NAME OF BIDDER Modern Disposal Services, Inc.

BID SPECIFICATIONS

Pick-up and Disposal of Incinerator Ash from the Southtowns Advanced Wastewater Treatment Facility, S-3690 Lakeshore Road, Buffalo, NY 14219. Estimated annual quantity is 1,500 tons.

Ash consists of sanitary waste residual from the Southtowns Treatment Plant. Ash has been incinerated by a fluidized bed incinerator and dewatered by use of drying beds. Grit obtained by the cleaning of sanitary sewer lines may be included with the ash. The actual percentage of grit mixed with the ash will be very small, if any.

All ash for disposal will have been stabilized by a process approved by NYSDEC. Ash will be dewatered to a Minimum of 20% + Solid Content. The ash will have been tested for the TCLP Parameter and have been determined to be non-hazardous.

The successful bidder must have all necessary permits that may be required to transport and dispose of such material.

Vendor must hold Pollution Liability Insurance, in addition to the insurance required in Exhibit IC, and provide a certificate as evidence of such.

Vendor must supply 24 cu/yd roll off type container or may use a dump trailer for pick-ups. The Sewer District will load ash into dump trailer if this is the container to be used.

Delivery of containers and/or pick-up of filled containers must be made within 48 hours of call from Sewer District for service Holidays and weekends excluded.

All containers provided must have appropriate cover to keep out rain and snow, and, include a disposable plastic liner.

The 1,500-ton annual quantity is an estimate only. The Sewer District may generate more or less than this quantity during term of contract. The successful vendor must pick up and dispose of all ash as requested by the Sewer District.

The Sewer District will only pay for actual number of tons of ash picked up and disposed of by vendor.

Bidder is requested to quote a price per ton for this service. Price per ton to be inclusive of container, pick-up, transport, disposal, labor, permits, cover, liner, etc., necessary to pick-up and dispose of ash.

PRICING

Price per ton for pick-up and disposal of ash as per specifications.

\$ 75.00 per ton
