COMMISSIONER OF HEALTH

HEALTH ADVISORY #370

April 23, 2026

**NYS Department of Health Commissioner Declares
Influenza No Longer Prevalent in the State**

Please distribute to Healthcare Providers, Hospitals, Laboratories, Emergency Rooms, Community Health Centers, College Health Centers, Community-Based Organizations, Family Planning Providers, and Internal Medicine, Family Medicine, Pediatric, Adolescent Medicine, Infectious Disease, and Primary Care Providers

SUMMARY

Influenza cases and hospitalizations recently have been at low levels compared to peak activity in the week ending December 20, 2025.

Therefore, New York State Department of Health Commissioner James McDonald, MD, MPH, declares that influenza is no longer prevalent for the 2025-26 influenza season, as of the date of this announcement. Accordingly, at this time, section 2.59 of the New York State Sanitary Code (10 NYCRR § 2.59) no longer requires all healthcare and residential facilities and agencies regulated pursuant to Article 28, 36, or 40 of the Public Health Law, to ensure that all personnel, as defined in the regulation, not vaccinated against influenza for the current influenza season wear a surgical or procedure mask while in areas where patients or residents may be present.

This declaration shall remain in effect until the Commissioner declares influenza to be prevalent in New York State.

ADDITIONAL INFORMATION

Frequently Asked Questions regarding the regulation and other resources are available at <http://health.ny.gov/FluMaskReg>.

For more information please direct questions to FluMaskReg@health.ny.gov.

Respiratory surveillance reports for influenza, COVID-19, and respiratory syncytial virus (RSV) are updated weekly during the respiratory season (October through the following May):
