

Family 2 Family Virtual Support Group

During the current Coronavirus (COVID-19) pandemic, Mental Health PEER Connection (MHPC) wants you to know WE are there for you.

If you have a loved one battling addiction or had a loved one that has lost that battle, you know the devastation that Substance Use Disorder can bring to a family. We know it too. We're Family to Family, a peer to peer group that have also spent sleepless nights, bailed loved ones out of jail, driven them to rehabs and we understand the shame and guilt you've gone through. Family to Family Peers have found their own recovery and we can help you.

Come join us in our new virtual Family Support Group!

Every Monday, Wednesday and Friday at 4pm

Please RSVP at 716-563-0078
