EXPLORE ERIE COUNTY AGRICULTURE

Thank you to our sponsors!

The Erie County Department of Environment and Planning collaborates with public and private sector organizations to improve the quality of life for Erie County residents. The Office of Agriculture was created in 2020 to address the loss of farmland, improve the viability of farming, and assist rural municipalities with planning for agriculture.

Cornell Cooperative Extension (CCE) puts knowledge to work in pursuit of economic vitality, ecological sustainability and social well-being. By bringing local experience and research based solutions together, CCE helps New York State families and communities thrive in our rapidly changing world.

The Erie County Soil and Water Conservation District is a local government subdivision established to carry out programs for the conservation, use and development of soil, water and related resources. Districts are resource management agencies, coordinating and implementing environmental programs at the local level in cooperation with federal and state agencies.

Erie County Farm Bureau provides opportunities for individuals interested in the food system, land issues and rural living to join together and make their voices heard and is active on a broad range of issues that concern every New Yorker, from taxation, conservation to local food availability.

Taste NY highlights the quality, diversity, and economic impact of food and beverages grown, produced, or processed in New York State. Taste NY aims to create new opportunities for producers through events, retail locations, and partnerships.

A Message from the Erie County Executive

Mark C. Poloncarz I welcome Erie County residents, as well as visitors to our region, to visit the local growers on Erie Grown and take advantage of our county's vast agricultural bounty. It's now more important than ever to support our agricultural sector and one of the most effective ways to do that is to purchase local farm products. Buying local fruits, vegetables, meat, eggs, honey and flowers not only supports our farmers, farm workers, and their families but also strengthens our economy. Please take advantage of this Erie Grown Passport to guide you to familiar farms and farm-related businesses and also help you plan to explore some you may never have visited before. As always, please maintain a safe social distance when visiting a grower and please be sure to wear a facial covering.

Enjoy your Erie Grown adventure and thank you for supporting Erie County agriculture!

Sincerely,

Erie County Executive Mark C. Poloncarz

ERIE GROWN PASSPORT 2023

Name: _____

Email: _____

Date of Issue: MARCH 17, 2023

Date of Expiration: DECEMBER 31, 2023

How did you hear about the Erie Grown Passport?

Signature: _____
