COUNTY OF ERIE

DIVISION OF PURCHASE

June 24, 2026

Fire Safety System Inc
525 Aero Dr.
Buffalo, NY 14225
Attn: Terrance M. Connelly

Re: Bid 230179-002 "Maintenance on Emergency & Security System"

Dear Mr. Connelly,

The County of Erie wishes to extend this agreement for an additional 3 years through June 30, 2029, under the same price structure as the last extension, with all other terms and conditions as the original agreement.

Extension is provided for per paragraph 26, Page 5 of 6 of the "Instructions to Bidders". This offer is for your immediate consideration and acceptance. Please indicate below whether you agree to extend or do not wish to extend. Please respond **within seven days upon receipt of this request.**

After approval and execution by the County, a fully signed copy will be returned to you for your files.

Yes, I agree to extend No, I do not wish to extend

Please complete and submit the following if indicated by an (X) for any bid extension agreed upon:

Insurance Form Workers Compensation Form

Company Name: Fire Safety Systems, INC

Representative (Please print): Terrance M. Connelly Title: owner

Signature: Terrance M. Connelly Date: 6-24-2026

DIVISION OF PURCHASE
NON-COLLUSIVE BIDDING CERTIFICATION

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his knowledge and belief:

- (1) the prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or any competitor;
- (2) unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and
- (3) no attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.

SPECIFICATIONS

FIRE, SECURITY, ACCESS, PUBLIC ADDRESS/SOUND SYSTEM, CLOCKS & MONITORING FOR THE BUFFALO & ERIE COUNTY PUBLIC LIBRARY SYSTEM INCLUDING MAIN BRANCH AND ALL 8 CITY OF BUFFALO BRANCHES

REQUIREMENTS: Maintenance, Service and Monitoring

Quotation Includes:

Maintenance, Service, & Monitoring for all listed systems at all listed locations. Maintenance includes annual testing and inspection of all systems including cleaning of motion detectors, beam detectors, duct detectors and smoke detectors to be cleaned semi-annually. 24 hour emergency services requires response within 2 hours of call.

1. Edwards EST4 Network Certification – Current factory certified technicians' certificate required (and will be verified).
2. DSC, Silent Knight, Honeywell Security Systems – Current factory certified technicians' certificate required (and will be verified).
3. Kantech Access Control System – Current factory certified technicians' certificate required (and will be verified).
4. Carehawk Public Address System – Current factory certified technicians' certificate of factory Training with Programming required (and will be verified).
5. Buffalo and Erie County Public Library Auditorium Sound System – Current factory certified technicians' certificate of factory Training and Programming for Dante and Symetrix sound systems required (and will be verified).
6. Business certification from Entrapass Global – with Current factory certified technicians' certificate required (and will be verified).
7. Business certification from Exacqvision Enterprise – with Current factory certified technicians' certificate required (and will be verified).
8. Each bidder must include in their bid the annual cost to provide Software Subscription Agreement for the Exacq NVR and Camera Systems (3 years).
9. Each bidder must include in their bid the annual cost to provide the Kantech Advantage Program (KAP) for the Entrapas System Software (3 years).

10. Local stocking of all system components (will be verified).
11. Replacement of all defective components including, but not limited to: control panels, Clocks, keypads, NVR's, detectors, cameras, batteries AT NO ADDITIONAL CHARGE, even if damaged by lightening.
12. All system programming including software upgrades and the additions/deletions of user code AT NO ADDITIONAL CHARGE, even if damaged by lightening, acts of god ect.
13. Monitoring of all systems at all locations including all alarms, opening and closing, failure to arm system, emergency elevator 2 way communication, monthly activity reports and emergency reports as requested by the facility. Individual calling list by building for notifications.
14. Repairs to all system wiring including internal telephone cables, jacks, conduit and wiring.
15. All quantities and components listed are approximate. It is understood that all components connected to all systems listed are included regardless of listed quantities.
16. All labor required for service, repairs or replacement of system is included. Labor provided during normal working hours Monday through Friday 8:00 am to 5:00 pm. Emergency service labor provided within 2 hours of request. After hours emergency labor must be available when requested. Fire Alarm Systems inspection to be completed when the buildings are not open to the public. Labor to perform inspection testing and cleaning during non-public hours is included in this quotation. Labor to perform inspections or work that would be disruptive during open hours will be provided during non-public hours included in this question.
17. Contractor is hereby alerted that the branches are presumed to contain asbestos containing material. Many of these materials are documented in an inventory report which resides in the office of the Maintenance Supervisor. The inventory report is accompanied by a Management Plan which outlines procedures working with/around asbestos containing materials. It is not the intent of these documents, unless otherwise noted, to do asbestos abatements. The contractor is to avoid disruption of asbestos containing materials wherever possible. However, the contractor must follow the safety procedures outlined in the Management Plan, as well as all applicable codes and regulations pertaining to asbestos in performing the scope of work.
18. Successful bidders are responsible for all permits, licensing, and monitoring fees charged by local municipalities and will pay any fines due to equipment malfunctions/false alarms.

GENERAL INFORMATION

A) Any service to the systems must be performed by factory certified technicians to ensure the integrity and listings of all systems are maintained.

B) The contractor assumes all associated liabilities and risks when performing maintenance to the Library's Security, Camera, Access, Fire and Clock Monitoring Systems.

C) The County reserves the right to terminate (60 day written notice) at any time, for any reason, or suspend any part of the services described herein when conditions change, operation of a County facility is reduced or discontinued or other similar circumstances take place. In the event of such termination suspension, payments for services shall suspend without penalty.

D) The Contractor shall inspect, test, clean, adjust and repair or replace all system devices and components to maintain proper system operation and integrity per NFPA 72 Standards. All manual initiated devices shall be activated and alarm verified at the main panel. All automatic sensing devices shall be cleaned and initiated and their alarm signal verified at the main panel. All audible and visual alarm devices shall have their operation verified. Audible devices are to be tested at times to minimize occupant disruptions, coordinate with Maintenance Supervisor.

E) Repair and Replacement: The Contractor shall provide all repair labor and materials to maintain the Security, Camera, Access, Fire, PA and Sound Systems and Clock Monitoring Systems in operable condition. The intent is to ensure the entire system is maintained in operating condition and downtime is limited. The Contractor will be responsible for all listed and associated equipment in addition to the software.

F) Newly installed equipment repair and replacement shall be fully covered under this agreement.
