IV. STATEMENT OF RIGHTS

UNDERSTANDINGS

Please take notice, by submission of a proposal in response to this request for proposals, the proposer agrees to and understands:

- that any proposal, attachments, additional information, etc. submitted pursuant to this Request for Proposals constitute merely a suggestion to negotiate with the County of Erie and is not a bid under Section 103 of the New York State General Municipal Law.
- submission of a proposal, attachments, and additional information shall not entitle the proposer to enter into an agreement with the County of Erie for the required services.
- by submitting a proposal, the proposer agrees and understands that the County of Erie is not obligated to respond to the proposal, nor is it legally bound in any manner whatsoever by submission of same.
- that any and all counter-proposals, negotiations or any communications received by a proposing entity, its officers, employees or agents from the County, its elected officials, officers, employees or agents, shall not be binding against the County of Erie, its elected officials, officers, employees or agents unless and until a formal written agreement for the services sought by this RFP is duly executed by both parties and approved by the Erie County Legislature, the Erie County Fiscal Stability Authority (if required), and the Office of the Erie County Attorney.

In addition to the foregoing, by submitting a proposal, the proposer also understands and agrees that the County of Erie reserves the right, and may at its sole discretion exercise, the following rights and options with respect to this Request for Proposals:

- To reject any or all proposals.
- To issue amendments to this RFP.
- To issue additional solicitations for proposals.
- To waive any irregularities in proposals received after notification to proposers affected.
- To select any proposal as the basis for negotiations of a contract, and to negotiate with one or more of the proposers for amendments or other modifications to their proposals.
- To conduct investigations with respect to the qualifications of each proposer.
- To exercise its discretion and apply its judgment with respect to any aspect of this RFP, the evaluation of proposals, and the negotiations and award of any contract.
- To enter into an agreement for only portions (or not to enter into an agreement for any) of the services contemplated by the proposals with one or more of the proposers.
- To select the proposal that best satisfies the interests of the County and not necessarily on the basis of price or any other single factor.
- To interview the proposer(s).
- To request or obtain additional information the County deems it necessary to determine the ability of the proposer.
- To modify dates.
- All proposals prepared in response to this RFP are at the sole expense of the proposer, and with the express understanding that there will be no claim whatsoever, for reimbursement from the County for the expenses of preparation. The County assumes no responsibility or liability of any kind for costs incurred in the preparation or submission of any proposal.
- While this is a RFP and not a bid, the County reserves the right to apply the case law under General Municipal Law § 103 regarding bidder responsibility in determining whether a proposer is a responsible vendor for the purpose of this RFP process.
- The County is not responsible for any internal or external delivery delays which may cause any proposal to arrive beyond the deadline stated. To be considered, proposals MUST arrive at the place specified herein and be time-stamped prior to the deadline.

EVALUATION

The following criteria, not necessarily listed in order of importance, will be used to review the proposals. The County reserves the right to weigh its evaluation criteria in any manner it deems appropriate:

- An evaluation of the proposer’s projected approach and plans to meet the requirements of this RFP.
- The proposer’s presentation at and the overall results of any interview conducted with the proposer.

- Proposers may be required to give an oral presentation to the County to clarify or elaborate on the written proposal.
- No proposal will be accepted from nor any agreement awarded to any proposer that is in arrears for any debt or in default of any obligation owed to the County. Additionally, no agreement will be awarded to any proposer that has failed to satisfactorily perform pursuant to any prior agreement with the County.

WRITTEN PROPOSALS

In one envelope, submit one (1) original and five (5) copies of your written proposal to include answers to the questions listed below.

Proposals will be evaluated, generally on your firm’s response to the following questions, (Score sheet is shown in Exhibit “B”). Note – even those items that are listed as “NNR” (no numerical rating) are important and must be addressed in your proposal. NNR items that are unanswered may adversely impact your overall ranking.

A. **Qualifications**

- 1) State clearly whether your main office/parent firm is currently authorized to perform professional engineering in New York State.

Indicate if this would be a joint venture proposal with another professional organization. The reasons for a joint venture should be presented. (Please provide documentation for all firms for compliance with New York State Education Law)

- 2) State any potential conflicts of interest. Include any employment or other relationship your firm has with regulating agencies, or any other entity which may be perceived as a conflict of interest. Explain why any such potential conflicts of interest would not impact on this project.
- 3) State the number of Employees in the Firm - If a branch office will perform work, indicate the size of the branch office. Also indicate, in relation to this project, how size of firm would relate to performance.
- 4) State the location (municipality) of the design team you would assign to this project. If more than one design team is proposed or if design team support is to be provided by another office, please explain.

- 5) Indicate the workforce demographics at the firm level and on the project team, using the job categories, race/ethnicity, and male/female data presented in Federal EEOC Standard Form 100 (EEO-1).
- 6) List any current or anticipated obligations which may affect the project or use of the identified personnel proposed for this project.

B. Expertise/Experience

- 1) Present your special expertise for the project and show how your firm's qualifications would best serve the County on this Project. (Resumes should be attached at the end of the proposal.). Also, indicate what professional or technical subcontractors you would utilize for the project. Indicate where the subcontractors are located and what services they would provide. Recite any experience or familiarity of the subcontractors which is pertinent to the specific requirements of this project and the basis of your confidence in their ability to perform. If your firm possesses specialty capabilities which allow work normally subcontracted to be performed in-house, present this information here.
- 2) Recite a list of no more than five similar projects within the last five years giving the size of the project in dollars, the client, including the name and phone number of the person to whom you were accountable, whether DEC and/or EPA were involved and if the project was constructed or otherwise completed.
- 3) Recite current and past work experience within the last five years, if any, your firm has had with the County of Erie outside of the Department of Environment and Planning. Please note, the Erie County Water Authority is not part of the County of Erie's government. Identify the other Department(s) for which the services were provided and the project title.
- 4) Disclosure of any Past County Employees - Indicate any personnel (either as an employee or through a contractual relationship) who, within the last year prior to the date of this proposal, had been employed by the County of Erie. Also, indicate that person's County work title and the Department for which he/she worked. If there is any, an explanation of the significance of the employee on the project should be presented.

C. Project

- 1) Provide a written evaluation of the "Scope of Services" which indicates your unique approach to performing this project.
- 2) Based on the Scope of Services, Form of Contract, these Guidelines and the expected job duration, indicate the total number of labor hours for each of the various employee types (job classification) who will be assigned to the project. The hours should be listed and totaled by Job Classification and Engineering Phase. If subcontractors are to be utilized on any phase of the project, provide separate breakdowns which displays the number of hours for each of their employee types who will assist on this project. All labor hours, including those for subcontractors, must be shown in this part of the proposal.

The above information is to be presented in a format as shown on the enclosed table labeled "Labor Summary Sheet" (Exhibit "C"). You may substitute your own layout (i.e. spreadsheet tables) in lieu of using the enclosed form. (Please note the DEP Summary Form, ECDEP-CS-1, is to be utilized in the breakdown of costs in the sealed price proposal). Resident engineering is to be assumed for the duration of construction for this project as noted in Schedule "C". Insofar as you propose utilizing County personnel for this project, state clearly the level of effort or task you would expect the County to provide.

- 3) Indicate which MBE/WBE/SDVOB subcontractors you would propose to use on this project and why. Show what percentage of work is proposed to be assigned to MBE/WBE/SDVOB subcontractors. If your firm is a certified SDVOB, MBE, and/or WBE firm, please state here and include self-performed work in the calculation of utilization. Please refer to funding and MBE/WBE/SDVOB discussions in Schedule "A".
- 4) State the length of time necessary to complete each engineering phase (Exhibit "D" - Agreement, Schedule A - Items I, II, IIIA, IIIB, IIIC, IIID). Indicate the minimum time required. Please indicate any strategies that may be employed to more expeditiously complete the project.

D. **Proposer Certification:** Proposals without a signed Proposer Certification will be rejected.

PRICE PROPOSAL

In a separately sealed envelope identifying your firm and the project and marked "CONFIDENTIAL - Pricing Information - To be Opened by the Deputy Commissioner, Joseph Fiegl, P.E., BCEE" submit one (1) copy of your price proposal **for each of the project tasks (Items I, II, IIIA, IIIB, IIIC, IIID), along with a summary providing a total for the whole project.**

The price proposal is to be for the entire project as described in these Instructions, the Form of Agreement and the Scope of Services attached. Exceptions or limitations in your proposal shall not be placed in the sealed price proposal unless clearly described in the written proposal. Respondents are advised that all price proposals are subject to negotiation at the discretion of the DEP.

The proposed costs and fees are to be presented on the Erie County Division of Sewerage Management form entitled "Cost Summary Format for Engineering Sub agreements" (ECDEP-CS-1). See Schedule "E" in Exhibit "D". The overhead and profit percentages used for each part of the project should be clearly distinguishable in the information provided.

SELECTION

All Proposals, timely received and complete, will be evaluated and ranked by a selection committee. The evaluation is based on the Written Proposals using a numerical score sheet related to the questions posed in the Proposal Guidelines. Interviews may be called where determined to be appropriate for the evaluation.

When the evaluation of the written proposals are complete, all price proposals will be opened. Total cost will be part of the final selection criteria.

CONTRACT

After selection of the successful proposer, a formal written contract (see Exhibit “D”) will be prepared by the County of Erie and will not be binding until signed by both parties and, if necessary, approved by the Erie County Legislature, the Erie County Fiscal Stability Authority and the Office of the County Attorney. **NO RIGHTS SHALL ACCRUE TO ANY PROPOSER BY THE FACT THAT A PROPOSAL HAS BEEN SELECTED BY THE COUNTY FOR SUBMISSION TO THE ERIE COUNTY LEGISLATURE AND/OR THE ERIE COUNTY FISCAL STABILITY AUTHORITY FOR APPROVAL. “In addition to, and not in limitation of the insurance requirements contained herein the Consultant agrees:

The Consultant agrees: that except for the amount, if any, of damage contributed to, caused by, or resulting from the negligence of the County, the Consultant shall defend, indemnify and hold harmless the County, its officers, employees, and agents from and against the Consultant’s proportional share of liability, damage, claim, demand, cost, judgment, fee, attorneys’ fees, or loss which the County may sustain, be subject to, or be caused to incur because of or as a result of (a) any wrongful act, error, or omission of the Consultant or third-parties under the direction or control of the Consultant; or (b) any willful misconduct of the Consultant or third parties under the direction or control of the Consultant; or (c) any infringement of any claimed copyright or patent right of designs, plans, drawings, or specifications furnished by the Consultant or its subconsultant. Nothing contained herein shall create or give to third parties any claim or right of action against the County or the Consultant beyond such as may legally exist without regard to this provision.

Upon execution of any contract between the proposer and the County, the proposer will be required to provide proof of the insurance coverage described in Schedule “B” of the attached Agreement (Exhibit “D”).

If any of the deliverables do not qualify as “works made for hire”, the Consultant hereby assigns to the County all right, title and interest (including ownership of copyright) in such deliverables and such assignment allows the County to obtain in its name copyrights, registrations and similar protections which may be available. The Consultant agrees to assist the County, if required, in perfecting these rights. The Consultant shall provide the County with at least one copy of each deliverable.

If the County determines that none of these alternatives is reasonably available, the deliverable will be returned.

All records compiled by the Consultant in completing the work described in this Agreement, including but not limited to written reports, source codes, studies, drawings, blueprints, negatives of photographs, computer printouts, graphs, charts, plans, specifications and all other similar recorded data, shall become and remain the property of the County. The Consultant may retain copies of such records for its own use.

The parties understand and intend that the obligation of the County hereunder shall constitute a current expense of the County and shall not in any way be construed to be a debt of the County in contravention of any applicable

constitutional or statutory limitations or requirements concerning the creation of indebtedness by the County, nor shall anything contained in this Agreement constitute a pledge of the general tax revenues, funds or moneys of the County. The County shall pay amounts due under this Agreement exclusively from legally available funds appropriated for this purpose. The County shall retain the right upon the occurrence of the adoption of any County Budget by the County Legislature during the term of this Agreement or any amendments thereto, and for a reasonable period of time after such adoption(s), to conduct an analysis of the impacts of any such County Budget on County finances. After such analysis, the County shall retain the right to either terminate this Agreement or to renegotiate the amounts and rates set forth herein. If the County subsequently offers to pay a reduced amount to the Consultant, then the Consultant shall have the right to terminate this Agreement upon reasonable prior written notice.

This Agreement is also subject to further financial analysis of the impact of any New York State Budget (the "State Budget") proposed and adopted during the term of this Agreement. The County shall retain the right upon the occurrence of any release by the Governor of a proposed State Budget and/or the adoption of a State Budget or any amendments thereto, and for a reasonable period of time after such release(s) or adoption(s), to conduct an analysis of the impact of any such State Budget on County finances. After such an analysis, the County shall retain the right to either terminate this Agreement or to renegotiate the amounts and rates approved herein. If the County subsequently offers to pay a reduced amount to the Consultant, then the Consultant shall have the right to terminate this Agreement upon reasonable prior written notice.

SIXTH: (a) The County, upon ten (10) days' notice to the Consultant, may terminate this Agreement in whole or in part when the County deems it to be in its best interest. In such event, the Consultant shall be compensated, and the County shall be liable only for payment for services already rendered under this Agreement prior to the effective date of termination at the rates specified in Schedule "D". Upon receipt of notice that the County is terminating this Agreement in its best interests, the Consultant shall stop work immediately and incur no further costs in furtherance of this Agreement without the express approval of the Commissioner, and the Consultant shall direct any approved subconsultants to do the same.

In the event of a dispute as to the value of the Work rendered by the Consultant prior to the date of termination, it is understood and agreed that the Commissioner shall determine the value of such Work rendered by the Consultant. The Consultant shall accept such reasonable and good faith determination as final.

(b) In the event the County determines that there has been a material breach by the Consultant of any of the terms of the Agreement and such breach remains uncured for five (5) business days after service on the Consultant of written notice thereof, the County, in addition to any other right or remedy it might have, may terminate this Agreement and the County shall have the right, power and authority to complete the Work provided for in this Agreement, or contract for its completion, and any additional expense or cost of such completion shall be charged to and paid by the Consultant. Without limiting the foregoing, upon written notice to the Consultant, repeated breaches by the Consultant of duties or obligations under this Agreement shall be deemed a material breach of this Agreement justifying termination for cause hereunder without requirement for further opportunity to cure.

SEVENTH: The Consultant agrees to procure and maintain insurance naming the County as additional insured where indicated, as provided and described in Schedule “B”, entitled “Standard Insurance Provisions”, which is attached hereto and made part hereof.

The Consultant agrees: that except for the amount, if any, of damage contributed to, caused by, or resulting from the negligence of the County, the Consultant shall defend, indemnify and hold harmless the County, its officers, employees, and agents from and against the Consultant’s proportional share of liability, damage, claim, demand, cost, judgment, fee, attorneys’ fees, or loss which the County may sustain, be subject to, or be caused to incur because of or as a result of (a) any wrongful act, error, or omission of the Consultant or third-parties under the direction or control of the Consultant; or (b) any willful misconduct of the Consultant or third parties under the direction or control of the Consultant; or (c) any infringement of any claimed copyright or patent right of designs, plans, drawings, or specifications furnished by the Consultant or its subconsultant. Nothing contained herein shall

create or give to third parties any claim or right of action against the County or the Consultant beyond such as may legally exist without regard to this provision.

EIGHTH: The Consultant expressly agrees that neither it nor any consultant, subconsultant, employee, or any other person acting on its behalf shall discriminate against or intimidate any employee or other individual on the basis of race, creed, religion, color, gender, age, national origin, ethnicity, alienage or citizenship status, disability, marital status, sexual orientation, familial status, genetic predisposition or carrier status or any other status protected by New York State or Federal laws during the term of or in connection with this Agreement.

NINTH: The Consultant shall comply, at its own expense, with the provisions of all applicable local, state and federal laws, rules and regulations. The Consultant shall further comply, at its own expense, with all applicable rules, regulations and licensing requirements pertaining to its professional status and that of its employees, partners, associates, subconsultants and others employed to render the Work hereunder.

TENTH: All records or recorded data of any kind compiled by the Consultant in completing the Work described in this Agreement, including but not limited to written reports, studies, drawings, blueprints, computer printouts, graphs, charts, plans, specifications and all other similar recorded data, shall become and remain the property of the County. The Consultant may retain copies of such records for its own use and shall not disclose any such information without the express written consent of the Commissioner. The County shall have the right to reproduce and publish such records, if it so desires, at no additional cost to the County.

ELEVENTH: The Consultant shall not delegate any duties or assign any of its rights under this Agreement without the prior express written consent of the County. The Consultant shall not subcontract any part of the Work without the written consent of the County, subject to any necessary legal approvals. Any purported delegation of duties, assignment of rights or subcontracting of Work under this Agreement without the prior express written consent of the County is void. All subcontracts that have received such prior written consent shall provide that subconsultants are subject to all terms and conditions set forth in this Agreement. It is recognized and understood by the Consultant that for the purposes of this Agreement, all Work

performed by a County-approved subcontractor shall be deemed Work performed by the Consultant and the Consultant shall insure that such subcontracted work is subject to the material terms and conditions of this Agreement.

TWELFTH: The Consultant and the County agree that the Consultant and its officers, employees, agents, contractors, subcontractors and/or consultants are independent contractors and not employees of the County or any department, agency or unit thereof. In accordance with their status as independent contractors, the Consultant covenants and agrees that neither the Consultant nor any of its officers, employees, agents, contractors, subcontractors and/or consultants will hold themselves out as, or claim to be, officers or employees of the County or any department, agency or unit thereof.

THIRTEENTH: Failure of the County to insist, in any one or more instances, upon strict performance of any term or condition herein contained shall not be deemed a waiver or relinquishment of such term or condition, but the same shall remain in full force and effect. Acceptance by the County of any Work or the payment of any fee or reimbursement due hereunder with knowledge of a breach of any term or condition hereof, shall not be deemed a waiver of any such breach and no waiver by the County of any provision hereof shall be implied.

FOURTEENTH: All notices of any nature referred to in this Agreement shall be in writing and either sent by registered or certified mail postage pre-paid, or delivered by hand or overnight courier, or sent by facsimile (with acknowledgment received and a copy of the notice sent by registered or certified mail postage pre-paid), as set forth below or to such other addresses as the respective parties hereto may designate in writing. Notice shall be effective on the date of receipt. Notices shall be sent to the following:

To the County:

Joseph Fiegl, P.E., BCEE, Deputy Commissioner
Environment & Planning, Division of Sewerage Management
95 Franklin Street, Room 1034
Buffalo, New York 14202

with a copy to:

County Attorney
95 Franklin Street, Room 1634
Buffalo, New York 14202

To the Consultant:

FIFTEENTH: This Agreement and its attachments constitute the entire Agreement between the parties with respect to the subject matter hereof and shall supersede all previous negotiations, commitments and writings. It shall not be released, discharged, changed or modified except by an instrument in writing signed by a duly authorized representative of each of the parties.

In the event of any conflict between the terms of this Agreement and the terms of any schedule or attachment hereto, it is understood that the terms of this Agreement shall be controlling with respect to any interpretation of the meaning and intent of the parties.

SIXTEENTH: Nothing herein is intended or shall be construed to confer upon or give to any third party or its successors and assigns any rights, remedies or basis for reliance upon, under or by reason of this Agreement, except in the event that specific third-party rights are expressly granted herein.

SEVENTEENTH: The Consultant recognizes that this Agreement does not grant the Consultant the exclusive right to perform the Work for the County and that the County may enter into similar agreements with other consultants on an “as needed” basis.

EIGHTEENTH: The Consultant hereby represents that, if operating under an assumed name, it has filed the necessary certificate pursuant to New York State General Business Law Section 130. The Consultant further represents and warrants that it has not employed or retained any person, other than a bona fide full time salaried employee working

solely for the Consultant to solicit or secure this Agreement, and that it has not paid or agreed to pay any person (other than payments of fixed salary to a bona fide full time salaried employee working solely for the Consultant) any fee, commission, percentage, gift or other consideration, contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, without limiting any other rights or remedies to which the County may be entitled or any civil or criminal penalty to which any violator may be liable, the County shall have the right, in its discretion, to terminate this Agreement without liability, and to deduct from the contract price, or otherwise to recover, the full amount of such fee, commission, percentage, gift or consideration.

NINETEENTH: Pursuant to Federal Executive Order 12549, and as prescribed by federal regulations, including 48 C.F.R. Subpart 9.4, the Consultant hereby agrees to complete the Debarment and Suspension Certificate attached hereto as Schedule “G” and which is made a part hereof. In addition, the Consultant agrees to sign the certifications regarding Drug Free Workplace and Lobbying, attached hereto as Schedules “H” and “I”, and made a part hereof.

TWENTIETH: The Consultant shall use all reasonable means to avoid any conflict of interest with the County and shall immediately notify the County in the event of a conflict of interest. The Consultant shall also use all reasonable means to avoid any appearance of impropriety.

TWENTY-FIRST: This Agreement may be executed simultaneously in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument. This Agreement shall be construed and enforced in accordance with the laws of the State of New York. In addition, the parties hereby agree that for any cause of action arising out of this Agreement shall be brought in the County of Erie.

If any term or provision of this Agreement is held by a court of competent jurisdiction to be invalid or void or unenforceable, the remainder of the terms and provisions of this Agreement shall in no way be affected, impaired, or invalidated, and to the extent permitted

by applicable law, any such term, or provision shall be restricted in applicability or reformed to the minimum extent required for such to be enforceable. This provision shall be interpreted and enforced to give effect to the original written intent of the parties prior to the determination of such invalidity or unenforceability.

TWENTY-SECOND: The Consultant shall comply with Erie County Executive Order 13 (2014) and agrees to complete the Certificate collectively attached hereto as Schedule “J” and made a part hereof. The Consultant shall make such records available, upon request, to the County’s Division of Equal Employment Opportunity for review. The County shall have the right, upon reasonable notice and at reasonable times, to inspect the books and records of the Consultant, its offices and facilities, for the purpose of verifying information supplied in the Erie County Equal Pay Certification and for any other purpose reasonably related to confirming the Agency’s compliance with Erie County Executive Order 13 (2014). Notwithstanding the termination provisions contained herein, violation of the provisions of Executive Order 13 (2014) , may constitute grounds for the immediate termination of this Agreement and may constitute grounds for determining that the Consultant is not qualified to participate in future County contracts.

TWENTY-THIRD: This Agreement shall not be enforceable until signed by both parties and approved by the Office of the County Attorney.

IN WITNESS WHEREOF, The County of Erie and the Consultant have caused this Agreement to be executed.

SCHEDULE "A"

SCOPE / SPECIFICATIONS

Background

In July 2024, the Erie County Department of Environment and Planning on behalf of Erie County Sewer District No. 3 retained the services of AECOM USA, Inc. to prepare a technical memorandum evaluating options to address the future service needs for the Elma Pumping Station and Force Main. This evaluation focused on the future sanitary sewer capacity requirements for existing connections, which primarily consists of service to Steuben Foods, along with a potential future connection of the nearby main campus for Moog Inc.

The final memorandum, titled "Elma Pump Station and Forcemain Evaluation" (AECOM, February 2025; herein after referred to as the "February 2025 evaluation") updated the "Engineer's Report for the Elma Pump Station & Forcemain Study" by Greenman-Pederson, Inc. (completed in September 2018, herein after referred to as the "September 2018 report"). The recommended improvements in the February 2025 evaluation include installation of an upgraded pumping station at the current site, along with construction of a new force main. The new force main would follow the existing alignment but would be extended along Milestrip Road to an existing gravity sewer approximately 11,400 linear feet from the current force main discharge. This new infrastructure is termed the "Elma Pumping Station and Force Main Upgrades Project."

In July 2025 the County of Erie submitted a grant application through Track "B" of Empire State Development's FAST-NY program to fund work associated with the recommended improvements in the February 2025 evaluation, and said application was awarded funding. The Track "B" program provides "grants for pre-development activities and infrastructure investments to develop sites that will attract high-tech manufacturing". The County of Erie's application referenced not only the future sanitary sewer needs for Steuben Foods and Moog Inc., but also analyzing the sanitary sewer needs of other properties within the corridor those companies are located in. Capacity for some of these "other properties" was not accounted for in the February 2025 evaluation. The requested Track "B" funds would be to complete all applicable items for a FAST-NY shovel ready certification, along with engineering services necessary to bring the design to the 30% stage. This is later described as "Task I".

The February 2025 evaluation, the September 2018 Report, the July 2025 FAST-NY grant application, and record drawings for the existing Elma Pumping Station and Force Main are available at <https://www3.erie.gov/dsm/form/dsm-rfp-on-line-bid-retrieval>.

General

For the purposes of this Agreement, the words or abbreviations listed shall have the definitions following; other terms not specifically defined shall be as commonly defined in the profession.

<u>DEP/ECDEP</u>	-	<u>Erie County Department of Environment and Planning</u>
<u>DEC/NYSDEC</u>	-	<u>New York State Department of Environmental Conservation</u>
<u>DOT/NYSDOT</u>	-	<u>New York State Department of Transportation</u>
<u>DSM</u>	-	<u>Erie County Division of Sewerage Management</u>
<u>ECSD</u>	-	<u>Erie County Sewer District</u>
<u>EFC</u>	-	<u>New York State Environmental Facilities Corporation</u>
<u>Project</u>	-	<u>Elma Pumping Station and Force Main Upgrades Project</u>

All Project improvements shall be consistent with the guidelines as established in the latest edition of the Great Lakes - Upper Mississippi River Board (GLUMRB) Recommended Standards for Wastewater Facilities (hereinafter referred to as the Ten State Standards), “TR-16 Guides for the Design of Wastewater Treatment Works” prepared by the New England Interstate Water Pollution Control Commission, and the “DEP’s Construction Specifications”. Force main and pumping station structures, channels, wells and gravity sewer system components shall have a minimum of 50-year service life and the mechanical/electrical equipment for a 30-year service life. All new building designs shall comply fully with the requirements of the Americans with Disabilities Act of 1990 and New York State Building Codes.

The design drawings for the project shall be prepared utilizing the latest version of AutoCAD. At the completion of the design phase and construction phase of the project, the Engineer will be required to provide the owner with one copy of the AutoCAD design file, transmitted electronically, with X-references resolved as part of the drawing, which displays improvements at that stage of the project.

The record drawings of the existing Elma Pumping Station and force main, along with other documents, are available on the website and represent the best information available. Ultimately the Consultant shall field-verify all dimensions, elevations and layouts, as part of the design work for the Project.

Various tasks for the engineering services related to the “Project” are listed below. The ECDEP/DSM in its discretion may select different firms for individual tasks. Each task will be separately authorized by the DEP during the term of the agreement and the ECDEP/DSM may decide, in its sole discretion, not to proceed with a task.

Funding

The Project will be partially funded through Empire State Development’s FAST-NY program. The ECDEP/DSM is required to use good faith efforts to achieve Empire State Development’s MBE, WBE, and SDVOB goals. FAST-NY program requirements related to

MBE, WBE, and SDVOB utilization are 30% M/WBE combined and 6% SDVOB. As only Task I services were included in the July 2025 FAST-NY grant application, it is important that Task I individually address the M/WBE and SDVOB utilization goals. A plan to meet the goals for all other project tasks collectively should be provided separately in the proposal.

Although funding through the Clean Water State Revolving Fund has not been targeted at this juncture, the engineering report must conform to EFC's latest guidelines.

ADDITIONAL DETAILS

The text below presents generalized guidelines for DSM projects, organized by tasks (Tasks I, II, IIIA, IIIB, IIIC, and IIID), with some specifics to the Project included:

I. FAST-NY Track "B" Scope of Services

Complete pre-development tasks associated with the grant, including all applicable items for a FAST NY Shovel-Ready Certification, preliminary design, facility planning, environmental tasks, and advancing engineering work to the 30% design phase.

1. Review of the February 2025 evaluation prepared for the Project, along with other related documents.
2. Consult with:
 - a. NYSDEC to obtain the latest design standards for the project.
 - b. NYSDOT to obtain any required permits and/or conditions.
 - c. Erie County Public Works, the local Building Inspectors, and/or the Town of Elma to determine if any special local codes may be applicable to this project.
3. The Engineer shall conduct a thorough walk through and review of the entire project area to determine preferred site location and/or rights-of-way for the proposed upgrades/improvements.
4. Identify commercially or industrially zoned properties within the corridor noted in the July 2025 FAST-NY grant application, perform stakeholder outreach, and determine what, if any, additional sanitary sewer demand may exist. This is an important step to meet FAST-NY program requirements and confirm design capacities. A standalone memorandum with applicable calculations and capacity evaluations shall be completed early in the Project.
5. Advance topographic survey and subsurface investigations necessary to complete evaluations and design work.
6. Prepare a preliminary site plan layout of the project facilities. It shall display buildings, chambers, piping locations, and the site limits. For pumping stations, the site plan shall be prepared using a scale of 1"=10'-0". In the case of collector/interceptor or force main

sewers, the Engineer shall prepare a facility layout showing the proposed sewer route on a current planametric map (Scale 1"=200'). The planametric shall contain suggested break lines(s) to indicate the limits of the individual contract(s) if more than one (1) contract is proposed.

7. Evaluate various options for the proposed pumping station upgrades including submersible and wet well / dry well configurations. The pumping station shall meet DSM standards, including (but not limited to) sufficient redundancy, comminutor(s) or similar grinding unit(s) upstream of the wet well, a building to house all electrical equipment, controls, remote telemetry system, and other appurtenances (note upgrade of the existing building is contemplated), flow monitoring equipment, bypass pumping provisions, means to clean the force main, and more. The Engineer shall evaluate the utility needs for the proposed upgrades.
8. For the force main, the consultant shall evaluate the final size, alignment, pipe materials, appropriate means of installation/construction, air/vacuum release needs, and other parameters.
9. If this project requires the acquisition of any land, the Engineer shall prepare a parcel map and legal description which shall accurately indicate the land area to be acquired and/or purchased by the County and the additional area (temporary working easement area) required to construct the proposed improvements. Also, the Engineer will be required to complete the County of Erie form entitled "Erie County Environmental Property Review Checklist", if purchased. If acquired the checklist will not be required. However, upon purchase or acquisition of the property by the County, the Engineer shall prepare a final parcel map and stake the corners of the entire parcel with steel pins. The parcel map shall be sealed by a N.Y.S. Licensed Surveyor. In addition to the sealed map, the Engineer shall provide the legal description and the grantor's completed Gain's Tax Form # TP-584 (3/07) for the County to file with the Erie County Clerk's Office.
10. The Engineer shall prepare a report following the latest EFC guidelines, which shall summarize all engineering evaluations necessary to identify the final recommendations and establish the criteria for the design basis.
11. Make revision to preliminary layout and report after review by the County. The County reserves the right to split the proposed improvements into more than one construction contract.
12. The Engineer shall forward reports to the NYSDEC and other agencies to obtain their approval.
13. The Engineer shall provide a minimum of eight (8) copies of the design report. Four (4) shall be provided initially, after approval by DEP, for submission to the NYSDEC and other agencies. The other four (4) copies shall be provided after all approvals of the report.

14. All items required for a FAST NY Shovel-Ready Certification. This work includes, but is not limited to, the development of the following documents as applicable at the pumping station site and along the force main route, unless otherwise noted:
 - a. State Historic Preservation Office (SHPO) consultation on plan
 - b. Phase I Environmental Site Assessment (ESA) and/or Phase II ESA report
 - c. Federal Emergency Management Agency (FEMA) mapping
 - d. NYS Department of Environmental Conservation (DEC) Natural Heritage program correspondence and U.S. Fish and Wildlife Service (USFWS) database search findings
 - e. Preparation of SEQR/SERP application and all documents necessary to meet the requirements of 6NYCRR, Part 617 State Environmental Quality Review, including Environmental Assessment Form (EAF) and Negative Declaration or Draft & Final Environmental Impact Statement (FEIS).
 - f. Site plan and boundary survey map
 - g. Soil survey map
 - h. Preliminary storm water management plan
 - i. Wetland avoidance and minimization plan – pre-application meeting with US Army Corps of Engineers and DEC
 - j. Smart Growth Impact Statement
 - k. Other necessary project approvals specific to site
15. Complete preliminary layout, engineering calculations, development and evaluation of alternatives, and all other services necessary to bring the design to the 30% stage. This shall include an updated cost estimate.

II. Final Design Phase

1. All contract specifications shall be prepared to comply fully with the requirements of New York State Municipal Law. If required by State Law, the Consultant shall prepare a separate contract proposal section for each of the required building trade group(s). The DSM will prepare and provide the front end and Division 1 documents for the project, just prior to 100% Bid Set.
2. County's standard contract documents and detail sheets shall be utilized in the preparation of the project's contract bid documents. The Consultant may modify these standards but such changes are subject to the approval of the County.
3. Prepare for the County's review and approval a list of the Consultant's recommended manufacturers for each major equipment item (i.e., pumps, control panel, variable frequency drives, comminutor, flow meter, pig launch, etc.).
4. Prepare a shop drawing submittal schedule. The schedule shall list all items which will require a shop drawing submittal/approval. The listing shall be subdivided by each Division of the specification and contain a cross-reference to the Section and Item Number. The shop drawing schedule should be submitted to the County with the final plans and specifications.

5. Complete 60% and 90% design documents for review by the DSM. Conduct coordination meetings as required to discuss comments or review documents.
6. Prepare final plans and specifications for bidding (Drawing Scale shall be appropriate for equipment and structures). The drawings shall be clear and legible and prepared electronically for production on 24" x 36" documents.
7. Make application and obtain or cause to be obtained all the necessary permits required by NYSDEC, NYSDOT, utilities and other public agencies.
8. Forward plans, specifications and design report to the NYSDEC and other agencies for the purpose of receiving approvals to construct.
9. Assist the County in securing approval of final plans and specifications by NYSDEC and other affected controlling agencies, if necessary.
10. Make modifications to plans and specifications based upon review by various approving stakeholders and/or final review of the County.
11. Prepare detailed cost estimates based upon final plans and specifications. Such cost estimates shall be made available to the County upon completion of design. The estimate shall be broken down in a manner which individually lists the costs of all major equipment items. Also cost estimates shall be updated one (1) week prior to advertising the project for construction bids.
12. See Schedule A-1 for added project specific requirements.
13. Upon completion of the design phase, furnish the County with copy of AutoCAD design file, with X-refs resolved into the drawings, and the electronic file copy of the bid specifications. Also, include the PCP files and/or pen settings.

III. Construction Phase

The construction phase is broken up into four (4) functions as follows:

- A. Bid Phase
- B. General Services
- C. Resident Engineering
- D. Start-Up and Post Operation and Maintenance

A. Bid Phase

1. The County will advertise the project in the County's official newspapers and website.

2. The Engineer shall assist the County during the bid process, i.e., administer the pre-bid meeting, prepare meeting agenda and minutes. Prepare, process, and distribute all contract addenda which may be necessary during the bid period.
3. The County will be bidding this project online. The Engineer will be responsible for providing a *.pdf copy of the bid sets (plans and specifications for each contract) for the County's online bidding system. A maximum of ten (10) bid sets of plans and specifications for each contract shall be provided by the Engineer. Additional copies shall be supplied and distributed at cost.
4. Assist the County in securing bids for this project and make a written recommendation regarding the award.

B. General Services/Construction Administration

Consultant shall provide construction phase services including, but not limited to, the following:

1. A representative of the Engineer, familiar with the project's design, shall be present at and conduct the pre- and progress Construction Meetings. The Engineer shall also prepare and distribute agendas and minutes for each meeting. The Engineer shall hold and chair coordination meetings with all contractors and the County on a bi-weekly basis or as warranted.
2. Obtain from the contractors a construction schedule (Bar Chart Type) which shall indicate his/her complete operation as it pertains to this project. Review said schedule for conformance with the contract documents and engineering services during construction. If additional subsystems are required to further clarify the construction process, the Engineer shall instruct the contractor accordingly. Affix to the schedule a stamp indicating the Engineer's approval/disapproval.
3. Provide services of an officer, licensed engineer, and/or other engineers as needed, who will observe on a bi-weekly basis the construction to see that it conforms to the requirements of the plans and specifications. The engineer shall promptly report the findings of his/her observation to the County in writing.
4. Prepare a shop drawing submittal, review and acceptance schedule. Maintain the shop drawings acceptance schedule daily. Any delay on the part of the Contractors shall be recorded with a written notification to the contractor sent out immediately.
5. Review all shop drawings submitted by the contractor and manufacturer of equipment and affix to the shop drawings a stamp indicating the results of the review (approved/disapproved). If equipment suppliers/contractors propose changes from those specified in the bid documents, investigations by the Engineer shall be made to evaluate proposed changes, including visits to the site(s) where similar equipment is in operation.

In cases where such investigations will cause excessive labor hours and expenses, the Engineer shall promptly notify the County. Such costs shall be borne by the Engineer, Contractor, and/or Supplier. In the cases where the Engineer fails to notify the County, the Engineer will be responsible for all additional costs.

6. Review the contractor's requests for substitutions of equipment and materials with the County and make appropriate recommendations to the County.
7. Witness and/or review appropriate tests for materials and equipment as submitted by contractor for acceptance and reject those that fail to meet the specification or standards of quality required by the contract documents.
8. Assemble all guarantees, warranties and similar items required by the contract documents.
9. Coordinate with the Contractor to confirm they utilize the design control points when they perform contractor's survey and stakeout.
10. Prepare a draft electronic Operation and Maintenance (O&M) Manual. After reviewing the Manual by the ECDEP-DSM, the Engineer shall make the necessary revisions and resubmit. Furnish the County five (5) printed copies of the final manual along with the electronic file. Said manual shall include manufacturer's information and shop drawings in electronic format.
11. Assist the Contractor and Resident Engineer in preparing bid breakdown for purposes of subsequent payment requisitions. Check monthly estimates for payment to the Contractor as prepared by the Contractor and checked by the Resident Engineer and certify the same for payment. In certifying for payment, the Engineer ensures that no payment is for more than the value of the work already completed.
12. Review and make appropriate written recommendations to the County with respect to Contractor claims relating to a design change, differing site conditions and/or additional compensation due to alleged delays.
13. Advise, review and recommend, where applicable, any change order(s) to the contract that are in the best interest to the County or requested by the Contractor.
14. The Engineer shall prepare written parallel estimates to substantiate costs with respect to change orders and/or cost breakdowns furnished by the Contractor.
15. Prepare and process, with the assistance of the County, all change orders.
16. Prepare and distribute agendas and minutes for regular progress/coordination meetings to all concerned parties.

17. Issue supplemental drawings to further explain the intent of plans and specifications when necessary.
18. Prepare and distribute written responses to all RFI's, field clarifications, memos and bulletins that may be required.
19. Attend other project-related meetings as requested by the County and/or as dictated by the project's progress/needs and provide minutes thereof.
20. Make recommendations to the County pertaining to special consultants and specialty inspection.
21. The County will retain the services of a third-party consultant to perform any specialty inspection required.
22. Cooperate with Erie County Department of Public Works, NYSDOT, local municipal, NYSDEC, and similar representatives.
23. Review retention money clauses of contracts and make recommendations to the County with respect to release any retained funds.
24. Receive, review and forward to the County with recommendations, all relevant documents such as release of liens, claims, etc., prior to preparation and the issuance of the certificate of final completion.
25. Establish procedures and coordinate arrangements between the County and the Contractors with respect to the start-up of constructed facilities, operation and maintenance, protection of existing utilities, contractual insurance, right-of-entry(s), start of guarantee period, etc., including but not limited to the following matters:
 - a. Owner occupancy and/or use upon substantial completion of an active construction contract.
 - b. Owner occupancy and/or use upon completion of separate contract work prior to completion of total project.
26. Provide services to assist the Contractors and Resident Engineer in checking out the completed facilities for ready-to-serve status and commencement of testing. Also provide services for assisting the contractor and the County to perform hydraulic and process tests of the completed facilities. No training of plant personnel is included under this item.
27. The Engineer shall maintain an accurate record of all design changes made during construction. (NOTE: The Engineer shall not be dependent on any information from the contractors to complete this work task.) At the end of construction, the Engineer shall utilize this information and revise the contract drawings to show the

improvements as finally constructed. In the event the Notice to Proceed is given after the date, the Consultant is to notify the County within two weeks if the delayed Notice to Proceed will result in increased engineering costs. Any increase in costs as a result of a delayed Notice to Proceed is subject to negotiations.

II. Cost Computation Method

The methods of Computing Cost are specified in section II (1) thru II (8) herein and in the attached Cost Summary Format for Engineering Agreements.

(1) Direct Labor Cost

Direct Labor cost shall be the actual wages paid to technical employees for the time actually devoted to the work on the project. Technical employees shall include the following categories:

Officers*

This overhead cost is to cover employee benefits such as holiday pay, vacation, sick leave, unemployment insurance, excise and payroll taxes, social security, employee medical and life insurance and retirement benefits, all as normally provided to the Consultant's employees. Also, the composite overhead rate shall consider all "indirect" expenses associated with the operation of the engineering office such as rent, utilities, office equipment, computers (Hardware/Software), telephone equipment and usage fees, printing, internet and web hosting fees, copying, supplies, executive salaries, accounting, legal, clerical support salaries, etc. The following composite overhead rates have been established for this contract:

- c. For the Consultant's employees on overtime (defined as work time exceeding 40 hours per employee per given week), if prior approval in writing has been granted by the County, the cost shall be computed at the employee's hourly rate, multiplied by the total hours over 40 in a week, and then multiplied by the overtime premium provided to the employee (not to exceed 1.5). Overhead will not be applied to the overtime hours. The maximum profit for the overtime shall not exceed 5%.

(3) Overhead Rates

The above stated overhead rates are fixed for the period of time indicated on Schedule "C" and further defined below. Thereafter, the rates are subject to adjustment upon audit, except that the maximum increase in overhead rate shall be fifteen percent (15%) of the rate(s) listed above.

Executive Order #13 Pay Equity Certification on County Contracts

WHEREAS, federal law, including the Equal Pay Act of 1963, Title VII of the Civil Rights Act of 1964 and Federal Executive Order 11246 of September 24, 1965 (Equal Employment Opportunity) (together "Federal Equal Pay Law"), requires that men and women in the same workplace be given equal pay for equal work; and

WHEREAS, Section 194 of New York State Labor Law ("NYS Equal Pay Law") prohibits compensating men and women differently for the same work; and

WHEREAS, on average, a full-time working woman in New York State earns just 85 cents for every dollar that a man earns and the pay gap is even greater for African-American and Latina women; and

WHEREAS, females make up nearly fifty-two percent of Erie County's population; and

WHEREAS, women make up nearly half of the U.S. labor force and are a growing number of breadwinners in their families; and

WHEREAS, this pay differential shortchanges women and their families by thousands of dollars a year, and potentially hundreds of thousands of dollars over a lifetime, presenting a lifelong threat to those families' economic security and reducing their earnings through Social Security and other post retirement plans; and

WHEREAS, poverty is recognized as a leading cause of or contributing factor to many social problems, including but not limited to substance abuse, domestic violence, child abuse, improper nutrition, obesity, improper health care and criminal conduct; and

WHEREAS, the impact of pay differentials is exacerbated as workers age, causing underpaid workers to disproportionately rely upon various forms of public support in their retirement years; and

WHEREAS, pay inequity can significantly impact the County, necessitating the provision of various public subsidies for low income residents and leading to the lack of receipt of income by women residents which would be spent in our local economy; and

WHEREAS, through the enforcement of current state and federal laws that ban unequal pay for equal work, Erie County can help ameliorate the many negative consequences of pay inequality, thereby improving the lives of those who might otherwise be underpaid, strengthening families and protecting children, and reducing the demand for public services, all positively impacting county, state and federal budgets.

NOW, THEREFORE, I MARK C. POLONCARZ, Erie County Executive, by virtue of the authority vested in me by the Erie County Charter § 302, do hereby order as follows:

1. It is ordered that on and after January 1, 2015, all Erie County offices, departments and administrative units, including but not limited to the Division of Purchase, fully implement a requirement in all bids, requests for proposals and other contract solicitations that the contractor submit an Erie County Equal Pay Certification which certifies the contractor's compliance with Federal Equal Pay Law and New York State Equal Pay Law (together, the "Equal Pay Laws"). Such certification shall be required prior to execution of the contract; and it is,

2. Further ordered that such certification shall include a representation by the contractor that it has not been the subject of an adverse finding under the Equal Pay Laws within the previous five years and shall include disclosure of any currently pending claims against the contractor; and it is,

3. Further ordered that violation of any provision of the Equal Pay Laws during the effective period of such a contract or the filing of a false or misleading Erie County Equal Pay Certificate may constitute grounds for immediate termination of such a contract; and it is,

4. Further ordered that violation of any provision of the Equal Pay Laws during the effective period of such a contract or the filing of a false or misleading Erie County Equal Pay Certificate may constitute grounds for determining a bidder or responder is not qualified to participate in future County contracts; and it is,

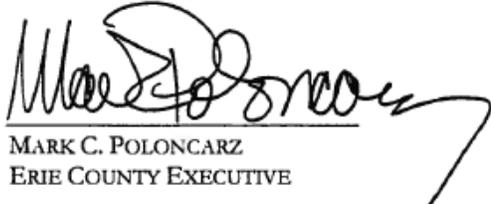

5. Further ordered that the Law Department prepare an Erie County Equal Pay Certification for use by Erie County offices, departments and administrative units and assure compliance with this Executive Order in the contract approval process; and it is,

6. Further ordered that the County Division of Equal Employment Opportunity ("EEO") establish a procedure for compliance monitoring and periodic auditing of certification records; and it is,

GIVEN, under my hand and the Privy Seal of the County of Erie in the City of Buffalo this 6th day of November, in the year two thousand fourteen.
