Recite any experience or familiarity of the subcontractors which is pertinent to the specific requirements of this project and the basis of your confidence in their ability to perform. If your firm possesses specialty capabilities which allow work normally subcontracted to be performed in-house, present this information here.

- 2) Recite a list of **no more than five (5)** similar projects within the last five years giving the size of the project in dollars, the client, including the name and phone number of the person to whom you were accountable, whether DEC and/or EPA were involved and if the project was constructed or otherwise completed.

The above information is to be presented in a format as shown on the enclosed table labeled "Labor Hour Summary Sheet" (Exhibit "C"). You may substitute your own layout (i.e. spreadsheet printouts) in lieu of using the enclosed form. (Please note the DEP Summary Form, ECDEP-CS-1, is to be utilized in the breakdown of costs in sealed price proposal). Resident engineering is as indicated in Exhibit "D", Schedule "C". The evaluation is based on the Written Proposals using a numerical score sheet related to the questions posed in the Proposal Guidelines. Interviews are generally not conducted but may be called where determined to be appropriate for the evaluation.

“In addition to, and not in limitation of the insurance requirements contained herein the Consultant agrees:

The Consultant agrees: that except for the amount, if any, of damage contributed to, caused by, or resulting from the negligence of the County, the Consultant shall defend, indemnify and hold harmless the County, its officers, employees, and agents from and against the Consultant’s proportional share of liability, damage, claim, demand, cost, judgment, fee, attorneys’ fees, or loss which the County may sustain, be subject to, or be caused to incur because of or as a result of (a) any wrongful act, error, or omission of the Consultant or third-parties under the direction or control of the Consultant; or (b) any willful misconduct of the Consultant or third parties under the direction or control of the Consultant; or (c) any infringement of any claimed copyright or patent right of designs, plans, drawings, or specifications furnished by the Consultant or its subconsultant. Nothing contained herein shall create or give to third parties any claim or right of action against the County or the Consultant beyond such as may legally exist without regard to this provision.

Upon execution of any contract between a proposer and the County, the proposer will be required to provide proof of the insurance coverage described in Schedule “B” of the attached Agreement (Exhibit “D”).

Insurance coverage in amount and form shall not be deemed acceptable until approved by the County Attorney.

If any of the deliverables do not qualify as “works made for hire”, the Consultant hereby assigns to the County all right, title and interest (including ownership of copyright) in such deliverables and such assignment allows the County to obtain in its name copyrights, registrations and similar protections which may be available. The Consultant agrees to assist the County, if required, in perfecting these rights. The Consultant shall provide the County with at least one copy of each deliverable.

The Consultant agrees to indemnify and hold harmless the County for all damages, liabilities, losses and expenses arising out of any claim that a deliverable infringes upon an intellectual property right of a third party. If the County determines that none of these alternatives is reasonably available, the deliverable will be returned.

All records compiled by the Consultant in completing the work described in this Agreement, including but not limited to written reports, source codes, studies, drawings, blueprints, negatives of photographs, computer printouts, graphs, charts, plans, specifications and all other similar recorded data, shall become and remain the property of the County. If the County subsequently offers to pay a reduced amount to the Consultant, then the Consultant shall have the right to terminate this Agreement upon reasonable prior written notice.

SIXTH: (a) The County, upon ten (10) days notice to the Consultant, may terminate this Agreement in whole or in part when the County deems it to be in its best interest. In such event, the Consultant shall be compensated and the County shall be liable only for payment for services already rendered under this Agreement prior to the effective date of termination at the rates specified in Schedule "D". Upon receipt of notice that the County is

terminating this Agreement in its best interests, the Consultant shall stop work immediately and incur no further costs in furtherance of this Agreement without the express approval of the Commissioner, and the Consultant shall direct any approved subconsultants to do the same.

In the event of a dispute as to the value of the Work rendered by the Consultant prior to the date of termination, it is understood and agreed that the Commissioner shall determine the value of such Work rendered by the Consultant. The Consultant shall accept such reasonable and good faith determination as final.

(b) In the event the County determines that there has been a material breach by the Consultant of any of the terms of the Agreement and such breach remains uncured for five (5) business days after service on the Consultant of written notice thereof, the County, in addition to any other right or remedy it might have, may terminate this Agreement and the County shall have the right, power and authority to complete the Work provided for in this Agreement, or contract for its completion, and any additional expense or cost of such completion shall be charged to and paid by the Consultant. Without limiting the foregoing, upon written notice to the Consultant, repeated breaches by the Consultant of duties or obligations under this Agreement shall be deemed a material breach of this Agreement justifying termination for cause hereunder without requirement for further opportunity to cure.

SEVENTH: The Consultant agrees to procure and maintain insurance naming the County as additional insured where indicated, as provided and described in Schedule “B”, entitled “Standard Insurance Provisions”, which is attached hereto and made part hereof.

The Consultant agrees: that except for the amount, if any, of damage contributed to, caused by, or resulting from the negligence of the County, the Consultant shall defend, indemnify and hold harmless the County, its officers, employees, and agents from and against the Consultant’s proportional share of liability, damage, claim, demand, cost, judgment, fee, attorneys’ fees, or loss which the County may sustain, be subject to, or be caused to incur because of or as a result of (a) any wrongful act, error, or omission of the Consultant or third-parties under the direction or control of the Consultant; or (b) any willful misconduct of the Consultant or third parties under the direction or control of the Consultant; or (c) any

infringement of any claimed copyright or patent right of designs, plans, drawings, or specifications furnished by the Consultant or its subconsultant. Nothing contained herein shall create or give to third parties any claim or right of action against the County or the Consultant beyond such as may legally exist without regard to this provision.

EIGHTH: The Consultant expressly agrees that neither it nor any consultant, subconsultant, employee, or any other person acting on its behalf shall discriminate against or intimidate any employee or other individual on the basis of race, creed, religion, color, gender, age, national origin, ethnicity, alienage or citizenship status, disability, marital status, sexual orientation, familial status, genetic predisposition or carrier status or any other status protected by New York State or Federal laws during the term of or in connection with this Agreement.

NINTH: The Consultant shall comply, at its own expense, with the provisions of all applicable local, state and federal laws, rules and regulations. The Consultant shall further comply, at its own expense, with all applicable rules, regulations and licensing requirements pertaining to its professional status and that of its employees, partners, associates, subconsultants and others employed to render the Work hereunder.

TENTH: All records or recorded data of any kind compiled by the Consultant in completing the Work described in this Agreement, including but not limited to written reports, studies, drawings, blueprints, computer printouts, graphs, charts, plans, specifications and all other similar recorded data, shall become and remain the property of the County. The Consultant may retain copies of such records for its own use and shall not disclose any such information without the express written consent of the Commissioner. The County shall have the right to reproduce and publish such records, if it so desires, at no additional cost to the County.

Notwithstanding the foregoing, all deliverables created under this Agreement by the Consultant are to be considered “works made for hire.” If any of the deliverables do not qualify as “works made for hire,” the Consultant hereby assigns to the County all right, title and interest (including ownership of copyright) in such deliverables and such assignment allows the County to obtain in its name copyrights, registrations and similar protections which may be

available. The Consultant agrees to assist the County, if required, in perfecting these rights. The Consultant shall provide the County with at least one copy of each deliverable.

The Consultant agrees to defend, indemnify and hold harmless the County for all damages, liabilities, losses and expenses arising out of any claim that a deliverable infringes upon an intellectual property right of a third party. If such a claim is made, or appears likely to be made, the Consultant agrees to enable the County's continued use of the deliverable, or to modify or replace it. If the County determines that none of these alternatives is reasonably available, the deliverable may be returned.

ELEVENTH: The Consultant shall not delegate any duties or assign any of its rights under this Agreement without the prior express written consent of the County. The Consultant shall not subcontract any part of the Work without the written consent of the County, subject to any necessary legal approvals. Any purported delegation of duties, assignment of rights or subcontracting of Work under this Agreement without the prior express written consent of the County is void. All subcontracts that have received such prior written consent shall provide that subconsultants are subject to all terms and conditions set forth in this Agreement. It is recognized and understood by the Consultant that for the purposes of this Agreement, all Work performed by a County-approved subcontractor shall be deemed Work performed by the Consultant and the Consultant shall insure that such subcontracted work is subject to the material terms and conditions of this Agreement.

TWELFTH: The Consultant and the County agree that the Consultant and its officers, employees, agents, contractors, subcontractors and/or consultants are independent contractors and not employees of the County or any department, agency or unit thereof. In accordance with their status as independent contractors, the Consultant covenants and agrees that neither the Consultant nor any of its officers, employees, agents, contractors, subcontractors and/or consultants will hold themselves out as, or claim to be, officers or employees of the County or any department, agency or unit thereof.

THIRTEENTH: Failure of the County to insist, in any one or more instances, upon strict performance of any term or condition herein contained shall not be deemed a waiver or relinquishment of such term or condition, but the same shall remain in full force and effect. Acceptance by the County of any Work or the payment of any fee or reimbursement due hereunder with knowledge of a breach of any term or condition hereof, shall not be deemed a waiver of any such breach and no waiver by the County of any provision hereof shall be implied.

FOURTEENTH: All notices of any nature referred to in this Agreement shall be in writing and either sent by registered or certified mail postage pre-paid, or delivered by hand or overnight courier, or sent by facsimile (with acknowledgment received and a copy of the notice sent by registered or certified mail postage pre-paid), as set forth below or to such other addresses as the respective parties hereto may designate in writing. Notice shall be effective on the date of receipt. Notices shall be sent to the following:

Attn: Joseph Fiegl, P.E. BCEE

with a copy to:

County Attorney

Buffalo, New York 14202

To the Consultant:

FIFTEENTH: This Agreement and its attachments constitute the entire Agreement between the parties with respect to the subject matter hereof and shall supersede all previous negotiations, commitments and writings. It shall not be released, discharged, changed or modified except by an instrument in writing signed by a duly authorized representative of each of the parties.

In the event of any conflict between the terms of this Agreement and the terms of any schedule or attachment hereto, it is understood that the terms of this Agreement shall be controlling with respect to any interpretation of the meaning and intent of the parties.

SIXTEENTH: Nothing herein is intended or shall be construed to confer upon or give to any third party or its successors and assigns any rights, remedies or basis for reliance upon, under or by reason of this Agreement, except in the event that specific third party rights are expressly granted herein.

SEVENTEENTH: The Consultant recognizes that this Agreement does not grant the Consultant the exclusive right to perform the Work for the County and that the County may enter into similar agreements with other consultants on an “as needed” basis.

EIGHTEENTH: The Consultant hereby represents that, if operating under an assumed name, it has filed the necessary certificate pursuant to New York State General Business Law Section 130. The Consultant further represents and warrants that it has not employed or retained any person, other than a bona fide full time salaried employee working solely for the Consultant to solicit or secure this Agreement, and that it has not paid or agreed to pay any person (other than payments of fixed salary to a bona fide full time salaried employee working solely for the Consultant) any fee, commission, percentage, gift or other consideration, contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, without limiting any other rights or remedies to which the County may be entitled or any civil or criminal penalty to which any violator may be liable, the County shall have the right, in its discretion, to terminate this Agreement without liability, and to deduct from the contract price, or otherwise to recover, the full amount of such fee, commission, percentage, gift or consideration.

NINETEENTH: Pursuant to Federal Executive Order 12549, and as prescribed by federal regulations, including 48 C.F.R. Subpart 9.4, the Consultant hereby agrees to complete the Debarment and Suspension Certificate attached hereto as Schedule “G” and which is made a part hereof. In addition, the Consultant agrees to sign the certifications regarding Drug

Free Workplace and Lobbying, attached hereto as Schedules “H” and “I”, and made a part hereof.

TWENTIETH: The Consultant shall use all reasonable means to avoid any conflict of interest with the County and shall immediately notify the County in the event of a conflict of interest. The Consultant shall also use all reasonable means to avoid any appearance of impropriety.

TWENTY-FIRST: This Agreement may be executed simultaneously in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument. This Agreement shall be construed and enforced in accordance with the laws of the State of New York. In addition, the parties hereby agree that for any cause of action arising out of this Agreement shall be brought in the County of Erie.

If any term or provision of this Agreement is held by a court of competent jurisdiction to be invalid or void or unenforceable, the remainder of the terms and provisions of this Agreement shall in no way be affected, impaired, or invalidated, and to the extent permitted by applicable law, any such term, or provision shall be restricted in applicability or reformed to the minimum extent required for such to be enforceable. This provision shall be interpreted and enforced to give effect to the original written intent of the parties prior to the determination of such invalidity or unenforceability.

TWENTY-SECOND: The Consultant shall comply with Erie County Executive Order 13 (2014) and agrees to complete the Certificate collectively attached hereto as Schedule “J” and made a part hereof. The Consultant shall make such records available, upon request, to the County’s Division of Equal Employment Opportunity for review. The County shall have the right, upon reasonable notice and at reasonable times, to inspect the books and records of the Consultant, its offices and facilities, for the purpose of verifying information supplied in the Erie County Equal Pay Certification and for any other purpose reasonably related to confirming the Agency’s compliance with Erie County Executive Order 13 (2014). Notwithstanding the termination provisions contained herein, violation of the provisions of Executive Order 13

(2014) , may constitute grounds for the immediate termination of this Agreement and may constitute grounds for determining that the Consultant is not qualified to participate in future County contracts.

TWENTY-THIRD: This Agreement shall not be enforceable until signed by both parties and approved by the Office of the County Attorney.

IN WITNESS WHEREOF, The County of Erie and the Consultant have caused this Agreement to be executed.

BACKGROUND

ECSD No. 4 is responsible for the Depew Pumping Station, located at 219 Borden Road, Depew, New York. Much of the existing processes, electrical systems, and equipment are original to the facility construction from the 1990s and some components have been experiencing operational issues. Operation of the station has changed, and equipment and controls need to be updated to provide resiliency, redundancy, and dependability. Consolidation of station controls, which is currently located in multiple control panels, is critical to that end.

In 2021, GHD Consulting Services, Inc. (GHD) was retained by the ECDSM to evaluate the header valve operation, station pumping, emergency power generation, ventilation, and other improvements. The final report identified that current operation with a split header would involve the replacement of rotary check valves with a simplified system using swing check valves. In addition, many operational and electric improvements were recommended including new variable frequency drives (VFDs), emergency power generation equipment, and new continuous use pumps, with increased capacity to provide redundancy.

In 2022, GHD was retained to prepare and design construction plans and specifications for upgrades to valves, pumping, VFDs, emergency power generation, wet well ventilation, and other items at the Depew Pumping Station in documents entitled: *Depew Pumping Station Improvements, Contract No. 61-A (General Construction), Contract 61-B (HVAC Construction), and Contract No. 61-D (Electrical Construction)*. The new process equipment and systems will

be updated to current standards and provide redundancy and dependability. The new emergency power generation systems will ensure power reliability for all processes.

Prior to bidding the Depew Pumping Station Improvements project, the ECDSM decided to separate implementation and detailed design of controls from the bid documents and instead provide a controls contingency allowance of \$175,000.00 in the Contract. GHD summarized current controls and equipment as well as how the station operates in *Control System Narrative Depew Pumping Station Improvements* dated March 16, 2026. The Contractor will require direction for detailed design of a new consolidated control panel. Programming by the Contractor will be included in the Contingency allowance and instruction or assistance will be required to ensure that the programming accounts for all process systems.

Bids were received by Erie County for construction of this project on May 28, 2026. The award of contracts is in the process of being issued to STC Construction, Inc. for Contract 61-A, Quackenbush Co., Inc. for Contract 61-B, and Concord Electric Corp for Contract 61-D. The anticipated commencement of on-site construction is in 2027.

GHD (Design Engineer) has been retained by the ECDSM to provide limited construction management/administration services for this project including shop drawing review, any technical changes to the design in the Construction Documents, and development of record drawings. The services requested in this RFP will require coordination with the GHD when construction alters the design as presented in the design documents. Detailed scope delineation is as follows:

GHD - Design Engineer scope of services includes:

- Review of shop drawings, illustrations, samples, listings of technical components, results of tests and inspections, and other data which the Contractor is required to submit to demonstrate conformance with the technical design of the Project. GHD's written approval will be required to change the design.
- Issue instructions to ECDSM or Consultant (Proposer) as necessary, when related to design as presented on the design documents, including issuing interpretations and clarifications of Contract Documents.
- Site visits, as necessary, to resolve issues and ensure conformance with the Contract Documents. GHD's signature will be required for technical design changes.
- Furnish record drawings, based on prints marked up by the Consultant and Contractors, to show those changes made during construction which the Engineer considers significant.

GHD's scope of services does NOT include items that are at the discretion of the Owner (i.e., locations, colors and other appearance preferences, time schedules, sequencing, materials without listing or callout in the Contract Documents, etc.). GHD will not attend progress meetings unless requested by Owner.

III Proposer Construction Phase Services

The construction phase services for this proposal, which excludes GHD's Design Engineer scope of services above, are broken up into two (2) separate functions **(NOTE: The County reserves the right to award these two services separately, if it is in the best interest of the County):**

- A. Construction Administration (CA) Services During Construction
- B. Resident Engineering Services

If awarded separately, the agreement will be adjusted to include only "A" for the Construction Administration Consultant and only "B" for the Resident Engineering Services Consultant.

A. Construction Administration (CA) Services During Construction

Proposal for construction phase administrative services includes the following:

1. Direct the Contractor to ensure conformance with the Contract Documents as designed and detailed or called out by GHD (not interpreted).
2. Coordinate with the Design Engineer, as appropriate, to ensure that the stamped design has not been changed without approval.
3. Consult and advise the Resident Engineer and the DSM on construction matters including attendance at the preconstruction meeting.
4. Make regular visits to the site to observe the general progress and quality of the executed work.
5. Conduct progress meetings.
6. Complete construction forms and administrative paperwork as necessary.
7. Review and approve shop drawings related to the Owner's discretion, Contractor's means and methods, and administrative matters, such as progress schedules, color charts, initial submittals, and construction sequencing.
8. Review and approve progress payments to the Contractor.
9. Review the O&M manual to be prepared by the Contractor.
10. Issue instructions to Contractors as necessary, including Design Engineer's interpretations and clarifications of contract documents.
11. Evaluate proposed change orders and negotiate and prepare final documentation for processing by the ECDSM.
12. Assist the Resident Engineer in understanding the requirements of the plans and specifications.
13. Coordinate the Resident Engineer's activities.
14. Aid with controls implementation. The Contractor will be providing the control panels, control equipment, and programming through the Controls Contingency Allowance. The Consultant will provide detailed control panel design, best suited to meet the ECDSM's needs based on other County installations, and verify installation. The Consultant will ensure that Contractor has accounted for all necessary process programs in the programming.

B. Resident Engineering Services

1. The need for part-time versus full-time inspection shall be coordinated with the Owner. The Consultant shall propose number of hours and days per week to be considered “part-time”. The Consultant shall also specify how this will be managed (length of advanced notice – if any, communication with all parties, etc.).
2. Pursuant to the needs of the project and for no more than the number of calendar days allowed by the Construction Specifications, the Consultant shall provide an on-site Resident Engineer to coordinate the day-to-day construction, when necessary. This individual will inspect the construction for conformance with the plans and specifications and observe the Contractor’s performance pursuant to an approved construction schedule.
3. The Consultant shall monitor the approved construction schedules and provide updated information to the County for the purpose of overcoming or controlling slippages. In cases where the Contractor is falling behind schedule, the Consultant shall promptly notify the County.
4. The Consultant shall maintain a library of approved shop drawings for reference. Approved shop drawings shall be requested from the Design Engineer and Construction Administrator.
5. The Consultant shall regulate use of site and building area with respect to storage of materials, temporary offices, storage sheds, parking, traffic control, etc.
6. The Consultant shall coordinate all required shutdowns/tie-ins and other tasks involving operational systems with Erie County Sewer District personnel.
7. The Consultant shall observe the daily performance of the contractor(s) to verify compliance with the plans, specifications and applicable permits. It shall include but not be limited to, the installation of the proposed improvements/appurtenances and repair, if need be, of storm sewers, roads, building, existing facilities, and existing utilities damage and/or disturbed during construction.
8. The Consultant shall inspect material/equipment deliveries to the job site to verify compliance with the approved shop drawings.
9. The Consultant shall perform spot grade checks on the installed improvements to verify line and grade.
10. The Consultant shall observe the contractor’s construction activities to verify they are conducted within the dedicated areas as shown on the contract plans.
11. The Consultant shall prepare a daily inspection reports, one for each Contract, which will describe, in detail, the contractor’s performance for that day, the on-site equipment, size

of labor force, etc., on a County or County-approved form. Reports shall be sent to the County no less than once weekly.

12. The Consultant shall review the contractor's plans of operation for compliance with the governing permit conditions.
13. The Consultant shall prepare parallel monthly construction pay estimates which indicate the construction completed to date and certify that the amount of payment does not exceed the value of the work in place.
14. The Consultant shall coordinate and witness the final testing of the in-place improvements as required by the contract specifications.
15. The Consultant shall maintain a detailed daily journal of all on-site activities and visitors.
16. The Consultant shall take digital progress photos during the course of construction. The Consultant will be required to review the photos and place a small description for each photo in a photo log. The photos shall be given to the County weekly during construction, in association with the inspection reports, and at the project's completion in digital format (jpeg).
17. The Consultant shall maintain complete and accurate job records of all correspondence, memoranda, supplemental drawings, field clarification memos, change orders, shop drawings, supplemental equipment brochures and monthly payment estimates together with appropriate backup information.
18. The Consultant shall Prepare and maintain a set of marked prints for use in preparing record drawings. If any change from original design is approved during construction, the inspector will record said change on the set of marked prints.
19. The Consultant shall cooperate with local municipal representatives.
20. The Consultant shall review cleanup activities of all Contractors for compliance with provisions in the respective contract documents.
21. The Consultant shall prepare punch-lists and monitor Contractor's activities as required to effect prompt correction of all items listed.

SCHEDULE “C”

TIME OF COMPLETION

A. Time Schedule

NOTE: If Construction Administrative Services and Resident Engineering Services are awarded to different Consultants, this section will be modified to include only that which is applicable.

The Contractors’ approved construction schedules will determine the schedule for on-site construction completion. It is understood the Consultant’s cost proposal for this contract is based on a Contract Time of 730 days from an estimated Notice to Proceed of August 3, 2026 to Substantial Completion. The Contract Time includes time for submittals and procurement of materials and equipment which is estimated at no less than 270 days and closeout estimated to be no less than 60 days. An accurate schedule is not anticipated until after the Notice to Proceed for this project.

The Consultant is to provide full-time inspection during critical activities. Critical activities include, but are not limited to, trenching; placement of underground facilities; pouring of concrete; installation of equipment; start-up of any component or system; major electrical connections and disconnections; critical project component delivery; when 2 or more Contractors (including Contractor subs) are working in the same area; during testing; when conflicts are being resolved; and during the final walk through. Full-time inspection may not be continuous and depends on actual deliveries and activities.

The Consultant is to provide part-time inspection when one Contractor is on site and non-critical work is being performed. Non-critical work includes, but is not limited to, running above ground/visible electrical conduit; pulling conductors, fiber, data, and control wiring; dry well lighting system install; demolition of disconnected equipment; and restoration activities. Part-time inspection includes set-up and review of anticipated and completed work with the Contractor. Timing and frequency should be coordinated with the ECDSM. Part-time inspection will not be continuous. No inspection is to be provided if work is not being performed.

Part-time inspection shall be provided whenever possible. Coordination with Owner is required for activities not listed above and whenever the Consultant questions whether full-time inspection is needed (listed or not listed). There may be gaps in on-site activity creating gaps in days when inspection is needed. Flexibility with inspection schedule is required.

Estimated Times:

a. General Services (Optional)	To be determined by Consultant
b. Full Time Resident Engineering	To be determined by Consultant
Part Time Resident Engineering*	To be determined by Consultant

* Part-time hours and days to be proposed by the Consultant. Proposals for extra Construction Inspection will not be considered unless on-site construction exceeds 400 days, or it is requested by the County.

SCHEDULE “D”

DETAILED DESCRIPTION OF COMPENSATION

NOTE: If Construction Administrative Services and Resident Engineering Services are awarded to different Consultants, this section will be modified to include only that which is applicable.

The Consultant shall be compensated for completion of the services as described in Schedules “A” and “A-1”, as follows.

I. Total Compensation Breakdown

The total compensation for all work performed under this Agreement will be based on the actual hours worked.

- (1) The General Services costs (if any) are as follows:

	<u>Total Cost</u>	<u>Cost Ceiling*</u>	<u>Fixed Fee (Profit)*</u>
(III) Construction Phase			
(a) Construction Administration During Construction			
Totals	_____	_____	_____

NOTE: * Cost Ceiling and Fixed Fee (Profit) are for cost plus fixed fee basis.

- (2) The Resident Engineering costs shall be as follows: for each hour worked, the inspector’s hourly rate shall be calculated as direct hourly rate multiplied by an overhead percentage and a percentage for profit.
- (3) The costs listed above assume that the Notice to Proceed for the earliest phase of the project as listed above is given by the County to the Consultant by March 1, 2027. In the event the Notice to Proceed is given after the date, the Consultant is to notify the County within two weeks if the delayed Notice to Proceed will result in increased engineering costs. Any increase in costs as a result of a delayed Notice to Proceed is subject to negotiations.

II. Cost Computation Method

The methods of Computing Cost are specified in section II (1) thru II (8) herein and in the attached Cost Summary Format for Engineering Agreements.

(1) Direct Labor Cost

Direct Labor cost shall be the actual wages paid to technical employees for the time actually devoted to the work on the project. Technical employees shall include the following categories:

Officers*
Engineers
Technicians
Surveyors
Draftsmen
Secretarial Staff

***NOTE:**

Officers and administrative staff salaries may be billed and paid as a direct expense for the time such officer/administrative staff is engaged in productive technical services on the project under this Agreement. An officer is defined as a Vice-President or higher ranked officer, owner, partner or any other person empowered to sign contracts on behalf of the Consultant.

The following categories of employees shall be included in indirect costs (overhead):

Officers
(engaged in administrative or supervisor activities)

Accounting Staff

Other employees, such as, secretarial, CAD operators, etc. shall be included in indirect costs unless identified in the Consultant's cost summary form as Direct Labor and approved by the County.

(2) Direct/Indirect Overhead Cost

Overhead Costs shall be computed as a percentage rate of the actual wages paid to employees associated with the project. This overhead cost is to cover employee benefits such as holiday pay, vacation, sick leave, unemployment insurance, excise and payroll taxes, social security, employee medical and life insurance and retirement benefits, all as normally provided to the Consultant's employees. Also, the composite overhead rate shall consider all "indirect" expenses associated with the operation of the engineering office such as rent, utilities, office equipment, computers (Hardware/Software), telephone equipment and usage fees, printing, internet and web hosting fees, CAD Workstations, xerox copying, supplies, executive salaries, accounting, legal, clerical support salaries, etc. The following composite overhead rates have been established for this contract:

- a. For the Consultant's employees whose basic work assignments are in the offices of the Consultant, the Consultant's overhead shall be computed at a rate of ____ percent of the actual wages paid to the employees associated with the project.
- b. For the Consultant's employees whose basic work assignments are not in the offices of the Consultant, such as at the County's offices or at the construction field offices supplied by a Contractor (resident engineering services), the Consultant's overhead shall be computed at a rate of _____ percent of the actual wages paid to employees associated with the project.
- c. For the Consultant's employees on overtime (defined as work time exceeding 40 hours per employee per given week), if prior approval in writing has been granted by the County, the cost shall be computed at the employee's hourly rate, multiplied by the total hours over 40 in a week, and then multiplied by the overtime premium provided to the employee (not to exceed 1.5). Overhead will not be applied to the overtime hours. The maximum profit for the overtime shall not exceed 5%.

(3) Overhead Rates

The above stated overhead rates are fixed for the period of time indicated on Schedule "C" and further defined below. Thereafter, the rates are subject to adjustment upon audit, except that the maximum increase in overhead rate shall be fifteen percent (15%) of the rate(s) listed above.

For these specific phases of the Agreement, profit, sometimes called a fixed fee, shall be a fixed amount. In the billing for profit, the Consultant understands the amount of billed profit shall be prorated based on the percentage of the work completed to date as determined by the County. The fixed fee is only paid in full for completed Phases in which the agreed upon work products are delivered to the County. At the completion of each Engineering Phase and subject to the approval of the County, the Consultant may bill for the profit remaining in that specific contract phase.

(b) Profit for Resident Engineering

For these specific phases of the Agreement, profit shall be included as a percentage of direct and indirect costs. The Consultant's allowable profit should be an amount equal to the approved percentage as applied to the technical services provided by the Consultant and approved by the County. The approved percentage for this project is 10%. The Consultant understands the amount of profit listed for these phases is not to be construed as a fixed fee.

(c) Special Conditions for Profit on All Contract Phases

The invoices shall be based upon the actual accrued engineering manhours at the time of billing, subject to the approval of the County.

In the case of the on-site Resident Engineer and Project Inspectors, the Consultant will be compensated at the per diem rate of _____ for the Resident Engineer, and _____ for the Project Inspectors. To establish the payroll record, the Consultant shall maintain a daily sign in/out attendance sheet in the Construction Field Office. Further, the Resident Engineer and Project Inspectors overtime hours will be at the above noted per diem rates. No premium rates will be considered.

The Consultant's approved miscellaneous expenses such as mileage or specialty subcontractors will be handled in a fashion as described in Section II of Schedule "D".

Other direct costs, subcontractors costs and travel costs may be applied to calculate total compensation for this phase but only to the extent that prior written approval has been provided by the County. The hourly rate shall be developed for each employee that provides service for this phase based on actual direct labor cost, direct/indirect overhead cost and profit. The allowable direct/indirect overhead rate and percent profit shall be as defined in Schedule D. The total compensation for services rendered for this phase of the work shall not exceed \$_____.
4. The total compensation for any Phase of the project cannot be increased without a formal amendment/change order to the contract. The formula and rates which will be utilized in billing is detailed in Schedule C attached hereto and made part hereof.

COUNTY OF ERIE LOCAL LAW NO. 1

MEMORANDUM COUNTY OF ERIE DEPT. OF THE COUNTY EXECUTIVE

TO: Department Heads

FROM: Trek Fulater, Esq., Director of Policy

DATE: March 5, 2026

RE: Minority or Women Business Enterprise ("MWBE") goals update

In January of 2022, the Erie County legislature passed Local Law 1, recognizing the importance of providing "economic opportunity" on an equal basis to those traditionally underserved communities often recognized as minority groups. Further, Local Law 1 established that, as part of the effort to provide such "economic opportunities", and "[u]pon the completion of the Erie County Disparity Study ..., the Division of Equal Employment Opportunity, in conjunction with the County Law Department, shall promulgate Rules and Regulations related to the implementation, guidance and enforcement of this Local Law. The Rules and Regulations shall also establish the MBE and WBE utilization goals to be awarded MWBEs in each of the respective areas ... based upon the findings of the Erie County Disparity Study."

Based on the recently completed disparity study, the MWBE aspirational goals have been updated. Each division is expected to comply with the updated aspirational goals as set forth below:

MBE Aspirational Goals

- Construction: 6%
- Architecture & Engineering: 9%
- Professional Services: 2%
- Other Services: 2%
- Goods: 1%

WBE Aspirational Goals

- Construction: 5%
- Architecture & Engineering: 11%
- Professional Services: 3%
- Other Services: 4%
- Goods: 3%

The SDVOB goal will remain unchanged at 6%.

The new goals are as follows and will take effect on **February 1, 2026**. Please ensure all relevant staff are informed and that necessary adjustments are implemented accordingly. If you have any questions reach out to DEEO at 716-858-7452.

of Erie as follows:

SECTION 1. LEGISLATIVE INTENT

A. Erie County, through its legislative enactments referenced above, has embraced the important concept of providing "economic opportunity" on a equal basis to those traditionally underserved communities often recognized as minority group.

B. Since 1978, the County has passed a series of local laws to advance the utilization of minority group members and women on construction contracts, supplies and materials, as well as in non-construction professional, consultant and technical services. These local laws were passed in 1978, 1983, 1987, and 1994 and most recently in 2005, respectively. Importantly and of note, these five previously adopted local laws were passed and implemented without substantive or material legal challenges.

C. Understanding this legislative history is crucial, since these efforts have significantly enhanced the opportunities and employment for minority group members and women in Erie County that turn, has had a substantial positive impact on the economic and developmental health of the community. Presently, Local Law No. 9-2005 requires that the County maintain a goal of awarding 15% of the total cost of contracts for professional, technical or other consultant services to minority business enterprises and 5% goal for women business enterprises.

- D. Over the past ten years, New York State, counties within New York, and other municipalities have made strides to improve the racial and gender diversity of the beneficiaries of local government development projects. New York State and other municipalities have modernized minority and women-owned business enterprise utilization goals to strengthen the effort to eliminate racial and gender disparities in economic development spending of public dollars.
- E. Since the Spring of 2020, our nation has been confronted with an economic and health crisis caused by a once in a generation pandemic and an historic movement seeking justice related to the exposure of the societal costs of systemic racism. While much progress has been made, recent events result in the County's urgent need to promote and modernize progress in including minority and women business enterprises in County contracting and also seeks to achieve greater employment opportunities for minorities and women in the County workforce through efforts to encourage hiring by firms awarded County contracts. This Local Law furthers the County's legislative intent to encourage and continue the County's historical legislative enactments to support our community's citizens to improve their lives economically.

SECTION 2. LEGISLATIVE FINDINGS

The Erie County Legislature, in connection with its efforts to modernize and update County policy in this important area of developing equal economic opportunities, makes the following findings and determinations:

- A. The County Legislature body hereby acknowledges and finds that Article 15-A of the New York Executive Law ("Article 15-A") enacted in July 1988 and the regulations promulgated thereunder advance an important policy to eliminate barriers for participation of minority and women-owned businesses in government contract opportunities.
- B. The County Legislature hereby finds that Article 15-A has been adopted and amended in accordance with applicable law and that the State has conducted disparity studies to support its policies in this area.
- C. The County Legislature hereby finds and determines that the two most recently completed disparity studies commissioned by the New York Department of Economic Development in 2010 and the most recent 2016 disparity study published June 30, 2017 ("2016 Disparity Study"), respectively, provide evidentiary support that significant statistical disparities exist with respect to awarding prime contracts and subcontracts to Minority and Women Owned firms statewide. [A copy of the 2016 Disparity Study has been filed with the Legislative Clerk's office.]
- D. The County Legislature hereby adopts and accepts the findings of disparities contained in the 2016 Disparity Study including the relevant data set forth in the

2 of 17

Appendices annexed thereto in Volume 1, p. 302, Table A. 37, A. 38, A. 39 and A. 40 related to Western New York and the referenced Business Community Meetings held in Buffalo, New York in Table 9.1, p. 214. (Copies of the relevant excerpts have been filed with the Legislative's Clerk's office).

- E. The County Legislature hereby adopts, acknowledges and accepts the findings in the local wealth and income disparity study contained in the Racial Equity Dividend Report produced by the Greater Buffalo Racial Equity Roundtable issued in 2016.
- F. The County Legislature recognizes that the State goal for M/WBE is 30% for construction and commodities and services.
- G. The County Legislature recognizes that its County Seat, The City of Buffalo, has an M/WBE goal of 30% for its construction and commodities and services.
- H. The County Legislature hereby finds and determines that the two studies referenced above in paragraphs D and E of this Section establish that disparities exist in Erie County as to economic opportunity for minority group members and women in the award of County contracts.
- I. The Erie County Legislature further establishes the desire to conduct an Erie County disparity study and as such, directs the Division of Equal Employment Opportunity to initiate a study in accordance with section 7(G) of this local law.

In summary, both the legislative history as set forth in Section 1 of this law and the legislative findings contained in this Section 2 provide factual predicates to support the policy to serve the best interests of the citizens of Erie County.

COMMITMENT FOR CONSTRUCTION CONTRACTS BY THE
DEPARTMENTS OF PUBLIC WORKS, PARKS, RECREATION AND

A. Minority and Women Business Enterprise Utilization Commitment:

Contractors awarded a contract by the County in a value of \$100,000 or greater shall take action to create equal economic opportunity by utilizing bona fide MBEs and/or WBEs for subcontracting on County projects.

Such equal economic opportunity action shall include, but not be limited to:

- (1) Utilizing a source list of MBEs and WBEs compiled by the County or the State of New York;
- (2) Solicitation of bids from MBEs and WBEs, particularly those located in Erie, Niagara, Cattaraugus and Chautauqua Counties;
- (3) Giving MBEs and WBEs sufficient time to submit proposals in response to County solicitations;
- (4) Maintaining records showing MBEs and WBEs and specific efforts to identify and award contracts to these entities; and

The sales credit will be awarded toward the fulfillment of the appropriate goal. Where the MBE or WBE performs a function or service, which is commercially unnecessary, such as acting as a passive conduit in the supply process, or duplicating a service provided by others in the same supply chain from manufacturer to purchaser, no credit will be granted toward the appropriate goal.
- D. Each Contractor bidding on a County contract shall submit to the County, with the bid, a list of all MBEs and/or WBEs with whom the Contractor has signed a binding contractual agreement, or is presently negotiating an agreement, for the purposes of meeting the minority and women business enterprise utilization goal provided for in section A(5) of this law. A Contractor's bid shall not be considered where the contractor fails to submit such a signed list of MBEs and/or WBEs as provided herein. Upon written request by the Contractor, the County, through its Erie County Division of Equal Employment Opportunity, may grant a complete or partial waiver of the

- F. As evidence of compliance with the goals set forth in this law, the Contractor shall provide to the County copies of all subcontracts and/or purchase agreements with MBEs or WBEs for the contract within 15 business days of the contract award. The same information is required when the project is at seventy five percent (75%) completion and a final accounting must accompany the final payment request to the County.
- H. Failure to comply in good faith with the provisions set forth herein shall constitute a breach of the contract, subject to all remedies available to the County, including but not limited to the assessment of liquidated damages or other contractual penalties, as reasonable and appropriate.
- I. In the event of non-compliance with subparagraphs D, E, and F provisions by a successful low bidder Contractor, the County has the discretion to proceed with negotiations with the next two lowest or qualified bidders.

determine the appropriate remedy for non-compliance with the provisions of this Law.

- G. No later than one-hundred eighty (180) days after the passage of this Local Law, the Division of Equal Employment Opportunity, in consultation with the MWUAB, shall advertise a Request for Proposals to conduct a County-wide Disparity Study and shall do so every five (5) years thereafter.

The applicable zip codes as referenced in the Executive Order No. 18 as cited above will be determined annually by Erie County Division of Equal Employment Opportunity.

- B. As evidenced by the history of local laws in this subject matter area as recited previously in Section 1 hereof and the Executive Order No. 18 signed by County Executive Poloncarz for Construction, the County encourages aspirational goals for the utilization of disadvantaged groups inclusive of minority group members and women in construction, supplier industry, professional, technical and occupations. To further that policy goal and incorporate the spirit and intent of Executive Order No. 18 into this law, there shall be Workforce Participation goals in the award of County Contracts established by the County Department for contracts in excess of \$250,000 for construction and related supplies and \$100,000 for the professional, technical and occupations.
- (1) Each Department shall strive to meet aspirational goals as set forth in par. 2 below and such goals shall be set forth in its invitation for bids, request for proposals and other solicitations that will result in an award of \$250,000 for construction and \$100,000 for the provision of goods and services shall set forth the expected degree of workforce participation by minority group members, women and those individuals described in the Executive Order No. 18 issued by County Executive Poloncarz related to construction services specifically.
 - (2) Based on the Executive Order No. 18, par. 1(c), a Workforce Participation goal of 20% of total work hours performed during the contract award period for the provision of goods and services is hereby determined to be applicable to this Section. Notwithstanding this Section, Executive Order No. 18 is not repealed, amended or modified by this law.
 - (3) Departments seeking to meet the aspirational workforce participation goals of 20% shall consider factors including but not limited to the following:
 - (a) the findings in the 2016 Disparity Study with specific references to the Buffalo and Western New York region and the 2016 Greater Buffalo Racial Equity Study;
 - (b) United States Census Bureau data; and
 - (c) Local unemployment and poverty level data.

- (4) Every Contractor responding to an invitation for bids, request for proposals or other solicitation resulting in a contract award from a County Department shall agree to the workforce participation goals in this Section and make good faith efforts to achieve the workforce participation goal or request a waiver from such goal.
 - (a) Contractor shall sign a certification prepared by the Erie County Division of Equal Employment Opportunity as to the good faith efforts.
 - (b) Any Contractor may submit a waiver request to this Section in writing to the Division of Equal Employment Opportunity. Each waiver request must be supported by appropriate documentation evidencing good faith efforts as to compliance.
 - (c) In the event that a Contractor is not able to meet the M/WBE goals, the Director of EEO may permit the workforce participation efforts to be credited towards any shortfalls in meeting the M/WBE participation goals, as deemed appropriate and with documented evidence of good faith compliance. The degree to which the workforce participation efforts may be counted towards the M/WBE goals shall be promulgated by the Rules and Regulations as described in Section 11 herein.

SECTION 9. MINORITY AND WOMEN UTILIZATION ADVISORY BOARD

Erie County Charter Section 1703 establishes the Minority and Women Utilization Advisory Board ("MWUAB"), whose mission, among other matters, is to evaluate and review the adequacy of the County's efforts on behalf of Minority and Women's Business Enterprises.

- A. To the extent necessary and applicable, Local Law Number 1-1983, Section 2, thereof, shall be modified, amended and updated as follows:
 - (1) MWUAB is hereby tasked with reviewing program administration and implementation of this law including handling of any administrative appeals for non-compliance sanctions and shall submit an annual report to the Erie County Legislature.
 - (2) MWUAB shall appoint, among its members, a designated hearing committee for administrative appeals involving the subject matter of diversity compliance.
 - (3) MWUAB shall have its members appointed by the County Executive, consistent with Local Law Number 1-1983. The County Executive shall

14 of 17

provide a copy of the appointees to the County Legislature within thirty days of appointment.

- (4) MWUAB shall retain, after consultation with and approval by the Department of Law, outside consultants and professionals as required to accomplish its mission and shall be empowered to promulgate rules for the administration of this Section 9.

SECTION 10. SANCTIONS FOR NON-COMPLIANCE

As set forth in Section 1 of this law, the County has expressed a strong policy objective and intent to provide opportunity for meaningful participation in County contract awards. Further, as set forth in Section 2, the County has made certain legislative determinations in support of the policy directives contained herein.

- A. To accomplish that objective, each County contracting Department shall include a provision in its respective contracts that any Contractor who willfully and intentionally fails to comply with the MBE and WBE provisions of this law shall be liable to the County Department contracting entity for liquidated or other appropriate damages on account of such contractual breach. Any such assessment of liquidated damages, other appropriate contractual sanction or alternative non-monetary sanction and penalty, such as a designation as a non-responsible bidder, shall be considered as a relevant factor in future County procurement opportunities.
- B. Each Contractor shall agree and consent upon acceptance of an award of a County contract to be bound by terms of compliance with the law including any associated sanctions.
- C. Not less than five days after receipt of a written provisional determination by a County Department that the Contractor has failed to comply with this Local Law, the Contractor shall receive a notice setting forth the rationale for the provisional determination, along with the time, date and place for the Contractor to appear and be heard on the provisional determination.
- D. At the designated time and place set forth in the notice, the Contractor may challenge the reasons for the County Department's provisional determination in person, with or without counsel, by appearing before the MWUAB's designated hearing committee as described in Section 9. No member of the designated hearing committee shall be an elected legislator.
- E. The MWUAB shall render its decision and make a recommendation to the Erie County Division of Equal Employment Opportunity and the Erie County Department of Law on whether or not to issue sanctions within forty-five (45) days after the presentation by the Contractor and the Department who made the provisional determination.

15 of 17

- F. The County Department of Law will review the recommendation of the MWUAB in consultation with the Erie County Division of Equal Employment Opportunity and institute proper proceedings for the imposition of sanctions.
- G. If a County contractor/vendor/supplier asserts or claims a MWBE or workforce diversity status that is not accurate during its contract with the County, the County will note this factor and consider the non-compliance as a relevant factor in evaluating the vendor in future procurement opportunities. Said non-compliance may be a factor in determining that the vendor is not a responsible bidder for purposes of County contracting.
- H. The sanctions set forth in this Section are imposed if there is willful conduct and intentional conduct or a lack of having obtained necessary waivers and other evidence of good faith compliance.

SECTION 11. RULES AND REGULATIONS

- A. Upon the completion of the Erie County Disparity Study and pursuant to paragraph 7(G) herein, the Division of Equal Employment Opportunity, in conjunction with the County Law Department, shall promulgate Rules and Regulations related to the implementation, guidance and enforcement of this Local Law. The Rules and Regulations shall also establish the MBE and WBE utilization goals to be awarded MWBEs in each of the respective areas (construction, supplies and professional services) based upon the findings of the Erie County Disparity Study.
- B. The Director of EEO shall file a copy of the Rules and Regulations with the Clerk of the County Legislature within sixty (60) calendar days of the completion of each Erie County Disparity Study. At the time of filing, any updated MWBE participation goals shall go into effect and remain as such unless and until the findings of a future disparity study warrants further changes.

SECTION 12. SEVERABILITY

If any clause, sentence, paragraph, subdivision, section or part of this law or the application thereof to any person, individual, corporation, firm, partnership, or business shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law, or in its specific application.

SECTION 13. EFFECTIVE DATE

This Local Law shall take effect thirty (30) days after the filing with the Secretary of State, in accordance with Section 27 of the New York State Municipal Home Rule.

COUNTY EXECUTIVE

Executive Order #13 Pay Equity Certification on County Contracts

WHEREAS, federal law, including the Equal Pay Act of 1963, Title VII of the Civil Rights Act of 1964 and Federal Executive Order 11246 of September 24, 1965 (Equal Employment Opportunity) (together "Federal Equal Pay Law"), requires that men and women in the same workplace be given equal pay for equal work; and

WHEREAS, Section 194 of New York State Labor Law ("NYS Equal Pay Law") prohibits compensating men and women differently for the same work; and

WHEREAS, on average, a full-time working woman in New York State earns just 85 cents for every dollar that a man earns and the pay gap is even greater for African-American and Latina women; and

WHEREAS, females make up nearly fifty-two percent of Erie County's population; and

WHEREAS, women make up nearly half of the U.S. labor force and are a growing number of breadwinners in their families; and

WHEREAS, this pay differential shortchanges women and their families by thousands of dollars a year, and potentially hundreds of thousands of dollars over a lifetime, presenting a lifelong threat to those families' economic security and reducing their earnings through Social Security and other post retirement plans; and

WHEREAS, poverty is recognized as a leading cause of or contributing factor to many social problems, including but not limited to substance abuse, domestic violence, child abuse, improper nutrition, obesity, improper health care and criminal conduct; and

WHEREAS, the impact of pay differentials is exacerbated as workers age, causing underpaid workers to disproportionately rely upon various forms of public support in their retirement years; and

WHEREAS, pay inequity can significantly impact the County, necessitating the provision of various public subsidies for low income residents and leading to the lack of receipt of income by women residents which would be spent in our local economy; and

RATH BUILDING • 95 FRANKLIN STREET • BUFFALO, N.Y. • 14202 • (716) 858-6000 • WWW.ERIE.GOV

WHEREAS, through the enforcement of current state and federal laws that ban unequal pay for equal work, Erie County can help ameliorate the many negative consequences of pay inequality, thereby improving the lives of those who might otherwise be underpaid, strengthening families and protecting children, and reducing the demand for public services, all positively impacting county, state and federal budgets.

Such certification shall be required prior to execution of the contract; and it is,
2. Further ordered that such certification shall include a representation by the contractor that it has not been the subject of an adverse finding under the Equal Pay Laws within the previous five years and shall include disclosure of any currently pending claims against the contractor; and it is,
3. Further ordered that violation of any provision of the Equal Pay Laws during the effective period of such a contract or the filing of a false or misleading Erie County Equal Pay Certificate may constitute grounds for immediate termination of such a contract; and it is,
4. Further ordered that violation of any provision of the Equal Pay Laws during the effective period of such a contract or the filing of a false or misleading Erie County Equal Pay Certificate may constitute grounds for determining a bidder or responder is not qualified to participate in future County contracts; and it is,
