

# EXTREME TEMPERATURES PLAN COMMUNITY MEETING

This project has been funded in part by the Climate Smart Community Grant Program through the NYS DEC.

This past August, community volunteers helped collect temperature and humidity data across the county as part of a Heat Mapping Campaign. Join us to explore the results, view the maps created from this data, and learn what they reveal about heat impacts in our communities.

**ALL COMMUNITY  
MEMBERS ARE WELCOME**

## WHAT TO EXPECT

- Presentation of Erie County heat mapping results and maps
- What the data tells us about extreme heat in Erie County
- Overview of Erie County's Extreme Temperature Plan
- Q&A and community discussion

## DATE & TIME

**PRESIDENT'S DAY**

**MONDAY, FEBRUARY  
16, 2026**

**12:00 PM - 1:00 PM**
