CYSHCN: Children and Youth with Special Health Care Needs

About the CYSHCN program

Pronounced "shin"

The CYSHCN Program seeks to improve the coordination of care for children and youth who have special health care needs and their families.

How CYSHCN can help

- Matching families with community resources and referring to community programs
- Advocacy with health care providers and school districts
- Linkage to medical providers and specialists
- Support and play groups
- Transportation services
- Translation and interpretation services
- Transition to adult services
- And more!

Who is eligible for support

- Infants, children and youth up to 21 years old who live in Erie County
- Infants, children and youth who have a serious or chronic medical, physical, behavioral, emotional or developmental condition
- **A diagnosis is NOT required.** See our website for more info.
