

Transit-Oriented Development Training for Planning & Zoning Board Members

What is TOD?

Transit-Oriented Development is development that focuses land uses around a transit station or within a transit corridor. TOD occurs within a five to seven minute walk of a transit station, which is about $\frac{1}{4}$ mile.

Topics we'll cover...

How does TOD relate to my municipality?

Whether you have high-capacity transit serving your community or not, understanding the basics of TOD can help you maximize investments in future projects.

Who is involved in local TOD Planning?

Gain a clear understanding of what TOD plans have been developed to-date and what your municipality can do to benefit from TOD planning efforts.
