Maintenance Specifications Fire Extinguisher Inspection / Services and Semi-Annual Kitchen Hood Inspections / Services

ARTICLE I GENERAL

- 1001 The services to be performed under this specification shall consist of furnishing all materials, labor, tools, and equipment necessary to provide inspection and complete maintenance of the equipment herein described. Full service shall include systematic inspections, maintenance to test, inspect, repair and or replace to comply with the latest edition of NFPA 10, Standard for Portable Fire Extinguishers. And IAW NFPA 17A Standard for Wet Chemical Extinguishing Systems

ARTICLE II COMPETENCY OF BIDDER

- 2001 **The bidder shall have had a qualified service organization and licensed in the City of Buffalo and in active operation for a minimum of ten years.** The bidder shall have an established, certified fire and smoke alarm service agency, capable of performing all work described herein. **The contractor shall not subcontract with any person or entity to perform all or any part of the work to be performed. In other words, it is required that all work being performed will be by direct employees of the Contractor.** The bidder shall furnish with his bid, a statement that he has in his employ and under his supervision, the necessary personnel, and organization, and that he possesses facilities located within the County of Erie, to properly fulfill all the services and conditions required under these specifications. Consideration will not be given to bids submitted by an individual, firm, or corporation who has established on former projects, either governmental or commercial, an unsatisfactory record of performance in connection with inspection or repair of the type of systems specified herein.
- 2002 Each bidder shall submit, at time of bid the number of the qualified service technicians to provide service. **Contractor must be certified to perform inspections within the City of Buffalo and Erie County.**
- 2003 The successful bidder must furnish at the time of the bid opening, and attached to and made a part of his bid the following:
1. Names of any full time technicians now on the payroll of the bidder who are trained in the maintenance and repair of equipment listed. Indicate for each person the number of years' experience servicing fire suppression equipment.
  3. References are required. List (3) three customers in Erie County who are currently employing the bidder for maintenance and service of Fire Extinguishers and fire suppression equipment.
- 2004 **The contractor's service personnel must be ICC/NAFED Certified Portable Fire Extinguisher Technicians and Ansul factory trained technicians. Documentation of required certification to be submitted at time of bid. Certifications must be submitted to Erie County on an annual basis.**

ARTICLE III Scope of Work Service Description and Requirements

- 3001 Provide services for the annual inspection, maintenance, recharging, six (6) year maintenance, hydrostatic testing and required repairing of all fire extinguishers and Semi-annual Kitchen Hood Inspections in Erie County facilities. **The services shall be performed in accordance with the latest edition of NFPA 10, Standard for Portable Fire Extinguishers and NFPA 17A Standard for Wet Chemical Extinguishing Systems.**
- 3002 The contractor shall perform all services on site of the County facilities except the hydrostatic testing and recharging of fire extinguishers. Note: if any equipment is removed from site for service a replacement must be provided until the unit requiring service is returned.
- 3003 The contractor and Erie County shall mutually determine acceptable dates and times for the scheduled work to be completed prior to any services being performed. Contractor must contact the building manager of each facility prior to any service. The contractor shall schedule all service and testing work during normal business hours (7:00 AM to 3:00 PM), Monday through Friday, except for emergency service work. The contractor shall perform all fire extinguisher inspections, required six-year maintenance and hydrostatic testing during the months required at each facility. **The Contact and Count information listed in Article V.**
- 3004 Where portable fire extinguishers must be removed from the site for testing, recharge or repair, the contractor shall provide, at no cost to the County, adequate extinguisher units for protection until the correct extinguisher units are replaced. Temporary units shall be returned to the vendor when County owned extinguishers have been returned to their appropriate locations. Contractor shall provide all labor necessary to remove from buildings, load and transport extinguisher units for testing, service or recharge. Contractor shall also provide all labor to return extinguishers to their proper location any extinguisher unit removed for testing and recharge.
- Note:**  
**Any new extinguishers to be Ansul/Sentry**
- 3005 During the first year of the service contract, the contractor shall develop A comprehensive site survey to include classification, ages, location and service history for use in tracking required maintenance for each device Survey to be submitted to the facility manager at time of inspection.
- 3006 All work performed by the contractor shall be documented in reports and Submitted to Erie County Department of Public Works Division of Buildings and Grounds. And one copy to be left with building manager upon completion of Inspection  
Any corrective work to bring the facility under compliance will Require a separate quote for approval from Erie County Buildings and Grounds. Listing cost for material and labor rates listed in Article VI and VII.  
**Certification of compliance on completion of repairs to be submitted to facility Manager.**
- 3007 Damages to equipment resulting from accidents, fire, storm, water, negligence by owner or by any reason beyond the contractors control other than fair wear and tear, shall not be the responsibility of the contractor.

3008      Emergency Service shall be provided (24) twenty hours a day. Labor and travel Expenses incurred during emergency service calls outside of normal business hours for the trade, shall be invoiced separately. Contractor shall provide a list of names and emergency telephone numbers that can be contacted for emergency service, nights, weekends and holidays

ARTICLE IV    FAILURE to COMPLY

4001      The County reserves the right to terminate (60 day written notice) at any time, for any reason, or suspend any part of the services described herein when conditions change, operation of a County facility reduced or discontinued or other similar circumstances take place. In the event of such termination suspension, payments for services shall suspend without penalty...
