

C&T

Clean & Tune Program

Clean & Tune:

This is a general service to assist with your households primary heating unit. The goal is to ensure your home is being heated safely and as efficiently as possible.

Homeowners must have:

- Resided in the dwelling for the past twelve months
- Not had a clean and tune service within the past twelve months

If the homeowner received a Regular heap benefit during on or after October 1st, 2021:

- They need to complete the C&T Request Form, see Request Form of website
- Select a vendor from the participating list.

If the homeowner didn't receive a regular benefit prior to October 1st, 2021:

- A completed LDSS-3421 (HEAP Application) and C&T Request Form is required
- ID for all household members
- Utility bills
- Proof of Ownership
- Proof of income - Past thirty (30) days
- Homeowner must select at least one participating vendor
