## NON-COLLUSIVE BIDDING CERTIFICATION

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his knowledge and belief:

(1) the prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or any competitor;

(2) unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and

(3) no attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.

**NOTICE**

**NAME OF BIDDER** Cummins Inc.

## **Bid Specifications for Emergency Power Generator sets:**

Erie County Department of Public Works, Division of Buildings and Grounds, requires a vendor to provide semiannual inspection and preventive maintenance service on emergency power generator sets located at various County facilities as listed in the enclosed specifications.

**Term of the contract is: January 1, 2026 through December 31, 2027.**

### **ARTICLE I - GENERAL**

**1001** - The inspection and preventive maintenance services to be performed by a trained contractor. This specification shall consist of furnishing all material, parts, labor, tools, and equipment necessary to provide complete inspection and maintenance service to the emergency power generators sets and automatic transfer switches as described in this contract.

**1002** - Bidder is requested to quote price per inspection and annual cost (based on two inspections per year) for each generator. Such inspections to be conducted twice during the 12-month period as specified. One inspection performed in the month of March or April and one inspection in the month of October or November. Prior arrangements for inspections are to be scheduled at the mutual agreement of the site Chief Engineer / County representative and the vendor.

**1003** - As part of this contract, vendor is to provide at no additional cost to the County: belts, (batteries one complete change at each facility within the term of contract) coolant hoses, filters (oil, fuel, coolant and air), engine oil, coolant and coolant additive as needed to maintain the generator's engines in reliable operating condition.

**1004** - The County reserves the right to terminate (60-day written notice) at any time for any reason or suspend any part of the services described herein when conditions change, operation of a County facility is reduced or discontinued or other similar circumstances take place. In the event of such termination or suspension, payments for services shall be suspended without penalty.

### **ARTICLE II - COMPETENCY OF BIDDER**

**2001A** - The bidder shall have had a qualified service organization in active operation for a minimum of five years. The bidder shall have established a history of competent service, proof of training & proof of experience in maintaining the specific types of equipment as described in these specifications, and must have on its payroll sufficient qualified personnel to guarantee satisfactory performance of this contract.

**2001B** - All technicians working on County of Erie generators and transfer switches must provide OEM documentation that they have received training on generator and transfer switch maintenance and provide said documentation at time of bid.

**2001C** - All servicing technicians shall have continual company training on electrical safety procedures in all aspects of generator and transfer switch maintenance. *Documentation will be provided **prior** to working on any County of Erie generator site.*

**2001D** - The bidder must have training and software ability to communicate and to service the generator/transfer switches at the following locations # 2, 3, 4, 5, 6, 7, 18, 20, 22, 24 (as listed below).

**2002** - The bidder shall submit a statement that includes at least three specific locations that have been serviced by the bidder and the dates during which the service has been performed. Consideration will not be given to bids submitted by an individual, firm, or corporation who has established on former projects, and on either government or commercial, an unsatisfactory record of performance in connection with inspection, maintenance or repair of emergency power generator sets. The County reserves the right to determine the competency of contractors being considered for the award of this contract. The County will take into consideration all factors, which are deemed pertinent to the satisfactory execution of this contract.

**2003** - The successful bidder will be required to provide proof of insurance as per requirements of Erie County standard insurance classification "A".

### **ARTICLE III - PAYMENTS**

**3001** - Payments in the amounts stipulated in the contract shall be made semiannually in arrears, upon completion of service and submission of specified written reports and invoices.

### **ARTICLE IV - FAILURE TO COMPLY**

**4001** - In the event that the contractor fails to maintain the power generating equipment in accordance with these specifications, or violates any of the provisions hereof, the County of Erie may, upon ten days' notice in writing to the contractor, engage the services of others to perform all work necessary to bring the equipment up to good operating standards. The cost of this work shall be at the contractor's expense.

### **ARTICLE V - SCOPE OF WORK**

**5001** - The work to be performed by the contractor under this specification shall consist of preventive maintenance and inspection services as herein described.

**5002 - WORKING HOURS** - Preventive maintenance and inspection work under these specifications shall be performed during normal working hours and on regular working days established for the County of Erie.

**5003 - EMERGENCY SERVICE** - The contractor shall provide emergency service outside of normal working hours for the trade on any day of the week, day or night, holidays included. The contractor shall provide a continuous telephone service where he can be reached twenty-four hours, seven days each week, Sundays and holidays included in the event emergency service is required. Such emergency service is outside of the normal maintenance and inspection service specified in this contract and is to be billed separately at the appropriate established overtime rate with prior approval of the site Chief Engineer/County Representative.

#### **5004 - SEMIANNUAL INSPECTION AND MAINTENANCE WILL INCLUDE THE FOLLOWING:**

1. Adjust engine fuel injectors and valves as required. Check or replace spark plugs, points and condenser as required if applicable.
2. Check and adjust fuel pump and governor or carburetor if applicable.
3. Provide an annual independent, 3<sup>rd</sup> party lube oil, coolant and analysis to determine oil and coolant condition and change interval. Oil and coolant samples to be taken and report provided as part of the 1<sup>st</sup> semiannual inspection. Change lube oil and filter annually, coolant recommended by analysis and dispose of waste oil, coolant and filters as per NYS DEC regulations. Lubricate all equipment as specified by manufacturer.
4. Inspect complete fuel system and service sediment trap and fuel filter(s). Replace fuel filters as required.
5. Check engine for oil, coolant and/or fuel leaks - report problems to owner representative.
6. Check battery condition and battery charger operation. Clean battery terminals and add electrolyte as needed. Record specific gravity of each cell and include on inspection report. Batteries are to be load tested and replaced under the terms of this specification and properly disposed of by contractor.
7. Check lube oil and coolant level - add fluids as needed.
8. Check coolant's freeze protection - add antifreeze and DCA as needed.
9. Check condition of all hoses and belts - report to owner. Replace as required.
10. Check and clean air intake system and service air cleaner. Replace as required.
11. Check generator brushes, commutator or slip rings for proper setting and operation.
12. Check operation of automatic transfer switch (where practical) - report problems to owner representative.
13. Check operation of all instruments and engine safety controls - report deficiencies to owner rep.
14. Run and test unit (under load, where practical).
15. Comply with NFPA maintenance guidelines where applicable for emergency generating systems in health care facilities.
16. Instruct owner personnel upon request, of proper operating and care procedures between scheduled calls.
17. Contractor will provide and maintain electronic log available to assigned County personnel detailing the service provided for each semiannual and emergency service call. The log entry will give a narrative of the work performed on each generator, the date of service, generator Serial Number or identification number, generator clock hours, and name of technician. Upon termination of this contract, all electronic documents become the property of the County of Erie.
18. A written report of all inspections and engine oil and coolant analysis reports are to be sent to the Chief Engineer / representative at each generator location and copies of such reports along with detailed invoice, to the Buildings and Grounds office, Room 1400, 95 Franklin St, Buffalo, NY 14202.
