

DIVISION OF HOMELAND SECURITY AND EMERGENCY SERVICES

Training Announcement

**Fire Prevention
and Control**

Course Name: Firefighter II

Full Description: Designed as the last step in initial level training for interior structural firefighters and/or who will serve as team or group leaders under the general supervision of an officer. Introduces new more advanced areas that will be expanded in other training programs. With the exception of those NFPA Firefighter Level II objectives pertaining to Vehicle Extrication techniques, a firefighter receives the training components equivalent to those found within NFPA Firefighter II Standard. Firefighter II is based on objectives from NFPA Standard 1001, Firefighter Level II, and consists of performance criteria in: incident command implementation, building materials and collapse, special rescue, hydrant flow and operability, hose tools, foam operations, flammable liquid/gases, detection, alarm systems, fire department communications, pre-fire planning, special situations, strategy and tactics. Note: Firefighter II equivalents are Fire Attack II or Advanced Firefighter Designed for: Interior structural firefighters and/or firefighters who may serve as team or group leaders

Course Length: 45 hours

Prerequisites: Firefighter I or equivalent and students must also be physically capable of wearing SCBA and possess current medical clearance for SCBA use. Students not possessing this prerequisite will not be allowed to participate for their own safety. A completed "Training Authorization Letter" mailed with your registration will meet this requirement.

Prerequisites: BEFO/IFO or Firefighter 1
