RE: Erie County Sewer District #3 (ECSD #3)-Holland
Industrial Waste Survey

Dear Representative:

The Division of Sewerage Management (DSM) maintains a State Pollutant Discharge Elimination System (SPDES) Permit for the Holland Water Resource Recovery Facility (WRRF) issued by the New York State Department of Conservation. In accordance with the permit conditions, and federal and state pretreatment regulations, we are required to regularly survey the commercial businesses that are tributary to the treatment facility.

Enclosed please find an Industrial Waste Survey for you to complete. As this is a general form, there may be sections that do not pertain to your specific business. For these sections, you may write "not applicable." The completed form is due to this office by April 5, 2024.

If you should have any questions or concerns regarding this matter, please feel free to contact me at (716)823-5888.

Sincerely,

Laura A. Surdej
