V. SCOPE OF PROFESSIONAL SERVICES REQUIRED

INTRODUCTION

The purpose of this Request is to solicit applications to the Erie County Youth Bureau for 2026-2027 Youth Sports and Education Programming. These awards are designed to promote positive youth development and address long-term juvenile delinquency prevention within Erie County. As a trauma-informed organization, ECDSS incorporates the five principles of trauma informed care (collaboration, safety, trustworthiness, empowerment, and choice) throughout its services to promote resilience and healing. The mission of the Erie County Youth Bureau is to serve youth and families through positive youth development, advocacy, delinquency prevention and intervention programs that strengthen families and communities. All grants are appropriated by the Erie County Youth Bureau and Department of Social Services, and awarded to local applicants targeting 'at risk' youth 6-17 years of age.

Eligible applicants are local youth bureaus/recreation departments in Erie County providing services to at-risk youth in the targeted age group. Organizations not part of a unit of local government must have their own 501(c)(3) status; use of other organizations' 501(c)(3) status as a "pass through" is not permitted. Charter schools may not apply; however, programs may take place at charter schools, provided that they are run by an eligible applicant. "Drop-in" programs, while permitted, will receive lower funding priority than programs where youths must register.

HISTORY AND CONTEXT

The mission of the Erie County Youth Bureau is to serve youth and families through positive youth development, advocacy, delinquency prevention and intervention programs that strengthen families and communities.

Youth Sports and Education Funding awards are guided by the following principles:

- Sports are effective tools in positive youth development and family engagement.
- Sports improve the lives of young people by promoting positive social, emotional, health, and educational outcomes and have important life-long effects.
- Sports enable opportunities for young people to thrive through leadership roles.
- Coaching education greatly improves young people's sports experience and development outcomes.

SCOPE OF WORK

Funded programs must provide a variety of sports for a broad range of youth in under-resourced communities. A wide and flexible definition of sports is encouraged that encompasses any organized activities with movement, including physical fitness activities such as yoga, hiking, dance, and active outdoor pursuits.

All funded programs must foster the following:

- Educational connection and achievement – More youth attending and completing school with increased attainment, including collegiate placement success
- Physical health and well-being – Increasing physical activity and positive relationships to one's body and physical activity
- Mental health and well-being – Improving outcomes related to youth's mental health and social and emotional skills development and connectedness
- Employment – Increasing qualifications and skills, such as collective problem-solving, teamwork, and dispute resolution, which help prepare youth for suitable employment
- Community cohesion – Breaking down barriers to reduce discrimination, crime, and violence in communities and help young leaders emerge

Youth Sports and Education Program funds are intended to serve youth who are at-risk or under-resourced. The Youth Bureau supports programs implemented in communities which would have limited such opportunities for their youth if not for this funding program.

These communities include factors such as the following:

- historically under-resourced communities;
- public housing;

- high rates of family homelessness;
- Opportunity Zones or neighborhoods/cities/areas deemed “low-income” via externally available tools like the New York State Council on Children and Families Kids’ Well-being Indicators Clearinghouse;
- marginalized communities or groups with higher barriers to participation in sports (e.g., youth with disabilities; girls; transgender/gender non-binary youth; and youth who identify as lesbian, gay, bisexual, or questioning);
- federally and/or New York State-recognized tribes and tribal organizations; and
- neighborhoods that experience higher rates of crime and violence and have lower-performing schools.
- programs that serve youth identifying as Black, indigenous, or people of color
- providers of adaptive sports for youth with physical disabilities.

The Erie County Youth Bureau implements two youth sports funding programs: Youth Sports and Education Programs (YSEP) and Youth Team Sports (YTS). Proposers are strongly encouraged to closely review the funding program guidelines and priorities to identify eligibility of and appropriateness of each fund for their program.

YSEP and YTS differ in that YSEP programs provide equitable access to a **wide variety of sport and recreation activities which facilitate well-being and academic achievement**. YSEP programs may include non-traditional and individual sport and activity types.

YTS programs provide equitable access specifically to **competitive, team sport opportunities**. Sports which are individual and not team-based and which do not feature a competitive component would not be eligible for YTS funding.

ORGANIZATIONS AND ACTIVITIES NOT ELIGIBLE FOR FUNDING:

- For-profit organizations or businesses
- Private foundations, as defined in section 509(a) of the U.S. Internal Revenue Code
