

**ADVERTISEMENT FOR BIDS
ERIE COUNTY SEWER DISTRICT NO. 3
SOUTHTOWNS ADVANCED WASTEWATER TREATMENT FACILITY ORF
INFLUENT AND OXYGEN FEED REPLACEMENT - CONTRACT NO. 85**

NOTICE IS HEREBY GIVEN, that sealed proposals for the above referenced contract will be received by the Commissioner of the Erie County Department of Environment and Planning on **Wednesday, May 14, 2025** at **10:00 AM** local time, at which the Bids received will be publicly opened and read aloud.

The Project includes removing and partially abandoning existing buried Overflow Retention Facility (ORF) influent piping and manhole structures; providing new cast-in-place concrete junction chamber and interconnections to the existing influent pump station; providing new 72-inch diameter ORF influent piping and associated manholes; relocation of a portion of an existing buried 30-inch diameter storm sewer and 8-inch diameter water main; removing a portion of the existing ORF decant piping; removing existing pure oxygen piping and providing new pure oxygen piping, valves, and supports; providing new pressure transmitter and flow meter instrumentation, and associated conduit and cable; and providing associated site/civil, structural, architectural, instrumentation, electrical, utilities, and other required construction associated with the Project as shown or specified.

Information and Bidding Documents for the Project can be found at: www3.erie.gov/dsm

Prospective bidders are encouraged to attend a pre-bid meeting scheduled for **Thursday, April 24, 2025** at **9:00 AM** at the Southtowns Advanced Wastewater Treatment Facility, S-3690 Lake Shore Road, Buffalo, NY 14219.
