. Cleaning and surface preparation work shall be confined to the surface area specified for the application of pavement marking materials; or the surface area of existing pavement markings that is specified for removal on the plans, or as directed by the Engineer.

Surface preparation work includes cleaning for lines or cleaning for letters and symbols. Lines will be meant to include: broken line; dotted line; channelizing line; barrier lines; stop lines; crosswalk line and crossbars.

When lines are cleaned, the area of preparation will be the width of the new pavement marking, or existing line, plus 1 inch on each side. When letters and symbols are cleaned the area of preparation will be sufficiently large to accommodate the new marking, or to remove the existing marking.

Cleaning Concrete Curing Compounds. On new portland cement concrete pavements, cleaning operations shall not begin until a minimum of 30 days after the placement of concrete. All new concrete pavements shall be cleaned by water blasting. When water blasting is performed, pavement markings shall be applied no sooner than 24 hours after the blasting has been completed.

The extent of the blasting work shall be to clean and prepare the concrete surface such that:

A. There is no visible evidence of curing compound on the peaks of the textured concrete surface.

MARKING - COLOR SURFACE TREATMENT

- B. There are no heavy puddled deposits of curing compound in the valleys of the textured concrete surface.
- C. All remaining curing compound is intact; all loose and flaking material is removed.
- D. The peaks of the textured pavement surface are rounded in profile and free of sharp edges and irregularities.

ITEM 635.04030011 CLEANING & PREPERATION OF PAVEMENT FOR PAVEMENT

Cleaning Existing Pavement Markings. Existing pavement markings shall be cleaned for the purpose of:

- A. Preparing the pavement surface for the application of new pavement markings in the same location as the existing markings.
- B. To remove existing markings that are in good condition which, if allowed to remain, will interfere with or otherwise conflict with newly applied marking patterns.

It shall be understood that in this context cleaning means the removal of an existing marking. It is not intended that all deteriorated existing pavement markings be removed. Example: If a new marking is applied to an unmarked "gap" in a broken line and the existing broken line pattern is worn or deteriorated, as determined by the Engineer, to the extent that it is not misleading or confusing to the motorist, the existing markings do not require removal.

Pavement markings shall be cleaned to the extent that 95% to 100% of the existing marking is removed. Removal operations shall be conducted in such a manner that no more than moderate color and/or surface texture change results on the surrounding pavement surface.

The determination of acceptable removal will be made by judgment of the Engineer and will be guided by the Department's pictorial standards of acceptable marking removal. Pictorial standards are available from the NYSDOT Materials Bureau.

Replacement of Pavement Markings. The Contractor shall not remove existing pavement markings and leave the highway unmarked overnight.

Disposal of Waste Collected By Vacuum Recovery and Debris Removal. Water blasting equipment used shall recover a minimum of 90% of water applied – leaving no standing water. Vacuumed water shall be filtered for re-use. Any wastewater and collected solid waste shall be disposed of in accordance with all federal, state, and local requirements. Water blasting shall not be performed more than 48 hours prior to PSM installation and the pavement shall be completely dry prior to PSM installation – time varying with temperature and humidity as needed.

OPERATOR REQUIREMENTS. Operators of water blasting and grinding equipment shall have current certification of having successfully completed equipment manufacture’s training for each type, make, and model of equipment used. A copy of such certification shall be provided to the Engineer when requested. Such operators shall take care to remove old and/or conflicting markings and to clean the surface thoroughly while preventing damage to the pavement. The Engineer may disallow any operator

MARKING - COLOR SURFACE TREATMENT

to use water blasting and grinding equipment if the operator is deemed to lack the skill and judgment required to adequately prepare the pavement for markings or to prevent unnecessary pavement damage.

METHOD OF MEASUREMENT. Surface cleaning and preparation of pavement surfaces for lines will be measured in feet along the centerline of the prepared surface and will be based on a nominal 4 inches wide line. Measurement for cleaning surfaces for line widths greater than the nominal 4 inches will be made by the following method:

$$\text{Nominal Existing Width of Line (inches)} \times \text{Length (feet)}$$

4 (inches)

No payment will be made for the additional 1 inch of cleaning on each side of the line beyond "Limits of Work" section defined above.

No payment will be made for cleaning the number of feet of unmarked gaps between broken

ITEM 635.04030011 CLEANING & PREPERATION OF PAVEMENT FOR PAVEMENT

or dotted line segments.

Cleaning and preparation of letters and symbols on pavement surfaces will be measured by each unit cleaned. A unit will consist of one letter or one symbol. Example: "STOP" would be measured as four (4) units.

The Engineer will adjust the quantities of these items as required to meet field conditions. This may result in substantial increases or decreases of the proposal quantities.

BASIS OF PAYMENT. The contract unit price shall include the cost of furnishing all labor, materials and equipment to satisfactorily complete the work – including the cost of work zone traffic control as needed. The Engineer shall determine if separate payment is justified for removal of conflicting lines/letters/symbols/color in addition to payment for surface preparation of new lines/letters/symbols/color to be installed. No payment will be made under this item for the removal of pavement markings required under the section "**Defective Pavement Markings**".

Payment will be made under:

Item No.	Item	Pay Unit
635.01030011	Cleaning and Preparation of Pavement for Pavement Marking – Stripes	Feet
635.02030011	Cleaning and Preparation of Pavement for Pavement Marking – Letters	Each
635.03030011	Cleaning and Preparation of Pavement for Pavement Marking – Symbols	Each
635.04030011	Cleaning and Preparation of Pavement for Pavement Marking – Color Surface Treatment	Square Feet

ITEM 661.700201ER - ELECTRICAL CAR CHARGING STATION

DESCRIPTION

This work shall consist of furnishing and installing ELECTRICAL CAR CHARGING STATION in accordance with the contract documents and as directed by the Engineer.

MATERIALS

The ELECTRICAL CAR CHARGING STATION shall be a DC standard fast charging station that adheres to the following electrical requirements:

Input Voltage	480 VAC 3 phase
Cable/Connector	As detailed in contract
Power	50 kW
Charge Time	0 – 80% in approximately 30 minutes

The enclosure for the ELECTRICAL CAR CHARGING STATION shall be suitable for outdoor use and subject to compliance with requirements specified above, manufacturers that may be incorporated into the Work include, but are not limited to:

AeroVironment EV Solutions 181 W.
Huntington Dr., Suite 202
Monrovia, CA 91016
(888) 833-2148
www.evsolutions.com

EFACEC Electric Mobility, S.A. 2755
Northwoods Parkway
Norcross, Georgia 30071
(770) 446-8854
www.efacec.com

ABB Inc.
16250 W Glendale Drive
New Berlin, WI 53151 (262) 785-
3200
www.abb.com/evcharging

Concrete for footings, if applicable, shall be Class A, conforming to Section 501. The contractor shall provide detailed shop drawings to the Engineer for approval prior to installation.

ITEM 661.700201ER - ELECTRICAL CAR CHARGING STATION

CONSTRUCTION DETAILS

The contractor shall furnish and install the ELECTRICAL CAR CHARGING STATION at locations shown in the contract drawings. The manufacturer's installation instructions shall be followed. The ELECTRICAL CAR CHARGING STATION shall be mounted on a concrete pedestal accordance with the manufacturer's recommendations and specifications.

Details on the make, model and product specifications shall be submitted to the Engineer for approval, prior to purchasing. Details on the pedestal foundation and wiring details shall be submitted to the Engineer for review prior to installation. All ELECTRICAL CAR CHARGING STATIONS shall be installed in accordance with the National Electrical Code and local ordinances. The Contractor shall be responsible for coordinating and obtaining all electrical inspections, inspection fees, permits and permit fees.

Excavation shall be performed in accordance with Section 206 of the Standard Specifications. Concrete for foundation shall meet the requirements for Class A concrete for structures as specified in Section 510.

The ELECTRICAL CAR CHARGING STATION fabrication and installation shall be performed by a supplier/subcontractor having experience in similar work of 5 years and 10 projects minimum.

The ELECTRICAL CAR CHARGING STATION shall be warranted to be free from all manufacturing and installation defects for a period not less than two years from the date of acceptance.

METHOD OF MEASUREMENT

This work will be measured as the number of ELECTRICAL CAR CHARGING STATIONS satisfactorily furnished and installed.

BASIS OF PAYMENT

The unit price bid shall include the cost of furnishing all labor, materials, and equipment necessary to satisfactorily complete the work.

ITEM 662.6000nn08 – FURNISHING ELECTRICAL SERVICE

DESCRIPTION

Under this item, the Contractor shall pay the Utility, as invoiced by the individual Utility, the amount shown on the invoice in payment for work performed and material installed by the Utility, as specified in the Contract Documents or as ordered by the Engineer to provide electrical service at the location indicated in the Contract documents.

MATERIALS

All materials will be furnished by the Utility.

CONSTRUCTION DETAILS

The Contractor shall notify the Utility when the contract site is ready for the Utility work, shall insure that the site is readily and safely accessible to the Utility's workers and equipment, and shall conduct his operations in such a manner as to allow the Utility's forces to perform their work efficiently.

All labor and equipment necessary to accomplish the work shall be furnished, installed and supervised by the Utility except that if there is a survey and stakeout item in the Contract, the Contractor shall perform any stakeout of the location to which electrical service is to be supplied before the Utility starts work.

METHOD OF MEASUREMENT

The pay item will be measured on a fixed price Dollar Cents pay unit basis.

BASIS OF PAYMENT

The pay item is a 'draw down' item. As payments are made to the Utility, the receipts for the payments shall be submitted to the Engineer. The Contractor will be reimbursed for receipted costs of material, labor and equipment plus 5%. The actual payment for the item will be based upon the billing submitted by the Utility for the work performed, with such billing being subject to approval by the Department.

The total cost shown in the itemized proposal for this pay item will be considered the price bid even though payment will be made only for actual invoices paid plus 5%. The unit price amount is not to be altered in any manner by the bidder. Should the bidder alter the amount shown, the altered figure will be disregarded, and the original price will be used to determine the total amount bid for the contract.

Note – nn equals serialized by location

ITEM 665.10000011 - FURNISH AND INSTALL BOLLARDS

DESCRIPTION:

Under this item, the Contractor shall furnish and install the new cast iron bollards and pipe supports in locations shown on the plans, in accordance with the Contract Drawings, these specifications and as directed by the Engineer.

MATERIALS:

Materials shall meet the following requirements:

Cast Iron Bollards	ASTM A48 Grade 30-B Gray Cast Iron in color selected for this project. Bollard shall have a minimum wall thickness of 3/8" and weight of 220 pounds
Pipe, Carbon Steel, Seamless	ASTM A106, Schedule 80, galvanized, 6" diameter concrete filled.
Steel Plate	Subsection 715-01
Concrete	Subsection 501, Class A
Portland Cement	Subsection 701-01
Paint	Subsections 708-03 and 708-08

CONSTRUCTION DETAILS:

Bollards shall be furnished and installed according to the details and at locations shown on the plans, complete with pipe supports, base plates and anchor bolts.

Pipe supports and base plates shall be coated with dull orange primer and asphalt-base emulsion prior to setting.

Install pipe supports, anchor bolts, base plates and bollards as detailed on the drawings and as directed by the Engineer.

METHOD OF MEASUREMENT:

The quantity to be paid for under this item will be the number of bollards installed in accordance with the plans, these specifications and the directions of the Engineer.

BASIS OF PAYMENT:

The unit price bid for bollards shall cover the cost for furnishing, delivering and installing the bollards, complete with pipe supports, anchor bolts, base plates and concrete bases, and all other labor, materials, equipment and incidentals necessary to complete the work.

ITEM 670.01005409 – LED LUMINAIRE

DESCRIPTION

This work shall consist of furnishing and installing LED Roadway luminaire in accordance with the contract documents and as directed by the Engineer.

MATERIALS

Materials shall conform to §670-2 except as modified herein. The luminaire shall be of Lighting Emitting Diode (LED) type multi bars designed for pole mounting. The luminaire housing shall be cast aluminum. The luminaire shall be equipped with a built-in power driver. The power driver shall be 120-277 Volt, 50/60 Hz, Class 1 or Class 2 LED driver. The luminaire shall be UL listed and IP 66 classified enclosure and pass 3G vibration test.

CONSTRUCTION DETAILS

The provisions of §670-3 shall apply.

METHOD OF MEASUREMENT

This work will be measured as the number of LED Roadway Luminaires satisfactorily furnished and installed.

BASIS OF PAYMENT

The unit price bid shall include the cost of furnishing all labor, materials, and equipment necessary to satisfactorily complete the work.

WWWW – denotes wattage of luminaire

ITEM 670.011XYZ02 – LED HIGHWAY LUMINAIRE

DESCRIPTION

This work shall consist of furnishing and installing LED highway luminaries at locations shown in the contract documents.

All provisions of Section 670 shall apply to this specification except as modified below.

MATERIALS

The LED highway luminaire to be installed shall be:

1. Beacon
Viper Series and as stated in the contract documents

or
2. Sternberg
Aspire Series and as stated in the contract documents

or
3. Relume
LED Vue400 Series and as stated in the contract documents

or approved equal.

LED lamping supplied shall be as stated in the contract documents.

CONSTRUCTION DETAILS

The LED highway luminaries shall be installed at locations shown in the contract documents. The manufacturer's installation instructions shall be followed. All LED highway luminaries shall be installed in accordance with the National Electric Code, the local utility company regulations, local ordinances, and any other agency having jurisdiction. The Contractor shall be responsible for obtaining all electrical service orders from power companies, all electrical inspections, paying all fees for inspections and final connections, and for making the LED highway luminaries operational. The LED highway luminaries and all exposed components shall be prepared as specified in the contract documents.

METHOD OF MEASUREMENT

This work will be measured as the number of LED highway luminaries satisfactorily furnished and installed.

BASIS OF PAYMENT

The unit price bid for each LED highway luminaries shall include the cost of all labor, equipment, and materials necessary to complete the work. Payment for wire, photocell and lamping is included in the cost of this item.

ITEM 670.011XYZ02 – LED HIGHWAY LUMINAIRE

Where X = Lamping
Y = Optical System
Z = Color

Number as follows:

For X:

X = 0 – 10-135 Watts
X = 1 – 136-180 Watts
X = 2 – 181-190 Watts
X = 3 – 191-220 Watts
X = 4 – 221-235 Watts
X = 5 – 236-280 Watts

For Y:

Y = 0 – Type II distribution
Y = 1 – Type III distribution
Y = 2 – Type IV distribution
Y = 3 – Type V distribution (rectangle)
Y = 4 – Type V distribution (round wide)

For Z:

Z = 0 – White
Z = 1 – Black
Z = 2 – Gray
Z = 3 – Metallic Titanium
Z = 4 – Bronze
Z = 5 – Metallic Bronze
Z = 6 – Custom Color

ITEM 670.10XX0005 – LIGHT STANDARD, SPECIAL

DESCRIPTION:

Under this item the Contractor shall furnish and install light standard assemblies in accordance with the plans, specifications and/or as directed by the Engineer.

Where not specifically covered in the Contract Documents, the Contractor shall follow the manufacturer's written recommendations.

MATERIALS:

Light standard assemblies shall meet the material requirements specified in the Contract Documents.

In addition, all electrical equipment shall conform to the NEMA Standards and be UL approved. All material and workmanship shall conform to the latest requirements of the National Electric Code; the rules of the New York State Public Service Commission; the standards of the ASTM; the ASA; local power company rules and any local ordinances which may apply. Differences in standards or code requirements shall be resolved as determined by the Engineer.

Materials will be subject to inspection at any time during the contract. Failure of the Engineer to note faulty material or workmanship during construction will not relieve the Contractor of his responsibility for removing or replacing such materials or redoing work which may fail to pass any of the electrical inspector's inspection of this work.

Shafts and luminaire arms shall be tie-wrapped with a heavy water resistant paper, for protection during shipping and installation unless indicated otherwise on the Contract Documents.

CONSTRUCTION DETAILS:

The requirements of Subsection 670-3, Construction Details, shall apply with the following modifications.

Delete Subsection 670-3.06 in its entirety and replace with the following:

670-3.06 Light Standards. Each light standard shall be set on a foundation or anchorage, employing approved shims when necessary, either with or without a transformer base as shown on the plans or in the proposal. The transformer base, or the anchor base when transformer base is not used, shall be securely bolted to the anchorage by the anchor bolts previously set.

Luminaire arms shall be mounted on the shaft so that the proper luminaire height is obtained. The luminaire mounting height shall be measured from the center of the light source to the pavement. The arms shall be in a plane perpendicular to the roadway centerline unless indicated otherwise. The protective wrapping shall not be removed from any of the shafts or arms until the Engineer instructs the Contractor to do so. The Contractor shall be held responsible for any damage to the

ITEM 670.10XX0005 – LIGHT STANDARD, SPECIAL

light standards during loading, shipping, unboarding and storing and he shall repair, to the satisfaction of the Engineer, or replace any component so damaged.

METHOD OF MEASUREMENT:

Light standards will be measured as each standard of the type specified, complete, in place, in accordance with the plans, specifications or as directed by the Engineer.

BASIS OF PAYMENT:

The provisions of Subsection 670-5.01, General, shall apply. The unit price bid for each light standard shall include the cost of the light standard, luminaire arms, anchor bolts set in the foundation, and all labor and other materials necessary to complete the work.

Payment shall be made under:

Item 670.10XX0005, where XX shall represent the type of special light standard serialized in the contract documents.

ITEM 670.5307NN04 - POWER POINT DISCONNECT ASSEMBLY

DESCRIPTION:

This work shall consist of the Contractor furnishing and installing new power point disconnect equipment in accordance with contract documents, specifications or at the direction of the Engineer.

MATERIALS:

The specific components used in the construction of new power point disconnect equipment shall be as shown on the contract documents and meet the requirements of Section 670-2.

If a meter is required, it shall be furnished by the utility company and installed by the Contractor.

The Contractor shall submit shop drawings or catalog cuts of all proposed equipment to the Engineer for approval in accordance with Section 670-3.02.

CONSTRUCTION DETAILS:

The requirements of Section 670-3 shall apply.

METHOD OF MEASUREMENT:

The work will be measured as the number of complete units installed and operational.

BASIS OF PAYMENT:

The unit price bid for each unit shall include the cost of labor, materials and equipment necessary to satisfactorily complete the work, including conduit elbows, anchor bolts, grounding system, all appurtenances, excavation, special fill, and any protective system(s) required to ensure the safety of the workers and the public.

NN = Serialized Location

ITEM 670.70XX0008 - SINGLE CONDUCTOR CABLE

DESCRIPTION

This work shall consist of furnishing and installing Single Conductor Cable in accordance with the contract documents and as directed by the Engineer.

MATERIALS

Cable shall bear Underwriters Laboratories Label for USE. It shall consist of copper conductor and insulation constructed to conform to ICEA (Insulated Cable Engineers Association) Pub. No. S-66-524 and NEMA Pub. No. WC-7 "Thermoplastic - Insulated Wire and Cable for the Transmission and Distribution of Electrical Energy."

Cable shall consist of 7 copper strands up to and including 10 AWG.

Insulation shall be chemically cross linked (vulcanized) polyethylene insulating compound.

BASIS OF ACCEPTANCE

Single Conductor Cable shall be accepted upon the manufacture's certification that it meets the requirements of this specifications as well as being Underwriter's Laboratory approved.

CONSTRUCTION DETAILS

Single Conductor Cable in accordance with Section 670-3.12.

METHOD OF MEASUREMENT

This work will be measured as the number of feet of Single Conductor Cable satisfactorily furnished and installed.

BASIS OF PAYMENT

The unit price bid shall include the cost of furnishing all labor, materials, and equipment necessary to satisfactorily complete the work.

Item No	Item	Pay Unit
670.70XX0008	Single Conductor Cable	Foot
XX = 02	03 04 05 06 07 10 20 30 40	
Gage = 2	4 6 8 10 12 1/0 2/0 3/0 4/0	

ITEM 670.75010005– GROUNDING ROD

DESCRIPTION

This work shall consist of furnishing and installing grounding rods and necessary connection hardware in accordance with the contract documents and per NEC Article 250.

MATERIALS

The grounding rod shall consist of a 10'-0" long, 3/4" diameter, copper grounding rod. Connection hardware shall be UL approved Burndy hydraulic crimp type.

CONSTRUCTION DETAILS

The installation shall be as indicated in the contract documents. Ground rod location(s) shall be verified in the field, with the Engineer, prior to installation.

METHOD OF MEASUREMENT

This work will be measured as the number of grounding rods furnished and installed.

BASIS OF PAYMENT

The unit price bid shall include the cost of furnishing all labor, materials, and equipment necessary to satisfactorily complete the work.

ITEM 670.75XX0011 - GROUND WIRE AWG

DESCRIPTION:

This work shall consist of furnishing and installing ground wires of the sizes shown and at the locations indicated on the plans or where directed by the Engineer.

MATERIALS:

The bare conductor and any other materials required, shall conform to the requirements of Section 723-75 of the Standard Specifications with the additional requirements that the conductors shall be of the size indicated in the plans and shall consist of 7 strands for cable size less than 1/0 and 19 strands for size 1/0 or greater of soft-drawn bare copper wire complying with ASTM B-3 and ASTM B-8. The ground wire shall be Underwriter=s Laboratory approved.

CONSTRUCTION DETAILS:

The Contractor shall furnish, install and test the conductors in conformance to Section 670 of the Standard Specifications, except that only Method No. 2 for splicing shall be used.

METHOD OF MEASUREMENT:

Ground wire will be measured for payment by the number of linear feet of ground wire of each size actually installed in accordance with the plans and specifications or as directed by the Engineer.

BASIS OF PAYMENT:

The unit price bid per linear foot shall include the cost of furnishing all labor, materials and equipment to satisfactorily complete the work.

XX = Ground wire AWG gage as per the following table:

XX =	02	04	05	06	07	08	10	20	30	40
GAGE	2	4	6	8	10	12	1/0	2/0	3/0	4/0

671.00010011 - PANELBOARDS AND CIRCUIT BREAKERS SELECTABLE SIZES

DESCRIPTION

This work shall consist of furnishing and installing panelboards and circuit breakers indicated on the Contract Drawings.

MATERIALS

Panelboards:

- A. Equipment manufactured by General Electric Co., Siemens, Square D Co., Eaton/Cutler-Hammer, and All-City Switchboard Corp having:
1. Bus bars and lugs shall not be less than 98% conductivity, hard drawn copper. All copper bus connections shall be bolted with lock washers and joints shall be silver plated with corrosion resistant material.
 2. Full capacity copper neutral bus in panelboards where neutrals are required.
 3. Copper equipment grounding bus in panelboards where equipment grounding conductors are required.
 4. Section designated "space" or "provision for future breaker" equipped to accept future circuit breakers.
 5. Molded-Case Circuit Breakers: Inverse time-current element for low-level overloads, and instantaneous magnetic trip element for short circuits. Circuit breakers shall be bolt on. Plug-in type breakers are not acceptable. B. GFCI (30mA Type) circuit breakers shall be provided for designated circuits.
- C. Panelboard Cabinets
1. All panelboards shall be NEMA 4X type.
 2. Front: Secured to box with concealed trim clamps. For surface-mounted fronts, match box dimensions; for flush-mounted fronts, overlap box.
 3. Hinged Front Cover: Entire front trim hinged to box and with standard door within hinged trim cover.
 4. Finish: Manufacturer's standard enamel finish over corrosion-resistant treatment or primer coat.
- D. Locks
- Provide locks for panelboard cabinets. Locks shall be of approved cylinder, paracentric type, Yale No. 511S, Key change No. 47. Two keys shall be supplied with each lock.

671.00010011 - PANELBOARDS AND CIRCUIT BREAKERS SELECTABLE SIZES

E. Directories

A directory consisting of a steel or aluminum frame with a non-breakable, non-inflammable plastic face with either cardboard or heavy white paper beneath shall be installed on the inside of the door of cabinets for all panelboards. Frame shall be welded to door or fastened by approved screws to a mat in such a manner as not to leave anything projecting on the outside of the door. The cardboard or heavy paper shall have typewritten directory thereon stating the following: The number of each circuit together with the name of circuits, load controlled, size of circuit feeder and subfeeder conductors. Directory frames shall be not less than 8" x 8".

CONSTRUCTION DETAILS

Install in accordance to contract documents and in accordance to applicable UL, NEC, State and Local standards.

METHOD OF MEASUREMENT

This work shall be measured on a lump sum basis.

BASIS OF PAYMENT

The lump sum price bid for this item shall include the cost of all labor, materials installation hardware and equipment necessary to satisfactorily complete the work in accordance with the Contract Plans and Specifications. The cost of testing, and associated appurtenances shall be included in the price.

ITEM 680.909100ER - ELECTRICAL METER SOCKET

DESCRIPTION

This work shall consist of furnishing and installing ELECTRICAL METER SOCKET-200AMP in accordance with the contract documents, the utility company and as directed by the Engineer.

MATERIALS

The meter socket installation shall consist of all the components and incidentals necessary as required by the utility company for a totally operational assembly. The metering equipment shall be U.L. listed and in accordance with the electrical utility standards and the current version of the NEC. The meter socket shall be self contained in a hinged, with locking hasp, NEMA 3R rain tight enclosure without a by-pass facility. The meter socket shall be as detailed in the contract documents.

CONSTRUCTION DETAILS

The installation shall be as indicated in the contract documents. The contractor shall submit a shop drawing to the Engineer for approval by the utility company.

A high voltage warning sign shall be fastened to the exterior face of the service entrance.

The Contractor shall be responsible for obtaining the electrical inspection from the utility company and shall pay all fees for the inspection and final connection if applicable.

METHOD OF MEASUREMENT

This work will be measured as the number of ELECTRICAL METER Socket satisfactorily furnished and installed.

BASIS OF PAYMENT

The unit price bid shall include the cost of furnishing all labor, materials, and equipment necessary to satisfactorily complete the work.

ITEM 690.0100NN05 - SPECIALTY WORK (GENERAL)

ITEM 690.0200NN05 - SPECIALTY WORK (PLUMBING AND GAS)

ITEM 690.0300NN05 - SPECIALTY WORK (HVAC)

ITEM 690.0400NN05 - SPECIALTY WORK (ELECTRICAL)

DESCRIPTION:

Under this item, the Contractor shall furnish all labor, equipment, and materials necessary for the construction, reconstruction, repair, or demolition of the facilities described in the contract documents, complete in accordance with the specifications and in a manner satisfactory to the Engineer.

This item is intended to separate each area of specialty work into its own payment unit. All specialty work required is to be included under this item, unless the general work has been included in a larger prime contract, in which case the payment for the general work will be made in accordance with the provisions stated in the prime contract documents.

MATERIALS:

All materials shall meet the requirements specified in the contract documents.

When materials substitutions are permitted, they shall be subject to review and approval by the Engineer and representatives of the owning and/or maintaining agency or agencies.

BASIS OF ACCEPTANCE:

Materials required to conform to established Department specifications shall be accepted in accordance with those specifications.

Materials which do not fall into the above category shall be accepted based on the manufacturer's certification that the material supplied meets the requirements stated in the contract documents.

The contractor shall supply the Engineer with catalog cuts for products which require his approval a minimum of two weeks prior to the proposed installation date.

All materials supplied shall bear the manufacturer's identifying markings in order to positively identify products approved for use.

CONSTRUCTION DETAILS:

Construction details shall conform to the requirements specified in the contract documents, the manufacturer's recommendations, and as ordered by the Engineer.

Any Contractor performing work on the project will be required to coordinate his/her operations with those of other Contractors to ensure orderly and timely progression of the work.

ITEM 690.0100NN05 - SPECIALTY WORK (GENERAL)
ITEM 690.0200NN05 - SPECIALTY WORK (PLUMBING AND GAS)
ITEM 690.0300NN05 - SPECIALTY WORK (HVAC)
ITEM 690.0400NN05 - SPECIALTY WORK (ELECTRICAL)

METHOD OF MEASUREMENT:

Payment will be made on a lump sum basis.

BASIS OF PAYMENT:

The lump sum price bid shall include the cost of furnishing all labor, equipment, and materials necessary to furnish, deliver, install, and prepare for placement into service, the facilities described in the contract documents.

Progress payments will be made, in proportion to the total amount bid, for work completed to the satisfaction of the Engineer. The Engineer shall have the right to revise this amount at any time to reflect his judgment of the value of the work performed in relation to the total work required.

Serialization shall be as described in the contract documents.

WAGE RATES

PREVAILING WAGE RATES

Attention is directed to the statutory provisions governing the prevailing rates of wages for workmen, mechanics and laborers who are employed on this project.

Section 220 of the Labor Law as amended requires that the wages paid for a legal day's work shall be not less than the rate of wages plus the supplements prevailing at the time the work is performed, the current schedules of which are included in this proposal. Such amendments or supplements will be forwarded to the contractor.

The bidder shall take into account in his bid prices all changes in wage rates and supplements that may be forthcoming during the time the contract is in force.

The prime contractor must provide each subcontractor with a copy of the schedule of wages and supplements specified in the contract before the subcontractor's work is started.

The prime contractor must immediately obtain the subcontractor's certification (Attached-Page WR 2). Such certification must be maintained by the prime contractor until the final payment is requested.

If revised schedules of wages and supplements are issued, the prime contractor must provide each subcontractor with such revised schedules and obtain a revised subcontractor's certification.

The prime contractor must submit a labor affidavit (Attached-Page WR 3 and WR 3a) in support of the payment of wages to its own employees.

The subcontractor's certification(s) and the prime contractor's affidavit must be submitted to the Deputy Commissioner's Office with the prime contractor's final payment request. Failure to obtain and provide the required certifications will delay the contractor's final payment.

PREVAILING WAGE SCHEDULE FOR ARTICLE 8 PUBLIC WORK PROJECT

Attached is the current schedule(s) of the prevailing wage rates and prevailing hourly supplements for the project referenced above. A unique Prevailing Wage Case Number (PRC#) has been assigned to the schedule(s) for your project.

The schedule is effective from July 2022 through June 2023. All updates, corrections, posted on the 1st business day of each month, and future copies of the annual determination are available on the Department's website www.labor.ny.gov. Updated PDF copies of your schedule can be accessed by entering your assigned PRC# at the proper location on the website.

It is the responsibility of the contracting agency or its agent to annex and make part, the attached schedule, to the specifications for this project, when it is advertised for bids and /or to forward said schedules to the successful bidder(s), immediately upon receipt, in order to insure the proper payment of wages.

Please refer to the "General Provisions of Laws Covering Workers on Public Work Contracts" provided with this schedule, for the specific details relating to other responsibilities of the Department of Jurisdiction.

Upon completion or cancellation of this project, enter the required information and mail **OR** fax this form to the office shown at the bottom of this notice, **OR** fill out the electronic version via the NYSDOL website.

General Provisions of Laws Covering Workers on Article 8 Public Work Contracts

Introduction

The Labor Law requires public work contractors and subcontractors to pay laborers, workers, or mechanics employed in the performance of a public work contract not less than the prevailing rate of wage and supplements (fringe benefits) in the locality where the work is performed.

Responsibilities of the Department of Jurisdiction

A Department of Jurisdiction (Contracting Agency) includes a state department, agency, board or commission; a county, city, town or village; a school district, board of education or board of cooperative educational services; a sewer, water, fire, improvement and other district corporation; a public benefit corporation; and a public authority awarding a public work contract.

The Department of Jurisdiction (Contracting Agency) awarding a public work contract MUST obtain a Prevailing Rate Schedule listing the hourly rates of wages and supplements due the workers to be employed on a public work project. This schedule may be obtained by completing and forwarding a "Request for wage and Supplement Information" form (PW 39) to the Bureau of Public Work. The Prevailing Rate Schedule MUST be included in the specifications for the contract to be awarded and is deemed part of the public work contract.

Upon the awarding of the contract, the law requires that the Department of Jurisdiction (Contracting Agency) furnish the following information to the Bureau: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Department's "Notice of Contract Award" form (PW 16) is provided with the original Prevailing Rate Schedule.

The Department of Jurisdiction (Contracting Agency) is required to notify the Bureau of the completion or cancellation of any public work project. The Department's PW 200 form is provided for that purpose.

Both the PW 16 and PW 200 forms are available for completion [online](#).

Hours

No laborer, worker, or mechanic in the employ of a contractor or subcontractor engaged in the performance of any public work project shall be permitted to work more than eight hours in any day or more than five days in any week, except in cases of extraordinary emergency. The contractor and the Department of Jurisdiction (Contracting Agency) may apply to the Bureau of Public Work for a dispensation permitting workers to work additional hours or days per week on a particular public work project.

There are very few exceptions to this rule. Complete information regarding these exceptions is available on the ["Request for a dispensation to work overtime" form \(PW30\)](#) and ["4 Day / 10 Hour Work Schedule" form \(PW 30.1\)](#).

Wages and Supplements

The wages and supplements to be paid and/or provided to laborers, workers, and mechanics employed on a public work project shall be not less than those listed in the current Prevailing Rate Schedule for the locality where the work is performed. If a prime contractor on a public work project has not been provided with a Prevailing Rate Schedule, the contractor must notify the Department of Jurisdiction (Contracting Agency) who in turn must request an original Prevailing Rate Schedule form the Bureau of Public Work. Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12240; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.ny.gov.

Upon receiving the original schedule, the Department of Jurisdiction (Contracting Agency) is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received. If the original schedule expired, the contractor may obtain a copy of the new annual determination from the NYSDOL website www.labor.ny.gov.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year. The annual determination is available on the NYSDOL website www.labor.ny.gov.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. As per Article 6 of the Labor law, contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records. At a minimum, payrolls must show the following information for each person employed on a public work project: Name, Address, Last 4 Digits of Social Security Number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid

or provided, and Daily and weekly number of hours worked in each classification.

The filing of payrolls to the Department of Jurisdiction is a condition of payment. Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury. The Department of Jurisdiction (Contracting Agency) shall collect, review for facial validity, and maintain such payrolls.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, but are not limited to time cards, work description sheets, proof that supplements were provided, cancelled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed \$100,000.00. If the contractor or subcontractor does not maintain a place of business in New York State and the amount of the contract exceeds \$25,000.00, payroll records and certifications must be kept on the project worksite.

The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 8, Section 220-a of the Labor Law.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules, shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Laws, Article 8 . Section 220-a).

Determination of Prevailing Wage and Supplement Rate Updates Applicable to All Counties

The wages and supplements contained in the annual determination become effective July 1st whether or not the new determination has been received by a given contractor. Care should be taken to review the rates for obvious errors. Any corrections should be brought to the Department's attention immediately. It is the responsibility of the public work contractor to use the proper rates. If there is a question on the proper classification to be used, please call the district office located nearest the project. Any errors in the annual determination will be corrected and posted to the NYSDOL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. To the extent possible, the Department posts rates in its possession that cover periods of time beyond the July 1st to June 30th time frame covered by a particular annual determination. Rates that extend beyond that instant time period are informational ONLY and may be updated in future annual determinations that actually cover the then appropriate July 1st to June 30th time period.

Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work project failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 220-b and 235.2 of the Labor Law to so notify the financial officer of the Department of Jurisdiction (Contracting Agency) that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Department of Jurisdiction (Contracting Agency) shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work project. The prevailing wage schedule must be encased in, or constructed of, materials capable of withstanding adverse weather conditions and be titled "PREVAILING RATE OF WAGES" in letters no smaller than two (2) inches by two (2) inches.

The "Public Work Project" notice must be posted at the beginning of the performance of every public work contract, on each job site.

Every employer providing workers' compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Every employer subject to the NYS Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers, notices furnished by the State Division of Human Rights.

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the NYS Department of Labor.

Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeyworkers in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above or is performing work outside the classification of work for which the apprentice is indentured, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYSDOL Labor Law, Article 8, Section 220-3, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency of office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12240 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested.

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 8 of the Labor Law) may be a felony punishable by fine or imprisonment of up to 15 years, or both.

Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 8, Section 220-e(a)).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 8, Section 220-e(b)).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 8, Section 220-e(c)).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 8, Section 220-e(d)).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

Social Security Numbers on Certified Payrolls:

The Department of Labor is cognizant of the concerns of the potential for misuse or inadvertent disclosure of social security numbers. Identity theft is a growing problem and we are sympathetic to contractors' concern regarding inclusion of this information on payrolls if another identifier will suffice.

For these reasons, the substitution of the use of the last four digits of the social security number on certified payrolls submitted to contracting agencies on public work projects is now acceptable to the Department of Labor. This change does not affect the Department's ability to request and receive the entire social security number from employers during its public work/ prevailing wage investigations.

Construction Industry Fair Play Act: Required Posting for Labor Law Article 25-B § 861-d

Construction industry employers must post the "Construction Industry Fair Play Act" notice in a prominent and accessible place on the job site. Failure to post the notice can result in penalties of up to \$1,500 for a first offense and up to \$5,000 for a second offense. The posting is included as part of this wage schedule. Additional copies may be obtained from the NYS DOL website, <https://dol.ny.gov/public-work-and-prevailing-wage>

If you have any questions concerning the Fair Play Act, please call the State Labor Department toll-free at 1-866-435-1499 or email us at: dol.misclassified@labor.ny.gov .

Worker Notification: (Labor Law §220, paragraph a of subdivision 3-a)

Effective June 23, 2020

This provision is an addition to the existing wage rate law, Labor Law §220, paragraph a of subdivision 3-a. It requires contractors and subcontractors to provide written notice to all laborers, workers or mechanics of the *prevailing wage and supplement rate* for their particular job classification *on each pay stub**. It also requires contractors and subcontractors to *post a notice* at the beginning of the performance of every public work contract *on each job site* that includes the telephone number and address for the Department of Labor and a statement informing laborers, workers or mechanics of their right to contact the Department of Labor if he/she is not receiving the proper prevailing rate of wages and/or supplements for his/her job classification. The required notification will be provided with each wage schedule, may be downloaded from our website www.labor.ny.gov or be made available upon request by contacting the Bureau of Public Work at 518-457-5589. *In the event the required information will not fit on the pay stub, an accompanying sheet or attachment of the information will suffice.

(12.20)

**To all State Departments, Agency Heads and Public Benefit Corporations
IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

Budget Policy & Reporting Manual

B-610

Public Work Enforcement Fund

effective date December 7, 2005

1. Purpose and Scope:

This Item describes the Public Work Enforcement Fund (the Fund, PWEF) and its relevance to State agencies and public benefit corporations engaged in construction or reconstruction contracts, maintenance and repair, and announces the recently-enacted increase to the percentage of the dollar value of such contracts that must be deposited into the Fund. This item also describes the roles of the following entities with respect to the Fund:

- New York State Department of Labor (DOL),
- The Office of the State of Comptroller (OSC), and
- State agencies and public benefit corporations.

2. Background and Statutory References:

DOL uses the Fund to enforce the State's Labor Law as it relates to contracts for construction or reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law. State agencies and public benefit corporations participating in such contracts are required to make payments to the Fund.

Chapter 511 of the Laws of 1995 (as amended by Chapter 513 of the Laws of 1997, Chapter 655 of the Laws of 1999, Chapter 376 of the Laws of 2003 and Chapter 407 of the Laws of 2005) established the Fund.

3. Procedures and Agency Responsibilities:

The Fund is supported by transfers and deposits based on the value of contracts for construction and reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law, into which all State agencies and public benefit corporations enter.

Chapter 407 of the Laws of 2005 increased the amount required to be provided to this fund to .10 of one-percent of the total cost of each such contract, to be calculated at the time agencies or public benefit corporations enter into a new contract or if a contract is amended. The provisions of this bill became effective August 2, 2005.

**To all State Departments, Agency Heads and Public Benefit Corporations
IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

OSC will report to DOL on all construction-related ("D") contracts approved during the month, including contract amendments, and then DOL will bill agencies the appropriate assessment monthly. An agency may then make a determination if any of the billed contracts are exempt and so note on the bill submitted back to DOL. For any instance where an agency is unsure if a contract is or is not exempt, they can call the Bureau of Public Work at the number noted below for a determination. Payment by check or journal voucher is due to DOL within thirty days from the date of the billing. DOL will verify the amounts and forward them to OSC for processing.

For those contracts which are not approved or administered by the Comptroller, monthly reports and payments for deposit into the Public Work Enforcement Fund must be provided to the Administrative Finance Bureau at the DOL within 30 days of the end of each month or on a payment schedule mutually agreed upon with DOL.

Reports should contain the following information:

- Name and billing address of State agency or public benefit corporation;
- State agency or public benefit corporation contact and phone number;
- Name and address of contractor receiving the award;
- Contract number and effective dates;
- Contract amount and PWEF assessment charge (if contract amount has been amended, reflect increase or decrease to original contract and the adjustment in the PWEF charge); and
- Brief description of the work to be performed under each contract.

Checks and Journal Vouchers, payable to the "New York State Department of Labor" should be sent to:

Department of Labor
Administrative Finance Bureau-PWEF Unit
Building 12, Room 464
State Office Campus
Albany, NY 12240

Any questions regarding billing should be directed to NYSDOL's Administrative Finance Bureau-PWEF Unit at (518) 457-3624 and any questions regarding Public Work Contracts should be directed to the Bureau of Public Work at (518) 457-5589.

Required Notice under Article 25-B of the Labor Law

**Attention All Employees, Contractors and Subcontractors:
You are Covered by the Construction Industry Fair Play Act**

The law says that you are an employee unless:

- You are free from direction and control in performing your job, **and**
- You perform work that is not part of the usual work done by the business that hired you, **and**
- You have an independently established business.

Your employer cannot consider you to be an independent contractor unless all three of these facts apply to your work.

It is against the law for an employer to misclassify employees as independent contractors or pay employees off the books.

Employee Rights: If you are an employee, you are entitled to state and federal worker protections. These include:

- Unemployment Insurance benefits, if you are unemployed through no fault of your own, able to work, and otherwise qualified,
- Workers' compensation benefits for on-the-job injuries,
- Payment for wages earned, minimum wage, and overtime (under certain conditions),
- Prevailing wages on public work projects,
- The provisions of the National Labor Relations Act, and
- A safe work environment.

It is a violation of this law for employers to retaliate against anyone who asserts their rights under the law. Retaliation subjects an employer to civil penalties, a private lawsuit or both.

Independent Contractors: If you are an independent contractor, **you must pay all taxes and Unemployment Insurance contributions required by New York State and Federal Law.**

Penalties for paying workers off the books or improperly treating employees as independent contractors:

- **Civil Penalty**
 - First offense: Up to \$2,500 per employee
 - Subsequent offense(s): Up to \$5,000 per employee
- **Criminal Penalty**
 - First offense: Misdemeanor - up to 30 days in jail, up to a \$25,000 fine and debarment from performing public work for up to one year.
 - Subsequent offense(s): Misdemeanor - up to 60 days in jail or up to a \$50,000 fine and debarment from performing public work for up to 5 years.

If you have questions about your employment status or believe that your employer may have violated your rights and you want to file a complaint, call the Department of Labor at (866) 435-1499 or send an email to dol.misclassified@labor.ny.gov. All complaints of fraud and violations are taken seriously. You can remain anonymous.

Employer Name:

IA 999 (09/16)

Attention Employees

THIS IS A: **PUBLIC WORK PROJECT**

If you are employed on this project as a **worker, laborer, or mechanic** you are entitled to receive the **prevailing wage and supplements rate** for the classification at which you are working.

Chapter 629 of the Labor Laws of 2007:

These wages are set by law and must be posted at the work site. They can also be found at:

<https://dol.ny.gov/public-work-and-prevailing-wage>

If you feel that you have not received proper wages or benefits, please call our nearest office.*

Contractor Name: _____

Project Location: _____

Requirements for OSHA 10 Compliance

Article 8 §220-h requires that when the advertised specifications, for every contract for public work, is \$250,000.00 or more the contract must contain a provision requiring that every worker employed in the performance of a public work contract shall be certified as having completed an OSHA 10 safety training course. The clear intent of this provision is to require that all employees of public work contractors, required to be paid prevailing rates, receive such training "prior to the performing any work on the project."

The Bureau will enforce the statute as follows:

All contractors and sub contractors must attach a copy of proof of completion of the OSHA 10 course to the first certified payroll submitted to the contracting agency and on each succeeding payroll where any new or additional employee is first listed.

Proof of completion may include but is not limited to:

- Copies of bona fide course completion card (*Note: Completion cards do not have an expiration date.*)
- Training roster, attendance record or other documentation from the certified trainer pending the issuance of the card.
- Other valid proof

**A certification by the employer attesting that all employees have completed such a course is not sufficient proof that the course has been completed.

Any questions regarding this statute may be directed to the New York State Department of Labor, Bureau of Public Work at 518-457-5589.

WICKS

Public work projects are subject to the Wicks Law requiring separate specifications and bidding for the plumbing, heating and electrical work, when the total project's threshold is \$3 million in Bronx, Kings, New York, Queens and, Richmond counties; \$1.5 million in Nassau, Suffolk and Westchester counties; and \$500,000 in all other counties.

For projects below the monetary threshold, bidders must submit a sealed list naming each subcontractor for the plumbing, HVAC and electrical and the amount to be paid to each. The list may not be changed unless the public owner finds a legitimate construction need, including a change in specifications or costs or the use of a Project Labor Agreement (PLA), and must be open to public inspection.

Allows the state and local agencies and authorities to waive the Wicks Law and use a PLA if it will provide the best work at the lowest possible price. If a PLA is used, all contractors shall participate in apprentice training programs in the trades of work it employs that have been approved by the Department of Labor (DOL) for not less than three years. They shall also have at least one graduate in the last three years and use affirmative efforts to retain minority apprentices. PLA's would be exempt from Wicks, but deemed to be public work subject to prevailing wage enforcement.

The Commissioner of Labor shall have the power to enforce separate specification requirements on projects, and may issue stop-bid orders against public owners for non-compliance.

Other new monetary thresholds, and similar sealed bidding for non-Wicks projects, would apply to certain public authorities including municipal housing authorities, NYC Construction Fund, Yonkers Educational Construction Fund, NYC Municipal Water Finance Authority, Buffalo Municipal Water Finance Authority, Westchester County Health Care Association, Nassau County Health Care Corp., Clifton-Fine Health Care Corp., Erie County Medical Center Corp., NYC Solid Waste Management Facilities, and the Dormitory Authority.

Contractors must pay subcontractors within a 7 days period.

(07.19)

Introduction to the Prevailing Rate Schedule

Information About Prevailing Rate Schedule

This information is provided to assist you in the interpretation of particular requirements for each classification of worker contained in the attached Schedule of Prevailing Rates.

Classification

It is the duty of the Commissioner of Labor to make the proper classification of workers taking into account whether the work is heavy and highway, building, sewer and water, tunnel work, or residential, and to make a determination of wages and supplements to be paid or provided. It is the responsibility of the public work contractor to use the proper rate. If there is a question on the proper classification to be used, please call the district office located nearest the project. District office locations and phone numbers are listed below.

Prevailing Wage Schedules are issued separately for "General Construction Projects" and "Residential Construction Projects" on a county-by-county basis.

General Construction Rates apply to projects such as: Buildings, Heavy & Highway, and Tunnel and Water & Sewer rates.

Residential Construction Rates generally apply to construction, reconstruction, repair, alteration, or demolition of one family, two family, row housing, or rental type units intended for residential use.

Some rates listed in the Residential Construction Rate Schedule have a very limited applicability listed along with the rate. Rates for occupations or locations not shown on the residential schedule must be obtained from the General Construction Rate Schedule. Please contact the local Bureau of Public Work office before using Residential Rate Schedules, to ensure that the project meets the required criteria.

Payrolls and Payroll Records

Contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records.

Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury.

Paid Holidays

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

Overtime

At a minimum, all work performed on a public work project in excess of eight hours in any one day or more than five days in any workweek is overtime. However, the specific overtime requirements for each trade or occupation on a public work project may differ. Specific overtime requirements for each trade or occupation are contained in the prevailing rate schedules.

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays.

The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Supplemental Benefits

Particular attention should be given to the supplemental benefit requirements. Although in most cases the payment or provision of supplements is straight time for all hours worked, some classifications require the payment or provision of supplements, or a portion of the supplements, to be paid or provided at a premium rate for premium hours worked. Supplements may also be required to be paid or provided on paid holidays, regardless of whether the day is worked. The Overtime Codes and Notes listed on the particular wage classification will indicate these conditions as required.

Effective Dates

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. The rate listed is valid until the next effective rate change or until the new annual determination which takes effect on July 1 of each year. All contractors and subcontractors are required to pay the current prevailing rates of wages and supplements. If you have any questions please contact the Bureau of Public Work or visit the New York State Department of Labor website (www.labor.ny.gov) for current wage rate information.

Apprentice Training Ratios

The following are the allowable ratios of registered Apprentices to Journey-workers.

For example, the ratio 1:1,1:3 indicates the allowable initial ratio is one Apprentice to one Journeyworker. The Journeyworker must be in place on the project before an Apprentice is allowed. Then three additional Journeyworkers are needed before a second Apprentice is allowed. The last ratio repeats indefinitely. Therefore, three more Journeyworkers must be present before a third Apprentice can be hired, and so on.

Please call Apprentice Training Central Office at (518) 457-6820 if you have any questions.

Title (Trade)	Ratio
Boilermaker (Construction)	1:1,1:4
Boilermaker (Shop)	1:1,1:3
Carpenter (Bldg.,H&H, Pile Driver/Dockbuilder)	1:1,1:4
Carpenter (Residential)	1:1,1:3

- (X) Benefits payable on Paid Holiday at straight time. If worked, additional benefit amount will be required for worked hours. (Refer to other codes listed.)

Holiday Codes

PAID Holidays:

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

OVERTIME Holiday Pay:

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays. The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Following is an explanation of the code(s) listed in the HOLIDAY section of each classification contained in the attached schedule. The Holidays as listed below are to be paid at the wage rates at which the employee is normally classified.

- (1) None
- (2) Labor Day
- (3) Memorial Day and Labor Day
- (4) Memorial Day and July 4th
- (5) Memorial Day, July 4th, and Labor Day
- (6) New Year's, Thanksgiving, and Christmas
- (7) Lincoln's Birthday, Washington's Birthday, and Veterans Day
- (8) Good Friday
- (9) Lincoln's Birthday
- (10) Washington's Birthday
- (11) Columbus Day
- (12) Election Day
- (13) Presidential Election Day
- (14) 1/2 Day on Presidential Election Day
- (15) Veterans Day
- (16) Day after Thanksgiving
- (17) July 4th
- (18) 1/2 Day before Christmas
- (19) 1/2 Day before New Years
- (20) Thanksgiving
- (21) New Year's Day
- (22) Christmas
- (23) Day before Christmas
- (24) Day before New Year's
- (25) Presidents' Day
- (26) Martin Luther King, Jr. Day
- (27) Memorial Day
- (28) Easter Sunday

(29) Juneteenth

NEW YORK STATE DEPARTMENT OF LABOR
Bureau of Public Work - Debarment List

**LIST OF EMPLOYERS INELIGIBLE TO BID ON OR BE
AWARDED ANY PUBLIC WORK CONTRACT**

Under Article 8 and Article 9 of the NYS Labor Law, a contractor, sub-contractor and/or its successor shall be debarred and ineligible to submit a bid on or be awarded any public work or public building service contract/sub-contract with the state, any municipal corporation or public body for a period of five (5) years from the date of debarment when:

- Two (2) final determinations have been rendered within any consecutive six-year (6) period determining that such contractor, sub-contractor and/or its successor has WILLFULLY failed to pay the prevailing wage and/or supplements;
- One (1) final determination involves falsification of payroll records or the kickback of wages and/or supplements.

The agency issuing the determination and providing the information, is denoted under the heading 'Fiscal Officer'. DOL = New York State Department of Labor; NYC = New York City Comptroller's Office; AG = New York State Attorney General's Office; DA = County District Attorney's Office.

Debarment Database: To search for contractors, sub-contractors and/or their successors debarred from bidding or being awarded any public work contract or subcontract under NYS Labor Law Articles 8 and 9, or under NYS Workers' Compensation Law Section 141-b, access the database at this link: <https://applications.labor.ny.gov/EDList/searchPage.do>

For inquiries where WCB is listed as the "Agency", please call 1-866-546-9322

Commissioner of Deeds or Notary Public, Erie County

ITEMIZED PROPOSAL

ADD ALTERNATE AND METHOD OF AWARD

The Bid for this project consists of a Base Bid and one (1) Add Alternate. The Agreement for construction will include one of the following options:

- The Base Bid alone
- The Base Bid PLUS Bid Alternate 1

Options are defined below.

Base Bid

All work necessary to construct improvements at Akron Falls Park.

Bid Alternate 1

All work necessary to construct improvements at Ellicott Creek Park.

Bidders shall provide written bids for the Base Bid and the Add Alternate on the unit price bid sheets for the Owners consideration. Each Add Alternate bid amount shall include the entire cost of the Add Alternate portion of the work including overhead, profit, and other costs including cost of coordinating the Alternate with related work.

Base Bid and Add Alternate Bids shall be submitted at the same time and opened at the same time.

If any bids for the Base Bid plus Alternate 1 are less than the construction budget, the Award will be based on the Base Bid plus Alternate 1. If all bids for the Base Bid plus Alternate 1 exceed the construction budget, the award will be based on the Base Bid only.

Immediately following award of the Contract, the Owner will prepare and distribute to the Contractor a notice that will indicate which Bid Option has been selected.

Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

To the Commissioner of Public Works, Erie County, New York

In submitting this bid the undersigned declares that he is or they are the only person or persons interested in the said bid; that it is made without any connection with any person making another bid for the same contract, that the bid is in all respects fair and without collusion, fraud or mental reservation; and that no official of the County, or any person in the employ of the County is directly or indirectly interested in said bid or in the supplies or work to which it relates, or in any portion of the profits thereof.

The undersigned also, hereby declares that he has or they have carefully examined the plans, specifications and form of contract, and that he has or they have personally inspected the actual location of the work together with the local sources of supply, has or have satisfied himself or themselves as to all the quantities and conditions, and understand that in signing this proposal he or they waive all right to plead any misunderstanding regarding the same.

The undersigned further understands and agrees that he is or they are to furnish and provide for the respective item price bid all the necessary material, machinery, implements, tools, labor, services, and other items of whatever nature, and to do and perform all the work necessary under the aforesaid conditions to complete the improvement of the aforementioned highway in accordance with the plans and specifications for said improvement, which plans and specifications it is agreed are a part of this proposal, and to accept in full compensation therefore the amount of the summation of the products of the approximate quantities multiplied by the unit prices bid. This summation will hereinafter be referred to as the gross sum bid.

The undersigned further agrees to accept the aforesaid "unit bid" prices as compensation for any additions or deductions caused by variation in quantities due to more accurate measurement, or by any changes or alterations in the plans or specifications of the work, and for use in the computation of the value of the work performed for monthly estimates.

The undersigned further agrees that at any time during the progress of work the County adds, alters or omits portions of the work he shall so perform such work and accept compensation in accordance with the Standard Specifications.

Accompanying this proposal in cash, a draft or certified check for \$20,000. In case this proposal shall be accepted by the County of Erie, New York, and the undersigned shall fail to execute the contract and in all respects comply with the provisions of Section 38 of the Highway Law, as amended, the monies represented by such cash, draft or certified check shall be regarded as liquidated damages and shall be forfeited and become the property of the County of Erie, otherwise to be returned to the depositor in accordance with the provisions of said Section 38 of the Highway Law, as amended.

On acceptance of this proposal for said work the undersigned does or do hereby bind himself or themselves to enter into written contract within ten days of date of notice of award, with the said County of Erie and to comply in all respects with Subdivision 6 of Section 38 of the Highway Law, as amended, in relation to security for the faithful performance of the terms of said contract.

NON-COLLUSIVE BIDDING CERTIFICATION
(REQUIRED BY SECTION 103-d OF THE GENERAL MUNICIPAL LAW)

Section 103-d "Statement of non-collusion of bids and proposals to political subdivision of the state.

1. Every bid or proposal hereafter made to a subdivision of the state or any public department, agency or official thereof where competitive bidding is required by statute, rule or regulation or local law, for work or services performed or to be performed or goods sold or to be sold, shall contain the following statement subscribed by the bidder and affirmed by such bidder as true under the penalties of perjury: Non-collusive bidding certification.

a. By submission of this bid, each bidder and each person signing on behalf of any bidder certifies and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his knowledge and belief:

- 1) The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;
- 2) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and
- 3) No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purposes of restricting competition.

b. A bid shall not be considered for award nor shall any award be made where "a" (1) (2) and (3) above have not been complied with; provided however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where "a" (1) (2) and (3) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the political subdivision, public department, agency or official thereof to which the bid is made, or his designee determines that such disclosure was not made for the purpose of restricting competition.

The fact that a bidder (a) has published price lists, rates or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning of subparagraph one "a".

2. Any bid hereafter made to any political subdivision of the state or any public department, agency, or official thereof by a corporate bidder for work or services performed or to be performed or goods sold or to be sold, where competitive bidding is required by statute, rule or regulation, and where such bid contains the certification referred to in subdivision one of this section, shall be deemed to have been authorized by the board of directors of the bidder and such authorization shall be deemed to include the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation."

BY EXECUTING THIS PROPOSAL, THE CONTRACTOR AGREES TO:

- 1) perform all work listed in accordance with the Contract Documents at the unit prices bid;
- 2) all non-collusive bidding certifications required by Section 103-d of the General Municipal Law;
- 3) the affirmation of the Minority Business Enterprises Bidder's Certification;
- 4) certification of Specialty Items category selected, if contained in this proposal;
- 5) certification of any other clauses required by this proposal and contained herein.

EXPERIENCE QUESTIONNAIRE

Instructions for New York State Vendor Responsibility Questionnaires

Although it is recommended that vendors complete their questionnaires online using the New York State VendRep System, the four (4) questionnaires found on the VendRep System are also available in paper format.

The questionnaires are intended to elicit information based on vendor type (For-Profit or Notfor-Profit) and activity (Construction or Non-Construction). Each vendor should select the questionnaire that most closely reflects its business characteristics or as directed by an agency's solicitation instructions. The available vendor questionnaires are:

- For-Profit
- For-Profit Construction
- Not-for-Profit
- Not-for-Profit Construction

Business Entities may print the PDF version of a questionnaire form and complete it manually or may select the MS Word version and complete the questionnaire on a computer. Completing the questionnaire in MS Word allows the questionnaire to be saved on the user's computer and updated in the event that the vendor's information changes.

The person(s) completing the vendor responsibility questionnaire must be knowledgeable about the vendor's business and operations. The certification at the end of each questionnaire must be completed by an owner or officer of the Business Entity and must be notarized to be complete.

Business Entities must answer every question contained in the selected questionnaire¹. Most questions require "Yes" or "No" answers and request additional information where necessary. Each response must provide all relevant information which can be obtained within the limits of the law. However, information regarding a determination or finding made in error which was subsequently corrected or overturned, and/or was withdrawn by the issuing government entity, is not required. For paper submissions, responses that require additional information must include an attachment containing this information.

If the submitting Business Entity is a Joint Venture, one questionnaire must be submitted for the Joint Venture plus each Business Entity comprising the Joint Venture must also submit separate questionnaires.

¹ If the Business entity uses a Social Security Number (SSN) as its identification number, providing the SSN on the questionnaire is optional. Individuals and Sole Proprietors may use an SSN but are encouraged to obtain and use an Employer Identification Number.

**ERIE COUNTY EQUAL PAY CERTIFICATION
(EXECUTIVE ORDER #13)**

Erie County Equal Pay Certification

In order to comply with Executive Order 13 dated November 6, 2014, we hereby certify that we are in compliance with federal law, including the Equal Pay Act of 1963, Title VII of the Civil Rights Act of 1964, Federal Executive Order 11246 of September 24, 1965 and New York State Labor Law Section 194 (together "Equal Pay Law"). We understand that this certification is a material component of this contract. Violation of the provisions of Executive Order 13, which is attached hereto and made a part hereof, can constitute grounds for the immediate termination of this contract and may constitute grounds for determining that a bidder is not qualified to participate in future county contracts.

We have evaluated wages and benefits to ensure compliance with the Equal Pay Law. We certify that we have not been the subject of an adverse finding under the Equal Pay Law within the previous five years and, in the alternative, if we were the subject of an adverse finding under the Equal Pay Law within the previous five years, we have annexed a detailed description of the finding(s). In addition, we have annexed a detailed description of any currently pending claims under the Equal Pay Law in which we are involved.

**ERIE COUNTY CONSTRUCTION
CONTRACT AGREEMENT**

ERIE COUNTY CONSTRUCTION CONTRACT AGREEMENT

THIS AGREEMENT made into this _____ day of _____, 20_____
by and between the COUNTY OF ERIE, a municipal corporation of the State of New York, hereinafter "County", and
_____ hereinafter "Contractor".

WITNESSETH as follows

WHEREAS, the County Commissioner of Public Works, hereinafter called "Commissioner", by virtue of the power and authority in him vested did advertise for proposals and bids for:

Charge Erie

Erie County, New York, to furnish all labor, tools, implements and materials that may be requisite and necessary to the execution and completion of the work according to the plans, specifications, profiles and other drawings relating to such work, as approved by the County of Erie and now on file in the Office of the Commissioner, and

WHEREAS, the Contractor did bid for said work in the manner and form as required by said plans and specifications and, being the lowest responsible bidder therefore, was duly awarded the Contract for such work at prices named in the itemized proposal by a resolution of the Erie County Legislature,

NOW THEREFORE, the Contractor, in consideration of the prices so named for the various items of work to be paid for as hereinafter provided, does for itself, its representatives, agents, executors, administrators, successors or assigns, covenant and agree with the County that the Contractor, shall and will at its own proper costs and charges and in conformity with said plans and specifications which are made a part of this Agreement without setting forth same herein, provide all manner and kind of materials, molds, models, cartage, appliances and appurtenances required and of every description necessary for the due and proper performance of this Agreement and the completion of said work to be done under the supervision and direction of the Commissioner, in a good workmanlike manner and in conformity with said plans and specifications without any alteration, deviation, additions, or omissions there from except upon due request and under the written direction of said Commissioner.

The Contractor acknowledges receipt of the Information for Bidders, General and Special Clauses, Specification, Proposal and Plans relating to this Agreement, as well as all issued Addenda thereto, all of which are expressly incorporated in this Agreement as if fully set forth herein.

ARTICLE 1. WORK TO BE DONE

The Contractor shall (a) furnish all labor, materials, appliances, tools and implements of every kind requisite and necessary, and construct and complete in the most substantial and workmanlike manner, the construction, improvement or reconstruction of:

Electric Vehicle (EV) Charging Stations

in the County of Erie, New York as shown in the Plans entitled,

Charge Erie – Electrical Vehicle Charger

and numbered 01 through 8, in accordance with the "Standard Specifications of the New York State Department of Transportation " of 01 January 2022 of the New York State Department of Transportation, Design and Construction Division, including subsequent addendum in effect on the date of advertisement for receipt of bids; the information for bidders; form of proposal; agreement and bonds; general specifications and conditions of contract; materials of construction; and Payment Items; and (b) do everything required by this Agreement (Agreement Documents) as defined herein.

ARTICLE 2. DOCUMENTS FORMING THE CONTRACT

This Agreement (and Agreement Documents) shall be deemed to include the advertisements for proposals and bids; the Contractor's proposal and bid; the Information for Bidders; General and Special Clauses, Specifications relating to this Agreement; this Agreement; the "Standard Specifications" referred to above; the Plans; any addenda to specifications if the same are issued prior to the date of receipt of proposal and bid, and all provisions required by law to be inserted in this Agreement whether actually inserted or not.

ARTICLE 3. EXAMINATION OF DOCUMENTS AND SITE

The Contractor agrees that before making its proposal or bid Contractor has carefully examined the Agreement Documents, together with the site of the proposed work, as well as its surrounding territory, and is fully informed regarding all of the conditions affecting the work to be done and labor and materials to be furnished for the completion of this Agreement, including but not limited to the existence of poles, wires, pipes, ducts, conduits and other facilities and structures of municipal and other public service corporations on, over, under or through the site, and that Contractor's information was secured by personal investigation and research and not from the estimates or records of the Department, and that Contractor will make no claim against the County by reason of estimates, tests or representations of any officer or agent of the County.

ARTICLE 4. DATE OF COMPLETION

The Contractor covenants and agrees to commence the work embraced in this Agreement within ten (10) calendar days of the date hereof, unless the consent of the County, in writing, is given to begin at a later date, and that the Contractor will prosecute the same so that it shall be entirely completed and performed on or before the

4th day of August 2023

It is further understood and agreed by the parties that the time of completion is of the essence of this Agreement. No extension beyond the date of completion fixed by the terms of this Agreement shall be effective unless in writing signed by the Commissioner. Such extension shall be for such time and upon such terms and conditions as shall be fixed by the Commissioner, which may include the assessment of liquidated damages against the Contractor and a charge to the Contractor for engineering and inspection expenses actually incurred upon the work. Notice of application for such extension shall be filed by the Contractor with the Commissioner at least fifteen (15) days prior to the date of completion fixed by the terms of this Agreement.

ARTICLE 5. ALTERATIONS AND OMISSIONS

The work hereunder shall be performed in accordance with the true intent and meaning of the Agreement Documents without any further expense of any nature whatsoever to the County other than the consideration named in this Agreement.

The County reserves the right, at any time during the progress of the work, to alter the plans or omit any portion of the work as it may deem reasonably necessary for the public interest; making allowances for additions and deductions at the prices named in the proposal or bid, for this work without constituting grounds for any claim by the Contractor for allowance for damages or for loss of anticipated profits, or for any variations between the approximate quantities and quantities of the work as done.

ARTICLE 6. CONFIDENTIALITY

The County agrees to assist the Contractor with the scope of work described in the Contractor's Contract by providing applicable drawing files that may include but not be limited to; drawings, specifications, approved submittals and any other reasonable information necessary to perform the Contractor's scope of work. Any and all information provided to the Contractor by The County or the Design Consultant, shall be defined as "Confidential Information". Contractor hereby agrees to maintain any Confidential Information received or learned in preparation of the underlying scope of work, (a) in confidence to the same extent the Contractor maintains its own proprietary industrial information of similar kind and value (but at a minimum the Consultant shall use commercially reasonable efforts); (b) the Contractor agrees not to disclose such Confidential Information to any Third Party without prior consent of the County; and (c) not use such Confidential Information for any purpose except those permitted by this Agreement.

ARTICLE 7. NO COLLUSION OR FRAUD

The Contractor hereby agrees to provide all non-collusive bidding certifications required by Section 103-d of the New York General Municipal Law and that the only person or persons interested as principal or principals in the bid or proposal submitted by the Contractor for this Agreement are named therein. The Contractor also agrees that no person other than those mentioned therein has any interest in the above mentioned bid or proposal or in the securing of the award, and that this Agreement has been secured without any connection with any person or persons other than those named, and that the proposal or bid is in all respects fair and was prepared and this Agreement secured without collusion or fraud and that neither any officer nor employee of the County of Erie has or shall have a financial interest in the performance of this Agreement or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

ARTICLE 8. PAYMENT OF ESTIMATES

On the faithful performance of the work of this Agreement and its acceptance by the County, the County hereby agrees to make payments to the Contractor therefore based upon the proposal or bid hereto attached and made a part of this Agreement in the following manner, to wit: the County shall once in each month, on such days as it may fix, make an estimate of the quantity of work done and of material which has been actually put in place in accordance with the terms and conditions of this Agreement, during the preceding month and compute the value thereof and pay to the Contractor all monies due as prescribed by law. If, however, the amount earned by the Contractor in any one month except the month in which the final estimate is rendered should be less than five per cent (5%) of the Agreement amount and in no case less than one thousand dollars (\$1,000), no monthly estimate will be given for that month.

ARTICLE 9. CONTRACT BID AMOUNT

The County agrees to pay, and the Contractor agrees to accept, payment for work performed in this Agreement, an amount not to exceed the Contract Bid Amount of _____ (\$ _____).

The Contractor specifically agrees that this Agreement shall be deemed executory only to the extent of the monies available and no liability shall be incurred by the County beyond the monies available for the purposes.

ARTICLE 10. INSURANCE

During the term of this Agreement, the Contractor agrees to maintain insurance coverage consistent with the insurance requirements attached hereto. Contractor agrees to name the "County of Erie" as an additional insured on all such insurance policies, and to provide to the County Attorney certificate(s) of insurance evidencing such insurance coverage prior to the commencement of any work on the Project. All insurance certificates shall be subject to approval by the office of the County Attorney.

ARTICLE 11. NO ESTIMATE ON CONTRACTOR'S NON COMPLIANCE

It is further agreed that while any lawful or proper direction concerning the work or material given by the Commissioner, or his representative, shall remain in non-compliance, the Contractor shall not be entitled to have any estimate made for the purpose of payment, nor shall any estimate be rendered on account of work done or material furnished until such lawful or proper direction aforesaid has been fully and satisfactorily complied with.

ARTICLE 12. FINAL ACCEPTANCE OF WORK

When in the opinion of the Commissioner, a Contractor has fully performed the work under this Agreement, he shall by letter notify the Contractor of such acceptance, and copies of such acceptance shall be sent to other interested parties.

ARTICLE 13. FINAL PAYMENT

After the final acceptance of the work, the Commissioner shall prepare a final estimate of the work done from actual measurements and computations relating to the same, and he shall compute the value of such work under and according to the terms of this Agreement. This estimate shall be certified as to its accuracy by the Commissioner. All certificates, upon which partial payments have been made being merely estimates, shall be subject to correction in the final certificate or estimate.

ARTICLE 14. RIGHT TO SUSPEND WORK AND CANCEL CONTRACT

It is mutually agreed that if, at any time during the prosecution of the work, the Commissioner shall determine that the work upon this Agreement is not being performed according to this Agreement, or for the best interests of the County, that the Commissioner may suspend or stop the work under this Agreement while it is in progress, and that the Commissioner shall thereupon complete the work in such a manner as will be in accord with this Agreement and the Agreement Documents, plans and specifications and be for the best interests of the County, or he may terminate this Agreement and re-advertise and re-let as provided by law.

Whenever the County determines to suspend or stop work under this Agreement, a written notice sent by mail to the Contractor at his address and to the sureties at their respective addresses, shall be sufficient notice of its action in the premises.

ARTICLE 15. DETERMINATION AS TO VARIANCES

In case of any ambiguity in the plans, specifications or maps, or between any of them the matter must be immediately submitted to the Commissioner, who shall adjust the same, and his decision in relation thereto shall be final and conclusive upon the parties.

ARTICLE 16. DELAYS, INEFFICIENCIES, AND INTERFERENCE

The Contractor agrees to make no claim for extra or additional costs attributable to any delays, inefficiencies, or interferences in the performance of this Agreement occasioned by any act or omission to act by the County or any of its representatives except as provided in Subsection "B" of this Article. The Contractor also agrees that any such delay, inefficiency, or interference shall be compensated for solely by an extension of time to complete the performance of the work in accordance with the provisions of Engineering Charges pages IB 9-10. In the event the Contractor completes the work prior to the contract completion date set forth herein, the Contractor hereby agrees to make no claim for extra costs due to delays, interferences or inefficiencies in the performance of the work except as provided in Subsection "B" of this Article.

- A. The Contractor further agrees that Contractor included in Contractor's bid, prices for the various items of the contract any additional costs for delays, inefficiencies, or interferences affecting the performance or scheduling of contract work caused by, or attributable to, the following instances:
1. The work or the presence on the contract site of any third party, including but not limited to that of other contractors or personnel employed by the County, by other public bodies, by railroad, transportation or utility companies or corporations, or by private enterprises, or any delay in progressing such work by any third party.
 2. The existence of any facility or appurtenance owned, operated, or maintained by any third party.
 3. The act, or failure to act, of any other public or governmental body, including, but not limited to, approvals, permits, restrictions, regulations or ordinances.
 4. Restraining orders, injunctions, or judgments issued by a court.
 5. Any labor boycott, strike, picketing or similar situation.
 6. Any shortages of supplies or materials required by the contract work.
 7. Climatic conditions, storms, floods, droughts, tidal waves, fires, hurricanes, earthquakes, landslides, or other catastrophes. However, payment may be made for repairing damage to the work caused by "Occurrences" as provided in Subsection 107-09 of Standard Specifications of the New York State Department of Transportation
 8. Determinations by the Department of Public Works to open certain sections of the project to traffic before completion of the entire contract work.
 9. Increases in contract quantities, additional contract work, or extra work or for delays in the review of issuance or orders- on-contract, or shop drawings, or field change sheets. However, payment for performance of extra work will be made pursuant to Subsection 109-05, Paragraph A and Paragraph B 1 only of Standard Specifications of the New York State Department of Transportation.
 10. Failure of the County to provide individual rights-of-way parcels for an extended period of time beyond that indicated by this Agreement, if such unavailability, as determined by the Commissioner, does not significantly affect the scheduled completion of this Agreement.
 11. Unforeseen or unanticipated surfaces and subsurface conditions.
 12. Stop work orders issued by the Engineer, pursuant to Subsection 105-01 of Standard Specifications of the New York State Department of Transportation.
 13. Any situation which was, or should have been within, the contemplation of the parties at the time of

entering into this Agreement.

- B. The Contractor agrees that the only claims he may make for extra compensation caused by delay, inefficiencies, or interference affecting the performance of the scheduling of contract work will be solely limited to those arising out of the following instances:
1. The issuance by the Commissioner of a stop work order relative to a substantial portion of work, which the Commissioner determines to significantly affect the scheduled completion of this Agreement, other than those orders issued pursuant to Subsection 105-01 of Standard Specifications of the New York State Department of Transportation.
 2. The unavailability of critical rights-of-way parcels for such an extended period of time beyond that indicated in this Agreement which the Commissioner determines to significantly affect the scheduled completion of this Agreement.

In all of such instances, compensation to be considered will be limited to documented additional direct field costs, including field supervision, escalation of costs for labor, materials, and rental equipment, and for such other related additional costs. In no case will additional costs for home office overhead, idle equipment, profit, or financing be allowed. Failure of the Contractor to adequately progress the completion of the work will be considered in determining whether the foregoing instances are the primary causes of delay. In all of such instances, for any claim asserted under this section, the Contractor shall keep detailed written records of the costs and agrees to make them available to the Department of Public Works at any time for purposes of audit and review.

Any dispute relating to such claims shall be promptly submitted to the Commissioner in writing and the Commissioner's determination shall be final and binding on the Contractor. Failure by the Contractor to promptly notify the Commissioner in writing or to maintain and furnish cost records of such claims shall constitute a waiver of the claim.

- C. The provisions of this Article apply only to claims for extra or additional costs attributable to delays, inefficiencies, or interferences and do not preclude determinations by the Commissioner allowing reimbursement for additional direct costs for extra work pursuant to Subsection 105-14 of Standard Specifications of the New York State Department of Transportation.

ARTICLE 17. INDEMNITY CLAUSE

To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the County of Erie, its agents, officers and employees, from any and all liability, damage, claims, demands, costs, judgments, fees, attorney's fees or loss arising out of, directly or indirectly, or relating in any way to the performance or failure to perform under this Agreement by the Contractor or third parties under the direction or control of the Contractor, including but not limited to personal injuries. The Contractor shall defend the County, at its sole expense, against any and all claims, demands or causes of action directly or indirectly arising out of this Agreement and to bear all other costs and expenses related thereto.

ARTICLE 18. ASSIGNMENT

The Contractor shall not delegate any duties or assign any of its rights under this Agreement without the prior express written consent of the County. The Contractor shall not subcontract any part of the Work without the written consent of the County, subject to any necessary legal approvals. Any purported delegation of duties, assignment of rights or subcontracting of Work under this Agreement without the prior express written consent of the County is void.

All subcontracts that have received such prior written consent shall provide that subcontractors are subject to all terms and conditions set forth in this Agreement. It is recognized and understood by the Contractor that for the purposes of this Agreement, all Work performed by a County-approved subcontractor shall be deemed Work performed by the Contractor and the Contractor shall insure that such subcontracted work is subject to the material terms and conditions of this Agreement.

ARTICLE 19. AUTHORIZATION

This Agreement is executed, pursuant to authorization contained in a resolution adopted by the County Legislature of the County of Erie, for Meeting Number _____ held on _____ being Communication Number _____, and further approved by the Erie County Fiscal Stability Authority at their meeting of _____.

ARTICLE 20. SUCCESSORS AND ASSIGNEES

This agreement shall bind the successors, assignees and representatives of the parties hereto.

ARTICLE 21. COMPLIANCE WITH LAWS

The Contractor shall comply, at its own expense, with the provisions of all applicable local, state and federal laws, rules and regulations, including, but not limited to, those applicable to the Contractor as an employer of labor. The Contractor shall further comply, at its own expense, with all applicable rules, regulations and licensing requirements pertaining to its professional status and that of its employees, partners, associates, subcontractors and others employed to render the Work hereunder.

ARTICLE 22. GOVERNING LAW AND SEVERABILITY

This Agreement may be executed simultaneously in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument. This Agreement shall be construed and enforced in accordance with the laws of the State of New York. In addition, the parties hereby agree that for any cause of action arising out of this Agreement shall be brought in the County of Erie.

If any term or provision of this Agreement is held by a court of competent jurisdiction to be invalid or void or unenforceable, the remainder of the terms and provisions of this Agreement shall in no way be affected, impaired, or invalidated, and to the extent permitted by applicable law, any such term, or provision shall be restricted in applicability or reformed to the minimum extent required for such to be enforceable. This provision shall be interpreted and enforced to give effect to the original written intent of the parties prior to the determination of such invalidity or unenforceability.

ARTICLE 23. HEADINGS

The headings used in this Agreement are for convenience of the parties only and shall not be considered in interpreting the meaning of any provision of this Agreement.

IN WITNESS WHEREOF, This agreement has been executed on behalf of the County by the County Executive of Erie County, who has caused the seal of his office to be affixed hereto and the Contractor has duly executed this agreement on the day first above written.
